Ottawa, May 29th, 1935.

Sir,-

I should appreciate if you would place in stock, as soon as convenient, the following books:-

300 Reading Exercises - Grade IV
1000 Pre-Primers "Two Little Indians"
1000 Work Books to accompany "Two Little Indians"
500 Canadian Spellers - Book I

The Reading Exercises and the Pre-Primers and Work Books can be secured from J. M. Dent & Sons and the Canadian Spellers from W. J. Gage & Company.

I am aware that you still have a number of the above books in stock but the additional supply will be required in order that we may be prepared to fill requisitions for the books required for the academic year 1935-36.

Requisition for School Material

Date June 4/35. 19

For Lacombe School Agency

NOTE:—Teachers should secure from the Department of Education, of the Province in which the Indian School is located, a list of the text books authorized for use in the white schools. In ordering text books, only those authorized in this list should be requested.

To avoid delay, teachers should give full particulars regarding each article required.

The name, series, number of grade, and name of author and publisher of all books required should be given as fully as possible.

When ordering kindergarten material, the catalogue number of some well known firm should be given for each article required.

Only one item should be specified on each line of this requisition and no entry should be made under heading "No. Authorized".

Mr. J.D.Sutherland,
Acting Superintendent,
Indian Education,
Department of Indian Affairs,
Ottawa,Ont.

Dear Sir,

I have received your letter of August 19th and am enclosing copies of the courses of study followed in the Protestant elementary and high schools of this Province. The authorized textbooks are indicated under each subject.

This Department does not publish a list of supplementary reading books.

I am referring your letter to the Roman Catholic side of this Department for its attention.

Yours truly,

J. C. Sutherland

NEW YORK CITY
LONDON, ENGLAND

Macdonald's Agency

"Subscriptions taken to all Magazines and Newspapers"

HEAD OFFICE:
455 OSSINGTON AVENUE
TORONTO 4, CANADA

Aug. 27, 1935.

Mr. Sutherland,
Supt. of Indian Affairs,
Ottawa, Ontario.

Dear Mr. Sutherland:

Our representative, Mr. Milne, called on Mr. Snell and Mr. Hill and spoke to them of the following magazines:

Nature Magazine $3.00
Pictorial Education $3.50 or
" " with
extra numbers 4.50
Canadian Geographical
Journal 3.00

Mr. Snell would like to have these magazines in the Indian Schools in his inspectorate, which I understand number about eighty.

The above publications are among the best of their kind and we shall be pleased to have your Department order these magazines. Please advise us immediately if you wish us to order for schools, beginning September issues and if you order them tell us whether you want them for twelve months or only the school months (September to June inclusive). A substantial discount will be allowed the Department, if you order all your magazine requirements at the one time.

Faithfully yours,

R.S. Macdonald
President.

RSM:EP

Chatelaine

Chatelaine is planned to deal in each issue with every important interest of the modern Canadian woman. Fiction that entertains —feature articles and special departments that play an intimately helpful part in meeting day-to-day problems.

Fiction—Housekeeping — Health and Beauty—Child Care — Handicrafts — Fashions — Chatelaine is giving Canadian women what they want in a woman's magazine.

Special Low Rate

One Year (12 Issues) for $1.00

Two Years (24 Issues) for $1.50

Maclean's

Canada's National Magazine

Canada's National Magazine at the low price of $1.00 a year, offers the greatest reading value ever received by Canadian readers. Stories that are vibrantly alive —feature articles that are crisp, news-worthy — rotogravure section—a magazine that is interesting, that is clean, that is Canadian.

One Year (24 Issues) for $1.00

Two Years (48 Issues) for $2.00

1915 -- Twenty Years of Service -- 1935

50 Copies
Manual of Suggestions
in Catechetics

Aug 5/35.

Dear Mr Phelan

I have your letter of recent date and shall do what I can to see that Mr Comett is instructed on his duties when I inspect that school. In fact I shall see to it that I spend most of the day on seeing to this matter for the time services as such that I could get out anyway.

Now re the Manual of Suggestions in Catechetics, I have 60 bound volumes in cloth left and plenty of those in paper cover. The paper cover would be alright for ordinary teachers use as a handbook to be updated regularly but the cloth cover is best for your purposes. How many do you think you could use. The best price I could give you is 1.50 each. It is really a 2.00 book. They are using it as a text book now in 3 Canadian Seminaries and in 2 Canadian Summer Schools for Teachers.

Yours sincerely
J M Bennett

Shall I express or mail the books you want.

	TOTAL			
	LESS 15% DISCOUNT (TO DEALERS)			
	NET TOTAL OF BOOKS			

TERMS TO DEALERS: Fifteen per cent. off List Price. Books sent cheapest way, charges prepaid.

An order of value less than $2 list price will be sent post-paid, but dealers' discount of 15% will not be allowed.

TO OBTAIN THE DISCOUNT IT IS NECESSARY TO AGREE TO MAINTAIN THE DEPARTMENT'S LIST PRICE.

In the case of books being sent at your request other than cheapest way, charges will be "Collect," but a credit representing the freight charge in your zone will be allowed; this amount will be deducted from net total value of books.

GOVERNMENT OF THE PROVINCE OF ALBERTA

DEPARTMENT OF EDUCATION

HGH/R

EDMONTON, ALBERTA

Aug. 30, 1935.

Sir;

I wish to acknowledge receipt of your letter of August 19th, and I am enclosing herewith a Price List and Requisition Form issued by the School Books Branch of this Department, together with a Catalogue of Books. I trust this will meet your requirements.

Your obedient servant,

H. G. Rowland

SUPERVISOR OF SCHOOLS.

Mr. J. D. Sutherland,

Acting Supt. of Indian Education,

OTTAWA, Ontario.

CHURCH ORNAMENTS — ALTAR WINES

[redacted] CHURCH STREET

TORONTO, Canada, September 16th 19 38

Mr. Philip Phelan,

Department of Indian Affairs,

[redacted]

Dear Phil:

Recently we arranged for the sole distribution in Canada of a cheap edition of Gilmour's Bible History.

Knowing that at times your Department issues these books, I would be glad if you would draw this to the attention of the Purchasing Agent.

The price of $3.00 per dozen is less than half of the usual price and the binding, though lighter than the regular edition, is quite serviceable.

With kindest personal regards, I am,

Yours very truly

Geo. A. V. Gow

Ottawa, September 17th, 1935.

Dear George,-

With reference to your letter of the 16th instant, I would appreciate your forwarding me a copy of the "Gilmour's Bible History" to which you refer in your letter. I would like to look it over. In the event of it meeting our requirements, I believe I could arrange for purchasing a considerable quantity of these.

I am very glad to hear from you and hope that you are enjoying good health.

Yours sincerely,

Geo. S. O'Gorman, Esq.,

Requisition for School Material

Date September 18, *19* 35.

For INDIAN DAY & RESIDENTIAL *Schools* *Agency*

NOTE:—Teachers should secure from the Department of Education of the Province in which the Indian School is located, a list of the text books authorized for use in the white schools. In ordering text books only those authorized in this list should be requested.

To avoid delay, teachers should give full particulars regarding each article required.

The name, series, number of grade, and name of author and publisher of all books required should be given as fully as possible.

When ordering kindergarten material, the catalogue number of some well known firm should be given for each article required.

Only one item should be specified on each line of this requisition and no entry should be made under heading "No. Authorized."

Requisition for School Material

Date.....September 23, 1935.....***19***.....

For INDIAN RESIDENTIAL & DAY ***Schools***.....***Agency***

NOTE:—Teachers should secure from the Department of Education of the Province in which the Indian School is located, a list of the text books authorized for use in the white schools. In ordering text books only those authorized in this list should be requested.

To avoid delay, teachers should give full particulars regarding each article required.

The name, series, number of grade, and name of author and publisher of all books required should be given as fully as possible.

When ordering kindergarten material, the catalogue number of some well known firm should be given for each article required.

Only one item should be specified on each line of this requisition and no entry should be made under heading "No. Authorized."

ARTICLES	No. ON HAND	DATE OF LAST RECEIPT	No. REQUIRED	No. AUTHORIZED	REMARKS

Sir,-

The Department has recently been informed by Desmarais & Robitaille, Limited, 145 Church St., Toronto, Canada, that they have been appointed sole distributors in Canada for a cheap edition of "Gilmour's Bible History". The price is $3.00 a dozen and the binding, although a little lighter than the regular edition, is quite serviceable. These books can only be secured from the Toronto branch of this firm.

As you know, we use a considerable number of these books but I believe that you have never kept them in stock. In view of the reasonable offer that has been received, I consider that it would be advisable to place 300 of these in stock at the present time. I have examined the book and it is quite suitable for our purposes.

May 20, 1935.

Memorandum:

MR. BUSKARD,-

I have your memo of the 17th instant, with a communication attached from Mr. John T. Heskett, M.P., regarding a system of the teaching of phonetic French and the mechanism of the organs of speech - prepared by Mrs. Marie Macdonald, Montreal.

In this connection I have to say that, in the Indian schools in the province of Quebec where the French language is taught in the classroom, the Department is using the system of the Canadian Linguaphone Institute, Montreal. This consists of lessons on phonograph records, and the teachers report that gratifying results have been obtained. This system introduces simultaneously the picture and spelling of the word, pronounced in French, and is in use in all the Indian schools in Quebec, where French forms part of the language taught.

I have no information regarding the system prepared by Mrs. Macdonald. It is extremely doubtful if the Department would require or be able to utilize the works referred to. If supplied, they would only be duplicating the system at present in use. As requested, I am returning herewith the correspondence which accompanied your memo.

D W. McG --

Deputy Superintendent General.

October 11, 1935.

Memorandum:

MR. DUSKARD,-

I have your memorandum of the 8th instant, with attached letter from Mr. James Macdonald, M.A., B.C.L., Montreal, regarding the placing of an order with him to supply wall charts - each series containing 16 charts, a teacher's manual and a pupils' edition - to be used in the teaching of the French language in Indian schools.

In this connection I have to say that, in the Indian schools in the province of Quebec where the French language is taught in the classroom, the Department is using the system of the Canadian Linguaphone Institute, Montreal. This consists of lessons on phonograph records, and the teachers report that gratifying results have been obtained. This system introduces simultaneously the picture and spelling of the word, pronounced in French, and is in use in all the Indian schools in Quebec where French forms part of the language taught. In none of the other provinces in Canada is French the language of instruction in the classroom.

The Canadian Linguaphone system has been strongly endorsed by our teachers, and I would not be prepared to recommend any change in the system. The Department would therefore not require the works for the teaching of French from Mr. Macdonald. I return herewith Mr. Macdonald's communication to the Honourable the Minister.

Deputy Superintendent General.

J. D. Sutherland Esq.
Superintendent of Indian Education.
The Booth Bldg.
Ottawa. Ont.

Dear Sir:

Your communication of the 12th has been received. We had hopes for a more encouraging reply. For we believe that the opportunity you accorded us. Very recent as it was, - and consequently interrupted has sufficient to convince you of the great value of the system embodied in our charts, and still further demonstrated and explained in the volume which forms its Complement. In that favourable opinion we believe that the Deputy Minister shared.

It could not well have been otherwise. The principles of the system are thoroughly modern and up to date. and the work has received the approbation of the most eminent authorities Canadian and Foreign. It has been received as unique and entirely pedagogical. It has been employed with most gratifying success and its results have been most remarkable.

Indian Affairs. School Files.
(MG 10, Volume 6010, File 1-1-4, part 3)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR COPY

And finally the seal of approval has been placed upon it by the Honourable Minister, the keyhead of all authorities in such matters.

It is indeed a thorough Canadian work. For I think that the author, despite his Scots birth and training may be fairly claimed to be a Canadian. Any list of work and material in Canadiana something to be considered at all times from a patriotic standpoint and at present, from an economic one. 'Brothers' it has been declared by Competent and disinterested persons as superior to all other systems in Conception and execution. It represents years of laborious study and experiment and a large monetary outlay. It is submitted to your favourable consideration and a preference over less excellent systems forwarded abroad and yours in exchange for Canadian money

I take leave a Director myself, and I appreciate your position; but I am bound to register an objection to the manner and conduct of certain employees whose repeated interruptions of our interviews and gestures of disapproval did not seem compatible, and more justly called in ordinary civility and courtesy. I cannot think that their contemptuous attitude was rendered necessary by the importance of their business or

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Indian Affairs. School Files.
(RG 10, Volume 6010, File 1-1-4, part 3)

POOR COPY

prompted by any lowering desire to depreciate Honorables with our systems. Why Mr. Nelson and the others should have so many important things to say at that particular moment has been something for me to ponder over considerably

In Conclusion I express the hope that you will reconsider your decision. If you were able to make a considerable purchase of a non-Canadian work of less merit, less than three years ago, and to supplement that purchase this year, will you not find it possible to give the same encouragement for a very remarkable work produced by Canadians.

Faithfully Yours

James Macdonnell M.A. B.C.L.

DEPT. OF INDIAN AFFAIRS
OCT 28 1935
RECEIVED

1372 Saint Denis
Montreal. Oct. 22. 1935.

D. Scott

Dr. Magill.

Deputy Minister of Indian Affairs.
Booth Bldg., Ottawa.

Dear Doctor Magill:

Had we not been obliged to leave Ottawa on the afternoon of our interview I would my visit return to see you again and to discuss still further in detail the proposal which we have made. We are moreover deeply aware of the very great courtesy which you and the Superintendent Principles towards us in receiving us as you did without delay and without previous engagement.

We believe that both you and Mr. Sutherland were convinced of the excellence, simplicity and effectiveness of the system which you so kindly gave us the opportunity of presenting.

It could hardly have been otherwise for the method we have employed is as entirely pedagogical as it is highly original and moderate. It appeals to the most reliable of our faculties and the most natural tendency of youth, the sense of sight and the habit of observation and imitation. It has moreover been approved by the most eminent authorities, and the zeal of

Indian Affairs. School Files.

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR COPY

approval has been placed upon it by the highest Court of appeals in such matters, the French Academy, Itself. It has moreover been used with marked success in many of our National Institutions who have contributed their quota to the long list of attestations received.

It is moreover a Canadian work, compiled and written by a Canadian, with a distinguished record for despite her French origin and French training and experience, Madame MacDonald can be fairly claimed to be a Canadian. It was edited with Canadian money, and printed upon Canadian material by Canadian workmen. It represents years of labour, study and experiment, and an outlay of many thousands of dollars. Do you not think that it deserves some recognition and consideration from a Canadian Government and a Canadian department of Education? — and a Province one author has produced outside Canada, has pedagogical and has excellent, and offered in exchange for Canadian money?

I am writing Mr Rutherford by this same mail and am directing his attention to the lack of courtesy and apparent ingratitude on the part of certain employees, who interfered with our interview with him.

In Conclusion may I ask you to reconsider your

November 1st, 1935.

Dear Mr. Macdonald:

I have your letter of the 22nd instant, regarding your interview with myself and Mr. Sutherland, of the Schools Branch, relative to acquiring by the Department of your charts, "Mecanisme des Organes de la Parole", for a number of our Indian schools.

As definite instructions have recently been issued by the Minister of Finance to curtail all expenditure and also as our classroom equipment for the present academic year has been obtained, I regret being unable to place an order for the supplying of a few sets of your charts.

Mr. Sutherland informs me that he gave your wife and yourself an interview of approximately an hour and a half and that he gave you every attention and courtesy. Might I point out that his office duties are heavy, and it was, no doubt, necessary for certain members of the staff to interrupt him during the interview, with matters requiring immediate attention. I regret that you felt that any discourtesy was shown Mrs. Macdonald and yourself.

Yours very truly,

Deputy Superintendent General.

Ottawa, Canada.

Dear Mr. Sanderland:—

I am grateful for your letter of the 18th of October and I am wondering how my letter ever got into the Indian Department. It was addressed to Supt. of Canadian Schools, as such as least was my intention, and will be duly grateful if you will tell me to whom I should address any inquiry for the desired information. Sincerely.

BLACKIE BEAR

Ottawa, November 6, 1935.

Sir:

With reference to your letter of the 4th instant, I beg to say that there is no such official as "Superintendent of Canadian Schools".

The education of Indian children in Canada is in charge of the Department of Indian Affairs, a Department of the Federal Government. All other education is in charge of the respective provinces. Consequently, if you wish to get in touch with those in charge of the provincial schools, it will be necessary for you to write the Department of Education for each province. The headquarters of the Departments of Education are located as follows:

Charlottetown	-	Prince Edward Island
Halifax	-	Nova Scotia
Fredericton	-	New Brunswick
Quebec	-	Quebec
Toronto	-	Ontario
Winnipeg	-	Manitoba
Regina	-	Saskatchewan
Edmonton	-	Alberta
Victoria	-	British Columbia.

Your obedient servant,

J. D. Sutherland,
Acting Supt. of Indian Education.

OFFICE OF THE SUPERINTENDENT

Ottawa, February 4, 1936 192.

SIR,—

I have the honour to inform you that in accordance with Ed. VII, chap. 80, sec. 39, the Stationery Office will be closed for the purpose of taking stock, from March 19th to March 31st both days inclusive.

It will much facilitate the work if the different Departments will send in orders for any Printing, as well as Stationery, required within the above-mentioned dates, not later than March 14th

Yours truly,

W. Wise

Ottawa, Ontario.

Dear Sir:-

Our Representative, Mr. Wheeler, explained to us sometime ago that he had an interview with you regarding the Creative Pictured Printer Set that we are placing among various schools throughout Canada.

During that interview you suggested sending one of these sets to one of your schools in the East and another in the West for them to examine and test out their usefulness.

As Mr. Wheeler has lost the slip covering these instructions, we are wondering if you would be kind enough to let us know just which of these schools you would like to have us send this set for such purposes, and we will be pleased to arrange same. Thanking you, we are

Requisition for School Material

Date Feb 24/36 19

For Schools Branch School Agency

NOTE:—Teachers should secure from the Department of Education of the Province in which the Indian School is located, a list of the text books authorized for use in the white schools. In ordering text books only those authorized on this list should be requested.

To avoid delay, teachers should give full particulars regarding each article required.

The name, series, number of grade, and name of author and publisher of all books required should be given as fully as possible.

When ordering kindergarten material, the catalogue number of some well known firm should be given for each article required.

Only one item should be specified on each line of this requisition and no entry should be made under heading "No. Authorized".

Large Pictures
- Two Sets
Needed Here

Gentlemen:

We understand in the various Indian Schools instruction is given by means of large pictures supplied by your Department.

We wonder whether there would be any possibility of getting a set of these for our work in the School for the Deaf. Much of our work has to be along the line of visual education and anything of this nature is particularly helpful to our teachers. We would appreciate very much information which may assist us to procure a set of this material.

Very truly yours,

Edwin G. Peterson
Superintendent.

OFFICE OF
THE DEPUTY MINISTER OF IMMIGRATION
AND COLONIZATION
OTTAWA, CANADA.

May 7th, 1926.

Dear Mr. Sutherland:-

In answering your letter of May 3rd, your file 1-1-4, in which you asked if it would be possible to secure 700 copies of the Canada Descriptive Atlas for distribution to Indian schools, I may say we will be glad to supply these copies at actual cost of production.

In small quantities we supply the Atlas at a charge of ten cents a copy but that is merely a nominal charge in order to control distribution and prevent waste. In larger quantities we are glad to supply it to other Government departments and similar purchasers at cost of production. All bills are not yet in but it is estimated the cost will be in the neighborhood of sixteen cents a copy.

If this is satisfactory to you we shall be glad to supply the atlases now and to bill you when we know the exact cost.

Yours very truly,

J. Magladery

Ottawa, July 4th, 1936.

Dear Sir,-

During the last few months, the Department has had several complaints regarding the chalk that has been supplied to Indian schools. In the majority of cases, those complaining did not mention the name of the manufacturer of the chalk with which they had been supplied. However, a letter was recently received from the teacher of the Ryerson Indian Day School, in which she writes as follows:-

> "I have been using 'Sanigene' Dustless Crayons made by Canada Crayon Co., Lindsay, Ont. I find that they are dusty. I find that the chalk made by the Company in Peterborough is not as dusty."

I thought you would like to have this information before you.

Yours truly,

J. D. Sutherland.

DEPARTMENT OF EDUCATION
QUEBEC.

June 19th,1936.

Advance notice regarding changes in the course of study and textbooks,of which fuller information will be given in the Supplement to the Memoranda. These changes, unless otherwise stated, will come into effect at the beginning of the session 1936-37.

1. The Permissive Course of Study is abolished in its entirety.

2. English:

a. The Imperial Readers and the Royal Crown Phonic Primers are removed from the course of study, leaving only, as authorized reading texts, the Elson Basic Readers of Pre-Primer and Primer in Grade I and the Elson Reader, Book 1 and"Reading and Thinking" (Grade II)in Grade II.

b. The "Children's Fairy Book" is transferred from Grade III (Class II, Senior) to Grade II (Class II, Junior).

c. Grimm and Andersen: "Fairy Tales" is removed from the course in Grade III and is replaced by Barrie: "Peter Pan and Wendy",(Oxford).

d. Yonge: "A Book of Golden Deeds" is removed from the course in Grade VIII and is replaced by Conan Doyle: "The White Company". (The publisher's name will be announced)

e. Kipling: "Puck of Pook's Hill" is removed from the course in Grade IX and is replaced by Kipling: "Kim", (Macmillan, St.Martin Classics Series).

f. Shakespeare: "Julius Caesar" is transferred from the course in Grade IX, to the course in Grade X, replacing Shakespeare: "Twelfth Night" which has been transferred from Grade X to Grade IX. As "Julius Caesar" will probably have been read by many students in Grade IX, the authorization of this book in Grade X begins in 1937-38.

g. Milton: "Shorter Poems" is removed from the course in Grade X, and, in future, Powley: "One Hundred Years of English Poetry" will be apportioned between Grades X and XI, in a division made according to poets, which will be indicated in the Supplement to the Memoranda. The examination in Grade XI will be based only on the work assigned to that Grade.

h. In future only one examination paper will be set in English Language and Composition in Grades VI to IX instead of papers in each of these subjects as heretofore.

k. In consequence of the change mentioned under h, only 300 marks will be allotted to the subject of English instead of 400, in Grades VIII and IX. As a consequence, two extra subjects will be demanded from the optional list in Grade VIII and ~~four~~ five optional subjects in Grade IX to make the total necessary for a certificate of 1000 marks in the grades specified.

3. Geography:

Certain changes have been made in the limits of this subject in Grades VI and VII, of which details will be given in the Supplement to the Memoranda.

The present edition of Dent's Canadian School Atlas is replaced by the new edition of this Atlas, at a list price of 60 cents.

POOR COPY

4. History:

Jones: "The English People" is removed from the course in Grade VII, and is replaced by the Kingsway History of England, Book I. Book II of this text will be the authorized textbook in Grade VIII in place of the present syllabus.

5. Language:

"Easy Exercises in English", Third to Seventh Year, have been removed from the course of study in Grades III to VII, being replaced by the King's English Series, Books I to V.

Mason: "English Grammar" is removed from the course of study in Grades VIII and IX, and "Ontario High School Composition" from Grades IX to XI. The authorized textbooks in language in these grades VIII, IX and X are the King's English Series, Senior Books I, II and III. It is provided,however, that arrangements should be made for working out Mason: "English Grammar" and the "Ontario High School Composition", a grade a year as usual.

However, if any School Board on the Island of Montreal, by resolution of its Board, address to the Director of Protestant Education a request for permission to use the "Open Door Language" Series in Grades III to VIII in an edition that is satisfactorily revised, he is authorized to grant such request.

6. General Science:

Pieper and Beauchamp: "Everyday Problems in Science", (Canadian edition) replaces Snyder: "General Science". It is provided, however, that in those schools in which Snyder: "General Science" has been used in Grade VIII in 1935-36, it may be worked out in Grade IX in 1936-37.

6. Biology:

A revised assignment of limits in Peabody and Hunt: "Biology and Human Welfare" has been made,in view of a necessary change in editions of this book. Details will be given in the Supplement to the Memoranda.

IN YOUR REPLY REFER TO
No. 15/45942
ALSO TO DATE OF THIS LETTER

COMMISSIONER'S OFFICE
P.O. BOX 566

VICTORIA, B.C., August 31, 1936.

RECORDS SEP 5 1936 Dept. of Indian Affairs

The Secretary,
The Department of Indian Affairs,
Ottawa.

Dear Sir:-

During the past few weeks the British Columbia Department of Education has issued a new Programme of Studies for Elementary Schools.

The above Programme is a much more detailed one than any issued in the past. Another change made now is that the various subjects are divided up among three Bulletins, making it necessary for those schools with Grades 1 to 6 inclusive to have all three Bulletins. Bulletin I cover such subjects as Health and Physical Education, and Language Arts including Language, Reading, Spelling, Etc., Bulletin II deals mainly with History and Geography, Character Education, and the new Elementary Science course which takes the place of Nature, and Bulletin III deals with Arithmetic, Music, and Art in general.

While the above Bulletins are issued free to Provincial schools and Inspectors, and to Private schools, a charge of 15¢ for each Bulletin is made to teachers in Indian schools and to the Indian schools alone as far as I can learn as these come under the administration of the Dominion Government. Teachers of Indian schools calling on me during the past week or so have been advised to purchase copies of any Bulletins required on their own responsibility and from their own private funds.

It appears that some Indian schools have requested the Text Book Branch to supply copies of the required Bulletins and have not sent the necessary 15¢ for each Bulletin wanted. The Manager of the Text Book Branch, Department of Education has spoken to me this morning on the telephone with regard to this, as he does not wish to supply copies of the new Bulletins to the Indian schools individually. I told him that I should inform the Officials of the Schools' Branch of the matter and leave it to the Department in Ottawa to make any arrangements they thought best. The Manager of the Text Book Branch would like the Department of Indian Affairs to purchase the number of Bulletins required for our schools and to later distribute them and thus relieve the Text Book Branch of all further trouble in the matter.

Indian Affairs. School Files.
(RG 10, Volume 6010, File 1-1-4, part 3)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR COPY

For the information of the Department, I may say that each Day School or Division of a Residential School, will require at least Bulletins I, II, and III, and the Residential Schools, as well as a few Day Schools will in addition require a copy of the new Programme for Junior High Schools (Grades 7, 8, and 9.) About 100 copies each of the first three Bulletins would be required as well as about 25 copies of the Programme for Junior High Schools to be issued later.

If the Department of Indian Affairs decided to purchase the required Bulletins from the Text Book Branch, Department of Education, Victoria, and keep these in stock in Ottawa, I should be glad to recommend that teachers requisition for such Bulletins as they might require; and as I am leaving for Hazelton in a few days, I should be glad to receive any necessary instructions in care of the Indian Agent, Prince Rupert, B.C.

Though the new Programme will go into effect in the Provincial schools to-morrow September 1st, I do not believe that a little delay will make any difference to our schools. I should however be glad to receive the instructions of the Department with regard to instructing the various teachers to include the new Bulletins on their next requisitions, should the Department consider this the best way to arrange for their distribution. If the Department could see its way to distributing the three Bulletins (I, II, & III) to each Day School and Residential School Division direct and as soon as they were received from Victoria it might be better.

As I understand from the Manager of the Text Book Branch that the Department of Indian Affairs has not been supplied with copies of the Bulletins so far issued, I am taking the liberty of forwarding one copy of each under separate cover. These have of course been purchased by me out of private funds, and no reimbursement is looked for.

In conclusion I would ask the Officials of the Schools' Branch to note that I have had no part in the preparation of the new Programme of Study, which has been mainly arranged by numerous committees in B.C., and that I am not in sympathy with much that is included in this course. In fact I have asked any of the teachers in Indian schools whom I have met lately, not to make any great change till we have had an opportunity to discuss the matter during one of the inspections. During the past few years we in the Indian schools of British Columbia have been using Texts supplied from Ottawa which are not used in Provincial schools. We have made distinct progress through the free use of Work Books, which I hope the Department will continue to supply to the schools on requisition, and I do not wish to see any retrograde step taken in the close following of the new Programme of Study, now published in Victoria. Teachers should of course study the new Programme with care and use any part which appears suitable for Indian classes, but I feel certain that the Department will agree with me that much that is now suggested could not be worked out in Indian schools even if professional men agreed that it was likely to be of advantage to Indian children.

ARCHIVES PUBLIQUES
CANADA

Indian Affairs. School Files.
(RG 10, Volume 6010, File 1-1-4, part 3)

POOR COPY

With the specimen Bulletins of the Programme of Studies, I am also forwarding a copy of a suggested course in Reading which I have given to some of our teachers to help them in their work.

The new Highroads Readers are not arranged so that they can be read straight through, and teachers require help in selecting passages to be taken up at different times of the year. Mr. F.E.Anfield supplied the mimiographed copies from an original in my possession, and I am giving one to each teacher making use of the Highroads series. I have explained to these teachers that there is nothing official about the suggestions made in the Monthly Outline of Reading, and that I am giving them a copy as a suggestion of a good way to divide up the year's work in Reading in each of the various Grades. Should the Department care to make use of the suggested outline in Indian schools in other Provinces, I may say that they are not copyrighted in any way.

The whole of the above is submitted with respect.

Your obedient servant,

Gerald H. Barry.

GHB/ District Inspector of Indian Schools, B.C.

Ottawa, September 18, 1936.

Dear Sir,-

The Department is in receipt of your letter of the 31st ultimo and we have, also, received the Bulletins which you forwarded.

The Department agrees with the statements made in the ninth paragraph of your letter. At the present time, we do not intend to change any of the texts now being supplied to the Indian schools and we will continue to furnish work books when requested. As you state in your letter, the teacher should study the new programme with care and use any parts which appear suitable for Indian classes.

As you are in the best position to decide the names of the teachers who should receive the bulletins, you may arrange with the Department of Education to forward the bulletins that you consider necessary to the teachers of schools in British Columbia. It is expected that only necessary bulletins will be secured. Payment for them will be made on receipt of an account, in triplicate, from the Department of Education, Victoria. This account should be certified by you.

We were interested in receiving the mimeograph copy of your monthly outline of reading. It is possible that the Department will use this in other Indian schools to which the Highroads to Reading series is supplied.

Yours Truly,

A. F. MacKenzie.

OCT 13 1936
RECORDS

IN YOUR REPLY REFER TO
No. 15/46529.
ALSO TO DATE OF THIS LETTER

COMMISSIONER'S OFFICE
P.O. BOX 668

VICTORIA, B.C., 6th October, 1936.

The Secretary,
Department of Indian Affairs,
Ottawa, Ont.

Dear Sir:-

In reply to your letter of the 18th September, No. 1-1-4, I may say that I have had a long interview this morning with the Officer-in-Charge of the Text Book Branch, Department of Education, Victoria.

I am informed that the charge for each of the three Bulletins making up the Provincial Programme of Studies has been raised from the 15¢ mentioned in the third paragraph of my letter of August 31st, No. 15/45942, to 35¢ for each Bulletin, with the exception of that for Junior High Schools or Grades 7, 8 and 9, which will cost $1.00 per copy.

I informed the Officer-in-Charge of the Text Book Branch that, owing to this increase in the charge made for each Bulletin, it would be necessary for me to refer the matter back to the Department for further consideration.

The issue of the needed Bulletins to our teachers is complicated by the fact that a number of Indian Schools and teachers have already purchased or were given gratis by mistake the copies of the Bulletins they require, and neither the Department of Education nor I have any record of the names of Schools and teachers so supplied. We, therefore, came to the following tentative agreement.

The teachers requiring copies of either Bulletins 1, 2 and 3, or that for Junior High Schools will request the same from the Text Book Branch, Department of Education, Victoria, B. C., as they are doing at present. The Officer-in-Charge of the Text Book Branch has arranged to put such applications on one side until they can be referred to me at the end of each month. The issue of such Bulletins as are absolutely necessary will then be authorized by me, and the actual material packed and forwarded, free of charge, to the teachers by the Text Book Branch. If the Department of Indian Affairs approves of the tentative arrangements thus made, the Department of Education, Victoria, is

POOR COPY

willing to submit an account, in triplicate, for the total charge some time before the end of the present fiscal year.

It will be understood in Ottawa that it would be very difficult for me to arrange for the packing and forwarding of copies of the new Programme of Studies to the various teachers needing the same, and I would recommend that the Department accept the proposals of the Officer-in-Charge of the Text Book Branch as outlined above. The cost of postage will be added to the actual cost of the Bulletins when the account is submitted by the Provincial Department of Education.

Should the Department agree ~~that~~ with the action I have taken in this matter, I would request that an Encumbrance Requisition for a total sum of $50.00 be issued to cover the cost of the Programmes of Studies and mailing charges. As the revised cost of the Bulletins is rather high, I shall do everything possible to reduce the number sent to Schools and teachers to an absolute minimum, but I am of the opinion that some 50 sets of these Bulletins will be required to supply the needs of the Indian Residential and Day Schools in British Columbia.

Your obedient servant,

Gerald H. Barry.

PUBLISHERS

EXCLUSIVE AGENTS FOR

THE GROLIER SOCIETY • TORONTO
(THE BOOK OF KNOWLEDGE)

November 18 1936

Mr. Phillip Phelan,
Department of Indian Affairs,
Ottawa, Ontario.

Dear Mr. Phelan:

Refering to our conversation a few days ago regarding the number of sets of THE BOOK OF KNOWLEDGE sold to you in 1923, I have secured from our Toronto office the details of that transaction. The order was for 35 sets at $67.50 per set less 10%. It was the current edition and not as you thought an old edition at the time. It was not until 1926 that we brought out the first Canadian, or as it was called the Maple Leaf edition.

This year we have brought out a Silver Jublee edition which is not a mere revision of the older issue but altogether a new one. It has approximately 1500 more pages in it than the set purchased by you in 1923 and contains also an alphabetical index with 31,000 references.

This new Silver Jubilee set deals with Canada and things Canadian to an extent never before attempted in a Canadian reference book.

I shall be very glad to give you such further information as you desire and trust that the department may see fit to purchase new sets for all the Indian schools. The writer has personally visited many of the schools and the sets there now are in a deplorable condition, scarcely two leaves attached.

I enclose a list of the schools to which the 1923 sets were shipped.

Yours sincerely,

SVEN A. LARSEN & COMPANY

Sven A. Larsen

Requisition for School Material

Date Nov. 19 1936

For Schools Branch School Agency

NOTE:—Teachers should secure from the Department of Education of the Province in which the Indian School is located, a list of the text books authorized for use in the white schools. In ordering text books only those authorized in this list should be requested.

To avoid delay, teachers should give full particulars regarding each article required.

The name, series, number of grade, and name of author and publisher of all books required should be given as fully as possible.

When ordering kindergarten material, the catalogue number of some well known firm should be given for each article required.

Only one item should be specified on each line of this requisition and no entry should be made under heading "No. Authorized".

The Department of Indian Affairs,
Ottawa, Ont.

Gentlemen:

Would you please oblige and supply us with some information in more detail concerning the Indian educational set-up than is available in current numbers of the Canada year book.

In particular we would like to know:

1. The names and location of the various (356) Indian schools and institutions across Canada.
2. Are any of these schools supported locally as the provincial public schools or are they all maintained by the Federal government.
3. Are students at these schools supplied with books, etc from their own means or are such necessities supplied to them through their school.
4. What are the responsibilities or authority of the Department's various agencies with respect to the purchase of any school supplies that they may make.
5. Are any special texts or books authorized for use in the various schools or are the books used similar to those authorized by the Department or Education of the province in which the school is situated.

We would appreciate any assistance that you may give us concerning the above. The Book Exchange is a clearing house for school supplies, both used and new, and we feel that we could be of considerable assistance to any school requiring an economical source of supply.

Thanking you in advance for the favour of an early reply, we are,

Yours very truly,

THE BOOK EXCHANGE REG'D.

B. A. Yolleck.

Dear Sir:

With reference to your letter of the 4th instant, all books, stationery, etc., for the Indian schools in Canada are purchased through the Department of Public Printing and Stationery on receipt of requisitions from this Department.

In the majority of cases only those books authorized in the province in which the Indian schools are located are supplied.

All Indian schools in Canada are maintained by the Dominion Government.

Yours truly,

Philip Phelan,
Chief, Training Division.

IN YOUR REPLY REFER TO
No. 15/47413.
ALSO TO DATE OF THIS LETTER

COMMISSIONER'S OFFICE
P. O. BOX 646

VICTORIA, B.C. 2nd December, 1936.

The Secretary,
Department of Indian Affairs,
Ottawa, Ont.

Dear Sir:-

With reference to the eleventh paragraph of my letter of August 31st, 1936, No. 15/45942, and the last paragraph of Departmental letter No. 1/1/4 dated September 18th last, I have the honour to forward the attached copy of a Monthly Outline of Reading for use with Book II of the "High Roads to Reading" series.

I have found that it is necessary to divide up the work of Book II of this series in much the same way as has been previously done with Books III, IV, V and VI.

The preparation of the attached Monthly Outline for Book II was done by a small group of teachers at St. George's Indian Residential School at my request. It is just possible that the Department may wish to use such an Outline in other Indian Schools to which the "High Roads to Reading" series is supplied.

Your obedient servant,

Gerald H. Barry.
Inspector of Indian Schools, B.C.

Retour Monsieur A. F. Mackenzie
Secrétaire du Département des Affaires indiennes
Ottawa

Monsieur le Secrétaire,

J'ai l'honneur de présenter à votre bienveillante attention une série de Tableaux de phonétique française dont Madame Marie Talémá - Macdonald est l'auteur, et qui lui ont valu, avec une médaille de l'Académie française de Paris, des témoignages flatteurs d'un bon nombre de maisons d'éducation de la Province de Québec.

Marie Talémá est française et a fait toutes ses études de phonétique à l'Opéra de Paris.

J'ai la conviction que ses Tableaux intitulés : "Mécanisme des Organes de la parole" pourraient accomplir beau-

A. F. Mackenzie, Esq.,
Secretary, Dept. of Indian Affairs,
O T T A W A , Ont.

Dear Sir,

I have the honour to draw your attention to a series of French Phonetics Charts prepared by ~~Madame~~ Marie Taléma-Macdonald, for which she was awarded a medal by the Académie Française of Paris. She has also received flattering comments from a number of educational institutions in the Province of Quebec.

Marie Taléma is French and has studied phonetics at the Paris Opéra.

I am sure that those Charts entitled: "Mecanism of the organs of speech" would be very useful in all schools where French is taught and also in Indian schools.

Each series includes 16 charts printed on heavy cardboard and sells for $30.00

Mrs. Macdonald and her husband would indeed be very grateful to you if you could see your way clear to purchase about 100 of those series, or which would be better still, one for each of your 300 schools.

I have the honour ....

(Signed) Sister Sainte-Anne-Marie,
C.N.D., D. Ph.

Dept. of Mines & Resources,
Ottawa.

Dear Sir:

For some time past I have been stocking the Anglican Prayer & Hymn Book for use of your department. As the stock was low I placed a renewal order. I am advised by the publishers that this book is at present out of print owing to the necessary changes in the state Prayers.

The only book they can supply in its place is the oilcloth covered edition, lettered in gilt on the front "Not to be taken away," which retails at 75¢ net. They have offered this at 60¢ net, prepaid.

Kindly let me know if I should book order for the regular, or stock a supply of the oilcloth covered edition.

Yours truly,

J.W.DRISCOLL
SUPERINTENDENT OF STATIONERY

Dear Sir:

With reference to your letter of the 4th instant, I am communicating with the Associate Secretary of the M.S.C.C., who is in charge of the Indian residential schools for the Church of England. As soon as his reply is received, I will advise you regarding the Anglican Prayer and Hymn Book.

Yours truly,

Philip Phelan,
Chief, Training Division.

Rev. Sir:

As you are aware we supply, when requested, to the schools conducted under the auspices of the Church of England, the Anglican Prayer and Hymn Book. These are kept in stock in the Government Stationery Office. As our present supply is running low a renewal order was recently placed, but the Stationery Office was informed that the book is out of print owing to the necessary changes in the State Prayers. The only book they can supply in its place is the oilcloth covered edition, lettered in gilt on the front "Not to be taken away".

Kindly let me know if it would be in order for us to stock the latter book for the time being so that we can fill requests, or would you prefer that we wait until the regular edition mentioned in the first part of this letter is again available.

Youre truly,

Philip Phelan,
Chief, Training Division.

Ottawa, February 4, 1937.

A. F. MacKenzie, Esq.,
Secretary,
Indian Affairs Branch,
Ottawa.

My dear Sir,

I have received a letter from Soeur Sainte-Anne-Marie, Directrice de l'Institut pédagogique de Montréal, a most talented woman, who asks me to interest myself in Madame Marie Taléma-Macdonald's work "sur le mécanisme des organes de la parole.

I confess to know nothing about this system of French phonetics.

Have you formed an opinion on the value of Mrs. Taléma-Macdonal's Tableaux ?

Yours very truly,

J. R. Donnelly

Dear Senator Dandurand,-

Your letter of the 4th instant, addressed to Mr. A. F. MacKenzie, has been referred to me.

Over a year ago, this Department received the first request to purchase the charts prepared by Madame Marie Talbot-Macdonald. Recently, another request was received direct from Soeur Sainte-Anne Marie, C.N.D., D. Ph., Director of the Montreal Institute of Pedagogy.

The matter has been very carefully considered but there are so many demands on our appropriation at the present time that it is not possible to give favourable consideration to the expenditure that would be necessary if these charts were purchased.

Yours very truly,

T. R. L. MacInnes.
Secretary.

NOTICE

The Dominion Bureau of Statistics announces the publication of the 1937 edition of the Official Handbook of Canada.

The Handbook covers the present situation in the Dominion from Atlantic to Pacific, the weight of emphasis being placed on those aspects which are currently of most importance. All phases of the country's economic organization are dealt with, and statistics are brought up to the latest possible moment. The text is accompanied by a wealth of pertinent illustrative matter, which adds to the interest of the subjects treated.

The text and page illustrations are printed in tone and there are two photogravure inserts one of which, the frontispiece, is a reproduction of an official photograph of King George VI together with the texts of the Proclamation of his accession to the Throne and the Prime Minister's Message on behalf of the people of Canada; the other insert is illustrative of Canada's export trade, a branch of our economy which has shown such splendid progress during the past year.

The price of the publication is 25 cents per copy, which charge covers merely the cost of paper and actual press work. A special price concession has been authorized in the case of teachers, bona fide students, and ministers of religion, since past experience has shown that considerable use has been made of this publication for educational purpose, and it is the policy of the Minister to encourage such use. To such individuals, therefore, the price is set at 10 cents for one copy. Postage stamps are not acceptable, and applications must be accompanied by a postal note or by the appropriate coin enclosed between two squares of thin cardboard gummed together at the edges. Applications should be addressed to the King's Printer, Government Printing Bureau, Ottawa, Canada, and since the supply is strictly limited for both the 25-cent and 10-cent classes, early application is suggested.

Requisition for School Material

Date February 11th, 1937.

For WELFARE & TRAINING BRANCH *School* ..... *Agency*

NOTE:—Teachers should secure from the Department of Education of the Province in which the Indian School is located, a list of the text books authorized for use in the white schools. In ordering text books only those authorized in this list should be requested.

To avoid delay, teachers should give full particulars regarding each article required.

The name, series, number of grade, and name of author and publisher of all books required should be given as fully as possible.

When ordering kindergarten material, the catalogue number of some well known firm should be given for each article required.

Only one item should be specified on each line of this requisition and no entry should be made under heading "No. Authorized".

Dear Sir:-

In reply to your letter of the 5th. inst, No.1-1-4, in the matter of Anglican Prayer Books for presentation to pupils when graduating from our Society's Indian Residential Schools, I beg to recommend that, in view of the changes which will be made in this book after the Coronation next May, that you do not stock more than 150 of the kind you mention, this being approximately the number that is required each year.

Thanking you in advance for your kindly assistance in this matter, I remain,

Dear Sir,-

With reference to your letter of the 4th instant, regarding the Anglican Prayer and Hymn Books, I wrote the Field Secretary of the M. S. C. C. and he states as follows:-

> "In view of the changes which will be made in this book after the Coronation next May, I would request that you do not stock more than 150."

In view of the above, I consider that the number mentioned is quite sufficient to stock for current use. The book similar to the one that we have been supplying can be secured probably during the coming fall.

Yours truly,

Philip Phelan.
Chief, Training Division.

THIRD SERIES, SECTION II, VOLUME XXX, 1936

The Coureur de Bois and His Birthright

BY

J. Murray Gibbon

OTTAWA
PRINTED FOR THE ROYAL SOCIETY OF CANADA

The Coureur de Bois and His Birthright

By J. MURRAY GIBBON, F.R.S.C.

(Read May Meeting, 1936)

Many have formed their idea of the coureurs de bois from Frontenac's classic memorandum to Colbert: "If one doesn't take care, they will become like the bandits of Naples and the buccaneers of St. Domingo." Francis Parkman's description in *The Old Régime in Canada* is also remembered:

> "Out of the beaver trade rose a huge evil, baneful to the growth and the morals of Canada. All that was most active and vigorous in the Colony took to the woods, and escaped from the control of intendants, councils and priests, to the savage freedom of the wilderness. Not only were the possible profits great; but, in the pursuit of them, there was a fascinating element of adventure and danger. The intendant Duchesneau reported that eight hundred men out of a population of less than ten thousand souls had vanished from sight in the immensity of a boundless wilderness. . . .
>
> "It was a curious scene when a party of coureurs de bois returned from their rovings. Montreal was their harboring place, and they conducted themselves much like the crew of a man-of-war paid off after a long voyage. As long as their beaver-skins lasted, they set no bounds to their riot Every house in the place, we are told, was turned into a drinking shop. The newcomers were bedizened with a strange mixture of French and Indian finery; while some of them, with instincts more thoroughly savage, stalked about the streets as naked as a Pottawattamie or a Sioux. The clamor of tongues was prodigious, and gambling and drinking filled the day and the night. When at last they were sober again, they sought absolution for their sins; nor could the priests venture to bear too hard on their unruly penitents, lest they should break wholly with the church and dispense thenceforth with her sacraments."

Parkman wove his highly coloured fabric from threads spun by priestly and secular writers of the seventeenth century. Baron de Lahontan, the brightest of the secular yarn-spinners, wrote

> "You would be amazed if you saw how lewd these Pedlers are when they return; how they Feast and Game, and how prodigal they are, not only in their Cloaths, but upon Women. Such of 'em as are married, have the wisdom to retire to their own Houses; but the Batchelors act just as our East-India-Men, and Pirates are wont to do; for they lavish, eat, drink, and play all away as long as the Goods hold out; and when these are gone, they e'en sell their Embroidery, their Lace, and their Cloaths. This done, they are forc'd to go upon a new Voyage for Subsistance."

In his table of terms, Lahontan gives this definition:

> "Coureurs de Bois, *i.e.*, Forest Rangers, are French of Canadese, so called from employing their whole Life in the rough Exercise of transporting Merchan-

POOR COPY

dise Goods to the Lakes of Canada, and to all the other Countries of that Continent, in order to Trade with the Savages: And in regard that they run in Canows a thousand Leagues up the Country, notwithstanding the danger of the Sea and Enemies, I take it, they should rather be called Coureurs de Risques, than Coureurs de Bois."

Less vivid in language, but just as telling is the account written by Nicolas Perrot, himself a coureur de bois, who describes his profession as consisting of:

> "Young men in their prime—some of good family, others simple habitants or their children—others who had no professions and call themselves 'volunteers'—the desire for profit is common to them all—Some carry their own merchandise to the savage—others rent it from merchants. Some carry on this business for individuals, others take a share of the risk with merchants. All their victuals consist of some biscuit, peas, corn and some small barrels of brandy. They are soon reduced to living off the hunting and fishing they find along their route. . . .When that give out they are reduced to eating a kind of moss which they call 'tripe de roche'."

It was therefore the lure of advanture rather than the prospect of rich living that enticed them from the settlements.

The native finery affected by the French who adopted the forest or bush rangers' life was natural to those who were frequently adopted as members of the Indian tribes in whose country they hunted. Their paint, feathers, and buckskins were, in any case, as practical and just as colourful as the costume of French court or regiment which the new-comers may have brought with them from France. We read of French interpreters and hunters in the woods armed with swords, but well-aimed tomahawks would have been just as effective weapons. When Jean Nicolet, Champlain's interpreter, arrived among the Winnebagoes in Wisconsin "arrayed in a robe of Chinese damask, decorated with flowers and birds of many colours", his costume was in keeping with Indian taste, so that he was identified by the natives as a medicine man.

The other day, while reading the story of Esau and Jacob in the 27th Chapter of the Book of Genesis, I thought of certain parallels in the relation between the coureurs de bois and habitants of Canada. For the coureur de bois and habitant, like Esau and Jacob, were also twin brothers, the one coming on the heels of the other, the hunter first; the coureurs de bois created friction in the family by mating with Indian girls, just as Esau brought grief to Isaac and Rebekah by marrying a Hittite; the coureur de bois pleased the menfolk who, like Isaac, were fond of venison, while the habitant curried favour with the womenfolk by staying at home instead of going off on long hunting trips.

Several hundred Canadians who had neglected to clear the land allotted to them so that they could lead the life of a coureur de bois forfeited their concessions.

Yet the hunter was left not unhappy. I quote Isaac's blessing on Esau as translated by Dr. James Moffat:

> "Far from rich soil on earth shall you live,
> far from the dew of heaven on high.
> You shall live by the sword, and serve your brother
> But when you grow restive,
> his yoke you shall break."

The coureur de bois first came into definite disfavour when Talon became intendant in 1665, and this fall from grace is claimed by certain historians as due to the free and easy morals of the officers and soldiers of the Carignan Regiment, a thousand of whom were sent that same year to New France by Louis XIV to preserve the colony, its settlements, and its fur-trade from the marauding Iroquois. But the real father of the coureur de bois was Samuel de Champlain.

The record goes back to the winter of 1606 at Port Royal in Acadia, when Champlain established the Order of Good Cheer so as to keep up the health and spirits of the garrison. It was the duty of each of the fifteen members of that Order to provide in turn, from his hunting and fishing, food for the daily banquet, and that genial historian Marc Lescarbot, a member of the Order, certifies to its success. When Champlain turned from Acadia to Quebec, fur-trading was his first intent, and he himself spent much of his time in the woods. He planted a number of his followers among the Indians to qualify as interpreters, and of eight of these we know something, namely—Etienne Brûlé, Jean Richer, Jean Nicolet, Jacques Hertel, Thomas Godefroy, François Marguerie, Nicholas Marsolet, and Grenolle.

The life of an interpreter had its lure, for the savage had his own civilization. Jean Richer had this impressed upon him after living two years among the Nipissings. "Good!" said a Chief to him one day. "Now that you are beginning to speak our language, if only you did not grow a beard, you would have almost as much intelligence as our second best Indians."

Etienne Brûlé was the first white man to reach Lake Superior, and pioneered for France as far south as the Susquehanna, but seems to have been too devil-may-care for Champlain. The mental picture I have of him is that of the Jack or Knave of Hearts. His had been a hard schooling among the Iroquois, including torture by fire—hence his soubriquet of Brûlé or "the burnt one." His final tragedy was

to be killed and eaten by hitherto friendly Hurons. The Indian philosophy of cannibalism was that the consumer absorbed the heroic virtues of the consumed, and the fact that these Hurons went the length of eating Etienne Brûlé indicates that they at least found in him qualities which they admired.

As coureur de bois for Guillaume and Emery de Caën, of the Montmorency Company, Etienne Brûlé received a salary of 100 pistoles ($200) a year for inducing the Indians to come down from the Upper Country with furs. This was probably the standard rate of pay at that time. In 1621 this Company had about a dozen coureurs de bois in its employ.

Shortly after Champlain died, a census of Quebec made in 1636 shows that of the 86 colonists, 11 were interpreters, 7 were traders, and 20 were trappers, as compared to 23 settlers, of whom the best known was Louis Hébert.

The French did not have a monopoly of the idea that money could be made out of the fur-trade in North America. It was through beaver-skins that the Pilgrim Fathers cleared off their indebtedness to the London merchants who financed their venture. At first their trade was a coastal trade, but as the local supply of beavers diminished, they explored new sources up the rivers Kennebec and Penobscot. Like the French, the English were soon faced by the liquor problem in this Indian traffic. Captain Miles Standish had to run out of the country a certain Thomas Morton for selling fire-water as well as firearms to the natives, in addition to operating a gambling hall in Massachusetts Bay, appropriately named Merrymount.

Although there were some farm clearings made along the shores of the St. Lawrence by small groups of settlers, the fur-trade offered more prospect of dividends for the Company of a Hundred Associates, which now held a monopoly over Canada.

Charles Huault de Montmagny, who succeeded Champlain as governor of Quebec, has been described as a famous Nimrod. In 1646, the Queen Mother as Regent granted him exclusive privilege of hunting on two islands of the St. Lawrence, Ile-aux-Oies, a natural bird sanctuary, and Ile-aux-Coudres, on which he tried to domesticate the moose. Every seigneur under the feudal system had or acquired by purchase the birthright of *le droit de chasse*, and as sixty seigneuries were granted during the régime of the Hundred Associates, that meant there were sixty possible purveyors of peltries from that source. One could not expect that the skins obtained in hunting would be used only for clothing or for wall decoration.

In 1645 the habitants themselves took over the whole fur-trading

business of New France as a co-operative concern known as the Compagnie des Habitans. They undertook to deliver 1000 lbs. weight of beaver-skins a year, with the result that virtually all the able-bodied men in Canada spent the winter in the woods. In order to regulate abuses, the Council, in 1648, enacted that "such settlers as were accustomed to the country might, if they chose, go to the districts inhabited by the Hurons under the leadership of a Captain appointed by the Council. They should serve as escorts for the Missionaries going to the Indian countries, as also for the Indians themselves who wished to come down to the French posts to trade their furs."

The missionaries were thus themselves responsible for the growth of bushranging. Their escorts in the Indian country were permitted to gain their living by hunting and trading in furs, as they received no remuneration from the missions.

A flying squadron of forty men was organized to guard the rivers, lakes and portages.

When one considers that along the lower St. Lawrence dense forest grew to the river's edge and that it took at least four years to clear enough land to make a farm on which a family could live, one cannot blame the settler for taking to the woods in search of venison as well as furs.

In 1646 Médard Chouart des Groseillers left the service of the Jesuits to go fur-trading in the Huron country, and twelve years later took into partnership his brother-in-law, Pierre-Esprit Radisson, who had spent two years in captivity among the Iroquois. This warrior race drove the Hurons from their hunting grounds, and commanded the routes to the West so effectively that in 1653 the French-Canadian fur-trade on the St. Lawrence came virtually to a standstill. The Iroquois traded with the Dutch at Orange (Albany) and with the English on the Atlantic seaboard, so that if these two coureurs de bois had not re-opened the route to the Great Lakes, the French settlements along the St. Lawrence would have starved to death. No wonder that when they returned from the Upper Country in 1660 with 300 Algonquins and 200,000 francs worth of furs, Groseillers and Radisson were received at Quebec with salvos of artillery. They plied their trade together from 1654 to 1663, when Governor Baron d'Avaugour mulcted them of more than half their cargo of furs. Thereafter came the strange sequence of intrigues which resulted in their helping the English to launch the great Company of Adventurers trading into Hudson's Bay.

The royal favour at last begun to shine from France on Canada

with some effect when Mazarin died and Louis XIV took the reins into his own hands. The interest of *le Roi Soleil* was spurred by the English absorption of the Dutch colonies in 1664 which made Orange, the present Albany, a still more dangerous rival to Quebec in the fur-trade. In trading with the Indians, the English and Dutch had the advantage of being able to supply not only cheaper, but also a greater variety of merchandise. Supplies from France came to Canada only once a year, and did not include the wampum and the scarlet cloth which the Indians particularly favoured. Hence the temptation among even the French traders to send beaver-skins to Orange.

Conditions in France made it possible for Louis to spare soldiers, find peasants and mechanics willing to emigrate, and induce unmarried girls to brave the Atlantic in sailing ships for husbands. Ground down by taxes, corvées, and the impositions of a feudal system, peasants were already migrating to the cities or slipping across the frontiers. It was not hard to persuade the impoverished country gentleman to become a soldier of fortune in the El Dorado of furs. Families were large and surplus girls were plentiful. Some at least of the Indians were friendly, even though the Iroquois were allies of the English.

Colbert, who was Louis's adviser in these matters, was a typical bureaucrat with a bureaucrat's love of doing things by rule and regulation. He had already adopted in France the policy of inducing young men to marry by remission of taxes, with bounties to families of ten or more, provided none of the ten became celibate priests or nuns. Richelieu's charter to the Hundred Associates specifically had in view "the establishment of a powerful military Colony" and the development of the fur-trade. Colbert aimed to make Canada a colony breeding its own soldiers, concentrated in easily defended communities, with a system of parishes and villages imported from Old France. So far as the fur-trade was concerned, he desired to regulate this by concentrating markets in Montreal, Three Rivers, and Quebec to which the Indians could bring their peltries. The coureurs de bois were more modern in their method of getting business, going into the Indian country themselves as pedlars. They might be described as the go-getters of the fur-trade.

Maisonneuve's organization of a militia with flying squadrons for the island of Montreal had not proved sufficient to hold back the Iroquois, so in 1665 the Carignan Regiment, a thousand strong, with probably two hundred more from other regiments, was sent under the Marquis de Tracy to strengthen the royal domain in North

America. By this time Maisonneuve had at his command in Montreal over a hundred blue-coated frontier fighters who had acquired skill in Indian warfare as coureurs de bois.

The use of brandy in buying furs from Indians has been blamed on the Carignan Regiment, but antedated their arrival in Canada. As early as 1644 Governor Montmagny issued an edict threatening severe penalties for such traffic, but the sailors on vessels arriving from France smuggled in the liquor which provided such profit. In 1657, Jean Aubuchon was fined, and in 1661 two men were shot and another lashed for this offence. It was to protest in person to the King against this liquor traffic that Bishop Laval, forbidden to excommunicate the offenders, sailed for France in 1662, when he procured the recall of Governor d'Avaugour. The Sovereign Council, posting its decrees against this traffic throughout the settlements, complained in 1664 that almost all the colonists had contravened its prohibitions, hence great disorder among the Indians. In using brandy as merchandise, the French were, however, only meeting the competition of Dutch and English rum, which was not only cheaper but was also more lasting as a stimulant.

Whereas the English and Dutch colonists in North America came out chiefly as families, the French after 1634 made the mistake of sending out single men first. Louis XIV, with Colbert to prompt the afterthought, endeavoured to remedy this with shiploads of brides, some at least of whom might well have driven the settlers to the woods, if not to drink. Mère Marie de l'Incarnation, who on the whole sympathized with the idea of sending out brides for the bachelors, says of one shipload of new arrivals in 1667 that they included "beaucoup de canaille de l'un et l'autre sexe."

An instance of forced marriage is the case of François le Noir dit Rolland, who had a trading-post near Lachine. Under the rule that bachelors would be debarred from hunting, fishing, trading with the Indians or entering the woods, Rolland was threatened with confiscation unless he undertook to marry within three weeks of the arrival of the next shipload of brides. The wedding duly took place in the presence of Governor Perrot of Montreal and his confrères in the fur-trade, and Rolland proceeded to do such business in liquor with the Indians that Frontenac had to intervene.

Supplementing the brides shipped from France, Mère Marie de l'Incarnation endeavoured to provide the colonists with an alternative though limited supply from the Indian girls who were taught the amenities of French civilization at the Ursuline convent in Quebec. Mère Marie had no race prejudice, but even her model pupils had a

tendency to disappoint her by reverting to type. Those who slipped back to the wigwams she not inaptly termed "les petites coureuses de bois."

The military strengthening of the colony made the route to the West less perilous, and a period of exploration and development followed. Louis Joliet, organist at Quebec, accompanied by Jean Peré, classified as a coureur de bois, was commissioned by Governor de Courcelle to go on a fur-trading and copper-finding expedition to Lake Superior in 1668. In this year it was affirmed by the Sovereign Council that there was hardly a band of Indians that did not have some French coureurs de bois with them.

The most notable coureur de bois who now appeared upon the scene was Nicholas Perrot, originally an interpreter, whose influence on the Indians contributed greatly to the Western expansion of the French. He was the leading figure as well as the historian of the ceremony at Sault Ste. Marie on June 14, 1671, when M. de Saint-Lusson took possession of Lakes Huron and Superior in the name of Louis XIV, most Christian King of France and of Navarre.

Twelve other coureurs de bois are named by Nicholas Perrot as present at Sault Ste. Marie, but none of these twelve appear on the register of the Carignan Regiment. Of the 400 members of this regiment who remained in Canada following their disbanding in 1668 only about a hundred became coureurs de bois. It was, however, probably a hundred too many. In this year the trade in liquor with the Indians was formally thrown open to all French inhabitants of Canada.

Seventeen of the Carignan officers are definitely known to have become interested in the fur-trade. The one most censured was Major Balthazar de Flotte de la Frédière, who commanded the garrison of Montreal, 1666-7, and was outlawed from the colony three years later. Three others were in the service of François Perrot, Governor of Montreal, who established one fort under Lafrenaye de Brucy, and another under Gabriel de Berthé, Sieur de Chailly, on opposite shores of rapids of the Ottawa River, at the western end of the island of Montreal, where the Indian canoes coming down to the settlements were waylaid and the cream of their cargoes skimmed in exchange for a more potent liquid. Associated with Brucy was another ex-Carignan officer, Philippe de Carrion, Sieur de Fresnoy, while a brother officer, Michel Sidrac Dugué, built a trading-post close to that of Gabriel Berthé.

In 1671, Intendent Talon wrote to Colbert that the number of coureurs de bois must be reduced. Fur-bearing animals were too much hunted, the market for beaver was glutted, and the price of fur in consequence was decreasing. On that account, when Frontenac came to Quebec as governor in 1672, he had instructions from King Louis to suppress the coureurs de bois and transform the colony into a farming community, protected by a few strategic forts. His first injunction forbade the Canadians to leave their settlement with merchandise under any pretext whatever unless protected by formal authority. Limits were set within which those absent might return. All goods held in contravention of these orders would be held as contraband, and severe penalties inflicted.

A lover of pageantry and display, Frontenac found conveyance by canoe hardly worthy of the King's representative in Canada and conceived the idea, among other things, of condemning offending coureurs de bois to the galleys, the galleys in mind being a ship of state in which the governor could travel with dignity through his domain.

Shortly after his arrival, Frontenac was persuaded by Robert Cavelier de la Salle that the best way to prevent the Iroquois from cutting into the trade with the Algonquin Indians of the Upper Country was to build a fort at Cataraqui, the site of the present Kingston, on Lake Ontario. An imposing flotilla of gaily decorated bateaux, mounted with cannon, and four squadrons of canoes convoyed the Governor to Cataraqui, where he made it clear to the delegates of the five Iroquois Nations that he was there to do business, announcing: "You will find all sorts of refreshments and commodities, which I shall cause to be furnished to you at the cheapest rate possible."

In the following year, La Salle himself was placed in charge of the fort and used it as a base for trading, exploring, and hunting along the neighbouring lakeshore. Six of La Salle's coureurs de bois are recorded in a French history of the brandy trade to have indulged in a barbarous dance called Ganouary, in which the performers ran in a state of nature with a keg of brandy under the arm. This was at the Missisauga Indian Village of Teiaiagon, on the site of the present capital city of Ontario, and is described by Percy J. Robinson as "a rather melancholy beginning for Toronto the Good."

François Perrot, governor of the island of Montreal, had accompanied Frontenac on this expedition, possibly to divert attention from his own surreptitious activities on the Ottawa. If so, the attempt failed, for Frontenac sent Jacques Bizard, lieutenant of his guard, to suppress Perrot's business at Brucy's fort on Ile Perrot. As his authority was outrageously flouted, Frontenac arrested Perrot when

he came to Quebec, and hanged Thomas, one of his coureurs de bois, in front of his window. The governor of Montreal left in indignation for Paris, only to kick his heels for three weeks in the Bastille. A number of coureurs de bois were rounded up, and Frontenac boasted that he had suppressed the traffic; but if his clerical critics can be believed, the Indians continued to be debauched with liquor.

While fulminating against the coureurs de bois, Frontenac helped to add to their number through the establishment of a Canadian militia. King Louis had too many wars in Europe to ship more soldiers to Canada. Colbert wrote in June, 1673: "His Majesty cannot give any assistance to Canada this year on account of the great and prodigious expense that he has been obliged to incur for the maintainance of more than 200,000 men and 100 ships and 25 galleys."

Frontenac, therefore, created soldiers on the spot out of the habitants, whom he organized as a militia under local captains. These were armed at their own expense with muskets, which they paid for in monthly instalments, with permission to use them for hunting till they were required for military service. All the habitant now required to do to become a regular coureur de bois was to make contact with a fur-trader who could supply him with brandy and goods to trade with the Indians.

Emigration from France to Canada ceased in this year, and in 1674 Colbert advised the intendant not to count any more on assistance from the King. The distress throughout France became so great that Madame de Sevigné wrote from Brittany in 1680, "I see only people who owe me money, who sleep upon straw and who weep."

Colbert, echoing King Louis's own opinions, was inclined to approve of the liquor traffic, writing rather sarcastically to Intendant Duchesneau not to abolish the sale of brandy to the Indians. Otherwise, he wrote, "we should run the risk not only of losing this commerce but of forcing the Savages to do business with the English and the Dutch, who are heretics; and it would thus become impossible for us to keep them favourably disposed towards the one pure and true religion."

By this time Frontenac had come to realize that the coureurs de bois could provide him with welcome information as to the friendliness or otherwise of the various Indian tribes towards each other and towards the French.

When Pierre Moreau la Taupine, on returning from trading with the Ottawas, in 1679, was arrested by Intendant Duchesneau, he produced a licence from the governor permitting him to travel to the Ottawas with two comrades to carry out secret orders.

The Intendant Duchesneau, primed by the clergy, claimed that Frontenac was issuing licences to trade and hunt to his personal friends, and on his representations the governor was required by Colbert to summon all coureurs de bois, licensed or unlicensed, to return to the settlements. A conference of the leading colonists was summoned by royal edict to meet at Quebec in October, 1678, to consider the problem of liquor traffic with the Indians. La Salle was one of the delegates, and defended this traffic as necessary, claiming that the Indians were less given to drink than the French, and even less than the English of New York. The royal edicts issued in 1679 limited the hunting permits from January 15 to April 15 each winter, and holders of permits were prohibited from carrying liquor to the Indians, though the French of the settlements could continue to sell liquor to Indians on the spot. An amnesty to those in the woods who returned at once to the settlements was proclaimed, and permits issued by the governor were limited to 25.

La Salle, no doubt with the cognizance of Frontenac, evaded the regulations by sending out from Fort Frontenac coureurs with his own permits to trade with the Indians.

Nicholas Perrot claimed that the prohibitions only made matters worse: "The Canadians," he wrote "seeing themselves deprived of these franchises, became disorderly, thinking they had been deceived. That was the reason why most of the youth of the country went off and came back only in secret, looking for merchandise while bringing skins that were sold by stealth. This trade opened the eyes of the merchants who found it very much to their advantage, and who advanced to them what was necessary for their journey. Some opposed the orders from above. So much so that these Canadians became like savages, whose license they copied so well that they forgot what they owed to the duty and discipline of France; and if I dare say it, of Christianity itself."

Lawless and half-savage the coureur de bois might have become, yet not wholly "fit for treason, strategems and spoils", for he had the saving grace of "music in himself," and more than any other kept alive the folksong of the seventeenth century. As he paddled his canoe through the forested waterways, he sang the chansons of his time, songs which were passed on to his successors, the voyageur and the raftsman. These songs had little apparent relation to his own life. They were songs of princes and princesses, of well-saddled cavaliers, of prisoners in far-off Nantes, of roses which he never saw in the depth of the woods, of gardens with orange trees, of shepherdesses guarding sheep—not of beaver, or moose, or deer. But

the melodies were rhythmic and helped to keep oars and paddles in time. In only two of Gagnon's *Chansons populaires* are there suggestions of the life of the coureur himself—one ballad, the *Lament of Cadieux*, which narrates an incident of conflict with the Iroquois, and one *Tenouich' Ouichka* introducing an ancient Huron. The seventeenth-century drinking songs, of which several hundred have survived, were not inappropriate to one who bought so many beaver-skins with liquor. *Malbrouk s'en va t'en guerre*, a favourite song with the voyageurs of the eighteenth century, was probably brought to Canada after the battle of Malplaquet by La Vérendrye.

Duchesneau, the Intendant, became virulent in his antagonism and accused Frontenac of conniving with the coureurs de bois, and having notorious offenders such as La Taupine in his service. René Robineau de Bécancour, Baron de Portneuf, who was grand voyer or minister of roads, and Louis Bolduc, the public prosecutor, were also accused by Duchesneau of surreptitious traffic.

Frontenac's attitude towards the coureurs de bois was evidently tempered by the necessity of exploiting new fur yielding territories in the West. Daniel Greysolon Du Lhut may have had something to do with this. Duchesneau accused Du Lhut of being one of the chiefs of the gangs "indifferent to all the royal ordinances, whom the complicity of Frontenac had encouraged to practise with impunity their trade of coureurs de bois."

Yet Du Lhut was no gangster. Formerly an officer in the King's Body Guard, he came to Canada with private means, built one of the most substantial houses in Montreal, and then after four years started out with his brother La Tourette on an exploring expedition to Lake Superior. There he won the confidence of the Indians as a brave, fair-dealing man, and, in spite of the handicap of gout, the West became his stamping-ground. Duchesneau wished Frontenac to organize a military expedition against this leader of coureurs de bois, but Frontenac excused himself, explaining to Colbert the political danger of an expedition which would throw the bushrangers into the arms of the English. When Du Lhut returned from the West, after exploring the headwaters of the Mississippi, organizing a re-union of friendly Indians at Fond du Lac, on Lake Superior, and establishing western headquarters at Kaministiquia (site of the present Fort William), Frontenac technically imprisoned him in the Château St. Louis at Quebec to save him from the claws of the intendant.

Frontenac by this time realized that these western coureurs de bois could be organized as a legion of frontiersmen, skilled in Indian ways and Indian warfare, able to live off the land without draining

the public treasury, adventurous spirits willing to fight so long as they were not forced to farm or fettered by bureaucrats and priests. The coureur de bois was Esau the hunter, not Jacob the stay-at-home goatherd. As a matter of fact, by the year 1681, according to Henri Lorin, the sanest of the French historians, "the country had as many farm workers as it needed, and the over-production of grain explains the number of coureurs de bois as much as the supposed dislike of the colonists for sedentary life."

Irritated by the quarrels of Governor Frontenac and Intendant Duchesneau, King Louis recalled them both, sending out Joseph Antoine Lefebvre de La Barre as governor and Chevalier Jacques de Meulles as intendant. If Frontenac had dipped his fingers in the fur-trade, La Barre was in it up to the armpits. In the words of Henri Lorin:

> "The Governor, the Intendant, the Magistrates, the Officials, in a word every one traded. Meulles admitted that, to pay the salaries of his secretaries, he had sold two congés which brought him each 700 livres. The Governor of Three Rivers (de Varennes) traded at La Gabelle, a fort nearby his seat of command; the Intendant nevertheless far from blaming him, knowing that de Varennes had to support a family, and that he would not be able to live without a little contraband. The Governor alone could have prevented these abuses, but he himself was friendly to the coureurs de bois, and shared in their gains. He increased the congés to such an extent that the Court became alarmed, and later declared that in this way he had necessitated the Iroquois War."

La Salle was out of favour. Fort Frontenac and its contents were taken over in the interests of his creditors; while Chevalier de Baugis and Olivier Morel, Sieur de la Durantaye, were sent to occupy his forts in the Illinois country. Nicholas Perrot was dispatched to Green Bay; Du Lhut received a congé to trade in the Sioux country, and had 30 coureurs de bois with him when he left Michilimakinac. René Le Gardeur, Sieur de Beauvais, with thirteen associates, received a permit to trade with the Illinois at the lower end of Lake Michigan. By the year 1684 the number of canoes in trade with regular congés amounted to 120 instead of the 25 stipulated in the ordinance of 1681.

The Court continued to hurl ordinances against contraband traffic, and La Barre, to cover his delinquencies, started a campaign against the Iroquois. Du Lhut, Perrot and Durantaye were summoned to bring reinforcements of coureurs de bois to join La Barre's expeditionary force at Niagara. Du Lhut brought 200 of these frontiersmen, only to be turned back by the news that a truce had been made with the Iroquois at La Famine.

The Marquis de Denonville, who succeeded La Barre as governor, is said by Vicar-General de Saint-Vallier to have "spent nearly all

his time in prayer and the reading of good books." According to the vivacious chronicle of Baron de La Hontan, Canada was no place for a gay life. "You have in Europe," he writes "at least the diversions of the Carnival, but here it is a perpetual Lent." Denonville's first reaction to the bushrangers was not favourable:

> "You are aware, Monseigneur, that the coureurs de bois are a great evil but you are not aware how great this evil is. It deprives the country of its effective men; makes them indocile, debauched and incapable of discipline, and turns them into pretended nobles, wearing the sword and decked out with lace, both they and their relations, who all affect to be gentlemen and ladies. As for cultivating the soil, they will not hear of it."

Incursions of English traders into French territory, however, compelled Denonville to modify his views. Du Lhut was sent in 1686 to restore the fort at Detroit and to establish a port which he named Fort Joseph, between Lake Erie and Lake Huron, to bar the English invaders, and this latter post was garrisoned at Du Lhut's own charges by coureurs de bois. La Durantaye was put in general command of western posts, and when in the following year Denonville decided to lead a campaign against the Iroquois, he called on La Durantaye to bring contingents of bushrangers organized by Du Lhut and Nicholas Perrot to join him at Niagara. These led the van of an expedition which proved fruitless, although La Durantaye and Du Lhut between them captured sixty English traders on their way. These English traders had been guided by a French coureur de bois, La Fontaine Marion, who was shot by Denonville for his pains.

Following this expedition, La Hontan was sent with a detachment of soldiers to explore the country west and south of Green Bay, and incidentally indicates the number and activities of the bushrangers in the Great Lakes territory. Michilimackinac and Sault Ste. Marie were busy centres of trade with the Indians, and he found thirty coureurs de bois working for Tonti, who maintained La Salle's old post at Crèvecœur, in the Illinois country. Michilimackinac was headquarters for La Durantaye, whom Denonville had named "Commander of the Coureurs de bois that trade upon the Lakes and in the Southern Counties of Canada."

In 1688 Nicholas Perrot was sent with forty men to trade with the Sioux and take possession of the Upper Mississippi in the name of King Louis. Denonville evidently realized that such expansion was necessary for the maintenance of the fur-trade, but losing heart through the incursions of the Iroquois, nearer home, evacuated Fort Niagara and Fort Frontenac in the following year. Fortunately for the French dominion, he was recalled, and Frontenac once more was sent out as governor.

Frontenac came back to Canada none too soon, for the massacre of Lachine had placed the Island of Montreal at the mercy of the Iroquois, and vigorous action was required to restore communication with the western posts.

Philippe de Rigaud, Marquis of Vaudreuil, named lieutenant-governor of Montreal in the absence of Governor de Courcelles, had organized, in 1688, a hundred coureurs de bois on the island into a company which he called Musketeers. He himself had been a Colonel of the Musketeers in France. These may have been the hundred coureurs de bois whom Frontenac, on his arrival in Canada, sent under the command of Nicholas d'Ailleboust, Sieur de Manthet, to re-establish Fort Frontenac on Lake Ontario. Thereafter Manthet, together with Jacques Le Moyne, Sieur de Sainte-Hélène, led over a hundred coureurs de bois on the western division of an expedition against the English colony of Corbaer, six leagues from Orange. Following this expedition, these bushrangers were sent on another expedition to Lake Champlain. Their worth as frontier fighters was now thoroughly realized.

Du Lhut was sent to disperse a band of Iroquois who controlled the Ottawa fur-trade route at Lake of Two Mountains, and Louis de la Porte Louvigny was dispatched with Nicholas Perrot and 143 Canadians to relieve La Durantaye at Michilimackinac.

Three more years of border warfare with the English and Iroquois had to be waged before the trade-routes were safe for the fur-brigades. In 1693 a huge flotilla of Indians with two hundred coureurs de bois who had been accumulating furs in the territory of the Great Lakes came down with rich cargoes to Montreal. There was great rejoicing at first, but the result was that the market for furs soon became glutted. In 1695 there were two million livres worth of beaver-skins unsold in stores. The number of congés was once more reduced. In 1696 control of the export was placed in the hands of a local company of 150 merchants, but even so there came to be such a surplus of beaver-skins that three-fourths of it was deliberately burned. In 1697 Frontenac had to issue orders that all the French in the woods must return to the Lower St. Lawrence before September of the following year, but Tonti arrived from Michilimackinac to report that the coureurs refused to come in.

By the year 1700, Michilimackinac had become the centre of the western fur-trade. Antoine de la Mothe-Cadillac was commandant, and the liquor traffic was countenanced to the extent that even the soldiers of the garrison were permitted to sell brandy to the Indians. The coureurs de bois occupied a street of log cabins roofed with cedar

bark built along the shore of the bay, while the Hurons and Ottawas lived in adjoining villages surrounded by a triple palisade. In spite of the opposition of the Montreal merchants, La Mothe-Cadillac obtained authority from France to establish a new fort on the site of the present Detroit (1701). When he was transferred, in 1710, to Louisiana, his successor, Alfonse de Tonti, received instructions to return the French and Canadians at Michilimackinac to Montreal. Only twenty of these obeyed, while 84 descended the Mississippi with their furs and delivered them to Louisiana.

Another blow to the ascendancy of Montreal as a fur-market was struck when in 1717 Illinois was detached from New France and incorporated with Louisiana. Moreover, the English were seriously encroaching on French preserves. Albany offered a more lucrative market not only to the Indian hunters round Lake Ontario and Lake Erie, but also to those who came down from Lake Huron and beyond over the Toronto Carrying-Place, the short cut to and from the Western Lakes, which was rapidly replacing the old Ottawa-Lake Nipissing-French River route. Unlicensed coureurs de bois, knowing themselves outlawed, saw no reason why they should not trade with the English. A hundred years before, Etienne Brûlé had made this clear. When Champlain reproached him for taking services with Sir David Kirke, he replied that "since a comfortable future was not before him in France, the die was cast and he would live with the English."

In the North and Far West, the Hudson's Bay Company posts diverted a large share of the furs which might otherwise have come to Montreal.

Charles Marquis de Beauharnois, appointed governor of New France in 1728, realized the need of combatting this menace and under his regime the posts along the St. Lawrence route were strengthened, while Pierre Gaultier de la Verendrye was supported in a series of expeditions which carried the fleur de lys by way of Rainy River and Lake of the Woods to Lake Winnipeg, the Assiniboine River, the Western Prairies and the fur country immediately tributary to Hudson Bay.

By this time the coureur de bois, or independent peddler, was giving place to the regularly engaged voyageur working for merchants who had secured congés. According to the records catalogued by E. Z. Massicotte for the Quebec Archives, the number of voyageurs employed in the western trade from 1731 to 1745 averaged nearly 300 a year, the peak being reached in 1741 with 380.

With the transfer of New France to Great Britain, Albany once

more threatened the supremacy of Montreal, but the Scottish merchants who took over and developed the fur-trade along the St. Lawrence waterways made Montreal once more the centre of operations. These at first were hard times for Canadians of French extraction; yet those who accepted the British dominion remained loyal to the throne when the American colonies declared for Independence.

An interesting case is that of Charles-Michel de Langlade (1729-1800), a grandson of Pierre Mouet, Sieur de Moras, who had been an ensign in the Carignan Regiment. Augustin, the father of Charles Michel, assumed the name of l'Anglade, and became a fur-trader of Three Rivers. Charles-Michel was born at Michilimackinac, and in 1755 headed a band of coureurs de bois and Indians in an attack on Fort DuQuesne, site of the present Pittsburgh. In 1759 he fought under Montcalm at the battle of the Plains of Abraham, but after the capture of Montreal returned to Michilimackinac, where he witnessed the massacre of the English garrison by Pontiac's Indians in 1763. In 1777 we find him serving with an Indian contingent under General Burgoyne against the colonials, and, when the revolutionary war ended he returned to Michilimackinac as a British subject.

Another interesting case is that of Jean-Baptiste Cadotte, originally a coureur de bois, who married an Indian of the Sauteur tribe, named Anastasia. While he was in charge of the fort at Sault Ste. Marie under the French regimé, Cadotte is found in partnership with Alexander Henry at that point in 1765.

In reviewing the history of Canada during the eighteenth century, one realizes that the French-speaking fur-traders were now Canadians rather than French, and in this growth of a new nationality the coureur de bois played a notable part. Inter-marriage with Indians made the bushranger indifferent to European tradition, particularly as his ancestral France had been so stepfatherly. As merchants and as employers the British provided him with a better living, and under British rule he was not subject to unpaid corvées of the feudal system, while he was allowed the liberty of religion, if religion still controlled his conscience.

In the expansion of the white man's dominion towards the West, the half-breed progeny of the coureurs de bois served as a liaison with the Indian tribes. To that liaison is due the more peaceful penetration of the West in British North America than was the experience of the United States. To so many Americans, the only good Indian was a dead Indian, and this brutal attitude had its repercussion in the Indian wars and massacres which stain with blood the pages of American history in the nineteenth century.

The mentality of the coureur de bois was inherited by the voyageur working for the Hudson's Bay Company, and what that mentality was can best be illustrated from the account of his life given to Alexander Ross by one whom he calls a "superannuated son of the wilderness." This was a voyageur over seventy years of age who worked his passage by convoying Ross from Norway House to the Red River Settlement. "I have now," said he, "been forty-two years in this country. For twenty-four I was a light canoe-man; I required but little sleep, but sometimes got less than I required. No portage was too long for me; all portages were alike. My end of the canoe never touched the ground till I saw the end of it. Fifty songs a day were nothing to me. I could carry, paddle, walk and sing with any man I ever saw. During that period, I saved the lives of ten Bourgeois, and was always the favourite, because when others stopped to carry at a bad step and lost time, I pushed on—over rapids, over cascades, over chutes; all were the same to me. No water, no weather, ever stopped the paddle or the song. I have had twelve wives in the country; and was once possessed of fifty horses, and six running dogs, trimmed in the first style. I was then like a Bourgeois, rich and happy; no Bourgeois had better-dressed wives than I; no Indian Chief finer horses; no white man better-harnessed or swifter dogs. I beat all the Indians at the race, and no white man ever passed me in the chase. I wanted for nothing; and I spent all my earnings in the enjoyment of pleasure. Five hundred pounds, twice told, have passed through my hands; although now I have not a spare shirt to my back, nor a penny to buy one. Yet, were I young again, I should glory in commencing the same career again. I would willingly spend another half century in the same fields of enjoyment. There is no life so happy as a voyageur's life; none so independent; no place where a man enjoys so much variety and freedom as in the Indian country. Huzza! huzza! pour le pays sauvage!"[1]

O t t a w a.

Dear Doctor McGill:

Mr. J. Murray Gibbon, our General Publicity Agent, is anxious to receive a copy of the painting called "Meeting of the Coureur de Bois", which I understand you distribute to Indian schools.

In this connection I enclose a reprint of a paper delivered by Mr. Gibbon before the Royal Society, covering this very subject.

Yours very truly,

General Agent.

Dear Mr. McGill,-

I have your letter of February 26th, with reference to a copy of the painting entitled "Meeting of the Coureur de Bois".

We have discontinued distributing this picture to Indian schools and we have only one copy left, which is required in the office. Might I suggest that you communicate with Thomas Nelson & Son, Toronto, who published this picture and from whom you could probably obtain a copy.

Yours very truly,

Director.

Mr. P. Phelan.
Ottawa, Ont.

Dear Mr. Phelan,

Just a line to ask you to do me a favor. There is a publication: " Members' Handbook, Boys' and Girls' Calf Clubs" issued by the Department of Agriculture at Ottawa. It is very well got up and just what we need for the older students at the school here. I wonder if you could get in touch with them and have them send me ten or fifteen copies of it. They might feel reluctant to send so many copies to one address and if there is any difficulty you can easily explain the reasons.

Yours very sincerely

W Byrne-Grant O.M.I.

E X T R A C T from Letter of Joseph R. Douglas, Teacher of the Mobert Indian Day School, dated February 14th, 1937.

Original on File C-150-60.

The authorized Ontario History and Geography texts are printed in a vocabulary much above the average intelligence of the Indian. Yet the Department does not supply such books as "Dent's Geography and History Readers" which are less costly and more suited for the purpose. The Indian child is always attracted to things of a colorful nature, and certainly cannot interest himself in text books which would tax the intelligence of a senior pupils from our white schools.

If you could assure me of shipping us books that I could list, I'M sure you would be doing the Indians here a favour.

When a lesson is taught, it is a great source of satisfaction for a teacher to interest the class in books from which the class can further their knowledge, not ones above their comprehension.

Requisition for School Material

Date Mar. 24/37 19

For Welfare & Training Division School Agency

NOTE:—Teachers should secure from the Department of Education of the Province in which the Indian School is located, a list of the text books authorized for use in the white schools. In ordering text books only those authorised in this list should be requested.

To avoid delay, teachers should give full particulars regarding each article required.

The name, series, number of grade, and name of author and publisher of all books required should be given as fully as possible.

When ordering kindergarten material, the catalogue number of some well known firm should be given for each article required.

Only one item should be specified on each line of this requisition and no entry should be made under heading "No. Authorized".

Ottawa, Ont.

Dear Mr. Phelan:

As arranged we are now sending you a sample copy of "The Canadian Pictorial Atlas of the World" which we have just published.

This new atlas contains 8 pages of entirely new provincial maps specially prepared for us by the cartographer who worked on the Canadian ordnance maps.

This atlas lists in the ordinary way at 35¢ but we have sold it in quantities at a special price to enable it to be retailed at 25¢.

In small quantities the price is 21¢; in 100 lots 20¢; in 250 lots 18¢ and 500 lots 16½¢.

If you have any place for an atlas of this quality at this popular price, we shall appreciate your orders.

Yours sincerely,

Dear Sir:

In reading your Annual Report for the fiscal year ended June 30th, 1936, I note a reference on Page 173 to three new primers which you have had prepared for Indian children. If at all possible I would appreciate receiving a copy of each of these.

About three years ago this Department prepared a pre-primer "Two Little Indians" for use in Indian schools in Canada. I thought you might be interested in seeing this, and I am arranging to forward you two copies under separate cover.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

Ottawa, May 6th, 1937

SIR,

I wish to call your attention to supply of Pocket Diaries, Daily Journals, Almanacs, Periodicals, Calendar Pads and Civil Service Calendars, and to request that you will instruct the Officer in charge of Stationery in your Department to forward to this Office a requisition for the quantity required for the year 1938 .

Your early attention to this matter will enable you to get the full quantity required and will also assist me in ordering.

The manufacturers of these publications make only a limited quantity and therefore orders have to be sent them in advance.

Yours truly,

Supt. of Stationery.

OFFICE OF
INDIAN AGENT
Deseronto. Ont.

May 15th, 1937

Sir,-

During the recent Coronation celebrations I noticed that the Public Works Department had placed in the Post offices throughout the Province, portraits of their Majesties King George and Queen Elizabeth.

These portraits I understand will be returned to the Public Works Department immediately after the Coronation celebration. and I presume will be placed in storage. I would request the Department to ascertain if it would be possible to secure six of these portraits to be placed in the Tyendinaga Indian Day Schools on the Reserve, and also for the Council Chamber and Indian Office,

The Secretary
Department of Indian Affairs
Ottawa. Ont.

Dear Mr. Hunter,-

Our Indian Agent at Deseronto has written the Department with reference to the portraits of Their Majesties, King George and Queen Elizabeth, which were used in the post offices in connection with the Coronation celebration.

If these portraits are not intended for further use in your buildings, this Department could use them in Indian day schools. Please let me know if there is any possibility of securing a number of them.

Yours very truly,

Director.

Ottawa, June 15th, 1937.

Dear Sir,-

We received the books which we had requested in our letter of the 8th ultimo and they are extremely interesting.

At the request of Mr. Hoey, I am forwarding you three copies of our Pre-primer, also the Work Book which accompanies it.

I expect to go to San Antonio, Texas, about the middle of August. I intend to go via Chicago and St. Louis. Is there any Indian residential school within reasonable distance from this route that I could visit? I have never had an opportunity previously of visiting any of the United States Indian residential schools and I thought, as I was going south this summer, I might be able to see one or more of them. Any information that you can give would be much appreciated.

Yours truly,

Philip Phelan.

Ottawa, June 16, 1937.

Dear Sir:

The Department received your letter of the 15th ultimo, suggesting that the portraits of the King and Queen, used by the Public Works Department, be secured for Indian day schools.

This matter was taken up with the Public Works Department, but they advise that it is their intention to retain these pictures in the different public buildings throughout the country.

Within the next few months, it is hoped to be able to secure a supply of pictures of the King and Queen at a reasonable cost, and if this is done, copies will be sent for the Tyendinaga school.

Yours truly,

Philip Phelan,
Chief, Training Division.

Office of Inspector of Schools,

P.O.Box 666,

Victoria, B.C.

June 14, 1937.

Major D. M. MacKay,
Indian Commissioner,
P.O.Box 666,
Victoria, B.C.

Dear Major MacKay:-

Several requests have lately be n made to the Officer in charge of the Text Book Branch, Department of Education, Victoria, for copies of the B.C. Programme of Studies for Junior High Schools, as well as for copies of Bulletins 1, 2, and 3, of the Elementary School Programme. I have asked the above named official to hold such requests till I have authority from the Indian Affairs Branch to take the same course as that followed during the last Financial Year.

May I be permitted to refer you to the third paragraph of Departmental letter 1-1-4 dated September 18, 1936; and request that a similar authority be given to me for the Financial Year ending March 31st 1938, as was contained in Departmental letter 1-1-4 of October 17th 1936. I believe however that the total cost of the bulletins now required will not exceed the sum of $25.00 for which sum those absolutely required could be obtained from month to month and the total expended charged by the Provincial Educational Department on an account in triplicate before the end of March 1938. Such an account would be certified by me before forwarding through your office to the Indian Affairs Branch in Ottawa.

If such a course as I have outlined meets with the approval of the Indian Affairs Branch I should be glad to have authority to proceed with it at an early date.

Yours very truly,

Gerald H. Barry.

To Principals of High, Junior High, and Superior Schools, and Secretaries of School Boards, and Official Trustees.

Dear Sirs:

It was expected that the Bulletins for the new Senior High School Programme of Studies would be ready for distribution by the middle of June. Unusual demands upon the Government Printing Office have made this impossible and the Bulletins will not be ready until the last week in July. To enable Principals and Teachers to obtain them as promptly as possible, they will be sent to the Secretaries of School Boards. Principals should make arrangements with the Secretaries for the distribution of the Bulletins in whatever way will best suit local conditions. In cities where there are a number of Secondary Schools the Bulletins will be sent to the Secretary bundled separately for the different schools.

Yours very truly,

S. J. WILLIS

Superintendent of Education.

LONDON TORONTO

J. M. DENT & SONS (CANADA) LIMITED

PUBLISHERS

224 Bloor Street West
TORONTO, CANADA

April 30th.,1937.

Mr. Philip Phelan,
Department ofIndian Affairs,
Ottawa, Ont.

Dear Phil:-

An unexpected demand has arisen for TWO LITTLE INDIANS and we have gone completely out of print. You will recall you took practically the entire stock a year or so ago.

Would you, or could you re-sell us say 250? It takes time to reprint things that have colour work. This number may not be sufficient to carry us until the reprint is available. If, therefore, we should need more, would it be possible for you to oblige us to the extent at that time?

If you could re-sell these to us at the price at which we sold them to you, plus carriage charges, we would be grateful, of course. If not, I know you will let us have them at the lowest possible price.

If you would prefer to loan us a supply, then we would be grateful for 500, upon the understanding that they would be supplied to you long before you needed them, assuming you would not be needing them before next April, say.

I wouldn't trouble you but for the urgency of the matter. Ontario, apparently, is now backing the little book, Officially, and they threaten to remove the book from the list unless we can supply them with their immediate needs at once.

With kindest regards, I am

Yours very sincerely,

Henry

INDIAN AFFAIRS BRANCH

DEPARTMENT OF MINES AND RESOURCES

Vol. 4

School Material

General

P.O.Box 444,
Vancouver, B.C.

September 9, 1939.

Major D. M. MacKay,
Indian Commissioner,
P.O.Box 70,
Vancouver, B.C.

Dear Major MacKay:-

In a letter 1-1-4 dated November 23rd 1938 from the Indian Affairs Branch authority was given to me to expend up to $20.00 during the fiscal year 1938-39 on the purchase, from the Text Book Branch, B.C.Department of Education, Victoria, of British Columbia Programmes of Study for such Indian schools as were in urgent need of such Programmes.

I would request that in line with the procedure adopted during the past three or four years, I be given authority to arrange for the distribution of any urgently necessary Programmes during the present fiscal year 1939-40 at a cost of not more than $20.00.

With reference to Departmental letter 154-0-6 dated January 15, 1938 and previous authorizations, I would also request authority to purchase from the Text Book Bran ch Provincial Department of Education necessary testing material including B.C.Achievement Tests, All Canada Arithmetic Tests, and Otis Tests of Mental Ability for use in inspection work at Indian schools during the fiscal year 1939-40. The Department has on file copies of the testing material used and I may say that such material is of the greatest use to me. All material previously purchased has been used and authority is now requested to purchase tests up to a total cost of $20.00 during the present fiscal year.

At a number of Indian day schools teachers desire to supply their pupils with Report Forms, now called in B.C. Progress Cards, and in several districts Indian parents are very anxious that their children should have the same reports as pupils of Provincial Schools.

Specimen copies of the new Progress Cards for Grades 1, 2, & 3 and for Grades 4, 5, & 6 with copies of notices to teachers and to parents are attached for information. The Text Book Branch, B.C.Department of Education can supply me with these cards at a nominal rate of $2.50 per hundred, and will for this sum mail them to schools where I certify that they may be sent, following exactly the same procedure that has worked so well in the case of Programmes of Study mentioned above.

Authority is requested to purchase during the present fiscal year Progress Cards as needed and more or less as an experiment to a total sum of $50.00.

In all I have requested permission to expend on the above material a sum not to exceed $90.00 during the present fiscal year. A voucher with the necessary invoices would be forwarded through you to the Department before the close of the fiscal year in March 1940, if my request is approved.

Yours very truly,

Gerald

GHB. Inspector of Indian Sch

MEMORANDUM:

F. H. Peters, Esq.,
Surveyor General and Chief,
Hydrographic Service.

I should be pleased if you would supply fifty (50) copies of both the North and South Saskatchewan sheets. These maps are to be used for Indian schools.

Mr. Morris, of this Branch, will pick up these maps.

Supt. of Welfare & Training

Dear Sir:

I am in receipt of your letter of the 6th instant quoting a price of $2.25 each for mounting on cotton and moulding 200 maps. This price was contained in your estimate No. 1237.

Under separate cover you are being forwarded requisition No. 21133 covering the mounting of 200 maps. Mr. Morris, of this Branch, will confer with your officers regarding these maps.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

Mr. Philip Phelan,
Department of Mines and Resources,
Ottawa, Ont.

Dear Mr. Phelan:-

A few days ago Mr. Button asked to see a letter received from you during May, 1938, regarding the Primer to follow "Two Little Indians" about which Mr. Eustace has been corresponding with you over a period of some time.

Mr. Eustace thinks that the letter in question is in answer to his letter to you of May the 26th. 1938, which in turn acknowledged your letter of May the 9th. We have these two letters, of course, but the letter to which we refer, and which we believe contained assurances of a character that would warrant us in proceeding with the manufacture, we cannot find.

As the office files are in my care, naturally I feel badly that this letter cannot be found. Could you have one of your staff search your files, and let us have a copy of this letter? It sometimes happens that the one letter which is wanted in the office is the one that cannot be found!

Anything that you can do to help me in the matter will be much appreciated.

Yours sincerely,

Leila Batt

Ottawa,
December 8, 1939.

Dear Mr. Eustace:

With reference to your recent letter regarding the primer to follow "Two Little Indians" I have reviewed our file and enclose copy of my letter of May 9, 1938.

On re-reading this I find that it does not give a great deal of definite information.

You wrote me a letter dated July 27, 1938, explaining the reason for quoting a price for the new primer which would be considerably higher than that charged for "Two Little Indians". From the contents of this letter I realize why the price for the primer will be higher than for "Two Little Indians".

In the event of your proceeding with the new primer we will use it in Indian schools and the number of copies will be approximately the same as the number of "Two Little Indians" that were ordered. In this event I feel certain that your firm will deal fairly with us in the matter of price and if you have the books prepared we would like to have them available by the middle of June, 1940, in order that we could include them on our requisitions for the academic year 1940-41.

Yours truly,

Mr. C. J. Eustace,
c/o J.M. Dent & Sons,

Mr. Philip Phelan,
Chief, Training Division,
Department of Indian Affairs,
Ottawa, Ontario.

Dear Mr. Phelan:

I am so sorry to bring up the matter of the missing letter again. We are proceeding with "Joe and Ruth Go to School", the new primer and, of course, you may rely upon us to deal fairly with you in regard to the matter of price. However, our Business Office is still asking for your letter in which you state that the Department will use the first edition of 20,000 copies of this book over a period of years.

Of course, both Mr. Sutton and I know that if the book is liked it will no doubt be used in your schools for some years to come. However, the Business Office would prefer that there should be a clear understanding with regard to the first edition, and it is for this reason that I hope that you may be able to find the letter either preceding or following your letter of May 9th. If it cannot be found, perhaps you will be kind enough to assure us that the Primer will be listed for use in the Indian schools, and that the Department will use the first edition of approximately 20,000 copies for their schools over a period of years.

Extending to you the Compliments of the Season, and with best wishes,

Yours sincerely,

J. M. DENT & SONS (CANADA) LIMITED.

Mr. Philip Phelan,
Department of Indian Affairs,
Ottawa, Ontario.

Dear Mr. Phelan:-

Thanks so much for your letter of December 8th and for the letter of April 9th. As a matter of fact, there is another letter which you wrote to us in May in which, I think, you intimated that the Department would be willing to sponsor the first edition of the Primer, if and when published.* However, your letter of December 8th is what we require, and thank you very much indeed for all your trouble in this connection.

I have had a series of personal misfortunes the past week, and at the moment, my wife is in the hospital with pneumonia. However, I am glad to say she is out of danger, and I am, therefore, feeling a little more normal this morning.

With kind regards,

Yours sincerely,

J. M. DENT & SONS (CANADA) LIMITED.

Dear Mr. Eustace:

I desire to acknowledge the receipt of your letters of the 11th and 19th instant with reference to the new primer which J.M. Dent & Sons are arranging to publish.

As you mention in your letter of the 19th instant we are prepared to use the first edition of 20,000 copies of this book over a period of years. As I have verbally informed you I do not know how quickly we can use this number but they will be used at about the same rate as in the case of "Two Little Indians".

I understand that this book will be published in the same manner as "Two Little Indians". I note that there will be no reference in the book itself to the fact that it is being printed primarily for the use of Indian schools.

Yours truly,

Philip Phelan,
Chief, Training Division.

Ottawa,
February 28, 1940.

Dear Sir:

On requisitions for supplies for schools conducted under the auspices of the Church of England we frequently request copies of the Anglican Prayer and Hymn Book.

I have recently had an opportunity of reviewing books handled by the Oxford University Press, 480-486 University Avenue, Toronto 2, and submit the prices for which the books mentioned above can be secured.

Anglican Hymn Book, Words Only, Catalogue No. C.P. 140 -- 30¢ less discount of 16⅔%

Anglican Book of Common Praise, Catalogue No. C.P. 180 -- 55¢ less discount of 20%

✓ Anglican Hymn Book, Words and Music, Catalogue No. C.P. 200 -- $1.60 less discount of 20%

✓ Anglican Combined Prayer and Hymn Book, Catalogue No. OX2770, -- 75¢ less discount of 20%

In future when we request any of the above-mentioned books we would appreciate it if you would arrange for securing them through the Oxford University Press.

Yours truly,

Mr. J. W. Driscoll,
Supt. of Stationery,
Dept. of Public Printing & Stationery,
Ottawa, Ont.

Ottawa, Ont.

Dear Mr. Phelan:-

A few days ago we received an order from the Department of Public Printing and Stationery for 500 copies of the Joe and Ruth Work Book. We could fill only 100, as this cleaned us out of stock.

Now the question arises as to whether we are to reprint. We shall do so, of course, if it is your intention to keep this book on your list and to use it to the extent that your Department has been doing for so many years. We shall have to reprint 6,000 if we are to continue to supply at the net price that has obtained for some two or three years, and which represents a considerable discount from the original published price.

Would you kindly advise us, at your convenience, in this matter, for the convenience of all concerned?

Yours sincerely,

J. M. DENT & SONS (CANADA) LIMITED

Ottawa, Ont.

Dear Mr. Phelan:-

I hope you will not think that we are unduly aggressive, but it would be a convenience all round if you could give us your decision in connection with our letter of June the 5th. regarding the "Joe and Ruth Work Book".

The paper problem is rather serious - it takes anywhere from a month to six weeks for the mills to fill an order of the size that would be required for the reprinting of this book. If your schools are open during the summer, this unfilled portion of the order to which I referred in my letter of June the 5th. might be very inconvenient for the teachers and pupils.

Anyhow, we would be very grateful if you could advise us by return.

Yours sincerely,

MB/C.B

POOR COPY

P. O. Box 444,
Vancouver, B.C.,
June 20, 1940.

Dear Major MacKay:

In Departmental letter 1-1-4, dated September 21, 1939, authority was given to me to expend up to $20 during the fiscal year 1939-40 on the purchase from the Text-Book Branch, B.C. Department of Education, Victoria, of British Columbia Programs of Study for such Indian schools as were in urgent need of such programs. The total expended under this authorization was only $7.55.

I would request that in line with the procedure adopted during the past four or five years I be given authority to arrange for the distribution of any necessary programs during the present fiscal year, 1940-41, at a cost of not more than $15.

Although authorization was given in the above quoted Departmental letter for the expenditure of $20 in the purchase of testing material, this sum was not actually spent, as a matter of economy.

There is an increasing number of candidates for promotion to high school each year and I find it necessary to supply the Provincial Inspectors of Schools with the marks obtained by our Grade 8 Indian pupils in certain tests, particularly the Otis Group Test in mental ability and the Dominion Achievement Test. My testing material is now completely used up and I would request authority to purchase from the Text-Book Branch, Provincial Department of Education, testing material found to be absolutely necessary, not to exceed a total cost of $20, during the present fiscal year.

If authorization is given by the Department for expenditure within the limits mentioned above, and I trust it will be, vouchers, with the necessary invoices attached, would be forwarded through you to the Department for settlement before the close of the present fiscal year in March 1941.

Yours very truly,

Gerald H. Barry,
Inspector of Indian Schools.

EXTRACT FROM REPORT OF INSPECTOR G. W. BARTLETT DATED JUNE 24th, 1940, ON HIS INSPECTION OF THE PEGUIS SOUTH INDIAN DAY SCHOOL - Original on No. 136-5-6.

Pre Primer and accompanying cards:

Your Department has prepared a Joe and Ruth series, while the provincial authorized book is a "JERRY" series for primary reading.

For Indian children, I believe the Joe and Ruth stories are preferable; though there is an advantage in having both. To avoid confusion in transfers from school to school, I suggest that your next school circulars ask that the Ruth and Joe cards and readers be the beginner's basic text, and the other pre primers and primers used for supplementary purposes and additional exercises.

Dear Sir:

I enclose herewith the application of Captain G.H.Barry, Inspector of Indian Schools, for authority to expend during the present fiscal year a sum not to exceed $35 as follows:

Programs of Study	$15.00
Educational Tests	20.00

of which all would be secured from the Text-Book Branch, B.C.Department of Education.

I would recommend that the authorization requested be granted.

Yours faithfully,

D.M.MacKay,
Indian Commissioner for B.C.

Dear Mr. Button:

I desire to refer to your letters of the 5th and 15th instant in connection with the re-printing of the "Joe and Ruth Work Book".

It is our intention to continue using these books in connection with "Two Little Indians" and consequently I consider that you should re-print the books mentioned in your letter of the 5th instant as there is no question that we will use them.

Yours truly,

Philip Phelan,
Chief, Training Division.

Dear Phil:-

Please do not think me ungrateful, but I have just found one of your former letters re the arrival of "Joe and Ruth go to School" either I did not reach you, or, if you are like me, it is one of the things that got mislaid. Miss Brett constantly reminds me of things that I have not done that I should have done, and when I try to find the letters, nine times out of ten there is the wildest confusion in an endeavour to find the "secret" hiding place!

Seriously, wouldn't you like your schools to begin work on the new book during the present term? Naturally, we would like to dispose of as many as possible in the current fiscal year, but your convenience will be ours.

Do you know, I've changed my opinions about the people of the land of my birth? In spite of their irritating ways under normal conditions, when it comes to unprecedented testing times they are good, aren't they? And, in spite of the horrors, we cannot persuade any of our Irish friends or relatives to come over here, at least for the duration. They prefer to "see it through with everyone else". No one can "lick" that spirit. At such times they appear to be greater fighters than the Irish, under normal conditions. But you're not an Irishman; like myself, you're a Canadian!

With kindest regards, I am

Yours very sincerely,

NB

We had order No. 7144 from the department of public printing this morning for two hundred copies of Canadian Catholic Corona Readers, Primer One and Primer Two. I wonder if you will not decide to have your schools switch to Happy Days for grade one and Tales to Tell for grade four. These new books are such an advance on the old that I should like to see you introduce them. I am holding up this order until I hear from you or Mr. Gay.

We sent you copies of the new readers, and I expect you have had a chance to look them over by now. All good wishes,

Cordially yours,

J. Lewis & Co

Copy sent to Ginn & Company

Ottawa,
October 11, 1940.

Dear Jim:

I was in Toronto this week and called at Ginn & Company and they showed me order No. 7144 which they had received from the Government Stationery Office ordering Corona Primers Part One and Corona Primers Part Two.

These books have now been amalgamated and there is only one book for the primer class known as "Happy Days". The price of this book is 20¢. I should appreciate it if you would stock this in future as it is much cheaper than buying the two primers as we have done formerly. I suggested to Ginn & Company that they hold order No. 7144 until they heard further from your office.

Yours truly,

Philip Phelan,
Chief, Training Division.

Dear Jim:

I desire to refer to my letter of the 11th instant with reference to orders for Corona Readers. I am now advised that they have a further order No. 8868 for 800 Second Readers.

For your information I attach the following statement regarding the Corona Readers for the year 1940-41:

HAPPY DAYS (new Primer for Grade 1)
First Book (Grade 2)
Second Book (Grade 3)
TALES TO TELL (new Grade 4 Reader)
Third Book (Grades 5 and 6)
Fourth Book (Grades 7 and 8)

Might I suggest that order No. 8868 for 800 Second Readers be changed to read 100 Second Book for Grade 3 and 100 Tales to Tell for Grade 4.

I have already advised you regarding the new Primer which is known as "Happy Days". When forwarding requisitions in future for the Corona books we will apply for them as shown above.

MEMORANDUM

Mines & Resources
Indian Affairs Branch
MAR 30 1941
REGISTERED

March 18, 1941

THE DEPUTY MINISTER

It has been intimated that the Indian Affairs Branch buys a considerable number of Prayer Books and Bibles each year.

Is purchase made as a result of tenders? Or, what procedure is followed?

Please ask the Director of ~~the~~ Indian Affairs to furnish a report.

W. J. F. Pratt
Private Secretary.

Dr. McGill -
For report.

Memorandum:

DEPUTY MINISTER

I am in receipt of Mr. Pratt's memorandum of March 18 with reference to the purchase of Prayer Books and Bibles.

A cheap edition of the Bible is supplied to Indian residential schools conducted under Protestant auspices. The Anglican Prayer and Hymn Book is supplied to Indian residential schools conducted under the auspices of the Church of England.

Both the Bibles and Prayer Books mentioned above are secured through the Department of Public Printing and Stationery.

H. Howell
Director.

Dear Sir:

In his report on the Key Indian Day School, Superintendent W. R. Waind recommends that a copy of the new Saskatchewan curriculum be obtained and its contents considered.

Our Department desires to know if the Department of Education of Saskatchewan would furnish our Indian schools in Saskatchewan with copies of the new curriculum. We would furnish the Department with a list of schools that would require this course. If there should be any expenditure entailed, we will be pleased to pay it.

Would you kindly send me a copy for my own information.

Dear Sir:-

We have had some inquiries from school inspectors with reference to a publication of ours which Miss Delaporte showed at the Hamilton Conference of Inspectors last week. We understand that Miss Delaporte spoke quite enthusiastically of this book. It may be that you wish to have further information about it, and so we send you the following description:-

WITTY AND KOPEL: READING AND THE EDUCATIVE PROCESS

This new book presents the results of extensive study and experimentation in the important subject of reading. It describes and evaluates for the first time the various common types of remedial programmes, and it sets forth systematically a diagnostic technique, with complete instructions for developing remedial programmes in elementary and secondary schools. Detailed information on reading tests is provided. 374 pages. $3.20 postpaid.

Yours very truly,

Dear Phil,

I am sending you today a number of health books we publish. These books are as follows,-

Canadian Version Series:

Wide-Awake School — Quebec, New Brunswick, Newfoundland
Success and Health — Quebec, Nova Scotia, Nfld., N.B., P.C.I.
Healthy Citizenship — Quebec, Nova Scotia
Highroad to Health — Nova Scotia
Health Essentials — B.C.

Safe and Healthy Living Series:

Spick and Span
The Health Parade
Growing Big and Strong
Safety Every Day
Doing Your Best For Health
Building Good Health
Helping the Body in Its Work
The Healthy Home and Community

all on Ontario recommended list.

The Story Series in Health:

The Sunshine School
A Journey to Health Land
Health School on Wheels
Broadcasting Health

I am also sending you our newest health book, a Canadian book, Your Health and Safety, which we published less than a week ago. This book is based on the two upper books of our Safe and Healthy Living Series. It has been authorized in Saskatchewan, and we think it is a mighty fine book.

Cordially yours,

J.

Mr. Philip Phelan,
Chief, Training Division,
Department of Mines and Resources,
Ottawa, Ont.

Dear Phil:- Your Reference No. 1-1-4.

Thanks for your enquiry of the 26th. which I would have acknowledged sooner but for some estimates that had to be secured.

We have approximately 1660 sets of the Charts to accompany TWO LITTLE INDIANS. We would be glad to make you a special price of $1.00 per set if you took the lot; on smaller quantities I am afraid we would have to charge the same price as for the last lot, viz. $2.00 per set.

The bulk of these Charts are unmounted, so we were able to get a good price on mounting such a large quantity, hence what I hope you will agree is a very attractive price of $1.00 per set.

Naturally, we shall look forward with more than ordinary interest to hearing further from you in this connection, especially as we have been counting upon a nice stock order for the current school year for JOE AND RUTH GO TO SCHOOL.

I hope you had a pleasurable and profitable time in England, and that your experiences there made you feel the people of the land of our birth are O. K. when it comes to "taking it".

With kindest regards, I am

Yours sincerely,

HB/LB

Dear Henry:

I have your letter of the 30th ultimo, with reference to charts to accompany "Two Little Indians".

I am sorry that we are not in the market for any large number. The majority of our schools still have charts and the reason for enquiring was that we thought we would like a few extra sets to supply new schools or schools where the charts were worn out. At the present time 50 sets would meet our requirements. With all the regulations at present in force, we do not want to overstock. I am writing the Government Stationery Office today, requesting them to order 50 sets of these charts from you. I note that they will be $2.00 a set.

Yours sincerely,

Philip Phelan,
Chief, Training Division.

KODAK SAFETY FILM

Ottawa,
December 1, 1942.

Memorandum:

MR. JACKSON

On Mr. Phelan's return to the office I discussed very carefully with him the question of books, etc. supplied to our Indian schools.

For your information I attach copy of circular letters issued on April 15, 1940, March 15, 1941, December 3, 1941 and March 25, 1942. You will note from these that since the outbreak of the war we have endeavoured to supply only those books and articles that are absolutely necessary to successfully conduct our schools.

You will no doubt be interested to know that for the fiscal year 1941-42 the total expenditure for all classroom supplies, with the exception of desks, was $38,784.00. This amount covered not only the original cost of books and other classroom supplies, but also included the cost of transporting them to each school. The amount also included not only the books, scribblers, drawing books, pencils and other like equipment supplied for the individual pupil, but the cost of such general classroom supplies as chalk, blackboard brushes and other requisites for classrooms. The total average attendance at all schools for the same fiscal year was 13,936. Consequently the average pupil cost of supplying all texts, etc. to which I have just referred above was $2.78. I feel that this is an extremely reasonable figure and, from my experience, compares very favourably with expenditures made by provincial departments of education in those provinces where free school books are supplied by the provincial government. In a recent conversation with you you made some mention of supplying plasticine. As you are aware, this is a moulding unit. It develops a creative mind and gives the child an opportunity to render his ideas concrete. It is ideal to bring in the elements of mechanical drawing. As a result of what I have just stated, the use of plasticine is strongly recommended by educationalists.

R.A. Hoey,
Supt. of Welfare & Training.

November 24, 1942.

Mr. D. J. Allen,
Superintendent, Lands & Trusts Branch,
Department of Mines and Resources,
Booth Building,
Ottawa, Ontario.

Dear Mr. Allen,

I think you know that the manuscript for The Beaver and the Muskrat has been finally approved, and that we are now at work producing the book. We plan to incorporate The Story of Mary Monking, which you were kind enough to hand to me. Do we have permission to use this material, or will it be necessary to write a formal letter to your friend asking for such permission? I hope it will not be necessary to write such a letter, because I suppose the mail service in the north country is slow, but we shall be guided by what you say. If we do have to write, would you please give me the name of your friend?

Another point which we should be clear on is the matter of the tables of the breeding of beaver. We are taking this information and the general idea of the little illustrations of beaver, kitts, and yearlings from the little Hudson Bay booklet. I suppose this material is really the copyright of the Hudson Bay Company, and that we should ask their permission, even though it might be argued that the figures are simply statistical facts. We shall not copy their drawings, but follow the same general plan. I shall be grateful if you will tell me the proper man to write to in the Hudson Bay Company and his address.

We are anxious to make fast progress on our book, and we should appreciate it if you are able to reply immediately.

Cordially yours,

N. G. S. Ingram

1/1/4

November 24, 1942.

Mr. Philip Phelan,
Department of Indian Affairs,
Booth Building,
Ottawa, Ontario.

Dear Phil,

As you will see from the dummy enclosed with this letter, we are making progress on The Beaver and the Muskrat. We have had an artist spend quite some time on the cover, because the cover of a book is an important thing. We have tried out your suggestion of having simply a drawing of a beaver and a muskrat on the cover and no lettering. However, this did not look well, particularly since it is not possible in a thin book of this nature to print anything on the shelf back. We, therefore, modified your idea, and I think you will be pleased with the sketch which we have finally had made. Incidentally, this is only a preliminary sketch and not a final drawing.

We think we shall probably have a large drawing made, and print it on the inside cover and first page of the book -- on what we call the end leaves, which in the case of this dummy are India colour paper. This is an effective device to add attractiveness to a book. On the first two pages you will find a pencilled rectangle, which marks the limits of the type page. On several pages we plan to have marginal sketches as shown in the dummy. In addition, we shall of course have numerous photographs.

The cover on this book is a little too inflexible. We are thinking of using something which is a little springier and which will not crack as readily as this cover. You will note the cloth reinforcing strip down the back of the book. This adds greatly to the strength.

I am disturbed about the way our costs are mounting up. The chief trouble is the smallness of the edition which we can print. It is my understanding that you would take about 2,500 of these books immediately, and that you would agree to take a total of 2,500 later on. This means that the cost of the art work and the engraving must be spread over this small number of books. Since we are making a deluxe book, this runs the cost up to approximately 50¢ a copy. Will this be satisfactory to you?

In our original talks, I suggested a price of around 40¢, but at that time I thought we could adapt the book for sale in non-Indian schools. You will recall that this plan did not seem feasible from your point of view, and so we look for only a nominal sale outside the Indian schools.

In normal times we could have probably made a small edition such as this much cheaper, for it used to be possible to get job lots of paper and to get an artist who could

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Indian Affairs. School Files.
(RG 10, Volume 6010, File 1-1-4, part 4)

POOR COPY

fit in a small job like this between other larger jobs, and give us a good price rather than be idle for a week or so. Then, too, the printers were always clamouring for work, and would frequently quote a low price for a special job of this nature. That is all a thing of the past, and everyone is so busy that to tell the truth they don't want to be bothered with small jobs. By leaving out the printed end papers, the marginal illustrations, and so on, we could get a much lower price, but when all is said and done the amount of money involved is not very large, and I feel, in view of the importance of the book to your conservation programme, we should make it just as good looking as possible.

When you reply to this letter, will you please return this dummy? Incidentally, I should like to hear from you by return, if possible, so that we can order the paper and give the artist the final go-ahead signal.

Cordially yours,

J.

Department of Mines and Resources,
Ottawa, Ontario.

Dear Phil,

I have your letter of February 24th regarding books for teachers on "The Activity Programme." I delayed sending books to you because I expected to see you over the week-end and show you what we have. However, I am now sending you four books.

Hotchkiss: The Project Method in Classroom Work
Forest: The School for the Child from Two to Eight
Wiecking: Education through Manual Activities
Dorris: Visual Instruction in the Public Schools

Of the books which you mention by title, I am sending you only one, for the Race book is a straight psychology and is not what you are looking for.

After you have looked these books over, I shall be glad to have you mail back to us any which are not suitable. These are our file copies, and this will save us having to import additional copies to replace on our files.

Cordially yours,

J

February 8th, 1943

Philip Phelan, Esq.,
Chief, Training Division,
Department of Mines and Resources,
Ottawa, Ontario

Dear Mr. Phelan:

This will acknowledge your letter of February 3rd, addressed to Mr. Cregan, in which you order 100 copies of Lane: A TEACHER'S GUILE BOOK TO THE ACTIVITY PROGRAM.

Mr. Cregan has asked me to advise you that unfortunately this title is out of print and no longer available. However, we are confident that you would be interested in examining Saucier: THEORY AND PRACTICE IN THE ELEMENTARY SCHOOL with a view to substituting it for A TEACHER'S GUIDE BOOK TO THE ACTIVITY PROGRAM. The Saucier title is, of course, a much more comprehensive and up-to-date book than the Lane. It not only presents, but it applies to classroom procedure the progressive concept of education now widely recognized as outstandingly successful in the elementary school. The retail price of THEORY AND PRACTICE IN THE ELELENTARY SCHOOL is $3.25, which is, of course, subject to our usual educational discount of 20%, plus carriage charges.

Under separate cover we take pleasure in sending a copy of this text to you, with our compliments. We do hope you will give it your usual kindly consideration, and that its merits will warrant your recommendation.

If we can be of further service in any way, we trust

Booth Building,
Ottawa, Ontario.

Dear Phil,

For the old Corona Series we have two manuals, the first covering the Primers and Book One and the second covering Books Two, Three, and Four. However, I think it will be only the new series in which you are interested, and so far we have only one manual, namely, that for Happy Days.

We have in preparation a workbook to accompany Happy Days, and this we hope to have ready quite soon, say, towards the end of April. I hope your schools will be able to make some use of it.

Another book which we shall publish this spring, which should be of interest to you, is a journey type geography which will be used around grade 4. The title is Friends in Far Away Lands, and the book is intended as an introduction to the study of formal geography.

I am sending you a mimeographed copy of the manuscript with some sample pages showing the format, and I think you will agree that it is an attractive book. Owing to present day conditions, it seems wiser to us to omit the section on Japan, and that is being done.

Cordially yours,

J

Dear Sir:

We have today received your letter of March 11th with regard to the title TEACHER'S GUIDE BOOK TO THE ACTIVITY PROGRAMME by Lane. For your information I would advise that at the present date we have 18 copies of this book in stock but that some time ago we were notified to the effect that it is now out of print and no longer available. For further information with regard to same, I would refer you to the Publishers, The Macmillan Company of Canada, 70 Bond Street, Toronto.

If you desire the 18 copies which we have here, we would be pleased to supply them to you.

Yours very respectfully,

Mr. J.W. Driscoll, Supt. of Stationery, Dept. Public Printing & Stationery, Ottawa, Ont.

I desire to refer to your letter of the 23rd instant and our telephone conversation this afternoon with reference to water colour boxes. For the time being at least I believe that it is unnecessary to order these boxes. If you keep a supply of the water colours in the half pans we can use them in that manner and thus avoid the expense of the box. Of course, we will also require the brushes. If the refills are hard to obtain, it might be well to confine your stock to the primary colours, namely, red, yellow and blue, of which we will use the most.

Philip Phelan,
Chief, Training Division.

Dear Phil,

Since talking with you I have obtained precise figures as to the number of copies of The Beaver and the Muskrat which we have on hand. The number is approximately 6250. If, therefore, you are able to order 6,000 instead of 5,000 copies that will be good from our point of view. However, don't take from this letter that I want to oversell you.

I sent a copy of this book to the son of one of Shirley's close friends in California. I enclose his reply, from which it would look as if the book does have that intangible quality of child appeal.

Cordially yours,

J

Dear Sirs:

We have now received the New Edition of the Bible History with a paper cover. The price of this edition is .50/10-- 45¢ each.

We received a number of orders from you last year for this book which we were unable to fill on account of the previous cheap edition of this Bible History being exhausted, and the publishers informing us that they did not expect to reprint it. They have probably received so many requests for this book that they have decided to reprint it, and the price is as above quoted.

We received your instructions to cancel your previous orders and returned them to you. If you desire now to have us fill these back orders and will send them on to us again, we shall be very pleased to do so.

Trusting to hear from you in this regard at your convenience, we remain.

Yours very truly

C-1-1-4.

Ottawa,
March 30, 1943.

To Teachers of Indian Day Schools:

With reference to your requisition for classroom supplies for the academic year 1943-44, it has been decided to follow the same procedure as in the past two years.

Consequently you should forward to the Department, not later than May 1st, 1943, a requisition for materials required in 1943-44. By so doing, it will enable the officials of this Branch and the officials of the Government Stationery Office to have requisitions completed and shipped before the date of the re-opening of Indian day schools.

Owing to present conditions every endeavour must be made to keep expenditure as low as possible. It is not our intention to deprive any school of the necessary texts, etc., but for the duration of the war it is hoped that those preparing requisitions will do so with the thought in mind that only the necessary text-books, etc., are ordered. It will not be possible to consider supplying any large assortment of kindergarten materials, such as folding paper, number builders, etc. Therefore, if requests are received for large quantities of these articles, this Branch will only supply what is considered necessary. In addition, it will be impossible to secure, for the duration of the war, the following articles:

Erasers,
Rubber Bands,
Pencil Sharpeners,
Reeds,
Pen Nibs,
Hectograph Refill
Blotting Paper, 19 x 24.

The teachers should note that water colours in boxes are extremely difficult to secure and, consequently, it has been decided that, for the duration of the war, the Department will only supply water colour refills in Red, Blue and Yellow.

I feel certain that you will co-operate with us in the above regard. ONLY ONE COPY OF THE REQUISITION IS NECESSARY.

R. A. Hoey
Supt. of Welfare and Training.

June 9, 1945

Mr. Phillip Phelan,
Indian Affairs Branch,
Department of Mines & Resources,
Ottawa, Ontario.

Dear Phil:

I am surprised to learn from your letter of June 8th that all of the 5,500 copies of The Beaver and the Muskrat have not been delivered. We sent four separate shipments as follows:

May 17	1,500 copies
May 21	1,250 copies
May 21	1,250 copies
May 26	1,500 copies

I would think that the last of these shipments should have reached you by now. Incidentally it went via Canadian National freight. If on checking the Stationery Office find they have not received the books we shall be glad to check from this end with the railroad company. Of course, freight is unbelievably slow these days.

I am looking forward to seeing you on June 25th.

Cordially yours,

R.

Ottawa,
June 10, 1943.

Mr. J.W. Driscoll, Supt. of Stationery, Dept. Public Printing & Stationery, Ottawa, Ont.

In your letter of the 7th instant you stated that you had received 2500 copies of "The Beaver and the Muskrat". As we had ordered 5500 copies, I thought it advisable to write to Ginn and Company to ascertain when they were going to ship the balance, as we intend to issue requisitions for these books as soon as all of them reach your office. In a letter dated the 9th instant, the Managing Director of Ginn and Company states that the books have been shipped via Canadian National freight as follows:

May 17	1500 copies
May 21	1250 copies
May 21	1250 copies
May 26	1500 copies

5500

Philip Phelan,

Dear Norman:

I have your letter of the 11th instant and will certainly review the workbook very carefully when it reaches me.

Our Acting Medical Superintendent, Dr. Moore, intends to visit Toronto this week and will call on you in connection with a book that he has some idea of publishing. This covers Dr. Moore's studies in regard to suitable diets, especially for Indians. You will have an opportunity of discussing this with him.

With kind personal regards,

Yours sincerely,

Norman Ingram, Esq.,
Managing Director,
Ginn and Company,

Ottawa, Ontario.

Dear Phil,

We have published today the WORKBOOK TO ACCOMPANY HAPPY DAYS, and are sending you a copy under separate cover. I am sure you will look over this new book with considerable interest, and I trust that you will be able to make use of it in the Indian schools. It is really an excellent aid to the teacher, and will, I think, be particularly helpful in your schools where in so many cases one teacher has to handle several grades. While the grade one pupils are busy with the workbook, who can devote her attention to the pupils in the other grades.

If there are any of your Indian schools to which you would like sample copies to be sent, we should be only too pleased to do so, if you will let us have a list of names.

Cordially yours,

J

Q

1-1-4

Ottawa, July 8, 1943.

Dear Norman:

I am endeavouring to interest the teachers of the St. Catherine's Indian Day School, British Columbia, in using the Corona readers. It would be appreciated, therefore, if you would forward a copy of the Workbook for "Happy Days" to

Sister Mary Sheila, Principal,
St. Catherine's Indian Day School,
Duncan, B. C.

In writing to me she makes the statement that the Highroad series is perferable to the Corona readers. I feel that she refers particularly to the old edition of the Corona readers and not the new one. However, I thought you might have made a comparison of the two sets, and if you have any information in this regard, I would appreciate your forwarding it to me.

Yours sincerely,

Philip Phelan,
Chief, Training Division.

Dear Phil,

Here is what I have written to Sister Sheila. I am most grateful to you for giving us the opportunity of writing to her.

I did start to make a comparison of the Corona Readers with the Highroad Series, but have not yet completed the job. I shall not be able to do so for some little time yet, since Shirley and I are going up to Port Carling for about ten days. Our address will be -

c/o General Delivery,
Port Carling, Ontario.

I was sorry not to see you at the end of June, and wonder if you had to change your plans. I hope we shall see something of you the next time you are in Toronto.

Cordially yours,

J

July 9, 1943.

Sister Mary Sheila,
Principal,
St. Catherine's Indian Day School,
Duncan, British Columbia.

Dear Sister,

Mr. Phelan of the Indian Affairs Branch of the Department of Mines and Resources has written me today asking me to send you a copy of the Workbook for Happy Days, since you are thinking of introducing the New Canadian Catholic Corona Readers into your school.

It gives us great pleasure to comply with Mr. Phelan's request, and we are sending you this book today. However, it is not clear from his letter if you are familiar with the revised series of readers, and so we are sending you, with our compliments, a complete set of the books published so far, namely, Happy Days, Playmates, Paths of Grace, Tales to Tell, Stories for Every Day, Treasure Trove, Pact and Pansy, and the Manual to accompany Happy Days.

Wide Horizons, the last book of the series (for grade eight) is presently in press, and will be published about the beginning of August. We shall be glad to send you a copy of this book also as soon as it is ready.

Probably you are familiar with the old Canadian Catholic Corona Readers, and so we are sure you will be much interested in looking over the new books, which without any question are the finest and most scientifically prepared series of readers, Catholic or secular, which have been published in Canada so far.

I would draw your attention to the extremely careful vocabulary control in the books for the first three grades. You will find some references to this in the descriptions of Happy Days, Playmates, and Paths of Grace on the second and third pages of the enclosed memorandum, as well as on the last pages of each of the books mentioned and on pages 63, 64, and 65 of the Teachers' Manual.

No other Canadian series even approaches this vocabulary control, which is in accord with the most modern pedagogical thought and naturally makes far greater ease in reading and, consequently, more rapid progress in the primary grades

POOR COPY

We have been most careful in the preparation of this series to include no material which is unsuitable for Indian schools. You will find, for example, in the stories of Canadian history that we have no references to blood thirsty savages.

Each book is bound in a different colour and has a distinctive title and cover design. The cloth used is waterproof, so that the books may readily be kept clean by the use of a sponge and a mild soap.

If there is any further information you would like to have, please be sure to write to us.

Perhaps I should [illegible] that the New Canadian Catholic Course Readers have been authorized for use in the separate schools of Saskatchewan, Ontario, and Quebec, the only Canadian provinces in which readers for separate schools are authorized by the departments of education. In addition, the readers are authorized for use in all the Catholic schools of Newfoundland. You will see, therefore, that practically every Catholic school in Canada uses these fine new books.

Cordially yours,

Indian Affairs. School Files.

Ottawa, August 27th, 1943.

Mr. J. W. Driscoll, Supt. of Stationery, Dept. Public Printing & Stationery, Ottawa.

Re Requisition No. 24251.

Attached to the above requisition for 4202 copies of "The Beaver and the Muskrat", which is being forwarded to you under separate cover, is a list of Indian schools. You will note that a number of the schools have been struck off with red ink. This means that we do not want any books sent to these schools just now as we have not yet succeeded in obtaining teachers for them. If teacher are obtained at a later date, you will be advised.

Philip Phelan,
Chief, Training Division.

Ottawa,
September 10, 1943.

Dear Henry:

I regret that I have not replied sooner to your recent letter regarding "Two Little Indians". In view of all the circumstances I do not think it would be advisable to reprint this book at the present time. I have noted your reference to "Joe and Ruth Go to School". We will substitute this for "Two Little Indians" and in this way I hope that during the current academic year we will reduce your stock of the latter book considerably.

Yours sincerely,

Philip Phelan,
Chief, Training Division.

Mr. Henry Button,
c/o J.M. Dent & Sons,

Ottawa,
September 29, 1945.

Mr. J.W. Driscoll, Supt. of Stationery, Dept.
Public Printing & Stationery, Ottawa, Ont.

I have your letter of the 21st instant, with reference to books to be secured from the MacMillan Company of Canada.

It is noted that the company have supplied the following:

300 Copies Gospel Stories AL Everyday Series No. 65
300 Copies More Gospel Stories AL No. 66.

If you refer to the list forwarded with my letter of August 13, you will note we requested 300 copies Gospel Stories and 300 copies More Old Testament Stories. Possibly the company has substituted More Gospel Stories AL No. 66 for the 300 copies of More Old Testament Stories. If my supposition is correct, you may keep them in stock and we will order them.

Philip Phelan,
Chief, Training Division.

ALSO TO DATE OF THIS LETTER

CANADA
DEPARTMENT
OF
MINES AND RESOURCES

INDIAN AFFAIRS
BRANCH

P.O. BOX 20.
VANCOUVER, B.C. Sept. 30, 1943.

OCT 5 1943

Indian Affairs Branch, Department of Mines and Resources,
Ottawa, Ontario.

I would refer to your letter of April 21, 1942, file 1-1-4, authorizing an expenditure of $25.00 for the purchase of Programs of Study, etc., for the Indian schools in this Province.

In this connection, I would request that authority to expend a similar amount during the present fiscal year be granted as we have brought in new teachers from other Provinces whose work will be inspected by Provincial School Inspectors and, consequently, are asking for the Provincial Course of Studies in order to comply with the Inspectors' requirements.

D.M. MacKay,
Indian Commissioner for B.C.

Minister's Office 1-1-4

MEMORANDUM

6th October, 1943.

Deputy Minister.

Mr. Borden Clark, who does business at the Old Authors Shop, 593 Sussex Street, has acquired a number of copies of Mrs. Grace McLeod Rogers' book "Tales from the Land of Evangeline". It is suggested that the Indian Affairs Branch obtain a copy of this book and submit a report as to the advisability of making it available as supplementary reading for the various Indian schools. When the report is received will you please let me have a look at it.

L.J.F. Pratt,
Private Secretary.

Dr. McGill -

For action as indicated.

Dear Sir:

I am advised that you have a stock of "Tales from the Land of Evangeline". It would be appreciated if you would let me have a copy of this book, as I wish to review it with the intention of ascertaining if it would be suitable for supplementary reading for Indian schools in Canada. I will return the book to you as soon as I have reviewed it. At the same time you might let me know the cost of the book. My office is Room 502, Booth Building.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

Re: Bible Histories

Mr. Doucet advises me, following his visit to your office today, that Gilmour Bible Histories are no longer available. It will be in order to substitute on any orders you are holding for this book "New Edition of the Bible History" with paper cover, at a cost of 45¢. In regard to this book I would refer you to your letter of March 22, 1943, with which you enclosed a copy of a letter dated February 8, 1943, from Landy & Company, Toronto. I might also refer you to my letter of June 1, 1943, in regard to the same matter.

Department of Mines and Resources,
Booth Building,
Ottawa, Ontario.

Dear Phil,

Many thanks for the copy of your letter to Mr. J. W. Driscoll. I am particularly pleased that you are ordering 200 FRIENDS IN FAR-AWAY LANDS. I am quite sure that your schools will like this book and that you will be back for more.

Unfortunately, two of the books which you list, namely, THE COMPLETE BOOK OF GAMES and FUN FOR THE FAMILY, are not our publications. I am sorry I cannot tell you the publisher.

In connection with your order for B.G.K.: CLOTHING CONSTRUCTION, I shall be grateful if you will sign and return to us the enclosed customs certificate. The only certificate which we have is a couple of years old and the Customs Department insists on having reasonably up to date certificates. For your convenience in returning this certificate, I enclose a stamped, addressed envelope.

Cordially yours.

In reply to your letter of the 9th inst nt, re-c nselling of items, I wish to refer you to Requisition No. 23698 of the Pine Creek Indian Residential School, which reads Wide Horizons Corona Readers. These are Readers and are kept in stock. This is an eighth grade reader and was to be supplied by the publishing company in August. I would therefore, wish you to send these six readers to the above mentioned school at your earliest convenience.

Re- requisition No. 23828, which is twenty - four boxes of water colours. These are to be repl ced by twenty-four sets of three colours(blue, red and yellow). Would you please send these also. I wish also to refer to requisition No. 24210 for two Facts and Fancy. This is a corona reader and should be supplied. This holds true also for requisition No. 24253 and No. 24270. The cancelling of the remainder on that list is okay.

Gentlemen:

I am advised by the Department of Public Printing and Stationery that they have recently received from your firm 15 copies of Jaufrey and 10 copies of Merry Ski-Book. These books were not included on the order which the Government Stationery Office forwarded to you and I am, therefore, notifying them to return the books to you.

Yours truly,

Philip Phelan,
Chief, Training Division.

Mr. J.W. Driscoll, Supt. of Stationery, Dept. Public Printing & Stationery, Ottawa, Ont.

I have your letter of the 28th instant, with reference to books recently received from McLean Merchandise Sales, Toronto.

I note that you have received 35 copies instead of 31 copies of House on the Tree and 29 copies instead of 19 copies of Jud Goes Camping. It will be satisfactory to us if you keep these books and requisitions will go forward for them shortly.

Please return to the company 15 copies of Jaufrey and 10 copies of Merry Ski-Book. These were not ordered and we do not require them. I am advising the company to the effect that you are returning them.

Philip Phelan,
Chief, Training Division.

POOR COPY

Ottawa,
January 18, 1944.

Gentlemen:

Recently we requested the Government Stationery Office to order, for use in Indian schools, 100 copies of "Machine Shop Practice" (Harry A. Jones). The book we have is known as "Progressive Lessons in Machine Shop Practice" by Harry A. Jones, authorized by the Department of Education of British Columbia for use in the technical schools of the province. This book was apparently published in Toronto by your firm and is dated 1931.

Today the Stationery Office phoned me to the effect that this book is issued in Part One and Part Two. Apparently they refer to a different book than the one which we thought we were ordering. Have you the book which I mention in the first part of this letter? If not, I would appreciate your forwarding the book (Part One and Part Two) about which you communicated with the Stationery Office. We would like to have these two books for review purposes if you have not the other book in stock.

Yours truly,

Philip Phelan,
Chief, Training Division.

January 13, 1944.

Mr. Philip Phelan,
Chief, Training Division,
Indian Affairs Branch,
Department of Mines and Resources,
Ottawa, Ontario.

Dear Mr. Phelan:

Thank you for your letter of January 12 regarding Jones: "Machine Shop Practice". No doubt the book you have been using is Book One, although it was not so designated in the earlier editions. We are, unfortunately, out of stock of this book at the present, and although it has been on order since last October, we do not expect to have further supplies until about May.

The manufacturing situation is really a headache and due to short supplies of paper and the labour situation, we remain out of stock for some time when a book goes out of print. In the meantime, we are holding your order and will send the Book One as soon as it comes off the press.

Book Two is a little more advanced but it may be useful to some of your better students. With this thought in mind, I am mailing you a specimen copy of Book Two. We have stock of this on hand at the present time.

How is the Reader situation with you? You will recall that some time ago I sent you samples of the Crabtree-Canfield Readers. These have proven very popular and should be of great value in the Indian Schools. If you can use any, we would naturally be glad to supply them. I am hoping to be in Ottawa in the late Spring and am looking forward to seeing you at that time.

Kindest personal regards,

W. R. McCulley,
Educational Department,

Mr. J. W. Driscoll, Superintendent of Stationery,
Dept. of Public Printing & Stationery, Ottawa, Ont.

In our letter of the 11th ultimo we requested you to order 100 copies of "Machine Shop Practice" by Harry A. Jones, from Thomas Nelson & Sons. A subsequent phone message from your office advised us that this was issued in Book One and Book Two. I communicated with the publishers and I find that Book One is out of stock at the present time, and Book Two is too far advanced for our purposes. I would request, therefore, that you cancel this order, and when Book One is available the company will advise me and a new order will be issued to you.

Department of Public Printing and Stationery

OTTAWA, January 18, 1944

Ref: "Stationery"

Mr. P. Phelan,
Chief, Training Division,
Department of Mines & Resources,
Ottawa.

With reference to order for 300 Pre Primer Two Little Indians, I am to-day in receipt of the following letter from J. M. Dent:

"We regret very much that the book Two Little Indians is now out of print. We wrote Mr. Phelan advising him of the position in which we found ourselves in regard to this little book, which meant that we would have had to reprint it here owing to the great scarcity of paper in England.

It turned out that the cost of producing the book here was so much higher that we could not supply it at anything like the old price, and we suggested to Mr. Phelan that until the costs make reprinting the book possible, that he use "Joe and Ruth Go to School" of which we have a very good stock in Toronto."

I would ask you to kindly let me know what action you wish taken.

Dear Phil:

You are right. Apparently I slipped up and did not send you the samples of the Crabtree-Canfield Readers which I intended to. I remember showing them to you the last time I was in Ottawa and was under the impression that I had forwarded you samples. Please accept my most humble apologies.

I am forwarding you a set to-day. These readers represent the latest development in the modern reading field and have a very high social study content. I think they would be particularly attractive for your schools because of the very simple life-like illustrations which add considerably to a well written text.

The books we are sending you are:

Runaway Toys.....	pre-primer...	$ .40
To School and Home Again	primer.....	1.00
In the City and on the Farm.....	first book....	1.00
Under the Roof.....	second book...	1.20
Under the Sun.....	third book....	1.20

All these prices are subject to your usual discount of 25%. I do hope the books appeal to you and that you are in a position to place an order for a quantity of them.

I do not expect to be in Ottawa until about the end of May but I am looking forward with pleasure to seeing your good wife and yourself at that time.

Kindest regards,

W. R. McCulley,
Educational Department,
THOMAS NELSON & SONS, LIMITED.

EDUCATION OFFICE
NOVA SCOTIA

Halifax, N.S.
Jan. 10, 1944.

Mr. Philip Phelan,
Chief, Training Division,
Indian Affairs Branch,
Department of Mines and Resources,
Ottawa, Canada.

Dear Sir:

We have your letter of January 7th. in which you ask for a list of books recommended for supplementary reading and a list of the books recommended for school libraries in the Province of Nova Scotia.

I regret very much to say that we have no regular prescribed list either of supplementary books or books for school libraries. Such a list is now in the process of preparation by the staff of the Provincial Normal Collegebut it has not been completed.

If you are thinking of providing books for school libraries in Indian schools we would suggest that you select books from the Ontario supplementary list, which I think is the best that has been prepared in the Dominion.

Very truly yours,

H.P.Moffatt,
Asst. Supt. of Education.

DEPARTMENT OF EDUCATION

ABR/TEW

Regina, January 13, 1944.

Dear Sir:

The Department is in receipt of your letter of January 7 and is sending to you, under separate cover, the circular re Elementary and High Schools which shows the authorized textbooks for Grades I to VIII inclusive. This circular will also indicate any changes in courses and textbooks in the High School grades for the present school year. We are sending to you, along with the circular, a copy of the High School Curriculum, effective July 1, 1942. The authorized textbooks and reference books are listed under the various subjects of the different grades. School boards and teachers are advised to select their library books from those listed in the circular and the curriculum.

Yours faithfully,

A.B. Ross.

Director of Curricula.

Mr. Philip Phelan,
Chief, Training Division,

Dear Sir,

I have received your letter of January 7.

Under separate cover, I am sending you the 1939 (II), 1941, 1942 and 1943 lists of books recommended for classroom libraries in the Protestant schools of Quebec. These lists supply both supplementary and recreational reading in the schools. I regret that the list for 1939 (I) is no longer available.

I am also sending you a list of books which has been issued in connection with the operation of an enterprise programme in the schools.

Yours truly,

Director of Protestant Education.

Mr. Philip Phelan,
Chief, Training Division,
Department of Mines and Resources,
Ottawa, Canada.

Dear Mr. Phelan.

We forwarded to you recently lists recommended for school libraries in the province of Manitoba, and under separate cover we are sending you the Programme of Studies for the schools of Manitoba for the School Year beginning July 1, 1942, together with the supplement announcing changes for Grades I - XII inclusive. Instead of getting out a new programme for the year 1943 - 44 they thought it advisable to add this supplementary list.

If you will refer to the various years, you will find the books which are recommended for supplementary reading.

Yours truly,

Myrtle I. Lewis.

DEPARTMENT OF EDUCATION
WINNIPEG

January 12, 1944.

Mr. Philip Phelan,
Chief, Training Division,
Department of Mines and Resources,
Ottawa, Canada.

Dear Mr. Phelan:

We have your letter of January 7 addressed to the Registrar, Department of Education, which has been transferred to the Library for reply.

Under separate cover we are forwarding the 1941 high school library catalogue list from which all the secondary schools select their secondary school books, together with a supplementary list of books which was issued this year. It had been hoped that a new catalogue would be issued but when this was impossible, they sent out the supplementary list so that the schools would have an opportunity of selecting some of the newer books. All the public schools in the province and all of the public school grades in the secondary schools throughout the province, with the exception of the schools in the city of Winnipeg, select their books from the requisitions for library books issued by the Department of Education. We have included in the shipment a requisition for library books for the year 1942, and also for 1943. A new list is in preparation, for the current year.

You understand that in order to obtain the grant provided for this purpose, the schools must order from this requisition list. Money which they are able to raise locally, without any reference to the Grant may be spent in ordering books from any sources desired, although it has been recommended that as far as possible, books be ordered from a properly recommended list.

For the last three or four years, we have selected books for the one and two-room schools. These books are included in larger requisitions for schools employing three teachers or over.

If there is any further information which you require, we shall be very pleased to supplement the information given in this letter.

Yours truly,
Myrtle T. Lewis
LIBRARIAN.

MEMORANDUM:

MR. HOEY

Re: Readers and Supplementary Readers

Inspectors and teachers have occasionally criticised the books sent from this office to Indian Schools. Undoubtedly, the frequent changes of Inspectors has made it difficult to satisfy changing opinion. However, the choice and distribution of books for Indian Schools could be more systematic hence more efficient and less liable to criticism. May I submit the following as a starting point for discussion:

Readers:

The following chart summarises the readers used in the Provinces:

1. Maritimes: The Corona Readers. All the Indian Schools in these Provinces are under the direction of Roman Catholics.

2. Quebec: Treasury Readers. Two sets are authorized in this province. The Elson Basic Readers and the Treasury Readers.

3. Ontario: The Treasury Readers.

4. All the Western Provinces: Manitoba, Saskatchewan, Alberta and British Columbia authorize the Highroads to Reading.

5. All the Catholic Schools use the Corona Reader.

It will be noticed from the above that the Highroads to Reading are used in the majority of the Provinces. It might be remarked that the Treasury Readers and the Highroads to Reading are very much alike if not identical.

The above mentioned Readers are used for Grades one to grades six inclusive. In grades seven and eight two texts are used:

1. Canada Book of Prose and Verse authorized in Nova Scotia, Manitoba, Saskatchewan, Alberta and British Columbia.

2. Life and Literature authorized in Quebec, Ontario, Saskatchewan, Alberta and British Columbia.

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Indian Affairs. School Files.
(RG 10, Volume 6010, File 1-1-4, part 4)

POOR COPY

It is not necessary to give the history of the "Highroads to Reading" as the background of this series is well known. Teacher's manual and workbooks, which are a decided advantage, are published with this series.

It would appear from the above that the following suggestions might be considered:

1. The Department should choose the "Highroads to Reading and the Corona Readers as the authorized Readers for Indian Schools.

2. Due to examination requirements both texts for seventh and eight grade should be authorized. The demand for these grades is very limited.

3. Indian Schools located in the Provinces that authorized different Readers than the Highroads to Reading should be supplied with copies of the Readers authorized for those provinces, these readers to be used as supplementary readers.

Supplementary Readers:

The purchase and distribution of Supplementary readers, at least in the primary grades, should be continuous as regards their vocabulary. By this is meant that the pre-primer vocabulary forms the basis for the primer. The enriched primer vocabulary is now used as the basis for the first book, an so on. It follows that these books should be supplied in complete series.

A careful examination of the supplementary readers authorized for the different Provinces will reveal that the Provinces have chosen the same readers. The selection of these readers besides being a judicious choice would obviate a great deal of the criticism.

Permit me to suggest that the representatives of the Publishing Companies be asked to submit a list of their books to this office two weeks before they display them in the city. This procedure would permit us to make a more judicious choice.

Library Books:

Library books for Indian Schools should be very simple. A child will take pleasure in reading a book that is below its level. The reading of a book at the pupil's age level entails a great deal of application. A pupil will do this if he must do it, but as the reading of library books is usually left to the discretion of the pupil generally he is not ready to make this effort. This is probably more so for Indian children. This principle should be kept in mind when library books are selected for Indian Schools.

I would like to make the same suggestion for the choice of Library Books as I have made for the selection of Supplementary Readers, that Publishing Companies be asked to also submit lists of their Library Books.

The Department aims to encourage the activity movement of education. Library books, therefore, should be selected with this aim in view.

These suggestions are made so that free discussions will discover means to eliminate all criticism that might have some justification.

Respectfully submitted, November 23,1943.

OTTAWA, Ontario.

Dear Mr. Gay:

Thank you for your orders 76096, 76099, 76100, 76101, and 76102.

Order #76096 calls for 200 Canadian Arithmetic Workbook, Six. We have no book of this precise title but expect you mean our Exercises in Arithmetic, Book Six, and these are the books we are sending you.

Orders #76099 and #76100 call for Pathways in Science. We now have available new editions of these books, and the new series goes by the title New Pathways in Science. I list below the corresponding books of the new and old series:

New Pathways in Science	Pathways in Science
We Want to Know (Primer)	
We Find Out	We Look About Us
Changes All Around Us	Out-of-Doors
Our Earth and Sky	Our Wide, Wide World
The Earth and Life Upon It	The Earth and Living Things
From Sun to Earth	Learning About Our World
The Earth Then and Now	Our Earth and Its Story

I am quite sure that the Indian schools will wish to be provided with the latest books and so we are filling your order with these.

I am sending a copy of this letter to Mr. Philip Phelan, Chief of the Welfare and Training Branch, Department of Mines and Resources

Booth Building,
OTTAWA, Ontario.

Dear Phil:

The enclosed copy of a letter to Mr. Gay is self-explanatory.

He orders 200 Canadian Arithmetic Workbook, Six. The Book Zix might be a misprint for Book C. On the other hand, he may mean Exercises in Arithmetic, Grade Six. On the chance that the latter is the one you want, we shipped Exercises in Arithmetic, Grade Six. also Seven & Eight

I do not know if you have seen this series, Exercises in Arithmetic, for some time so I am sending you a set of them. We have books for Grades Three, Four, Five, and Six, with an answer book for each grade. These arithmetic workbooks would seem to me to be the best ones for you to use because two of the authors, Smith and Morss, are two of the authors of the Canadian Problem and Practice Arithmetics which you use in quantity. As a result, there is a close correlation between the books.

These Exercises in Arithmetic are the biggest selling arithmetic workbooks in Canada today. The book for Grade Three is authorized in Quebec and Nova Scotia has just authorized and is distributing free of charge to every pupil in Nova Scotia next September the books for Grades Seven and Eight. We are making Canadian editions of these last two books and they will be ready early in the summer.

If you have been using some other arithmetic workbook and Mr. Gay intended to order another book from some other publisher, I hope you will consider whether or not it will be possible for you to switch to our book.

Mr. Philip Phelan,
Chief Welfare and Training Division,
Indian Affairs Branch,
Department of Mines and Resources,
Booth Building,
OTTAWA, Ontario.

Dear Phil:

We are making some revisions of the Canadian Children's Own Readers, Primer, Book One, and Book Two. The revisions are all in the nature of improvements. The vocabulary is being simplified and the rate of introduction of new words and the repetition of words arranged according to the most modern thought. The illustrations are also being brought up to date. You use these books to some extent in the Indian schools, and I am satisfied the revisions will meet with your approval. We shall have the new books ready some time this summer.

You also use fair quantities of My Fun Book, the workbook to accompany Friends. We are in process of revising the workbook so that it will fit in with the new primer. You are our main customer for this workbook, and, before we actually put it in press, I should like to feel sure that you will continue to use it for a number of years in around the same quantities as you have [illegible] it in the past. I shall be grateful if you will write me to this effect.

Cordially yours,

N. G. S. Ingram

Mr. Paul A. Cay,
Controller of Purchases,
Government Printing Bureau,
Department of Public Printing and Stationery,
OTTAWA, Ontario.

Dear Mr. Cay:

We have your letter of May 13th, saying that your order #76096 for 200 Canadian Arithmetic Workbook 6 should read 0C.0

We have already shipped you 200 copies of the Workbook Grade 6, but we shall, of course, be perfectly willing to take these back for credit if that is your desire. However, I am sending a copy of this letter to Mr. Philip Phelan of the Department of Mines and Resources, for it may be that he will decide that the Grade 6 book, and indeed the other books of the series can be used in the Indian schools. I suggest, therefore, that, before returning them to us, you check with Mr. Phelan.

We are sending you 200 copies of Book 6 immediately.

Yours very truly,

(signed) N. G. S. Ingram

[redacted] Building,
OTTAWA, Ontario.

Dear Phil:

The enclosed copy of a letter to Mr. Gay is self-explanatory. I hope you will find it possible to use Exercises in Arithmetic, Grades 3, 4, 5, 6, 7, and 8 in your schools. They are tremendously popular books. We sent you a set of them on April 28th.

The present books are made in the United States, but we are selling them in such tremendous quantities in Canada that we plan to manufacture the whole series in this country.

The Grade 7 and 8 books are already in press, and we are now working on the books for the lower grades. In the Canadian editions, the few American references are, of course, being suitably changed. We also find that by changing the format slightly we shall be able to sell the books for lower prices. For instance, the books for Grade 7 and 8, which are sold for 28¢ in the American edition, will sell for 24¢ in the Canadian edition.

I have said that we have a very large sale all over Canada. Nova Scotia for example provides the Grade 7 and 8 books free to every pupil in the province. The Grade 3 book is authorized in Quebec. The other books of the series, while not authorized, sell in quantities approximating 10,000 each all over the Dominion.

Cordially yours,

H

Mr. Philip Phelan

W. Paul A. Gay,
Controller of Purchases,
Government Printing Bureau,
OTTAWA, Ontario.

Dear Mr. Gay:

We have your order #10018 for 100 copies of Pennell-Cusack: Canadian Children's Own Readers, Friends, a Primer. We have shipped you 43 copies which is the balance of our stock.

We are presently preparing a new and enlarged edition of this book and hope to have it ready within the next two weeks. I feel certain that you will wish the balance of the order to be filled with the new edition and we plan to do this as soon as it is ready. Because of the increased size, we have been compelled to increase the price slightly and trust that this will be satisfactory.

The format of the new book is somewhat changed from that of the old and we have introduced a strict vocabulary control in accordance with modern pedagogical thought. The additional pages have been added at the end of the book so that the original and new editions may be used side by side in the same classroom.

I am sending a copy of this letter to Mr. Philip Phelan of the Toronto office so that he may be informed of the situation.

Yours very truly,

WINNIPEG FREE PRESS 28/9/44

Indian Three "R's"

Winnipeg Free Press 28 Sept 1944

By K.M.H.

IT is not a big book, being some sixty pages. It has many illustrations, which is all to the good; these are in brown and white, not red and blue and yellow and green which is a pity. But it has a place in Canadian libraries because it is the first "reader" ever prepared for Indian children.

Readers for the little folk who are just approaching the mystery of reading in our schools have now evolved into quite fascinating affairs, perhaps still with the cat on the mat, but it is a fluffy bit of cat, and the mat is in colors. There are little girls and boys dancing about, and birds and dolls, and trees and little carts. Altogether it is quite fun finding out what it is all about.

But the funny little black-eyed, black-haired, dark-skinned, children didn't loose much of their stolidity when gazing on these pictures. They didn't mean much of anything to them, and perhaps they bored them anyway. Indians, white people might be surprised to learn, often find us boring or, dreadful thought, ridiculous. So Indian children might finally yield to the assaults upon their intelligence and learn to read about cats on mats, but they certainly were never enthusiastic about them.

Now beavers and muskrats are different. Beavers and muskrats are something one knows about, and they are interesting animals, building dams, and cutting down trees, with no time at all for sitting about on mats. The new Indian School reader tells all about them. Getchi Ahmik narrates the story to the children round the camp fire. Just in case any grown ups whether Pale Face or Red Skin think that adults had anything to do with it, let it be hurriedly disclosed that Thunder Child is the hero.

There is quite a bit too about taking care of animals and about the duty of trappers. There are even some graphs showing how muskrats and beavers in northern Manitoba have multiplied under government protection. But the moral is wrapped up interestingly what with Mary Meskina and Wastasekoot helping.

Mr. A. J. Doucet of the Indian Affairs Branch prepared the booklet, and he has done an excellent job.

Dear Sirs,

I am sending you under separate cover the manuscript of a little primer I wrote and used for years in my work as teacher in Indian Residential Schools.

I was employed from 1925 - 1943. by the Indian and Eskimo commission M. S. C. C. Winnipeg, and taught in the junior classroom at Elkhorn Anton Lake, Cameron Y.T.) and Alert Bay.

I found our Indian children needed to build up an "every day" vocabulary so wrote a Primer for my own use and used it very successfully.

Since my marriage this little book is of no more use to me but I thought perhaps it might be published and used in our Indian schools. A friend of mine illustrated a few pages to show its possibilities.

Will you please give this matter your consideration?

Yours truly
(nee Margaret Dunn) Mrs W. J. Woods.
The Vicarage, Redcliff, Alberta.

Dear Norman:

Under separate cover I am forwarding you the manuscript of a primer prepared by Mrs. W.J.J. Woods, Redcliff, Alberta. I am also enclosing a copy of the letter that we have received from her which explains the matter more fully. Mr. Doucet and I have reviewed this manuscript and we cannot see that it is any great improvement on many other primers that are at present available. However, I thought I would send it on to you and would appreciate it if you would review it and let me have your views in the matter.

With kind personal regards,

Yours sincerely,

Philip Phelan,
Chief, Training Division.

OFFICE OF THE
INDIAN AGENT

CANADA
DEPARTMENT
MINES AND RESOURCES
INDIAN AFFAIRS BRANCH

PLEASE QUOTE
FILE 50-20

Deseronto, Ont., November 21, 1944.

Indian Affairs Branch,
Dept. of Mines & Resources,
Ottawa.

Please find enclosed Requisition for School Material submitted by the teacher of Eastern Day School, which I would ask be supplied at an early date.

Enclosed also find a circular letter issued by the Tyendinaga Township Teachers' Association which concerns a central school library being organized through the efforts of Mr. R. H. Macklem, School Inspector for South Hastings, which library would be available for use by Township and Reserve Schools on payment of a fee of $ 10.00 per school, and which library would make available twenty-five books monthly for each school.

I personally, do not believe this library would be of any great benefit to our Indian Schools all of which schools are equipped with reading material supplied through the Department. While some of the reading material at the Indian Schools is obsolete I would consider it the duty of the separate teachers to prepare requisitions for new library material that would conform with the wishes and recommendations of the School Inspector, and in this way bring their respective school libraries up to date and which at the same time would get rid of a lot of out dated reading material that is cluttering up their library space.

A. D. Moore, Indian Agent.

To the Trustees, Teachers & School Secretaries of Tyendinaga:

You are invited to attend a meeting of the trustees, and teachers of Tyendinaga township, to be held in Melrose Hall, on Wednesday November 15, at 8:00 p.m.

The meeting has been arranged with the idea of forming a Library Association for the benefit of the Tyendinaga Schools. Will the members of each school board please come prepared to pay the fee of $10.00 per section, should the Association be formed, and should you wish to become a member of the library group.

An interesting programme is being planned. Among the speakers will be Reeve J. Forestell, Miss C. Delaney of the Belleville Public Library, Mr. Brooks Allen, B. Sc.A., President of the South Hastings Educational Association and Mr. R. H. Macklem, School Inspector for South Hastings. Time will be allowed for discussion and it is hoped that every trustee will come and give us the benefit of his suggestions to make Tyendinaga Schools the best in the Province.

Refreshments will be served at the close of the meeting.

We hope everyone will make an effort to be present, as we feel the meeting will prove both interesting and beneficial to every teacher, trustee and school secretary.

Signed on behalf of the Tyendinaga Teachers' Association.

Jessie Whiteman, Pres.

Mary Waddingham, Vice-Pres.

Hazel Holden, Sec'ty.

(Will the secretary please distribute these letters to the members of his Board.)

Indian Affairs,
Ottawa, Ontario.

Dear Mr. Doucet:

Upon their return to Toronto our Mr. H. E. McDonald and Mr. H. M. Whittington advised us that you were very interested in their Apeco machine demonstration, held in the Chateau Laurier Hotel the week of November 27.

May we take this opportunity of thanking you for the time you were able to spend at the demonstration, and may we suggest that if you have any work you would like done, as a sample, we would be only too pleased to do it for you here in Toronto.

We are sure you will find one of these machines an added advantage in your office, and are quite confident you will find it both economical and time-saving.

We would like very much to have the opportunity of serving you, and look forward to hearing from you in the near future.

Again thanking you for your interest, we are

Yours very truly,

are going to you, under separate cover.

I am sorry we cannot send you a copy of "Science Experiences with Ten-Cent Store Equipment" as we did not take over the Canadian rights of this book. If, however, you are likely to need within a reasonable time say 500 copies - the minimum number that would enable us to secure the Canadian rights, we would be glad to negotiate for them so that stock could be available as and when you require it, with reasonable promptitude.

Meantime, we are writing the United States' publishers asking them to mail a copy of it direct to you, at once, so as to save time.

If you could not guarantee the proposed quantity purchase within a reasonable time, you could, of course, order direct from the United States' publisher.

By the way, Mr. Harvey never showed up.

All the best for the New Year.

Yours,

Henry

PERSONAL

Mr. Phillip Phelan,
Indian Affairs Branch,
Dept. of Mines and Resources,
Ottawa, Ont.

Dear Mr. Phelan:

Mr. Ingram has been ill and has asked me to prepare for you the comparison between the Canadian Catholic Corona readers and the other series, as you requested in your telephone call when you were in Toronto. I am not clear as to which competing series you mentioned; if you could let me have the name of this competing series I shall be pleased to prepare the comparison as quickly as possible.

Mr. Ingram also tells me that you mentioned that a number of your schools in British Columbia are enthusiastic about a new series of Catholic readers. These readers are undoubtedly our faith and Freedom series. These books are being used in a number of Catholic missions in British Columbia and the Sisters have been recommending them to one another.

In case you are not familiar with the Faith and Freedom readers I am sending you under separate cover a complete set of them. You will see on looking through them that they are beautiful books and quite suitable for use in Catholic schools. They were prepared under the auspices of the Catholic University of America, and the material is Catholic in origin, much of it having been written especially for the series. Specialists in Catholic education have supervised the preparation of these books, thus ensuring that the material is sound in all pedagogical and religious aspects. We feel sure, therefore, that there will be no objection to the use of these books in any of your schools.

May I take this opportunity of wishing you a very Happy New Year.

Yours sincerely,

GINN AND COMPANY

Mines & Resources
JAN 22 1945
Ottawa

Dr. Harold W. McGill, Director,
Indian Affairs Branch,
Department of Mines and Resources,
Ottawa, Ont.

Dear Dr. McGill:

Enclosed you will find a copy of our new enlarged edition of Nature Activities, a practical, usable handbook for teachers. As you read it through you will see that it contains leadership help, instructions for making exhibits and collections, nature handicrafts, and hundreds of seasonal activity suggestions.

Years of study and research have gone into the production of this fine booklet. In it the advice of experts in nature education is presented in concentrated form so that each page is a fruitful source of help and ideas.

Marie Gaudette, Girl Scout leader and author of "Leader's NatureGuide", and Betty Price, author of the National Recreation Association book "Adventuring in Nature", are both outstanding in nature leadership. J. A. Partridge, principal of North Bay Normal School and author of several textbooks on natural science, offers activity suggestions based on his many years of experience in Canadian education. D. E. Farwell, teacher of science and art, has based his drawings on the curricula of all nine provinces, and has kept them simple so that they may easily be transferred to the blackboard.

Since Canadian Nature was first published in 1939 we have presented in it much splendid material on the teaching of natural science. After four years so many new subscribers had been added to our list that we decided to embody the best of these suggestions into a self-contained booklet of 32 pages. Thus Nature Activities was born. Since it was first published in 1943 four editions, totalling 18,000 copies, have been printed.

In this new edition of double the size, by careful selection and condensation of text and illustrations, we feel that we have perfected a book which is worthy of inclusion in every school library. Every teacher who is confronted with the task of teaching natural science should have access to Nature Activities. It is invaluable.

Nature Activities sells regularly for 50¢. It is worth several times that price. When purchased in quantities of 50 or more copies, it costs only 30¢.

May we suggest that you consider the possibility of supplying a copy of Nature Activities at this low price, to each school under your jurisdiction?

January 27th, 1945

Mr. A.J. Doucet, Training Division,
Department of Mines and Resources,
Ottawa, Ontario.

Dear Mr. Doucet:

We are pleased to have your letter dated January 24th, in which you request sample copies of our Workbooks in Arithmetic.

Under separate cover, we are forwarding one copy in each grade of the NEW CURRICULUM WORKBOOKS IN ARITHMETIC from Grades 3 to 8. Also, we shall include sample copies of the PROCESSES and PROBLEM SOLVING for Grades 3 and 8. The NEW TRIANGLAR TESTS have been discontinued.

These Workbooks have been used extensively for encouraging the children in their arithmetic problems. We trust you will find them satisfactory to your cause, and that we shall be favoured with your order.

We have a newer series of Arithmetic Workbooks called MEANING AND PRACTICE IN ARITHMETIC, and these have newer ideas in presenting Arithmetic. We are forwarding one copy of each of the Grade 3 and Grade 4 Workbook.

Any further information you may wish to have, we shall be pleased to co-operate to the fullest of our ability.

Very truly yours,

THE JOHN C. WINSTON CO., Limited

POOR COPY

Ottawa, February 20, 1945.

Dear Sir:

I am sending a requisition through our Stationery Office for one copy of each of the following:

Instructional Tests and Chapter Tests for a First Course in Algebra.
Teacher's Manual and Key for Instructional Tests and Unit Assignments.
Unit Assignments for a First Course in Algebra.
Objective Exercises in Units of Plane Geometry.
Teacher's Manual and Key.

I wish to examine these having in mind the possibility of using them in some of our schools at some future date.

I also wish to know if you will be able to furnish one hundred sets of The Story Book series (20 titles in a set).

This is not to be considered as an order, as you are aware that all purchased must be made through our Stationery Office. However, before putting this order through I wish to know if these publications are available and thereby avoid a great deal of confusion when putting in this order.

I have your letter on my desk dated January 27th, in which certain books were to be sent to me for examination. This parcel has not arrived to date and I am wondering whether or not it was lost in transition.

I wish to thank you for your co-operation in this matter.

D

Ottawa, February 20, 1945.

Dear Sir:

I wish to put in a requisition through our Stationery Office for the following books:

The Glass Book
The Steel Book
Cement
The Making of Paper
Lumber
Orchards
Frogs
Story of Clay
Light of the World
Salmon
Story of Glass
Story of Copper
Book of Stones
Life in an Ant Hill
Trip on Many Waters
Romance of Rubber
Woods in the Home
Rope Splicing

One hundred copies of each would be required with the exception of Rope Splicing where two hundred copies would be required.

This is not to be considered an order as you are aware all orders for publications come through the Stationery Office. However, before putting in this order through our Stationery Office I wish to ascertain which of these publications could be furnished in the numbers required.

February 9, 1945

Mr. Philip Phelan,
Indian Affairs Branch,
Dept. of Mines and Resources,
Ottawa, Ontario.

Dear Mr. Phelan:

Mr. Ingram has asked me to write to you about the manuals for the Faith and Freedom readers.

Manuals for this series have been very carefully prepared by outstanding reading experts in each grade, and each manual embodies what amounts to a thorough course in the teaching of reading for its grade, according to the most modern methods. All aspects of the reading skills are covered thoroughly -- reading with understanding, oral reading, correlation of reading with other subjects, methods of presentation, word study, and etc. First grade reading is particularly well treated, there being three books, one for the reading readiness and Pre-primer period, one for the Primer period, and one for Book one.

These manuals each sell at $0.85 list, $0.68 net. To date manuals up to grade four have been published, and manuals for grades five and six are in preparation. Since these manuals may be of interest to you, particularly for schools in outlying districts, we are sending you under separate cover those which have been published.

Yours sincerely,

GINN AND COMPANY

Anna M. Ritchie

DG

P. S. Thank you for your letter of February 2nd. I shall proceed as quickly as possible in the comparison of the Canadian Catholic Corona readers with the Highroad to Reading series as you requested.

MAR 2 1945

Dear Mr Hoey:

Last October I sent the manuscript of a Primer I had written and used some eighteen years while teaching in Indian Residential schools under the N. S. C. C. to your office (Dept. of Mines & Fisheries - Manager of Indian affairs). This manuscript was insured. I suggested in my letter that the Dept. of Indian affairs might make use of this Primer and since my marriage to Rev. W. J. J. Woods I have no further use for it. I am anxious to hear about this manuscript and am wondering if it got lost or mislayed.

Please let me hear from you regarding this matter.

Yours truly

March 6, 1945.

Mr. Philip Phelan,
Chief, Training Division,
Indian Affairs Branch,
Department of Mines and Resources,
Booth Building,
OTTAWA, Ontario.

Dear Phil:

I have your letter of March 3rd about the manuscript of the primer from Mrs. Woods of Redcliff, Alberta.

I am sending you this book by registered mail. We have made a close examination of it, and think that, while Mrs. Woods has done a careful and painstaking job, yet the manuscript has no special merit over many similar manuscripts which have come to us, nor is it any better, probably not as good as many primers which we and other publishers already have on the market.

Because of the expensive illustrations and colour work which are absolutely essential in a primer, such books are costly to publish. I do not think that either you or we would want to publish a book which would simply be another run-of-the-mind primer.

I am sorry we took so long to report to you on this book. I was sick for the greater part of January, and then I had to go out of town for a couple of weeks, and I am only now catching up on things.

Cordially yours,

H

Department of Mines and Resources,
Ottawa, Ont.

Dear Sir:

Your letter of April the 30th addressed to the Department of Lands and Forests has been transmitted to this Department for attention.

In compliance with your request, we are forwarding 10 maps of the Province of Quebec for use in Indian schools.

These maps are supplied free of cost with the understanding that your Department will reciprocate when we are in search of similar material for our schools.

Yours very truly,

B.-O. Filteau

Secretary.-

Mr. P. Phelan
Chief, Training Division
Department of Mines & Resources,
Ottawa.

Some time ago you requested me to order a number of books from the George J. McLeod Company. the order was placed with the above firm who sent the books direct to your Department in 7 cartons. These were checked up at your warehouse but evidently had been opened and upon receipt here the cartons did not contain the quantity of books as invoiced by the Company. The following discrepancies were located:

Glass Book - Pryor	100	invoiced	- 71	received
Story of Clay	100	"	60	"
Salmon	100	"	76	"
Stpry of Copper	100	"	70	"
Book of Stones	100	"	99	"
Trip on Many Waters	100	"	25	"
Romance of Rubber	100	"	99	"
Rope Splicing	100	"	73	"

I would ask you to kindly look into this matter and let me know if the missing books were taken out of the cartons at your Branch.

4

Ottawa, July 3rd, 1945.

Dear Sirs:

Several weeks ago your traveller visited Ottawa and at that time one of our officials reviewed his books and intimated to him that we would order a number of them. Subsequently the order for the books we require was placed with your firm by the Department of Public Printing and Stationery. Please note that we do not order books direct for our Indian schools, but the order is placed with the Department of Public Printing and Stationery.

Instead of shipping the books to the Department of Public Printing & Stationery, who had placed the order with you, your shipper addressed them to us. This has caused a great deal of confusion and has necessitated extra work, which would have been avoided if your firm had followed the instructions given in the order and shipped the books to the Department from whom you received the order.

I trust that you will carefully note the contents of this letter and, in future, when an order is placed with you by the Department of Public Printing & Stationery, you will send the articles to that Department and not to this Department even though you are aware that the shipment is ultimately intended for us.

On Saturday last I had a phone call from the Department of Public Printing & Stationery in which they stated that they had received an invoice from you and that the number of certain books invoiced was much larger than the number received. I refer in this letter to the following:

- Glass Book - Pryer

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Indian Affairs. School Files.
(RG 10, Volume 6010, File 1-1-4, part 5)

POOR COPY

Glass Book - Pryer	100	invoiced	- 71	received
Story of Clay	100	"	60	"
Salmon	100	"	76	"
Story of Copper	100	"	70	"
Book of Stones	100	"	99	"
Trip on Many Waters	100	"	85	"
Romance of Rubber	100	"	99	"
Rope Splicing	100	"	73	"

I presume that your shipment was short, but the discrepancy mentioned above has caused us extra trouble, telephone calls, etc.

I simply bring the above matter to your attention, and any correspondence regarding the books that are short should be addressed to the Department of Public Printing and Stationery and not to this Department.

Yours truly,

Philip Phelan,
Chief, Training Division.

Mr. Philip Phelan,
Chief, Training Division,
Department of Mines and Resources,
Indian Affairs Branch,
Ottawa, Ont.

Dear Mr. Phelan:

Thank you indeed for your letter of July 3rd. We regret our delay in replying but the head of our Library Department returned yesterday from her holidays and it was necessary to discuss this matter with her before definite information could be sent.

We are writing today to The Department of Public Printing and Stationery in relation to the shortage on the order and believe that by this time the shortage has been adjusted. However, as you suggest correspondence regarding this matter will be conducted with The Department of Public Printing and Stationery.

May we, however, apologize to you for the difficulty that we have caused to your department and to yourself. This difficulty has indeed been inexcusable and has been caused by neglect on our part. This neglect has been brought to the attention of the head of our department and measures are being taken so that similar difficulties will not reoccur in the future.

We can only assure you of our concern over this shipment and our assurance more thorough attention in the future. May I again thank you for your courtesy in writing.

Cordially yours,

GEORGE J. McLEOD Limited

Ottawa, September 7, 1945.

Dear Bill:

I have your letter of the 6th instant, addressed to Mr. Doucet, with reference to the School Dictionary.

It is noted that the cost is 56¢ per copy, f.o.b. Toronto. We require two thousand (2,000) immediately, and, as we intend to place these in stock, subsequent orders will go to you at regular intervals. I trust that you will be able to supply us with the number mentioned.

I am writing to the Government Stationery Office, requesting them to place the order, and you will eventually have a request from that office for a quotation, which you will supply, and later they will give you the order to ship the Dictionaries to the Department of Public Printing and Stationery.

This is the procedure that has to be followed, and shipment should not be made until you receive the order from the Government Stationery Office.

I am simply writing you this letter in order that the number that we require can be held for us, as you mention there is a big demand for the supply you have in stock.

With kind personal regards,

Yours sincerely,

Philip Phelan,
Chief, Training Division.

Controller of Purchases,
Department of Puglic Printing & Stationery
Ottawa, Ontario.

Dear Mr. Gay:

We are in redeipt of your order No. 7720 for 100 copies of Highroads to Reading Primer: Jerry and Jane.

We regret that we have exhausted our stock of this title for the present year, and it will not be printed again until sometime during 1946.

In the meantime, however, we have supplied on various orders throughout the Country, our Treasury Reader, Jerry and Jane, wherever the Highroads Series was required. Our Treasury Reader by this title is exactly the same in content at the Highroads, and if it will meet with your approval we could supply it to you at this time.

We are holding your order in abeyance until we hear from you in the matter.

Yours very truly
THE MACMILLAN COMPANY OF CANADA LTD.

Signed:
Myrtle Moffatt.

JAN 15 19[illegible]

Dear Sir;-

BOOK of KNOWLEDGE, 1946 Edition.
Lands and PEOPLES,
which includes a Set of
Practical Standard Dictionary.

I have been working under the School Inspectors of the various Counties of Eastern Ontario in the interest of the above Educational Sets of Books for Schools for the Grolier Society Limited, Toronto, and I have placed these Sets with all Schools in South Hastings, (Inspector R.H.Macklem) with the exception of the Indian Reservation Schools--interviewed the teachers and they were most desirous of having them because they state they have nothing in the line of reference and social study books whatsoever--then saw your Mr. Moore, Indian Agent, Deseronto, and he said that I would have to contact your Dept in Ottawa.

Below, I am giving outline of books and cost--but if you should desire it, I would go in to Ottawa from here to explain it more fully to your Board- (even Defence Industries Limited, Chalk River, Ontario, ordered these Sets for their new school).

Book of Knowledge, NEW 1946 edition, 20 volumes bound in 10 covers,
Red artcraft binding,
7,551 pages
20,000 pictures, photos and illustrations $70 Delivered.

Book of Knowledge Annual (1946 to 1956)
An annual of around 500 pages will
be issued to keep the new Set up to date
and at a cost not to exceed 4.95 delivered.

LANDS and PEOPLES, 7 Volumes,
The World in Color,
2,744 pages
640 full page color pgotos
2,000 black and white $55.00 delivered-

The above price is for payment to December,1946 but
there is a cash discount of $7.50 if paid for within 30
days after delivery.
And the above <u>includes</u> the $17.50
Practical Standard Dictionary,
2 Volumes, 140,000 vocabulary terms,
2,500 illustrations
and pages of colored articles.

Willappreciate hearing from you,
sincerely,
Geo. E. Harmon

Received the full recommendation of R.H.Macklem B.A., I.P.S. for sale to all Schools in his Inspectorate.

Ottawa, June 19th, 1946.

Dear Sir:

We are engaged in revising certain phases of our training programme. Your publications in the past have been of great assistance to this Branch and we are calling on you again for information.

We would like sample copies of the following forms and records used in the Indian School Service of the United States:

1. Two copies Annual School Census (Forms 5-255, 5-255A and 5-255C);
2. Two copies Permanent School Census Card (Form 5-255B);
3. Two copies Attendance Reports (Form 5-246);
4. Two copies "Cumulative Record of Pupil" (see Para. 153 - Manual for the Indian School Service);
5. Two copies any other record or report form you are finding useful, e.g. Pupils' Report Cards, Vocational Guidance Records, Graduation Diplomas, etc.

Could we also be provided with:

Two copies of Manual for the Indian School Service;
Two copies of "Education for Action" by Willard W. Beatty.

Yours truly,

Bernard F. Neary,
Supt. of Welfare & Training.

NOVA SCOTIA

Halifax, N.S.,
June 21, 1946.

Mr. Bernard F. Neary,
Superintendent of Welfare & Training,
Department of Mines & Resources,
Ottawa, Ont.

Dear Mr. Neary:

I have your letter of June 18 in which you ask for copies of our pupils' report forms.

The Department of Education does not prescribe any official report card for pupils, and these are set up and secured individually by the school sections, usually from local printers.

We have, however, a pupil's record card for Grades VII-XII which has been officially approved, and which is now used by most of the schools in the Province. We will send you a few samples of this record card.

A similar, but somewhat smaller card, has been prepared for Grades I-VI, but we have not as yet received these from the printer. As soon as the Grades I-VI card is received from the printers, we shall sned you a number of copies.

Very truly yours,

H.P. Moffatt,
Asst. Superintendent of Education

July 5th.,1946.

Mr. Bernard F. Neary,
Supt. of Welfare and Training,
Department of Mines and Resources,
Ottawa, Ont.

Dear Sir:-

Thank you for yours of yesterday, your reference 1-1-4 in which you ask if we have available, for immediate delivery, 100 copies of the new and revised edition of the CANADIAN SCHOOL ATLAS.

We are sorry to have to advise you that the Atlas is at present out of stock. It is being reprinted, of course, but we cannot state exactly when it will be available. We had hoped that it would be available for School opening in September, but this is now very doubtful. We hope, however, to have stock shortly after that date, but as the book is reprinting in England we are sure you will realize that we cannot give you anything more definite than this.

If you would care to send us your order for 100 copies, if the suggested date is not too late for your purpose, we would send the books to you immediately stock is received.

Yours sincerely,
J. M. DENT & SONS (CANADA) LTD

Leila Brett

Dear Sir:

Please order one hundred (100) copies of the new and revised edition of the Canadian School Atlas. This can be secured from J. M. Dent & Sons (Canada) Ltd., 224 Bloor Street West, Toronto 5, Canada. I understand from this firm that these books are being reprinted in English and they hope to receive them in the early Fall. When you have these books in stock, please let me know, so that requisitions can be forwarded for them.

Yours very truly,

Philip Phelan,
Chief, Training Division.

Dear Sir:

On April 24, 1946, we issued Official Receipt No. 400208 to you for various checks which you sent to us for books sold by you. We now find that one check (No. 30677 on the Bank of Montreal) for $2.00 was intended as payment of our Bill for Collection No. 171305 to A. J. Doucet, c/o Training Division, Department of Mines and Resources, Ottawa, Canada for one copy of Education for Action sent to him by Haskell Institute on December 10, 1945. Mr. Doucet has given me explanation as to why he sent to check to your Office instead of Haskell Institute.

This letter is to request authority to cancel Bill for Collection No. 171305 and its removal from our Bill for Collection Analysis Register.

Very truly yours,

Jessie Marsh
Chief Clerk

Dear Phil:-

On the chance that you did not see the att ched letter which appeared in the Toronto "Telegram" under date of April 5th. you will be interested in it, I have no doubt.

Incidentally, can you do anything about JOE AND RUTH GO TO SCHOOL? As you know, it is sometime since we received an order from you for this and you undertook to take the entire edition within a reasonable time.

The entire edition has been bound to the point where all that is needed is the fixing of the cloth covers. We could save some money by binding them in a stiff paper instead of cloth. Anyway, we have approximately 9350 in stock and the business office is getting after us about it again.

If you could arrange to take a further supply this year and the balance next year, we would be very happy and grateful.

With kindest regards, I am

Yours very sincerely,

HB/LB

Dictated by

July 24th, 1946.

Col. B. F. Neary,
Supt. of Welfare and Training,
Indian Affairs Branch,
502 Booth Building,
OTTAWA, Ontario.

Dear Col. Neary:

It was pleasant calling on you last week together with the other officials in your department. This is the first visit I have made to Ottawa in several years and I would like to thank you for your very cordial reception.

There are three main topics which I should like to review briefly with you, namely, readers for the catholic schools, health texts, and arithmetic workbooks. I sent you yesterday sample copies of the books we discussed in each of these fields.

You will have received by now, I think, a complete set of the new Corona Readers, Grades 1 to 8, and the Faith and Freedom Readers for the first two grades. I am attaching to this letter a copy of our current order form which we distribute to the separate schools in Ontario, and this will enable you to compare the prices of the Corona Readers and the corresponding Faith and Freedom Readers. I think you will agree after looking these over and examining the books concerned that "we get what we pay for". In the first two grades the Corona Readers offer an adequate program in basal reading. However, if a more extensive approach is necessary at this level then the Faith and Freedom program is necessary. You will be interested, perhaps, in learning of the action taken by the Catholic School Trustees of the province of Saskatchewan at their recent convention. Evidently this body has spent a good deal of time thrashing out the question of Catholic readers, and just today I received a report of their official recommendations. They have chosen Faith and Freedom readers for Grades 1 and 2 and are then continuing with the Corona Readers from Grades 3 to 8. On the other hand, however, the Ontario Separate Schools, which is a much larger group, is well satisfied with the Corona Readers from Grades 1 through to 8, and are continuing with them. I am giving you this information with the hope that it will be of some help to you knowing what is being done in these two important provinces.

Indian Affairs. School Files.
(RG 10, Volume 6010, File 1-1-4, part 5)

POOR COPY

On the back of the enclosed form you will find listed the new Beacon Charts which I believe are available in most of your schools. Under Faith and Freedom you will find listed the David and Ann book (wall-size chart). This is an enlarged reproduction of the first twenty-eight pages of the pre-primer THIS IS OUR HOME.

The following books have been sent to you in the new health series:

Grade 1	Spick and Span	$0.80
Grade 2	Health Parade, New Edition	.80
Grade 3	Growing Big and Strong, New Edit.	.88
Grade 4	Safety Everyday, New Edition	.88
Grade 7 & 8	Your Health and Safety	.90

The volume in this series for Grades 5 and 6 I left on your desk last week. The title is Andress and Others: HEALTH, SAFETY, AND SUCCESS, net price of which is $0.76. You will recall, I think, that this health series has recently been authorized by the Catholic Committee of the province of Quebec. I should tell you also, I think, that the above health series is recommended in the program of studies for each province, and two or more of the books are prescribed for pupil use as a textbook in New Brunswick, Quebec, Manitoba, and Saskatchewan.

In the field of elementary arithmetic I have sent you the following workbooks:

Buswell-Brownell-John: JOLLY NUMBERS

Grade 1	Primer	$0.24
Grade 1	Book One	.24
Grade 2	Book Two First Half	.24
Grade 2	Book Two Second Half	.24

Smith-Reeve-Morse: EXERCISES IN ARITHMETIC Enlgd. Edit.

Grade 3	$0.24
Grade 4	.24
Grade 5	.24
Grade 6	.24
Grade 7	.24
Grade 8	.24

These pupils' workbooks are by far the best materials available both from the standpoint of the teaching of arithmetic and the cost of each unit. The very wide use these books have received in all provinces bears this out. The above workbooks are authorized for pupils' use, in the whole or in part, in Nova Scotia, Quebec, Manitoba, Saskatchewan, Alberta, and British Columbia.

POOR COPY

The Teachers' Manuals for JOLLY NUMBERS are an important part of the program containing as they do helpful suggestions to the teacher in the preparation of supplementary material for primary number. The net price of these manuals is $0.80. Also available for EXERCISES IN ARITHMETIC are Answer Books to accompany each workbook to assist the teacher in checking answers.

There will, no doubt, be certain points on which you would like further information regarding your textbooks for September. I shall be glad to help you in any way possible, and shall look forward to hearing from you at your convenience.

Yours sincerely,

Richard M. Litch.

Dear Mr. Neary:

Thank you for your letter of July 25.

The material you need to complete your set of the New Basic Readers is still out of stock, but we have managed to secure single copies for your examination. These will be going to you with our compliments. The copy of BEFORE WE READ is sent untrimmed, as our factory is closed for this week, and the books were not quite completed.

If there is anything further we may do for you, kindly let us know.

Sincerely yours

SURVEY OF PRIMARY ARITHMETIC BOOKS

A study of the authorized text-book lists for the various provinces shows that they will be using the following primary number books during the year 1946-47:

Prince Edward Island	- No texts until Grade V;
Nova Scotia	- No texts until Grade III;
New Brunswick	- No texts until Grade III;
Quebec	- Recommended for use in English schools;
Ontario	- No text until Grade III; Jolly Numbers is in Supplementary Book List;
Manitoba	- No text until Grade IV; Jolly Numbers is only book recommended for use in Grades I and II;
Saskatchewan	- No text in Grade I; Everyday Arithmetic in Grade II (adapted from Jolly Numbers);
Alberta	- Jolly Numbers is authorized text;
British Columbia	- Jolly Numbers is authorized text.

Ottawa. August 1st, 1946.

MEMORANDUM:

MR. HOEY.

An Arithmetic Text for use in Grades I and II.

The present primary number texts series used in our schools is the "Canadian Individual Arithmetics", Books A, B and C. The publishers of this series, Ginn and Company, have replaced it with another series, "Jolly Numbers".

I have completed a survey of the text-books authorized or recommended for primary number work in the nine provinces. I attach a copy of my findings.

This series I now recommend is authorized for pupils' use, in the whole or in part in Nova Scotia, Quebec, Manitoba, Saskatchewan and British Columbia. Newfoundland has the publishers preparing a modified series to be known as the "Caribou Arithmetics" for use there.

The most satisfactory part of the series for our schools are the Teacher's Manuals. I have studied these carefully with Mr. Doucet and we are agreed that they are excellent teacher texts. They take up the teaching materials of the pupils' books page by page and deal with the purpose, motivation and procedure of each lesson. They should prove a most useful guide to our teachers. Two of the provinces have adopted

- the

Indian Affairs. School Files.
(RG 10, Volume 6010, File 1-1-4, part 5)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR COPY

the use of these books as manuals for teachers in training.

I do not feel that we need to provide the accompanying Wall Charts and Flash Cards. Complete details as to how the teacher can make these are given in the Teacher's Manuals.

Cost:

Grade I	- Primer	0.24
Grade I½	- Book One	0.24
Grade II	- Book Two (First Half)	0.24
Grade II	- Book Two (Second Half)	0.24
	Teacher's Manual, Book One	0.60
	Teacher's Manual, Book Two	0.60.

Conclusions.

The "Jolly Numbers" series is one most widely used in the provinces and because of its "direct teaching" approach should prove most satisfactory for use in our schools.

I would recommend its adoption in our schools as soon as our present stock of "Individual Arithmetics" is exhausted.

Ottawa, August 2nd, 1946.

Dear Sir: An Arithmetic Text for use in Grades I and II of our Indian Schools.

Further to my letter of July 19th regarding a new series of arithmetic texts, after a careful study of all primary arithmetic texts it has been decided to adopt, for use in our schools, the "Jolly Numbers" series, published by Ginn and Company, Toronto. This series is now in use by practically all provincial departments of education. The series is for Grades I and II and the authors are Buswell-Brownell-John.

The entire series, and cost, is as follows:

Grade I	-	Primer	.24¢
	-	Book One	.24¢
Grade II	-	Book Two (First Half)	.24¢
	-	Book Two (Second Half)	.24¢

Teachers' Manuals:

Book One (Beginners' Course)	.80¢
Book Two	.80¢ .

It is our intention to adopt this series in our schools as soon as the present stock of "Individual Arithmetics" which you now have is exhausted. Could we please have the numbers you have in stock of the various books in the "Canadian Individual Arithmetic" series?

Yours truly,

Mr. J. W. Driscoll,
Supt. of Stationery,
Dept. of Public Printing
and Stationery,

Dear Sir:

This is in reply to your inquiry of July 16 relative to health texts. We have recognized the need of health material specifically prepared for Indian children, but have not to date been able to do anything about it.

From the series available we have chosen and approved for use the following:

American Health Series, by Wilson Pryor and others, published by Bobbs-Merrill.

The New Health and Growth Series, by Charter, Smiley, Stranger, published by Macmillan.

The Safe and Healthy Living Series, by Andress, Goldberger and others, published by Ginn and Co.

Instructions have been given to field personnel indicating the desirability of using these texts with discretion, recognizing the incongruity of teaching which centers about modern appliances not available in the primitive home and community. We have asked teachers to make such adaptations as seem appropriate, and to omit material which has no application in the lives of their children. Much of our health teaching centers about the life activities within the school itself.

Our problem is further complicated by the wide variation among Indian groups. Some tribes have lived close to white civilization for so long that they present the same problems found in any rural population. Others are living in extreme isolation in primitive surroundings. This explains why it has seemed wise to leave the matter of adaptation to local workers.

This we recognize is far from adequate. Teachers need much more assistance than is now available for health teaching.

RUSH SAFETY FILM

We shall be holding a curriculum conference with workers in the Navaho area during the month of August. At that time we expect to consider the three series of books listed and to go over them together, making suggestions for modifications for the Navaho children. Director of Education W. W. Beatty anticipates suggesting to the publishers the preparation of a modified edition for use among Indians. Although publishers in general are hesitant to consider such special editions owing to their fear that the number of texts sold will not compensate them for the expense involved, we are hopeful that it may be possible to interest them in such a project. Your interest in the same problem is significant at this time.

I am writing our printers, asking them to send you two copies of the Indian Service book list which you request. I shall be glad to hear from you further, and will keep you informed if we make any progress.

Very sincerely yours,

Edna A. Gerken

Memorandum:

Ottawa, August 5, 1946.

Mr. Moore.

The Health Text for Use in Indian Schools.

I have now completed my survey on health texts which are authorized or recommended by the various provincial Departments of Education. I have also written to the Education Branch of the United States Indian Service and I attach a copy of a letter which I received in answer.

Throughout the selection of this series I have worked in close co-operation with Doctor Moore and Doctor Bolton who agree that the series which I have now recommended is the best available at present for use in our schools. I have also contacted the officials of the Department of National Health and Welfare who apparently have not at present any survey made of health text books.

The series which I have selected is GOOD HEALTH AND HEALTHY LIVING. The chief editor is Doctor Andress, editor of the School and Health Department in "Hygeia". My survey shows that two or more of this series are authorized texts for New Brunswick, Quebec, Manitoba and Saskatchewan. It is also recommended for use in the provinces of Prince Edward Island, Ontario and British Columbia.

The following texts are enclosed for your consideration:

Grade 1	- Spick and Span (for teacher's use only)	.[illegible]
Grade 2	- Health Parade (for teacher's use only)	.[illegible]
Grade 3	- Growing Big and Strong (for teacher's use only)	.68
Grade 4	- Safety Every Day (for teacher's use only)	.[illegible]
Grade 5-6	- Health, Safety and Success (for pupil's use)	.76
Grade 7-8	- Your Health and Safety (for pupil's use)	.[illegible]

From an educational point of view these books are well organized on cyclical units. This will be especially beneficial in our one-room day schools. It will mean that the teachers will be able to teach two grades together by staggering the material. The same units recur in each book throughout the series, but become progressively more difficult as the grades advance. The final feature, which will be a great help to our teachers, is the test which occurs at the end of each unit.

Dear Sir:

A Health Text-book Series for Use in Indian Schools.

I have now completed a survey of all the health texts which are authorized or recommended by the various provincial Departments of Education.

By far the most widely used series is Safe and Healthy Living, by Andress, Goldberger, et al. This is published by Ginn and Company. It is really a revision of the "Success and Health" books which we now have in use.

Therefore, the Director has concurred in my recommendation that the Safe and Healthy Living series be taken into use in our Indian schools.

The following are the texts of this series:

For Teacher's Use Only

Grade I	-	Spick and Span	.80¢
" II	-	Health Parade	.80¢
" III	-	Growing Big and Strong	.88¢
" IV	-	Safety Every Day	.88¢

For Pupil's Use

Grades V & VI	-	Health, Safety and Success	.76¢
" VII & VIII	-	Your Health and Safety	.80.

Col. Bernard F. Neary,
Supt. of Welfare & Training,
Indian Affairs Branch,
Department of Mines and Resources,
Ottawa, Ont.

Dear Col. Neary,

In response to your request of August 17 we are glad to send you under separate cover 3 copies of the booklet showing report forms proposed for school statistics other than financial by our last conference with the provincial Departments of Education (December, 1942). We are also including a copy of the companion pamphlet showing the financial report forms proposed.

We are also sending you a copy of our last annual bulletin on teachers' salaries, showing the distribution in all provinces except Quebec. There is no province yet, so far as we have heard, where province-wide salary scales are enforced, although such plans in Saskatchewan we understand have reached an advanced stage, and have been in effect in England for 20 years or more (Burnham Scales). The common practice here is rather a statutory minimum salary in each province, less than which the school boards may not pay without the specific consent of the Department of Education.

Yours sincerely,

John E. Robbins,
Chief, Education Branch.

DEPARTMENT OF MINES AND RESOURCES

INDIAN AFFAIRS BRANCH

Ottawa, August 16th, 1946.

MEMORANDUM:

MR. MCEY.

See number

Survey of Readers authorized for use by provincial Departments of Education.

As you are probably aware, many of the Inspectors' reports of the past year have made strong recommendations that we change the Readers we are now using, especially in the primary grades.

For Catholic Schools.

As the Catholic Readers used in our Catholic Schools have been recently revised, they are now fairly satisfactory. However, they are still weak in Grade One and Grade Two. I intend to bring this to the attention of Father Plourde upon his return to Ottawa. At present, there is little we can do to improve this situation.

For Non-Catholic Schools:

The attached survey sheet shows that the most popular series used by the provinces is the Basic Reader Texts of the Curriculum Foundation Series. This is now authorized in four provinces and is shortly to be adopted in the fifth. It is also recommended in Ontario and in

- Prince

Indian Affairs. School Files.
(RG 10, Volume 6010, File 1-1-4, part 5)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR COPY

Prince Edward Island. I also attach a copy of the report of a Committee set up by the four western provinces to investigate the adoption of a uniform text for use in the schools of these provinces. You will note that they decided in favour of the Curriculum Foundation Series.

I have studied this Series and find it well adapted for use in our Indian schools. Only Basic English words are used throughout. Dr. Gray, the Author, is the leading American authority on Methodology in Reading and he has prepared the books so that the Vocabulary List recurs so frequently as to make reading by slower children relatively easy. There are several other features that will appeal to our Indian teachers. One is the excellent Guide Books for use by the teachers. This should prove especially useful for our unqualified teachers. Another feature is the very careful arrangement of material for children first entering school. This should help to overcome the language difficulties which so many of our teachers encounter. The Indian schools in Alaska have already found this Series superior to all others in this regard.

As this Series is quite expensive, I would recommend that we adopt it in our schools in two stages (this is being done by some of the provinces) as follows:

(a) Grades I and II - for adoption in the school year 1946-47.
(b) Grades III to VIII - for adoption in the school year 1947-48.

approved D.J.C.

Guide books appear to be very good.

APPENDIX B

INTERPROVINCIAL COMMITTEE ON SCHOOL READERS

In March 1944, there was established a Committee of representatives of the four Western Departments of Education to discuss problems relating to the use of Basic and Supplementary Readers in elementary grades and the possibility of providing suitable readers at a reasonable cost.

At the first meeting this Committee stated that the Highroads Series was not suitable to their needs. It agreed to recommend for experimental use the following sets of Readers and to consider reports of them at the next meeting of the Committee:

Easy Growth in Reading,
Reading for Interest,
New Work-Play,
Curriculum Foundation Series.

At the second meeting the Committee expressed the following needs:

1. For general purpose as the basic series for Grades 1, 2 and 3, preference was given to the Curriculum Foundation Series.

2. For special use for quicker pupils, it recommends the New Work-Play Series.

3. For slower pupils, it considers that the Easy Growth Series was best.

At the time, the Committee found that it was not able to make a definite recommendation on readers for Grades 3 to 6.

Dear Sir:-

We have received your letter of August 16th informing us that you were directing Mr. Driscoll, Superintendent of Stationery to forward us a copy of "Joe and Ruth Go To School".

Unfortunately, the copy has not yet been received. As our printers are urgently in need of this, we should appreciate anything you might be able to do to expedite the mailing of this book.

Yours very truly,

Mr. B. F. Neary,
Supt. of Welfare and Training,
Indian Affairs Branch,
Dept. of Mines and Resources,
Ottawa, Ont.

Dear Mr. Neary:

We have received your letter of August 19th with reference to the CATHEDRAL NEW BASIC READERS. While the Protestant edition of this series has been Canadianized up to the end of Grade III and is produced in our plant in Toronto, the Catholic edition is published by Scott, Foresman and Company of Chicago. The changes which have been made to meet the standards of Canadian educationists are slight and involve mainly punctuation and spelling, so that the Catholic schools throughout Canada find the CATHEDRAL NEW BASICS quite acceptable. We believe, therefore, that they could be used to advantage in your Catholic Indian Schools.

Under separate cover we are sending with our compliments the following books in the Cathedral edition:

WE COME AND GO
OUR NEW FRIENDS
MORE FRIENDS AND NEIGHBOURS
THINK-AND-DO FOR PRE-PRIMER PROGRAM
THINK-AND-DO FOR FUN WITH DICK AND JANE
THINK-AND-DO FOR OUR NEW FRIENDS
THINK-AND-DO FOR FRIENDS AND NEIGHBOURS
THINK-AND-DO FOR MORE FRIENDS AND NEIGHBOURS

FRIENDS AND NEIGHBOURS is out of stock at present, but as soon as copies are received, we shall forward one to you.

We are enclosing order forms for the CATHEDRAL BASIC READERS, which you may find useful when ordering books in this series.

Sincerely yours,
W. J. GAGE & CO. LIMITED

Ottawa, September 3, 1946.

Dear Henry:

In a letter dated April 10, 1946, you wrote to me with reference to an order for additional copies of "Joe and Ruth Go to School". In that letter you stated that you had nine thousand three hundred and fifty copies in stock. On July 10th, I wrote the Stationery Office requesting them to order two thousand copies and I advised you to this effect on the same date.

While I was absent on holidays in August, two letters arrived at the office, one dated August 15th and the other August 22nd. These letters were signed by Dorothy Henry and in each case a copy of "Joe and Ruth Go to School" was requested in connection with the reprinting of this book.

These two letters have just been brought to my attention. I can not understand why they were written in view of the statement contained in your letter of April 10th.

The order for two thousand was placed on the distinct understanding that these books were in stock.

Yours truly,

Philip Phelan,
Chief, Training Division.

[illegible]

Dear Sir:

During the recent War, we learned that Mrs. Grace Rogers, (sister of the late Honourable Norman Rogers, Minister of National Defence) had written a series of articles of her recollections of Acadia, which appeared in the Halifax Herald, and which aroused much interest at the time, and a number of requests to have them published in book form ...

This book, originally written in 1938, by a woman intimately acquainted with the spirit of the Acadian people, an interesting writing, enriched by her long years of Acadia and Nova Scotia research (she is a member of the N.S. Historical Society) contains many unpublished and hitherto unpublished historical [illegible], especially suitable for use in juvenile study.

[illegible], but the [illegible] full book-length, [illegible] in many foreign countries by school boards, [illegible] by clergymen and Holy [illegible] the finest work to come out of Nova Scotia, and no [illegible]."

With the personal aid of the Right Honourable Mr. MacKenzie King, and the Honourable J. L. Ralston, we not only quickly placed all these unsold copies with school boards and other bodies, but sadly were faced with an accumulated order for about 600 copies, which we could not fill - the usual paper shortage of paper prohibited reprinting until this month, when Mrs. Rogers succeeded in obtaining another small issue, just now off the press.

This book sells at $2.50 per copy in the U.S.A. and Canada, and we are glad to offer it to you at $1.90 net, in quantities of 100 or more. A sample copy will be gladly sent on request. We urge you by all means to consider this important item.

(already sent you.)

Yours sincerely,

Borden Clarke

OLD AUTHORS FARM
A SPECIAL INTERESTING PROPOSAL FOR
CANADIAN SCHOOL BOARDS.....

August 19, 1946

Dear Sir;

During the recent War, we learned that Mrs. Grace Rogers,(Mother of the late Honourable Norman Rogers, Minister of National Defense)had a remainder of several hundred copies of her remarkably fine Canadian classic, " STORIES OF THE LAND OF EVANGELINE ".Being past the 80 mark, she is no longer endowed with the essentialmeans of caring for the routine sales....

This work, originally written in 1898, by a woman singularly endowed with the gift of fine and interesting writing,and strengthened by her long years of Acadia and Nova Scotia research studies (co-founderof the N.S. Historical Society) contains some twenty original manuscript historical essays and novels, especially adapted to teaching and juvenile study.

Mrs.Rogershas written some dozen other books,but this is her primery and greatest work. It is full book-length, some 350 pages,adopted in many foreign countries by school boards, priclaimed by Oliver Wendell Holmes" as the finest work to come out of Nova Scotia, to his knowledge."

With the personal aid of the Right Honourable Mr. MacKenzie King, and the Honourable J.L.Ralston, we not only quickly placed all these unsold copies with school boards and other bodies, but suddenly were faced with an accumulated order for about 600 copies, which we could not fill - the usual war shortage of paper prohibited reprinting until this month, when Mrs. Rogers succeeded in obtaining another small issue, just now off the press.

This book sells at $2.50 per copy in the U.S.A.and Canada, and we are glad to offer it to you at $1.90 net, in quantities of 100 or more. A sample copy will be gladly sent on request. We urge you by all means to consider this important item.

Sept. 4, 1946

Department of Indian Affairs
Ottawa

Gentlemen:

The enclosed excerpts from comments and reviews on MONUMENTS IN CEDAR will demonstrate to you how favorably this book on the Northwest Indian art has been received in authoritative circles.

As publisher, it occurs to me that this book which so authoritetively discusses the art and customs of the British Columbia-Alaskan Indian should be a must in the Indian schools and libraries of Canada. For your information, orders already have been placed by the U.S. Office of Indian Affairs and by now copies doubtless have reached all of the Indian schools in Alaska as well as many in the States.

Although the book retails for $3 U.S.funds, a very substantial discount would be made to you for quantities in the hundreds.

If you wish a sample copy for study, or any further information, please write.

Very truly yours,

Roy Anderson

MONUMENTS IN CEDAR

by

EDWARD L. KEITHAHN

Curator and Librarian, Alaska Historical Library and Museum, Juneau

IN the pages of this authentic, understandable book, Edward L. (for Linnaeus) Keithahn brings to life, for layman or scholar, the fascinating story of the Northwest Coast's first families—the legends etched on their world-famed totem-poles, the primitive banking and insurance system of their great Potlatches, and many colorful details of their customs and beliefs. Mr. Keithahn was born in 1900 at Tenino, Washington. A graduate of the Central College of Education at Ellensburg and of the University of Washington, he engaged in teaching and newspaper work in his home state, and for 15 years he taught among the Indians and Eskimos of Alaska for the Office of Indian Affairs — at Shismaref, Kake, Hydaburg and Wrangell. Since 1941 he has gained even wider knowledge of Northwest Coast Indian culture as curator of Alaska's historical museum.

He is the author of another book—"Igloo Tales"—and of numerous popular and professional articles. He is a member of the American Anthropological Society, of the Outdoor Writers Association, and—as a veteran of World War I, of the National Guard, and of the Alaska territorial guard —of the American Legion.

$3.00 a copy, from your bookseller or direct from the publisher, Roy Anderson, [redacted] 11, Ketchikan, Alaska.

With map of Totempoles region and 50 pictures.

Excerpts from comments and reviews of the book MONUMENTS IN CEDAR by Edward L. Keithahn, curator-librarian of the Alaska Historical Library and Museum, Juneau, who was for many years a teacher for the Office of Indian Affairs.

MONUMENTS IN CEDAR, by Edward L. Keithahn, published by Roy Anderson, Box 86, Ketchikan, Alaska; 160 pages, 58 pictures, large map of totempolar region, enthnological chart.

"...one of the most unusual and delightful as well as useful books we have seen in a long time."--Bertha Aldrich, Librarian, Miami Beach, Fla., Public Library.

"...an almost complete handbook...."--D.R.in Chicago Daily News.

"...a competent guide....The legends are well interpreted and retain the native flavor and style....The author's long acquaintenance with the people and his intimate knowledge of their oral literature have made the excellent presentation possible....This volume is a must for every student of Northwest history."--Dr. Viola E. Garfield, Assistant Professor, Department of Anthropology, University of Washington, in the Pacific Northwest Quarterly.

"...many excellent photographs....Interpretation of the totems is discussed with intelligent appreciation...."--World in Books.

"...remarkable book...a most valuable addition to authoritative publications relative to the Pacific Coast tribes...a scientific study in popular form...exceptionally well illustrated...excellently printed....Monuments in Cedar is bound to become regarded as an outstanding and authoritative book....It should be on every library shelf."--B.A. McKelvie in the Vancouver Province.

"...interesting...."--Joseph Henry Jackson in San Francisco Chronicle.

"...A fascinating story in a well-illustrated book."--Paul Jordan-Smith in Los Angeles Times.

"...a very comprehensive book...interesting..."--Rae Anderson in Vancouver Sun.

"...Keithahn...writes colorfully of the fascinating story of the Northwest Coast's first families...."--Dorothy Callahan in Fort Wayne News-Sentinel.

"...a historical and ethnological treatise on some of the most interesting Indian tribes in North America, written understandably for all. ...well illustrated and edited..."--Linn A. Forrest in Journal of Forestry.

The book also is listed and reviewed in the AMERICAN LIBRARY ASSOCIATION BOOKLIST for March 1, 1946.

Ottawa, Ont.

Dear Mr. Neary:-

It was a great pleasure to meet you the other day, and I shall look forward to seeing you in Ottawa when I am there during the first part of October.

I have been thinking over the titles of some possible texts to fit your requirements as outlined to us, and I am sending to you, for your consideration, under separate cover, the following books:-

For Natural Science.

Grade VII and VIII EVERYDAY SCIENCE by Partridge.
Grades I to VIII THE SCIENTIFIC LIVING SERIES.

The SCIENTIFIC LIVING SERIES has proved most popular in all the schools in other Provinces, and I believe should be very well liked by Indians because of their beautiful illustrations in colour.

I am also sending to you, USING OUR LANGUAGE, two English texts for Grades VII to VIII. We plan to issue the revised editions of these together with new texts for Grades V and VI, sometime next year.

For Social Studies.

I am sending you copies of OUR PRAIRIE PROVINCES and THE STORY OF OUR CANADIAN NORTHLAND, the first two books in a Series of texts for Grades V to VII, dealing with history and geography of each province in the Dominion. The next book to appear in the Series will be the STORY OF ONTARIO.

I think you know most of our workbooks, but possibly you are not acquainted with our READING DEVELOPMENT WORKBOOK, a copy of which I am sending to you also.

As soon as we get our stock of ARTS AND CRAFTS FOR CANADIAN SCHOOLS, I am sending Mr. A. J. Doucet a copy.

Memorandum:

MR. HOEY:

Natural Science through the Seasons -

There has been a considerable demand on the part of our teachers for a reference book in Natural Science. I have recently studied several books of this nature and would like to recommend for your attention the textbook which I attach.

The author is the Principal of the Provincial Normal School at North Bay. The Ontario Department of Education officials are very enthusiastic about this book. It is especially designed for the teacher of the one-room day school in the country. The stress throughout is laid on the encouragement of active attitudes of observation and inquiry, an understanding of the natural phenomena in our environment, and the inspiring of a healthy enjoyable means of spending ones leisure time.

Every effort is made to encourage pupil activities. As you glance through the book you will note suggestions for terraria, vivaria, aquaria (page 29), the beautification of school grounds (page 67, page 76, page 403, page 413, page 418), the feeding of birds (page 188, page 191 and page 355), conservation of animal life and forest life (page 97, page 180, page 279, page 459, etc.)

The book is very practical and contains little that could not be put into actual use by an enterprising teacher in most of our Indian schools. To a child raised in the country, natural science as outlined in this book should do much to create an active interest in school. I have always found that a schoolroom which is attractive can do much to stimulate the child to want to attend such a school. By the use of items such as classroom

Ottawa, Ontario

Dear Colonel Neary:

Further to our conversation of Tuesday last we are forwarding to you now, with our compliments, copies of the following books:

PRACTICE STEPS IN ENGLISH--Books I-VI inclusive .45 each

These are the workbooks to accompany our STEP BY STEP IN ENGLISH Series by Bair, Neal, Foster, Storm and Sanders, and we shall appreciate having your comments on them in due course.

In addition to this we are including with the shipment a sample set of the TEXT WORKBOOK EDITION of PUPILS' OWN VOCABULARY SPELLERS, Grades II-VIII. Grade VI is missing from the parcel, but will be forwarded as soon as stock is again available here. These have a list price of 40¢ each.

Mr. Gray plans to be in Ottawa on Tuesday and Wednesday, October 8 and 9, and will telephone you in the hope of making an appointment to suit your convenience. He will welcome an opportunity to discuss our publications with you, at that time.

Yours very truly,

for THE MACMILLAN COMPANY OF CANADA LIMITED

Mr. T.R.L. MacInnes
Indian Affairs Branch
Ottawa, Canada

Dear Mr. MacInnes:

Thank you very much for your letter of September 11th.

I should be more than happy to give you permission to reproduce some of my Indian pictures for use in your Indian school books because I am always ready to contribute to the welfare of the Indians whom I consider my best friends. Also I am glad to do this because the Canadian Indian Service has been so helpful to me when I explored the Blood Indian country years ago. Mr. Pew, who was the agent at that time, gave me such splendid cooperation that I am delighted that an opportunity has arisen whereby I can show my appreciation.

It has always given me no end of pleasure to find your Indians in such good physical and spiritual condition and my days with them will always be one of my dearest memories. If I can be of further service to you, please let me know.

Very sincerely yours,

Winold Reiss

SEP 18
REGISTERED

Mr. Philip Phelan,
Department of Indian Affairs,
163 Booth Street,
OTTAWA, Ontario.

Dear Mr. Phelan:

Some time ago, we sent you OPPORTUNITY WORK BOOKS IN ARITHMETIC in which you showed considerable interest for use in the Indian schools.

These have proven very popular and due to the insistent demands of teachers all over Canada, we have now produced the OPPORTUNITY WORK BOOKS IN ENGLISH. There is one book for each grade from 3 to 8.

These should be particularly interesting to you because of the fact that they are editorially and pedagogically sound and are also low in price. They are priced the same as the OPPORTUNITY WORK BOOKS IN ARITHMETIC, namely 25¢ per copy retail. This price is, of course, subject to your usual discount of 20%, plus transportation from Toronto.

Feeling that you would be interested in these books, we are sending you a sample set today. If there are any other officials who would be interested in examining these, kindly let us know and we shall forward them a set also.

It is quite some time now since I had/the pleasure of being in Ottawa since there seems to be so much work to do in Toronto. However, I hope that some time in the not too distant future, I may get down.

Kindest regards to Mrs. Phelan and yourself.

Yours truly,

W. R. McCulley,
Educational Department.

Dear Miss Godwin:-

I am enclosing herewith four pictures which may be suitable for the Book of Knowledge people.

I would appreciate it if these pictures could be returned when they have served their purpose for reasons explained to you on the telephone.

Thank you very much for your interest in this matter and I regret that we have not a wider selection. However, two or three of these will, I think, serve the purpose very well. You will note that the subject is identified on the back of each print.

Yours very truly,

Eric Acland

Dear Sir:

I attach the booklet and pictures I discussed with you over the telephone.

It is our intention to provide for our Indian schools a series of social studies books and pictures to acquaint the young Indian with the history and culture of his race. Do you feel the attached would be suitable?

I would also appreciate your suggestions as to other suitable material. We are already ordering certain of the United States Indian Services publications of similar nature.

Sincerely yours,

Bernard F. Neary,
Supt. of Welfare & Training.

Cerema Reader - Our First Book

Reference your letter of September 24, dealing with your present supply of the above book.

We are at present conducting a survey into the various series of Catholic Readers now on the market. It may be that a change will be made from the present Catholic reader now being supplied to the Indian schools. A final decision in this regard should be reached by about November 30, 1946. Therefore I would suggest that this book order of 150 copies be cancelled until a definite decision on the Cerema series is reached.

Dear Mr. Neary:

Thank you for your letter of October 8, asking for copies of our latest catalogues. We have just issued a new catalogue of our books for Elementary Schools which includes our own publications and those of our British and American principals. A copy of this is going to you, under separate cover. Most of our lists of books for Secondary Schools are reprinting at the moment, and we hope to have them available for mailing sometime during the Winter.

We should be very glad to be of service to your Department and to teachers in the Indian schools and if you feel, at any time, that we might be able to supply information on specific problems, I hope that you will not hesitate to let us know. Would you care to have a quantity of our Elementary catalogue for distribution to teachers under your jurisdiction? Or, if you prefer to provide us with a list, we could do the mailing from here.

If it would be helpful for you to have sample copies of some of our books on your shelf for reference, we should be glad to supply them. I do not feel that I am sufficiently familiar with the needs of the Indian schools to select from our lists those that would be most useful but, if you find in our catalogue certain titles that interest you particularly and that you would like to examine, please let me know.

Yours very truly,

Irene McCordick

THE MACMILLAN COMPANY OF CANADA LIMITED

ST MARTIN'S HOUSE – TO BOND STREET

TORONTO 2

CABLE ADDRESS MACMILLAN TORONTO

MR J M. GRAY'S OFFICE

Miss Dunlop
to file
JM

October 21st, 1946.

Dear Mr. Neary:-

Following my call on you of last week, we sent forward to you representative samples of the series in which you had expressed interest and would seem to be immediately useful in your curricula provision.

I attach herewith lists of the titles in the TONE AND RHYTHM SERIES of Catholic music books, NEW IDEAL CATHOLIC READERS, and the CRAFTSMEN'S LIBRARY. At your express request we have sent only sample titles of each series, and these are indicated on the list by a small red x. In the case of the Catholic readers, I believe you are not interested above Grade II in any case, and in both TONE AND RHYTHM and CRAFTSMEN'S you wanted enough material to evaluate the series in general for your purposes. This I think the samples should permit you to do satisfactorily.

We should be delighted to hear from you if there are any inquiries arising out of consideration of these. Ample stock is on hand of the CRAFTSMEN books, since these are manufactured in this country. In certain cases with the other two series there might be delay in supplying you with large quantities. We should therefore be grateful for as much notice as you can give us of any use you expect to make of them.

Thank you very much again for the opportunity of an interesting talk with you, and please feel free to call on us at any time for any help we may be able to give you in your work.

Yours sincerely,

John Gray

Ottawa, October 30, 1946.

Dear Sirs:

We are in the process of revising the books used in our Indian schools. The question has been raised by several Roman Catholics Schools of changing the Catechisms and Bible Histories for something more in line with modern educational progress. There is being held in Ottawa a conference with Oblate authorities, on November 12th. Could we be provided with sample copies of any new books which you have on the following religious topics for consideration at this conference:

(a). A simple First Communion Catechism with illustrations.
(b). A Catechism suitable for grades two, three and four.
(c). A Catechism suitable for grades five to eight.
(d). A Bible History suitable for grades five to eight.

We would prefer the workbook type of Catechism as many of our schools are one-room day schools in which the teacher must have suitable study material provided for the Indian students.

Sincerely yours,

B F Neary

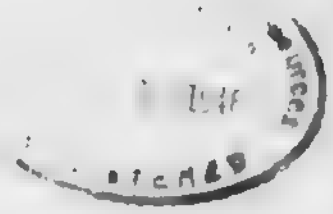
November 5, 1946.



Mr. B. Neary,
Department of Indian Affairs,
Sparks Street,
Ottawa, Ontario.

Dear Mr. Neary:-

When I was in Ottawa you intimated to me that the Department would probably be using a quantity of our book "A Simplified Knitting Guide for Home and School".

Unfortunately, we find we have only twenty-seven copies of this book left in stock, and as you will recall the book is mimeographed in several colours so that to reprint it we would probably not be able to resell it at the same low price of fifty cents a copy, its originally published price.

If there is any prospect that the Department will be using a reasonable quantity of this book every year, we would be prepared to set the book up in type in a more attractive format to sell at perhaps $1.00 a copy, subject to discount.

I am making this inquiry, as although we sell the book in other parts of the Dominion, it would help us considerably to know how many copies a year approximately the Department might be needing if the book was made available in a new format.

In the meanwhile, you might like to have the 27 copies of the balance of the edition put aside for your needs, which we shall be pleased to do if you will advise accordingly.

Yours sincerely,

C. J. Eustace.

Ottawa, November 12th, 1946.

Dear Mr. Eustace:

We are arranging to place an order for the 27 copies of "A Simplified Knitting Guide for Home and School" to which you refer in your letter of November 5th.

This Book has already received a wide circulation in our schools and, as it is primarily a teacher's book and is used only by the older girls, there is not a heavy demand for it. I would say that, at the outside, we would be able to use only 100 copies a year. I hope this is the information which you seek.

Sincerely yours,

Bernard F. Neary,
Supt. of Welfare and Training.

Attention - Bernard F. Neary

I have these books

Dear Sirs:

We are in receipt of your favour of the 3rd inst. We are sending you by concurrent express samples of First Communion Catechisms, Illustrated, for Grades 2-3-4, also Catechisms for Grades 5 - 8; Bible Histories suitable for Grades 5 - 8; also Bible Stories for Little Children. We are enclosing some Catechism Advertising Sheets giving you a list of the books largely used by the Ontario Schools, and Catechetical Sheets for Teaching purposes. Our Teachers seem to find these sheets of great help.

We think probably if this selection were submitted to the Oblate Fathers they might be able to make a selection of something that would suit your Indian Schools.

Thanking you very much for your letter of inquiry, we remain

Yours very truly,

LANDY & CO., LIMITED

Ottawa, November 20th, 1946.

Dear Sir:

School Text Requirements for Indian Schools.

Further to our recent conversation, I am enclosing a copy of the Order Form recently issued as Appendix A to our Indian School Bulletin, Volume I.

These books will be in use in our schools for some-time to come and, therefore, you can continue to re-stock most of them without reference to this office.

The exception is the Handicrafts Texts. As you are aware, there was a big stock of most of these books on your shelves, and they were included in this list so that teachers would know what texts were available for this subject. As many of these are older books, it is not desired to re-stock the following titles:

1. Working in Leather,
2. Arts and Crafts for Children,
3. Playing With Clay,
4. With Scissors and Paste.

If you will inform us when the above books are out of stock, we will arrange to subetitute some other handicraft books which you still have on hand.

Yours sincerely,

Bernard F. Neary,
Supt. of Welfare and Training.

Mr. B. F. Neary,
Superintendent of Welfare and Training,
Department of Indian Affairs,
Spark Street,
Ottawa, Ontario.

Dear Mr. Neary:-

This is to acknowledge with thanks your letter of November 12th and to tell you that we have set aside the balance of our stock of the SIMPLIFIED KNITTING GUIDE FOR HOME AND SCHOOL for the requirements of the Indian schools.

As you would only be able to use a hundred copies a year, I do not believe that it would be worth our while to reprint this book, although we might possibly get a little wider sale for it outside of your schools if the format was in cloth boards. We will go into this matter and write you finally about it in the near future.

Yours sincerely,

O. J. Eustace.

OJE/H.

Mr.Bernard Neary,
Supervisor of Welfare & Training,
Department of Mines and Resources,
Booth Building,
O T T A W A

Dear Mr.Neary:-

When I was in Ottawa you asked for some information regarding Reverend Father O'Brien, who is the editor of the Catholic Edition of the NEW BASIC READERS. I have already written to Chicago for some information, but on checking a listing that I have here in some Scott Foresman material, I find a very fine comment on Father O'Brien, and I quote as follows:

O'BRIEN, Rev. John A. (Cathedral Basic Readers)

Received training in Spalding Institute, Peoria, Illinois; graduated from St.Viator College, Bourbonnate, Illinois; was ordained - Holy Cross College, Worcester, Massachusetts; majored in work for Catholic Education in the Catholic University of America in Washington, D.C.
Appointed Superintendent of Schools in Peoria Diocese and Chaplain to Catholic students at University of Illinois. Did research in silent reading at University of Illinois and University of Chicago. Was one of first to use slides and movies to show eye movement. Founded Newman Club and inspired awarding of Newman medal for outstanding citizenship work. Prominent in lecture field. Is now Professor of Philosophy of Religion at University of Notre Dame.
Author of Evolution and Religion, Silent Reading, The Church and Birth Control, The White Way, The Faith of Millions, et al.
Contributor to The Sunday Visitor.

No doubt you will wish to pass this information on to some of the Catholic authorities in Ottawa, and if we have anything further from Chicago that differs from the above, you will be kept fully advised.

Very sincerely yours,
Frank Strowbridge

Dear Mr. Strowbridge:

I have received your letter of December 11th, and appreciate very much the information concerning Father O'Brien.

I have passed this information directly to Father Plourde, who is the Superintendent of Indian Schools conducted by the Oblate Order. Any further information obtainable on Father O'Brien we can pass in a similar manner.

Yours sincerely,

Bernard F. Neary,
Supt. of Welfare and Training.

Dear Father Plourde:

Catholic Edition of Basic Readers.

Further to our recent conversation concerning a new Catholic Reader Series suitable for use in Indian schools, I have today received the following information concerning Father O'Brien who edited the Catholic Edition of the Basic Readers:

"O'BRIEN, Rev. John A. (Cathedral Basic Readers)

Received training in Spalding Institute, Peoria, Illinois; graduated from St. Viator College, Bourbonnais, Illinois; was ordained - Holy Cross College, Worcester, Massachusetts; majored in work for Catholic Education in the Catholic University of America in Washington, D.C.

Dear Mr. Neary:-

When I worked in Ottawa last week I promised to send to you the CURRICULUM FOUNDATION SERIES, and at that time I mentioned that some books were not available. Under separate cover you will receive the following books:

5	copies	NUMBER STORIES, Book I
5	"	" " " II
5	"	FIVE IN THE FAMILY
5	"	Teacher's LOOK AND LEARN
5	"	Teacher's ALL AROUND US
5	"	Teacher's HOW DO WE KNOW
1	"	Pupil's LOOK AND LEARN
1	"	Pupil's ALL AROUND US
1	"	Pupil's HOW DO WE KNOW
5	"	PETER'S FAMILY
5		HELLO DAVID.

These books will enable you to have some supplementary material to send to the inspectors working under your direction, and when stocks are available we shall send to you 5 copies each of GOOD TIMES WITH OUR FRIENDS and THREE FRIENDS, the two books that are used to begin our Health and Personal Development Series.

There are a number of other books that should be sent to you, and as soon as we have the opportunity of checking our stocks we shall see that they go to you, but in the meantime your may enjoy the use of these particular texts.

I leave for Chicago this week-end to attend the Scott Foresman Conference, and on my return I may have some interesting things to write to you about.

With kindest regards,

Very sincerely yours,
F. R. Strowbridge

Corona Reader Series

Dear Sirs:

As you are aware, we are using the above Series in all our Roman Catholic Indian day and residential schools.

We have recently adopted the Basic Readers of the Curriculum Foundation Series for Protestant schools. We are now receiving a number of communications from Catholic teachers requesting a supply also of these new books. They seem to feel that these are better than the texts provided for Grades One and Two in the Corona Series. Your recent revision of Corona Readers in the upper grades is proving quite satisfactory. Could we now please be advised if there is any possibility of a revision of the Grades One and Two texts in the Corona Series.

Yours sincerely,

Bernard F. Neary,
Supt. of Welfare & Training.

Dear Father Piche:

Catechism Survey

We have received from the publishers copies of several new catechisms and are anxious to find out if these are better than the texts presently being supplied by the Department. Within the near future you will receive copies of the following Catechisms:

1. My First Communion Catechism,
2. Father McGuire's New Baltimore Catechism, No. I,
3. Baltimore Catechism, No. I - Study Lessons (Dr. Moran),

Insofar as "My First Communion Catechism" is concerned, we would like to have a report as to whether this is suitable in its content and reading word comprehension for Indian children. Would you, therefore, try this text with a number of your younger children and let us have your comments upon it in June?

The other two Catechisms are separate revisions of the Baltimore Catechism No. I. In each case they are illustrated and are complete with study exercises and reading practices. We would like you to use these two texts with separate groups of students and report upon their suitability for use by Indian children.

It may be that you are using, or know of another catechism which would be more suitable than any of the above three. In such case, the Department would appreciate your letting us know the name of the text.

Sincerely,

Bernard F. Neary,
Supt. of Welfare and Training.

Managing Director

GINN AND COMPANY: PUBLISHERS

FOUNDED IN 1867 BY EDWIN GINN

863 Bay Street, Toronto 5

December 19, 1946.

Mr. Bernard F. Neary,
Supt. of Welfare & Training,
Department of Mines and Resources,
Indian Affairs Branch,
Ottawa, Ontario.

Dear Mr. Neary,

Thank you for your letter of December 16th. We are surprised to learn that the CANADIAN CATHOLIC CORONA READERS for grades one and two are not satisfactory to the Catholic teachers since this is the first complaint we have had. This series is extremely popular throughout Canada.

However, since the teachers are requesting more up-to-date readers for grades one and two, we suggest that you substitute the FAITH AND FREEDOM READERS. This excellent series of basal readers for Catholic schools was directly inspired by the Apostolic letter of Pope Pius XI to the American Bishops in which he urged a restatement of the traditional Christian teaching regarding the nature of man and society. In response, the American Bishops initiated a movement for the instruction in the fundamental nature of democracy and of Christian social living. They turned to The Catholic University of America to forward such a movement and as a result the FAITH AND FREEDOM series was published.

The method of the series has been painstakingly worked out to provide the maximum encouragement and growth for the child who is learning to read. Vocabulary is carefully controlled through the early grades and detailed suggestions to the teacher outline a steady increase in power to read.

The books themselves are unusually attractive, with beautiful illustrations and lively, original stories. They have provided the best answer yet to the problem of teaching reading expertly while conveying a purposeful message. For your information, I list below the readers, workbooks, and teachers' manuals for grades one and two -

Ottawa, January 7th, 1946.

Dear Mr. Driscoll: Jolly Numbers

As you are, no doubt, aware it has been very difficult to keep in stock sufficient quantities of the four workbooks which go to make up the Jolly Numbers Series. I have now received a letter from the publishers, Ginn & Co., in which they state as follows:

> "Mr. Stevenson, our office manager, tells me that there are no back orders unfilled from the Department of Public Printing and Stationery with regard to the four books of the Jolly Number Series. If you require further quantities of the Jolly Numbers Primer in order to fill orders, we are in a position to supply these immediately. The stock of Jolly Numbers Book One and Jolly Numbers Book Two First Half is in somewhat scarce supply, and we doubt that we will be able to arrange reprinting of these two titles until some time in February."

It is suggested that you review your back order situation with regard to this Series with the object of raising each one to at least 700 copies of each title. This will enable us to have on hand sufficient stock to handle the heavy orders which will be received for these books during the summer holidays.

Yours sincerely,

Bernard F. Neary,
Supt. of Welfare and Training.

Ref: "Stationery"

Mr. Bernard F. Neary,
Supt. of Welfare and Training,
Department of Mines and Resources,
Ottawa.

Referring to your letter dated January 7th, requesting me to place in stock 75 copies Social Studies Workbook on Eastern Canada and 75 copies Social Studies Workbook on Western Canada, I wish to advise you I am cancelling these two items as I find I have 100 copies of each on order from Dent which have not yet been supplied. Kindly note.

J. W. DRISCOLL
SUPERINTENDENT OF STATIONERY

January 20th, 1948.

Dear Mr. Driscoll: Joe and Ruth Go To School.

The above text was published some years ago by J. M. Dent & Sons, Toronto, for the Department of Indian Affairs. This Company has some 6,000 copies, in sheets, on hand. Therefore, we have agreed to take 2,000 of these texts from them, at a reduced price of 26 cents each. Formerly, these texts sold at 50 cents, net.

Would you please, therefore, place in stock 2,000 of these at this reduced price of 26 cents each.

We will do everything possible to push the use of this text in our schools, so that they will not burden your shelves too greatly.

Yours sincerely,

Bernard F. Neary,
Supt. of Welfare and Training.

Mr. J. W. Driscoll,
Supt. of Stationery,
Dept. Public Printing & Stationery,
Ottawa, Ont.

Dear Sir:

ATLASES.

It is noted from recent delivery records that the supply of "Canadian School Atlases" published by J.M. Dent and Sons is depleted.

We have recently had brought to our attention a new atlas published by The Book Society of Canada, 88 Richmond Street West, Toronto 1, Ontario. This atlas is entitled "Hammond's Comparative World Atlas Canadian Edition". This atlas contains maps of the provinces and would be quite satisfactory for use in our schools. The current retail price is ninety-five cents. It is suggested that you place in stock one hundred and fifty of these atlases, providing that Dent's atlases have not arrived in the meantime.

Yours truly,

Bernard F. Neary,
Supt. of Welfare & Training.

Mr. J.W. Driscoll,
Supt. of Stationery,

Supplementary and Library Books.

Dear Mr. Driscoll:

It is our intention to order now, while stocks are available, the supplementary reading and library books which will be issued to our schools next Spring and Summer. Would you, therefore, please place in stock the following quantities of books:

Our Foreign Friends Series:

50 copies Abdul of Arabia
50 " Ching Ling and Ting Ling
50 " Wilhelmina of Holland
50 " Kala a Hawaiian Boy
50 " Olga of Norway
50 " Manual of Mexico.

My First Book Series:

25 copies Little Black Sambo
25 " The Tale of Peter Rabbit
25 " Three Little Pigs
25 " The Little Red Hen.

My Own Fairy Book Series:

25 copies Cinderella
25 " Jack and the Beanstalk
25 " Little Red Riding Hood
25 " Puss in Boots
25 " Three Bears
25 " Tom Thumb.

Bedtime Nature Series:

25 copies A Merry Coasting Party
25 " A Robber Meets His Match
25 " Paddy's Surprise Visitor
25 " Peter Rabbit Proves a Friend.

JJ to Mr. Crackwell

Education Division. 1-1-4X (E)

Ottawa, April 3rd, 1948.

Dear Mr. Driscoll:

You will recall that last year we purchased 30 sets of the Book of Knowledge and 10 sets of the Grolier Encyclopedia from the Grolier Society Limited, The Federal Building, Toronto 1, Ont.

We have just had a visit from Mr. Crackwell, their representative, who advises us that they have a further number of demonstration sets available for us at a special price. The normal price of these sets is $79 but they have quoted us a figure of $44. Therefore, it would be appreciated if you would place in stock the following quantities of these sets:

(a) 15 sets Grolier Encyclopedia,
(b) 10 sets Book of Knowledge.

It is understood that we will receive this special price of $44 a set for each of the above series.

Yours sincerely,

Bernard F. Neary,
Supt. of Indian Education.

Plastic Penholders.

Dear Mr. Driscoll:

I have recently had a visit from Mr. Bounsall of W. J. Gage & Co. Ltd., 82-94 Spadina Ave., Toronto, Ont., and he has shown me the new plastic penholders which they are now placing on the market.

I would very much like to have these tried out in our Indian schools as they would seem to be better than the wooden ones at present being used. Apparently they are quite strong and will stand being dropped or thrown on the floor; they are more hygienic as they cannot be "chewed upon", and they should last longer.

Therefore, I am attaching hereto a requisition for one gross of these penholders, in assorted colours, to be forwarded to the Six Nations Indian schools for trial purposes.

Sincerely yours,

Bernard F. Neary,
Supt. of Indian Education.

School Atlases

Dear Mr. Driscoll:

You will recall that we have had considerable difficulty in getting an adequate stock of school atlases. I was today informed by the representative of Thomas Nelson & Sons that they have on their way from England a large stock of "Nelsons' School Atlas - Canadian Edition". They quote a net price of $1.25 less the usual discount. I would suggest that we place in stock some 500 copies of this Atlas and that we use these on all back orders for atlases. I think this quantity should suffice for our present school year.

Yours sincerely,

Bernard F. Neary,
Superintendent of Education.

, July 13, 1948.

Dear Sir:

In the June issue of the Bulletin we have listed all the library books which are now in stock on your shelves.

We are making every effort to clean out some of the older stock of library books and have added to the list several titles of which you only have a small stock. When these items are all sent out, it is not our intention to re stock them. I would ask, therefore, that substitutions be made automatically when this occurs without reference to this Division.

The attached list of library books are arranged in blocks in such a way that the titles dealing with the various subjects are grouped together. I would suggest that substitutions be made as follows: If a book is out of stock, that the next title listed be substituted for it. For example: If Book No. 89 is out of stock then you can automatically substitute Book No. 90 and so on. In this way a great deal of correspondence can be eliminated and we can ensure that your stock of these library books is reduced as requested by you some time ago.

I have already had an opportunity of discussing this proposal with Mr. Dalton.

Sincerely yours,

Bernard T. Neary,
Supt. of Indian Education.

Dear Sir:

Would you please place in stock 200 of the 1947 Edition of the Map of Canada recently published by the Surveys and Mapping Bureau of the Department of Mines and Resources. This map is to the scale of 64 miles to one inch and is mounted on wooden rollers.

Yours sincerely,

Berrard F. Neary,
Supt. of Indian Education.

Mr. J.W. Driscoll,
Supt. of Stationery,
Dept. of Public Printing & Stationery,
Ottawa.

BFN/HH.

July 15, 1948.

Dear Sir:

In the June issue of the Bulletin we have listed all the library books which are now in stock on your shelves.

We are making every effort to clean out some of the older stock of library books and have added to the list several titles of which you only have a small stock. When these items are all sent out, it is not our intention to re-stock them. I would ask, therefore, that substitutions be made automatically when this occurs, without reference to this Division.

The attached lists of library books are arranged in blocks in such a way that the titles dealing with the various subjects are grouped together. I would suggest that substitutions be made by sending the next title listed. For example: If Book No. 89 is out of stock, then you can automatically substitute Book No. 90, and so on. In this way a great deal of correspondence can be eliminated and we can ensure that your stock of these library books is reduced as requested by you some time ago.

I have already had an opportunity of discussing this proposal with Mr. Dalton.

Sincerely yours,

Encl.

Bernard T. Neary,
Superintendent of Education.

Mr. J. W. Driscoll,
Superintendent of Stationery,
Dept. of Public Printing & Stationery,

Dear Mr. Driscoll:

Library Books.

We have on hand a large number of requisitions for library books. Now that the major portion of our standard requisitions have been filled, it is our intention to send these requisitions over to you for filling.

As you are aware, we are making every effort to take advantage of low prices offered by publishing companies when they are clearing out stock in certain lines. We have recently had two such offers and would like you to stock the books listed below for use in our schools:

(1) Thomas Allen, Limited, 266 King St., West, Toronto.

5	doz.	Bertram and Ticklish Rhino
5	"	Teddy Bear of Pumpkin Hollow
8	"	A Day on the Farm
8	"	My Truck Book

(Approximate cost is 30¢ each)

(2) Copp Clark Co.,Limited, 495-517 Wellington St., West, Toronto.

100	copies	Play At Home	. 15¢
50	"	A Home for Sandy	. 42
100	"	Something Different	. 48
100	"	Fun and Frolik	. 60
100	"	Lost and Found	. 58
100	"	Animals, Plants and Machines	. 72
100	"	Farm and City	. 66

, December 7, 1948.

Dear Sir:

We are again planning the sending of the main school supplies to the Residential Schools for the school year 1949-50 and later to the Indian Day Schools.

Attached you will find an estimate of the quantities of items that will have to be placed in stock to handle these future requisitions. You will notice that some items have been omitted from last year's standard list.

Would you kindly let me know the number of copies in stock of:

Canadian Problem and Practice Arithmetics, Book 1
Grades 3 and 4
Canadian Problem and Practice Arithmetics, Book 2
Grades 5 and 6
Canadian Problem and Practice Arithmetics, Book 3
Grades 7 and 8

Teachers' Manual for above
Exercises in Arithmetic, Grade 8
Answer Book for Exercises in Arithmetic, Grade 8

As we propose to cease the use of these books, you are, therefore, authorized to cancel any outstanding orders. We propose to use up the books already in stock on our future requisitions.

, December 29, 1948.

Dear Sir:

Please place in stock the following books for our library and Supplementary Reading materials:

(A) 400 sets of "Provincial Geographical Aspect Booklets". These are obtainable from "The Canadian Geographical Society - 49 Metcalfe Street, Ottawa".

(b) 300 copies "My First Dictionary". This is a Grosset and Dunlop book and its cost is .60¢ at the Printers in Kingsport, Tenn. These are obtainable from George J. McLeod Limited, 70 Peter Street, Toronto, Ontario.

(C) 20 copies "The Long Arm of the Mounted" net about $1.50
20 " "Mountain Pony" net about $1.55
20 " "Mountain Pony and the Pinto Colt" net about $1.50

These are obtainable from McGraw-Hill Co., of Canada, 12 Richmond St., E., Toronto 1, Ontario.

Yours sincerely,

Bernard F. Neary,
Supt. of Indian Education.

Mr. J.W. Driscoll,
Supt. of Stationery,
Dept. of Public Printing & Stationery,
Ottawa.

, January 6, 1949.

Dear Sir:

Faith and Freedom Readers.

This refers to the teachers' manuals for the above Reader Series. These books are:

Teaching First Grade Reading
" " "

I am enclosing for your ready reference copies of my letters to you dated December 13th, September 24th and July 15th. You will find on the latter two letters that we requested you to place in stock 200 copies and 50 copies respectively, of each of these books. On the letter of December 13th, it was pointed out that Ginn and Company have supplied you with a much larger order of these books than we can ever use.

It was estimated that the 250 copies of each as requested would be sufficient to satisfy our needs for the next academic year. On December 7th, 1948, I requested that only 30 copies of these be stocked but no more, as I felt that all schools should have a copy and that the thirty copies would be used for new schools and any replacements. We will never be able to use up all the copies you have in stock.

Yours sincerely,

Bernard T. Neary,
Supt. of Indian Education.

Mr. J.W. Driscoll,
Supt. of Stationery,
Dept. of Public Printing & Stationery,
Ottawa.

Dear Sir:

You will recall that last year we purchased fifteen sets of the Grolier Encyclopedia and ten sets of the Book of Knowledge from the Grolier Society Limited, The Federal Building, Toronto 1, Ontario.

We have again had a visit from Mr. Cracknell their representative who advised us that they have a further number of sets available for us at a special price. The normal price of these sets is over $80. and we are again able to get a special quotation of $44. a set.

It would be appreciated, therefore, if you would place in stock the following quantities of these sets:

(a) 10 sets of Grolier Encyclopedia
(b) 10 sets of Book of Knowledge

We realize that you have a number of these sets in stock at the present time but we will shortly be forwarding to you a number of requisitions which will deplete the number now on hand.

February 10, 1949

Colonel B.F. Neary,
Superintendent of Welfare and Training,
Indian Affairs Branch,
Department of Mines and Resources,
Ottawa, Ontario.

Dear Colonel Neary:

Thank you for your order of January 31 (Purchase Order #52059 and 52058).

Unfortunately the two titles ordered, ANIMAL STORIES AND FAMOUS FAIRY TALES, are now out of print.

Since you may possibly be interested in a substitute for these titles, we would suggest that any one of the following would be suitable in place of Animal Stories: WILLIE WOODCHUCK (35¢); TEDDY BEAR (39¢); AUNT NATHILDA AND THE LOST CHEESE (39¢).

In place of FAMOUS FAIRY TALES in the 35¢ edition, we could supply you immediately with another collection of fairy tales having the same title, FAMOUS FAIRY TALES. This title could be supplied at 52¢ net.

We are pleased to send you sample copies of these four books, and hope that they may meet your requirements.

Yours sincerely,

THE BOOK SOCIETY OF CANADA LIMITED.

History Lives Again In Pictures!

A Magnificent Story to be SEEN and Read

PICTORIAL HISTORIES by C. W. Airne

NOW AVAILABLE

1. **Each book contains 64 pages 6 x 8½", filled with pictures of action-scenes, costumes, armour, implements, great men, homes and ways of living, scientific and industrial achievements, territorial expansion and discovery. From 450 to 650 illustrations in every book.**

2. **Authentic sources** — many pictures are reproduced by permission of the Trustees of the British Museum, and the director of the Victoria and Albert Museum. Facsimiles of famous documents and scenes used in old manuscripts are included.

3. **Brief** text makes each picture absolutely clear. One-page summary introduces a new section.

4. PICTORIAL HISTORIES are invaluable
   a. As a running pictorial record of our past.
   b. To supplement and expand the history text.
   c. In the projection-lantern or for blackboard sketch to lend concreteness to the study of a period.
   d. Once in your hand, the books themselves will suggest other important uses in English, Art, and Home Economics classes.

7 Titles in the Series

Each 39c

5. As class-sets, or as reference, the Series will give new strength and impetus to your teaching. Your students will wish to own copies themselves.

6. These unique books are being offered at only 39c each, less your educational discount of 20% when ordered direct, f.o.b. Toronto, or 38c per copy post-paid. Copies of any titles will be gladly sent On Approval.

Dear Sir:

During the past few years the various Provincial Departments of Education have been studying the "Pupils' Own Vocabulary Speller". As a result of this study last year two of the provinces authorized these spellers and this year four other provinces have declared this series of spellers as the authorized text effective from September 1, 1949.

In view of this action by the provinces, this Department will follow suit and use these books in our schools where it is authorized by the Provincial Department of Education.

You are, therefore, authorized to place in stock the following:

2000 copies "The Pupils' Own Vocabulary Speller, Book 1"
1500 " " " " 2"
1000 " " " " 3"

These spellers are obtainable from:

The Macmillan Company of Canada,
70 Bond St.,
Toronto.

You may also place in stock:

250 copies Canadian Spellers, Book 1

These are obtainable from W.J. Gage and Company

Yours truly,

Bernard F. Neary,
Supt. of Indian Education.

Dear Sir:

Re: Prayer and Hymn Books # 8121C.

I have been led to believe that you have an outstanding order with General Board of Religious Education, 604 Jarvis Street, Toronto, for a quantity of these Prayer and Hymn Books .

This morning, I received a letter from this firm advising me that they have received a shipment of these books, and it might be wise to ask the firm, at this time, to fill this outstanding order.

As these Prayer Books have been in demand by our Residential Schools, and as the requests have not been met, please place an order for an additional 250 copies. The present price quoted is $1.50 each, post or express pre-paid.

Yours sincerely,

Bernard F. Neary,
Supt. of Indian Education.

Dear Sir:

Please place eight (8) Wall Maps of the Province of Quebec in stock.

These maps are to be mounted on cloth and provided with rods. They are procurable from "The Angus Mack Company", P.O. Box 222, Toronto, Ontario.

Please advise me when these maps are received.

Yours sincerely,

Bernard F. Neary,
Supt. of Indian Education.

Mr. J.W. Driscoll,
Supt. of Stationery,
Dept. of Public Printing & Stationery,
Ottawa.

Dear Sir:

After considerable enquiry we have located a source for metal kindergarten scissors. Would you kindly place in stock fifteen gross of kindergarten scissors No. 26/1.

These are obtainable from W.J. Gage and Company Limited, Toronto at $13.20 a gross. The Company's representative advises me that they have three gross of these scissors in stock which are being reserved for us. They have also placed an order with a firm in England and expect to receive a shipment within four to six weeks.

Yours sincerely,

1574

Bernard F. Neary,
Supt. of Indian Education.

DAVID H. RUSSELL

Professor of Education and Associate Director of Supervised Teaching at the University of California, Berkeley, and a well-known reading expert examines the reading program in the elementary school. His new book gives real insight into how children learn to read and how they may be helped to reading attainments approximating their reading capacities.

DAVID H. RUSSELL

Children Learn to Read

"Reading achievements seem closely related to both general school success and to personality adjustments. An activity of such continuing importance in the lives of children and teachers cannot be examined too often or too critically", says Dr. Russell in the Preface to *Children Learn to Read*.

In this book he thoughtfully examines research and good practice and applies them to the reading problems of a modern elementary school, with emphasis always on child development.

In two ways this book goes beyond most published discussions of reading. First, it gives the teacher a better understanding of her task by suggesting the sociological, historical, and psychological backgrounds of reading instruction. Second, it emphasizes the developmental or vertical nature of growth in reading abilities, thus giving the teacher greater insight into the child's reading achievements in relation to his total development.

Part I of *Children Learn to Read*, as is logical, concerns itself chiefly with the background material mentioned above. Part II presents an overview of the whole program of reading instruction and gives typical aims and activities at various levels. Part III makes clear that reading, far from being a simple process, is a complex of various abilities which grow, not by hard-and-fast levels, but continuously from infancy at least through the junior college. It shows how the development of reading abilities reflects other phases of the child's maturing. Vocabulary abilities, reading interests, creative reading competences, individual differences, and evaluation are discussed here.

Children Learn to Read gives a precise, clear, and unified picture of how children develop reading abilities. It renders signal service to reading and education by illuminating the close and vital relationship between child development and reading.

Contents

PART I

BACKGROUNDS FOR THE WHOLE READING PROGRAM

Chapter I. Sociological Backgrounds: Reading Abilities in a Democracy

II. Historical Backgrounds: Man Develops Writing and Reading Abilities

(Continued on Reverse)

About the Author

DAVID H. RUSSELL has written widely on the teaching of reading and is a recognized authority in this field. He is senior author of the new *Ginn Basic Readers* for grades 1-8. He was a member of the National Committee on Reading of the National Society for the Study of Education which prepared the Yearbook, *Reading in the Elementary School*. Dr. Russell started his teaching career in a one-room rural school. He has taught at Columbia University from which he received his doctorate and at the University of Saskatchewan and the University of British Columbia as well as at the University of California, Berkeley.

Indian School Textbook Requirements.

Dear Sir:

Yesterday, I spent some considerable time with Mr. Joly at the Stationery Branch on York Street. I was impressed with the new organization and feel that when the system is in effect, our teachers and principals will get their books in faster time than at present.

We made a careful check of the books on the shelves and I was naturally perturbed at the short supply. I immediately made an estimate of the requirements up to the end of December, 1949. Please find attached this list of books with the code numbers from your stock catalogue.

It is of course possible that some of these books have already been ordered but have not yet been delivered by the suppliers. Therefore, you can have the orders checked and can reduce the quantities shown accordingly.

I would suggest that the suppliers be contacted to fill your outstanding orders as soon as possible as I am most anxious that all requisitions placed by me up to July 31, 1949, be filled as fully as possible and sent to the schools before the opening date of September 6, 1949.

Maps for use in Indian Schools.

Dear Sir:

Recently, we ordered a number of maps from the Angus Book Company, P. O. Box 222, Toronto, Ontario. These are the maps which we wish to use in our Indian schools.

There are on hand in the stock-room a number of old and dirty maps. In the past, these maps have been sent to our schools and we do not feel that it is fair to have these sent out to be charged high prices for this stock.

I feel that the entire stock of maps should be carefully reviewed and that the old ones should be disposed of in the usual manner.

Yours sincerely,

Bernard F. Neary,
Superintendent of Education.

Library Books.

Dear Sir:

Please find attached pages 2, 3, 4, 5 and 6 of your June 15 catalogue of stock publications. You will note that these pages list the library books in stock at the present time. On this list I have clearly marked those books which should be kept continually in stock and which should be re-ordered as soon as their stock falls to one-third of the amount originally ordered. In many cases these books should be re-ordered immediately as the quantity has fallen below this danger point.

From time to time, we will advise you further concerning the titles of library books which should be kept in stock.

Titles not listed, can be discontinued when the present supplies are depleted. In many instances they were purchased as job lots and no further supplies of these titles can be obtained as they are permanently out of print. Mr. Joly will therefore drop these from future catalogues.

Yours sincerely,

Bernard F. Neary,
Superintendent of Education

225 Sparks Street,
Ottawa, Ontario,
July 27th, 1949.

Mr. Bernard F. Neary,
Supt. of Indian Education,
Dept. of Mines & Resources,
Indian Affairs Branch,
220 Queen Street,
Ottawa, Ontario.

Dear Sir:

Your letter of July 22nd has been received.

Our rates for enlargements, according to our latest government price list, are as follows:

Size	Double Weight Paper Unmounted	Mounted
8 x 10	.60	.80
11 x 14	.75	1.00
16 x 20	1.25	1.90
20 x 24	2.00	3.00

If you wish to have 8 x 10 prints made on single weight glossy paper, such as the samples you received, the charge is fifty cents (.50) per print instead of the rate quoted above. There is no reduction in cost when a number of prints are made from one negative at the same time.

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Indian Affairs. School Files.
(RG 10, Volume 6010, File 1-1-4K, part 1)

POOR COPY

Unfortunately, we cannot furnish samples except in the 8 x 10 size, as only these can be reabsorbed in our files if returned unused. If you wish though, you could put in an order for just one enlargement, and if it proved satisfactory to you, we could go ahead and make up the rest.

If there is any way we can help you further, please do not hesitate to let us know.

Very truly yours,

N. Young

Moyers School Supplies Limited,
Toronto, Ontario.

Gentlemen:

We are looking for Christmas concert and play books suitable for use in our Indian schools across the country.

It is noted that you handle books for such publishers as A. Flanagan Co., T.S. Denison Co. and Beckley-Cardy Co. all of Chicago and others, thus you would have adequate choices.

As it is difficult to choose books for our needs by the titles, it would be appreciated if you would send me samples of such books considered suitable, in order that they might be evaluated for our purpose.

Yours sincerely,

Bernard F. Neary,
Supt. of Indian Education.

Dear Sir:

A representative of Copp Clark Company, 517 Wellington Street, Toronto, advises that they have a quantity of Kindergarten Scissors # 3026 selling at $1.80 a dozen.

In view of our difficulty in securing suitable scissors for schools, it is requested that you place an order with this company for <u>seven gross</u> of these scissors for immediate delivery. Should you have any outstanding orders for scissors not filled, it might be wise to contact the firms concerned to rush the orders or cancel and re-order from Copp Clark. We are not getting any deliveries of these on our orders for schools.

The Copp Clark Company handle construction paper # 535 selling at 21¢ a package with thirty-six sheets in a package. If this price is better than the price for construction paper you have been buying you are authorized to purchase from this firm.

Dominion A water color boxes are handled by this firm also. The price is $33. a gross. These boxes are similar to the ones you are buying already, therefore, if prices are better you may be free to purchase from Copp Clark Company.

Please place in stock three dozen # 3 Sterling Mathematical Sets at $6.00 a dozen. These are available from Copp Clark.

Yours sincerely,

Philip Phelan,
Chief, Education Division.

Department of Mines & Resources,
Ottawa, Canada.

Dear Sir:

Will you please send us at your earliest convenience a second copy of the Customs certificate enclosed (your copy),

and also two signed copies of the second certificate which is also enclosed?

Thanking you for your trouble in this matter,

Yours sincerely,

W. E. Lemon

Copies sent MT 16/9/49

P.S. We apologise for this extra trouble, but Customs now requires two certificates, where one had been sufficient on previous orders.

Two copies were transmitted at a previous request of ours, so that we have been able to clear your order of July 7, which will go forward by express to-morrow.

The order to which the enclosed certificate pertains is now in Toronto and will be cleared immediately we hear from you; and the balance of your order with us, to which the second certificate is pertinent, should arrive within a day or so.

Dear Sir:

I have been contacted by a representative of the Copp Clark Company, 517 Wellington Street, Toronto, who advises that he has a limited stock of water colour brushes # 700-5 and Reeves No. 5 (3017).

In view of our difficulty in securing brushes and as the price of $2.00 a dozen less 10% is reasonable I would respectfully request that you place an order for five gross of each type of these brushes for immediate delivery. Should you have any outstanding orders please accept delivery. This order should be placed to carry us over until such time as these outstanding orders are filled.

Please place an order for two gross of paint brushes # 700-7 priced at $2.50 a dozen less 10%. These are also available from Copp Clark.

We are constantly receiving requests for small school compasses. Would you please place in stock two gross of compasses # 3/109 priced at $1.20 a dozen less 10%, available from Copp Clark.

PLEASE QUOTE
FILE 1-1-4 (E6)

OTTAWA, September 29, 1949.

Memorandum:

COLONEL NEARY

Mr. M.J. McLean, President, McLean's Merchandize Sales Limited was in town on September 28th soliciting business for books and reading materials he is handling.

Among other things, he interested me in a set of Richard's Topical Encyclopedia. These books were originally planned as a 20 volume set for use in schools retailing at $150 a set. Through some miscalculation they overprinted eight volumes each dealing with a different topic as shown on the attached circular. Each volume carries an index for the volume and there is no reference from one volume to another, making each book complete in itself.

The binding, quality of paper, illustrations, vocabulary material etc., are exactly the same as in the Book of Knowledge. Mr. McLean tells me that the Department of Education for Saskatchewan and Quebec have purchased these sets. The price of $15. for each set of eight volumes is very reasonable.

In view of the fact that many of our residential schools have a set of the Book of Knowledge and the Grolier Encyclopedia, I would respectfully recommend that Mr. Driscoll be requested to place in stock ten sets of these Encyclopedias.

M.F. Track.

Mr. Track,
Department of Indian Affairs,
Capitol Building,
Ottawa, Ontario

Dear Mr. Track:

As requested, I am sending you under separate cover, sample copies of the English Story Books. The prices of these books are $1.20 per dozen for the C1 - 4 Series and $2.00 per dozen for the other titles. I am also sending a copy of PLAY AT HOME, a book with which I think you are already acquainted. I think you will agree that we are offering you exceptional value in this book priced at 15 cents less a discount of 30%.

As regards the READING FOR INTEREST books that you believed were out of print, I am glad to inform you that these books are still in good supply. For your information the titles are FUN AND FROLIC - $1.00 less 30%; SOMETHING DIFFERENT - .80 less 30%; LOST AND FOUND - .96 less 30% and HOME FOR SANDY - .70 less 30%.

I believe you have copies of each of these books, but will be glad to supply you with any you might not have on hand.

Hoping that you will find these books satisfactory, I remain

Yours sincerely,

Dear Sir:

After returning from an inspection trip in the Maritimes and Ontario, I am convinced that the Department will have to provide more hectograph materials for teachers to prepare educational seatwork to keep the children occupied while learning.

In view of this requirement, it is estimated that the following items should be placed in stock, as I am insisting that teachers order and use these. These are the estimated requirements for the academic years 1949-50, 1950-51:

1 oz. bottles Hectograph Ink in following colors:
- 72 Purple
- 72 Red
- 72 Green
- 36 Blue

Hectograph Pencils in following colors:
- 288 Purple
- 288 Red
- 288 Green
- 288 Blue

- 144 Duplicator Repeater Films
- 144 1 lb. tins Hectograph Compound
- 60 boxes of 6 sheets hectograph carbon paper

The above hectograph materials are available from L.A. Reeves Ink Company, Toronto, Ontario.

Yours sincerely,

Mr. J.W. Driscoll,
Dept. of Public Printing
& Stationery,
Ottawa.

Dear Mr. Query:

On my latest inspection of Indian day schools in Ontario and the Maritimes, I have been approached by the Catholic teachers in our schools about the Corona Readers. They informed me that they are not satisfied with these readers and would rather use the readers authorized by the Provincial Departments of Education. They pointed out that there is little catechism in the Corona Readers and any that there may be can be taught from the catechism books.

I have made a study of these readers and am convinced that the idea is a sound one. However, as you have a large stock of Corona readers, I do not wish to discontinue issuing these readers but will continue to supply them to our schools when the teachers request them.

I would suggest that you discontinue stocking any more of these readers and cancel all outstanding orders. Should requests for these readers exceed your stock, it will be in order for you to make individual purchases for each requisition. The Corona Readers series include:

B. 265 Paths of Grace, Grade 3
B. 266 Workbook for Paths of Grace
B. 267 Tales to Tell, Grade 4
B. 268 Workbook for Tales to Tell
B. 269 Stories for Everyday Grade 5
B. 270 Treasure Trove, Grade 6
B. 271 Fact and Fancy, Grade 7
B. 272 Wide Horizons Grade 8

Yours sincerely,

Mr. Romeo Query,

, October 21, 1949

Dear Mr. Query:

Our policy in connection with text books for our schools has been to follow the Provincial curriculum in each respective province.

For some time the authorized readers in use were Highroads to Reading but these are being discontinued now and in place two series are being authorized by different Provincial authorities.

In view of these changes in the Provincial curricula, it will be necessary to stock a sufficient stock of new readers, workbooks and guide books for the next academic year.

In view of the above, please stock the following:

Canadian Reading Development Series:

3353-300	Up and Away, Grade 4
3354-300	Workbook - Up and Away
3349-60	Teachers Manual for Up and Away
3351 200	Wide Open Windows, Grade 5
3352 200	Workbooks - Wide Open Windows
3350 50	Teachers Manual - Wide Open Windows
3344 100	All Sails Set
3345 100	Workbooks - All Sails Set
3343 25	Teachers Manual - All Sails Set

These are available from Copp Clark Company Limited, 495 Wellington Street, Toronto, Ontario.

Dear Mr. McLean:

This is to acknowledge receipt of the books and your invoice 4662.

On checking the books received against the invoice, it is noted that Eight Little Indians # 505 was not received.

Would you kindly send this along in order that the invoice can be put through for payment.

Yours sincerely,

Philip Phelan,
Chief, Education Division.

Mr. Bernard V. Neary,
Supt. of Indian Education,
Department of Mines and Resources,
Indian Affairs Branch,
Ottawa, Ontario.

Dear Sir:

Thank you very much for your inquiry of October 8th asking for Arithmetic Workbooks suitable for pupils in Grades 3 and up to be printed in duplicating ink.

We are sending to you under separate cover a sample of Arithmetic workbook for the first half of grade three No. 34-3002 as you will note by our catalogue No. 65 a copy of which we are sending to you under separate cover. This book and the other books up to Grade 8 are listed in this catalogue and we will be very glad to take care of any orders for them.

Yours truly,

MOYER SCHOOL SUPPLIES LIMITED.

Dear Sir:

Further to my letter of October 21st, 1949 in reference to hectograph materials, you are authorized to proceed with the purchase of these materials as requested in our letter of October 21st except for the Duplicator Repeater Films.

I am convinced that the Ditto people are putting out a better film, and for the small difference in price it is well worth it.

I would, therefore, suggest that the Repeater films be purchased from Ditto of Canada Limited, 285 Laurier Avenue West, Ottawa.

Yours sincerely,

Bernard F. Neary,
Supt. of Indian Education.

Mr. J.W. Driscoll,
Supt. of Stationery,
Dept. of Public Printing & Stationery,

Dear Mr. Query:

In my letter of October 21st, I pointed out that we are gradually working away from the Corona Readers and it was suggested that these should not be re-stocked.

We are eventually going to discontinue supplying the Faith and Freedom Readers for the same reason. However, as your present stock is limited and as there will be some demand for these, I would suggest the reduction of the maximum and minimum as follows:

Stock Number	Number of Book	Minimum	Maximum
B. 302	These Are Our Friends	50	100
B. 303	Workbook "	50	150
B. 304	This is Our Family	50	100
B. 305	Workbook "	50	150
B. 306	Our First Book	50	100
B. 309	Here We Come	50	100
B. 310	This is Our Home	50	100
B. 311	Workbook for B.309 &B.310	50	100

It is suggested that these books be placed in stock up to the maximum stock. When the minimum stock is reached, it is suggested that the Department be contacted on the next move. This decision cannot be made at present as it is not certain how the teachers will respond.

Yours sincerely,

Bernard F. Neary,
Supt. of Indian Education.

Dear Sir:

Attached, you will find a copy of our regular Standard School Supplies list and a supplementary list.

These lists will show you our approximate requirements for the academic year 1950-51. This is only an estimate and the requirements might be more or less but this cannot be foreseen at this time.

There may be some requirements that may come up from time to time that are not shown on any list as the requirements of all teachers cannot be anticipated.

These requirements were given to Mr. Driscoll in my letter of October 21, 1949, and it is presumed that by now these supplies have been placed in stock.

I trust that this is the information you require.

Yours sincerely,

Bernard F. Neary,
Supt. of Indian Education.

Attention: Mr. Bernard F. Neary

Dear Sir:

We have your enquiry of December 7th for moulding suitable for pictures of the King and Queen.

Now, we have a very extensive line of moulding and if you would be kind enough to forward us samples of the pictures in question, we would frame these appropriately for you and quote on your requirements as outlined in your letter.

If this arrangement is satisfactory to you, please have the samples forwarded immediately otherwise we will have to forward you samples of moulding selected at random and which would probably not be suitable for the purpose you have in mind.

Awaiting your reply, we are,

Yours very truly,

Dear Mr. Query:

Trans Canada Publishers Limited, Federal Building, Toronto, Ontario are the Canadian representatives for Richards Topical Encyclopedias published by J.A. Richards Publishing Co., Inc. New York, N.Y. This encyclopedia was originally a twenty volume set selling for $150. a set.

When the books were printed there was an overrun of some volumes and these are now offered at $2. a volume. We have examined the overrun copies and we are impressed with the quality of the books and their contents. We feel that these books would fill a great need in our schools, and it would be appreciated if you would stock the following volumes and reserve them for distribution to Indian Affairs schools exclusively.

40	copies	Richards Topical	Encyclopedia, Volume	1
135	"	"	"	II
30	"	"	"	III
56	"	"	"	IV

Col. B. F.Neary,
Supt. of Indian Education,
Department of Mines and Resources,
OTTAWA.

Dear Sir,

Pleased to acknowledge your January 17th letter advising that an official order will be coming through for the RICHARDS TOPICAL ENCYCLOPEDIA volumes.

Dept. of Mines & Resources Indian Affairs Branch JAN 20 1950

We find a small variance among the number of volumes listed in your letter and the actual volumes we have. We are short the following volumes:

Volume 2	2 copies	
4	2 copies	
6	2 copies	
9	8 copies	
10	1 copy	
15	52 copies	(we have 11 copies of volume #15 on hand)

Would you be interested in making up the difference by taking extra copies of available volumes?

Yours sincerely,
TRANS-CANADA PUBLISHERS LIMITED,

C.W.MacDonald/a

Dear Sir:

I have your letter of January 19th in reference to the short supply of some of the volumes of Richards Topical Encyclopedia.

As we choose the quantities for each volume on an estimate of what our requirements will be in the future, it is not possible for us to make up the difference by taking extra copies of available volumes.

In your letter you state that you are short of fifty-two copies of volume 15 . On checking our copy of the letter of January 17th I cannot find any request for volume 15 as this book is an index and would not suit our needs.

Yours sincerely,

Bernard F. Neary,
Supt. of Indian Education.

Dear Mr. Query:

It has been decided to change the Spellers for our Indian schools across the country.

During the past years we have been using B297 The Canadian Speller, Book 1. This book has become obsiete and will no longer be supplied and therefore should not be stocked. We will continue with B298 The Canadian Speller Book 2 for some time, at least until the present stock is depleted when the matter will be re-considered.

In place of the Canadian Spellers, Book 1, Pupils Own Vocabulary Spellers Book 1 and Book 2, B. 254, B255 will be in use.

As B254 is in short supply it will be in order for you to stock six hundred copies of Pupils Own Vocabulary Speller, Book 1.

You are authorized to cancel all dues for Canadian Speller, Book 1 and advise me of the ones cancelled in order that appropriate action considered necessary may be taken.

Yours sincerely,

Bernard F. Neary,
Supt. of Indian Education.

Dear Mr. Query:

In my letter of January 17th, I requested the stocking of a quantity of volumes of Richards Topical Encyclopedia. These volumes were available from Trans Canada Publishers Limited, Federal Building, Toronto, Ontario.

I have a letter from this firm stating that they are short of the following volumes:

Volume	2	-	2 copies
"	4	-	2 "
"	6	-	2 "
"	9	-	8 "
"	10	-	1 copy

It will be in order for you to reduce the request on my letter accordingly.

No substitutes should be accepted from this firm.

Yours sincerely,

Bernard F. Neary,
Supt. of Indian Education.

Mr. Bernard F. Neary,
Supt. of Indian Education,
Dept. of Mines & Resources,
Ottawa, Ont.

Dear Mr. Neary;

Since writing you yesterday we have taken over another very beautiful Encyclopedia known as "THE HOME UNIVERSITY".

This set compares very favourably with the Richards Encyclopedia, with the exception that it just leans a little more toward the student and scholar type of encyclopedia.

This set is very beautifully bound and is brought right up to date in 12 volumes and the subscription price is $79.80. If you could use a quantity of these we shall be very glad indeed to supply them to you at $25.00 per set, F.O.B. Toronto.

Under separate cover we are mailing complete circular describing the work and also a sample volume - #6 of the set.

This is another instance where there is only a limited quantity and we are giving the educational departments the first opportunity to procure them at this price, which you will note is about one-third the regular price of the set.

Thanking you and looking forward to hearing from you, we remain,

Yours very truly,
McLEAN MERCHANDISE SALES LTD.

, January 23, 1950.

Dear Sirs:

I have your letter of January 17th and a copy of Volume 6 of The Home University Encyclopedia.

We have given the book a careful study and feel that it has much to be desired. Although it would appear from the face page that the edition was revised in 1946, on going through the book it is found that the information was not brought up to date , (e.g.) Hamilton, Halifax, Goering, etc.

The volume we received has a considerable number of pages on which no printing appears making the whole book defective.

This encyclopedia may be useful for United States schools but cannot comply with our requirements.

I am returning the sample copy in order that you may find the defects.

Yours sincerely,

Bernard F. Neary,
Supt. of Indian Education.

Memorandum:

DIRECTOR

"Second Year Woodwork"

I am pleased to draw to your attention the attached Manual Training text which has been written by our Supervisor of Vocational Training. This book is the second of its kind as "First Year Woodwork" was published about six months ago.

The first year book is now in use in Indian Day and Residential schools and is of course on the market for use in provincial schools. You will note that Mr. Doucet has divided the work into "projects". Each project is described in a job sheet and the materials, tools, and procedures are carefully outlined.

You will find tests at regular intervals and other important items such as stock bills, progress record cards, etc. Many of the sketches are Mr. Doucet's own work and of course all the text has been prepared by him.

I also attach two forms which accompany the book. One is entitled "Student Record Sheet" and the other "Complete Stock Bill Sheet". These are for use in schools in which there is a Manual Training instructor employed.

While primarily designed for Manual Training teachers, this book will prove very helpful to Day School teachers who are trying to carry out a small programme of Vocational Training.

Bernard F. Neary,
Supt. of Indian Education.

Gentlemen:

I am shopping around for a suitable type of water color brush for our Indian schools across the country.

The type of brush that is required is a number 5 brush selling at fifteen to twenty cents each.

If you are dealing in this type of brush, I would appreciate hearing from you quoting prices. A sample brush would be appreciated.

Yours sincerely,

Lernard F. Neary,
Supt. of Indian Education.

BERGEN BRUSH SUPPLIES

ALL TYPES BRUSHES & BRUSH SUPPLIES

110 Stuyvesant Avenue Lyndhurst, New Jersey

January 27, 1950

Department of Mines and Resources
Indian Affairs Branch
Ottawa, Canada.

Gentlemen:

Thank you for your letter of January 24th. inquiring for a size 5 Water Color Brush.

We are pleased to enclose a sample of our Series 155 A Camel Hair Water Color size 5, which we would recommend for school use.

These brushes are packed 1 Dz. to a transparent envelope 12 Dz. to a box,,and could be made available to you in Gross lots at a price of $ 12.84 per Gross.

In lots of 5 Gross or more on an order, we could arrange to imprint your trade name or any desired imprinting not in excess of 3" on the handle of each brush without additional charge.

These brushes have a strong setting, the hair is firmly held, and each brush is uniformly shaped to come to a fine point in use.

Terms 1%/ 10days, 30 days net, shipped F.O.B. Lyndhurst, N.J.

Trusting our offering may find acceptance with you, we are

Very truly yours,

BERGEN BRUSH SUPPLIES

Dept. of Public Printing & Stationery,
O t t a w a.

Dear Mr. Query:-

As you are probably aware there have been no maps of the world in stock as it has not been possible to secure a suitable map of the world at a reasonable price.

We have located such a map and it would be appreciated if you would stock the following maps:

60 maps of the World - price $10.00 each

36 maps of British Columbia - price $9.15 each.

These maps will be on a linen back mounted with varnished rollers top and bottom.

They are available from:

Angus Mack Company,
P.O. Box 222,
T o r o n t o, Ont.

Yours sincerely,

Philip Phelan,
Chief, Education Division.

Dear Sir:-

We are in receipt of your letter of the 30th. ultimo, regarding Water Color Brushes, and note that you are interested in our No.3017, size 5.

These brushes are made in our Toronto factory and we can therefore give you almost immediate delivery on your requirements. We have in stock, at the present time, about 6,000 brushes of this size, and could complete an order for 15,000 within about 3 weeks.

Thanking you for your letter and hoping that we may receive your valued order, we remain,

Sincerely yours,

M.GRUMBACHER OF CANADA LTD.

, February 7, 1950.

Dear Sir:

In response to our Purchase Order 22823C we have received your shipment of two gross of plastic tumblers.

It is noted that the tumblers received were not the same type as we have been receiving in the past, and it was found that two were broken in transit.

The tumblers supplied in the past had a turned lip making a plastic tumbler of this type stronger and hardier for classroom use.

We have placed the tumblers received in use, however, it would be appreciated if you would advise us of your views on the best tumbler for classroom use. They will have to bear hard usage.

We are also looking for an inexpensive yet substantial plastic cup for use in our schools in connection with mid-day lunches.

Any information in that respect and samples would be appreciated.

Yours sincerely,

Bernard F. Neary,
Supt. of Indian Education.

Dear Mr. Query:

As you are aware, for some time we have had difficulty securing suitable kindergarten scissors for use in our Indian schools.

We have located two types of scissors that will suit our purpose until a better type comes up, as we are in correspondence with a number of English scissor manufacturers; one of which may come up with a product we want.

In the meantime, please stock:

25 gross 26/2 Kindergarten scissors
price $12.80 a gross - delivery 4to 6 weeks

25 gross # 3026 Kindergarten scissors
price $21.00 per gross - delivery 3 mos.

These scissors are available from Copp Clark Company Limited, 495-517 Wellington Street West, Toronto.

Two Outstanding Dictionaries for Children

For Ages 3—7

.....MY FIRST DICTIONARY $1.39

by Laura Oftedahl and Nina Jacobs, Univ. of Chicago Laboratory School, Illustrated by Pelagie Doane

.....MY FIRST DICTIONARY (Clothbound) $1.98

"Every word a picture" is the guiding principle of MY FIRST DICTIONARY. Only words which can be shown in pictures have been chosen for entries. For the youngest child, the pictures will be all-important. This will be an object book for them, delightful because the pages are full of simple, bright pictures of familiar objects.

- 144 pages. More than 600 words
- More than 600 pictures
- *Every page in full color*
- Every word, picture, and definition carefully and scientifically chosen
- Plus 8 pages of pictures in full color depicting the zoo, fires, seasons, animals, human body, farm, house and city

For Ages 6—12

.....THE PICTURE DICTIONARY FOR CHILDREN $1.79

by Garnette Watters and S. A. Courtis

Here is the new and revised edition of this world famous dictionary for young children.

Note these special features:

- Beautiful new full color jacket
- Hundreds of newly drawn illustrations
- Revised and expanded vocabulary
- The ONLY child's dictionary which shows each word both in *type* and *handwriting*
- 5079 Words 1442 Illustrations

The most complete dictionary designed for the beginning reader.

The one most frequently recommended by librarians, teachers and professors.

This dictionary has helped over 1,000,000 youngsters learn to read, write and spell more rapidly.

*Indicates New Publication.

Re: School Supplies - Indian Schools

Dear Mr. Neary:

I am very grateful for your kind letter of March 17th.

This Department is endeavouring at all time to improve service prevailing in its various branches; any suggestions contributing to promote this policy are always appreciated.

The progress accomplished by our Book Unit has been made possible through the cooperation granted by departments. I would like to take this opportunity to thank you sincerely for the support which you have extended to this Office during the organization period.

Referring to your letter, I notice that you express a fear as to a possible delay in filling your requisitions on account of the installation of accounting machines to take care of the new system; we have provided for this transition and the service will carry on as usual.

Sincerely yours,

Romeo Guiry,
Director of Services.

Gentlemen:

Would you kindly forward me sample copies of Pre Primers, Primers, Grade 1 and Grade 2 readers in the French language.

It would be appreciated if you would send me a set of the French readers authorized for the Province of Quebec and other readers recommended or used in the Province but not necessarily approved.

Please forward your account in duplicate to this office.

Yours sincerely,

Philip Phelan,
Chief, Education Division.

"THE YOUNG FOLKS' LIBRARY"

This is a brand new set of very valuable books from an educational standpoint. They are to sell in the United States on subscription at .. $49.50..; in Canada at .. $69.50 ...

We have made an extremely large purchase of these sets and are offering them in quantities at .. $18.95..

This low price is offered to Educational Departments only, in view of the enormous amount of advertising that will accrue from these sets being in the schools.

Please take a quick glance at the editorial staff; such well known educationalists as William Rainey Harper, President of Chicago University; George A. Henty, London, England; the Very Rev. George M. Grant, Queens University, Kingston, Canada.

In the event of individuals wishing to subscribe to this work the price is .. $69.50.. less agent's commission of 25%.

DEPARTMENT OF CITIZENSHIP & IMMIGRATION

Indian Affairs Branch

Ottawa, March 16th, 1950.

TO: Principals of
Indian Residential Schools

Quarterly Return
Quarter Ending March 31st, 1950.

It has been impressed on the Principals of Residential Schools that the quarterly return should be prepared at the end of each quarter and forwarded promptly to the Department through the office of your Superintendent.

However, many Principals evidently delay preparation of the return, as many of the returns do not reach the Indian Affairs Branch until 4 or 5 weeks following the end of the quarter, and in several instances, the Branch has found it necessary to write Principals regarding a delayed return.

In future, we expect that each and every Principal will forward the quarterly return immediately following the close of the quarter.

This year we are particularly anxious to have the March quarter return reach us promptly, and therefore, we will expect this return to reach Ottawa not later than April 15th, 1950.

Mr. E. C. Woodley,
3787 Cote des Neiges Rd.,
Montreal, P. Q.

Dear Mr. Woodley:

Our Archivist, Mr. St. Louis, has prepared a memorandum for me concerning the record of Canadian Indians in the two World Wars. I am sending this memorandum to you with copies of the annual reports to which Mr. St. Louis refers. The 1919 annual report contains many items of interest which you might work into your book.

Could you please return the 1919 annual report to me when you have extracted from it the items which are of interest to you.

Yours sincerely,

Bernard F. Neary,
Superintendent of Education.

DEPARTMENT OF CITIZENSHIP AND IMMIGRATION
INDIAN AFFAIRS BRANCH

Ottawa

April 20, 1950.

Lt. Colonel G. Patrick,
Indian Veterans Affairs
Booth Building,
O t t a w a, Ontario.

Dear Colonel Patrick:

Under the heading "Story of Canada's Indians", we are having prepared for use in our Indian schools, a short history of the Indians of Canada. Mr. E. C. Woodley, 3787 Cote des Neiges Rd., Montreal, P.Q., a former school inspector, is now at work on this book. He has written to me as follows:

> "I am writing now to make a particular request. In the last section of the book, I am dealing with some twentieth century achievements of the Indians. I wish to include a chapter dealing with the contribution of the Indians to the two world wars. My material is rather meagre and I am writing in the hope that you may be able to supply me with some data or tell me where it may be found. Many thanks for anything you may do."

Do you know where it is possible for Mr. Woodley to get this information? I know that in the annual reports put out during the war there was mention of Indians who had been decorated.

Yours sincerely,

Bernard T. Neary,
Superintendent of Education.

Col Neary
Herewith memo prepared by Mr Stevenson and Annual reports referred to therein. The reports need not be returned

CANADIAN CONSUMERS SUPPLY COMPANY

315 Common St.

Montreal, Canada • Telephone PL. 7921

May 1st. 1950.

Department of Citizenship and Immigration,
Indian Affairs Branch,
Ottawa, Ont.

ATTENTION: Mr. Bernard F. Neary, Supt. of Indian Education.

Dear Sir:

Our Mr. N. S. Gray has called my attention to the fact that he has gone into correspondence with you on various types of school furniture. Inasmuch as we are also suppliers of various types of steel equipment, I wish to take this opportunity to enclose some details of same for your kind consideration.

We are enclosing herewith our latest offers on factory new steel equipment which we trust will be of interest to you. You will no doubt be interested particularly in the steel filing cabinets, and the steel cupboards. As regards to the filing cabinets, we also supply various types and sizes to meet individual requirements. As regards to the cupboards, same can also be supplied in wardrobe style or combination wardrobe and stationery style. This latter type of cupboard has become popular in Montreal and we trust will be of interest to you.

In addition you will note that we supply steel clothing lockers, steel desks etc. All these items can also be made to particular specifications whenever the quantity warrants same.

We would greatly appreciate your bearing us in mind whenever you are in the market for this type of equipment and we will be only too pleased to quote on your particular requirements as the occasion arises.

Assuring you of our prompt and careful attention at all times, we remain,

Yours very truly,

Copy sent Mr. Hudon.

1-1-4X (E 6)

, May 15, 1950.

Dear Mr. Query:

Mr. Butterwick representative of the Copp Clark Company, Toronto, was in the city last week with a sample of some of the lines in which the Department is interested.

Prior to trade restrictions with the West Indies, Copp Clark received an order for a large quantity of interlined exercise books. The restrictions caused the delivery of these exercise books to be stopped, consequently the manufacturer is willing to dispose of these at $20.00 per thousand which is an exceptionally good price.

As we use a considerable quantity of interlined notebooks, please place in stock 8000 interlined notebooks at $20. per 1000.

It would be appreciated if you would place in stock the following:

1000	Music Dictation Books at $45. per M.
500	Graphic Workbooks at $8.25 per C.
72	Non Spill Ink Wells at $3.75 per doz.
500	sets Grade 7 Drafting Sets @ $2.75 each

These items are obtainable from:

The Copp Clark Co. Ltd.,
495-517 Wellington St. W.,
Toronto, Ont.

This firm also sells a very substantial No Dusto Noiseless Blackboard Eraser selling at $18.20 a gross. If this price is better than on the brushes already purchased, it would be appreciated if these brushes were purchased.

Yours sincerely,

Mr. R. Query,
Dept. of Public Printing & Stationery,
Ottawa.

Dear Mr. Phelan,-

The writer deeply appreciates your letter of May 25th advising of your recommendations to the Department of Public Printing and Stationery, and must apologize for his delay in answering same, as he has been out of town for the past 10 days.

It certainly is gratifying to know that our products are giving you every satisfaction, and we give you our assurance that we will keep our quality up, and are quoting our best prices to the Department on all these items, so we feel we can save them a fair amount should they buy direct from us.

Again thanking you for your courtesies and also for the reception given the writer when he called on your Department a short time ago, we remain

Very truly yours,

L. A. REEVES INK CO.

Memorandum:

COLONEL NEARY

The Indian in Canada by E.C. Woodley

I have just completed reading the above-noted manuscript and cannot be too sure as to the purpose it can be put to, if any, in our schools.

The material included is far from complete as there are enormous possibilites for covering more subjects such as culture, mode of living, religion, contributions to the White man, etc. Many of the subjects are covered but not as fully as required for school children, as not only facts are required, but these have to be elaborated to make the reading both interesting and educational.

The style is most unsuitable for school children. Mr. Woodley treats the subject matter as if he were writing a Chemistry book or Arithmetic book for he is stating facts after facts. To make a history book readable and valuable one must introduce short stories, incidents, comparisons, etc. A history book ought to be written like a novel rather than an assembly of facts.

I am attaching a list of notes picked up from time to time while reading the manuscript.

I think the book has possibilities as there has been a great deal of research made on the material, but it would have to be entirely rewritten to suit our pupils' requirements.

M.F. Track.

Indian Affairs. School Files.
(RG 10, Volume 6010, File 1-1-4X, part 1)

POOR COPY

1. Lack of variety of types of seat work problems such as True, False, Matching, Filling, blanks, completion sentences.

2. Lack of variety of seat work (e.g.) Draw your version of a totem pole (2) buffalo (3) buffalo fence, sand table work, projects, cutting, constructing etc.

3. "The Coming of Jacques Cartier" Page 22 begins too abruptly. It might be worthwhile to introduce the reader to the geographic locations in Eastern Canada where Cartier landed.

4. Dates are very frequently used. These are meaningless to pupils, expressions such as "350 years ago" might be better.

5. "Order of Good Cheer" Page 26 provides a good incident to give a short interesting story on what it meant to recreate an interest for the reader.

6. Port Royal could be connected with the nearest present place name.

7. "Coureur-de-bois" should be more elaborated on such as his work, his hardships, etc. A short interesting story would prove very valuable and interesting to the reader.

8. A more vivid explanation of the hardships encountered by the missionaries may prove interesting reading. Such things as contrasts of living, homes, foods, habits. Just saying "hardship" has little meaning to the reader.

9. "Quebec" should be connected with the present "Quebec City".

10. Where are the "Alleghany" Mountains?

11. A short story on Madeleine de Vercheres would prove interesting to a reader.

12. Where is "La Prairie"? A larger present day city would have more meaning to the reader.

13. Location of Caughnawaga should be given in miles from Montreal.

14. Carrying the large bell to Caughnawaga would be a good place to say something on the mode of transportation used by the Indians of that time.

15. Brantford, the large manufacturing centre could be given as the location of the Six Nations Indians in Canada.

Indian Affairs. School Files.
(RG 10, Volume 6010, File 1-1-4X, part 1)

POOR COPY

16. Being given a "Baronet" and becoming "Sir William Johnson" P. 43 is meaningless to a reader of elementary school level. More explanation may be necessary.

17. More explanation of the term "Seven Years War" may be called for.

18. "Delivering my pipe" would warrant more explanation such as What was it? What was meant? etc.

19. Where is Louisburg. Page 46. More explanation would seem necessary.

20. What is a navigator? Page 46. "Making Soundings" "Preparing a Chart", "Transit of Venus" "Astronomy".

21. What is a rattle? Page 47. What use might the Indian have for it? What was it like?.

22. Did the Indians sing songs as we do. Page 47. Was there any reason for their songs?

23. Where did the Indians get the red paint? Page 48.

24. How did the Indians skin the caribou and make the clothing? What did they use for thread, needles, buttons?

25. Did Indians wear shoes, hats, socks? Page 48

26. More on religion would be useful. A story or two would be useful and interesting to the reader.

27. The medicine man should get more special treatment.

28. Hudson's Bay Company, particularly its establishment and its connection with the Indians, how it operated would be useful and interesting to the reader. Page 55.

29. What were palisades? Page 50. A good opportunity to describe the early forts, their construction, their use, the powder house, etc.

30. Marriage is brought in from time to time, what a good opportunity to give a short story on marriages, the cermonies, etc. as applied to Indians.

31. Where is Fort Nelson? Would a present location not be clearer?

32. land and westward from Fort Churchill Page 51 would not lead to Assiniboine River or the Prairie Provinces except in the northern section.

33. More incidents from Kelseys Journal would be interesting. Such exerts as locations, Indian mode of living, villages, food, etc.

34. "Advanced him (Kelseys) in their service" Page 52 should be further explained.

35. Was all of Canada declared a Dominion in 1867? This should be explained. Page 58.

36. What was Rupert's Land? Page 58

37. How did liquor have bad effects on the Indians? Page 58. Why was it sold to the Indians? Page 58. These questions should be given more space.

38. Why did the police wear red uniforms? Page 58. A short story on their hardships, both physically and mentally. How they reached their destination, where their headquarters were, who their chief was, their equipment. All this would be useful information to the reader. What were some of the common offences of law that were encountered.

39. What are treaties with Indians? Page 59. What did the Indian receive for signing the Treaty. What did he promise the Queen in return. A story on treaty celebration interweaving pertinent facts would be very interesting to a reader.

40. More information on reservations, grants would be useful. Page 60.

41. Need for education should be given more space. Page 61

42. What was the Canadian Pacific Railway. Page 64.

43. Who are the Metis? Page 65.

44. Where is Lower Canada? Page 66.

45. A description of an Indian feast and ceremony thereto would be interesting.

46. What are wampum belts. A description and story behind it would help. Page 87

47. What was the Red Rebellion? Page 101.

D.W. Daves, Esq.,
Room 113
319 West Pender St.,
Vancouver, B.C.,

Gentlemen:

It has come to my attention that you are handling school desks. As we require desks from time to time, it would be appreciated if you would provide me with your prices for large, medium and small single movable chair desks which you are handling.

Actually I would require four sets of prices, i.e. one set of prices for f.o.b. Vancouver, one for f.o.b. Edmonton, one for f.o.b. Calgary and the fourth f.o.b. Regina indicating in each case whether tax is included or extra.

I am also interested in any other school furniture such as tables, chair and table desks, teachers desk and chair, etc., that you may be handling. Any literature you may have along with the prices would be appreciated.

Yours sincerely,

Bernard F. Neary,
Supt. of Indian Education.

DEPARTMENT OF CITIZENSHIP AND IMMIGRATION

INDIAN AFFAIRS BRANCH

150-152 (E3)

Ottawa, April 22, 1950.

To: Teachers in Isolated and Seasonal Schools

Notes on the Use of the Phonograph

1. Purpose:
The machine and records are supplied for use by the teacher in a planned programme. As the battery-pack has a limited number of hours of life, and replacement is inconvenient and expensive, the use of the apparatus must be rationed and spread over the school term. It is not, therefore, a device for amusement at recesses and before and after school.

2. Use-history:
On a line in the Register in the "Name of Pupil" column write "Radio-phonograph" and on days when the apparatus is used record the number of minutes of hook-up time under the day and date. A study of this log will permit anticipation of the date when the battery-pack will be worn out.

3. Subjects of instruction:
The apparatus is intended primarily to assist with the teaching of English (or French). It is hoped also that it will reinforce those teachers who are not naturally musical, and thus add to the attractiveness of the schoolroom.

4. Using the records:
Each record is to be used with a definite plan. Before embarking on a programme of instruction the teacher should play over all the records in the absence of the pupils and select the one which is to be the basis of the first series of lessons. The pupils must first become familiar with the melody. Having learned the melody they must then learn to sing the words to the melody. At this stage the teacher must be alert to stop the music if necessary and drill on pronunciation of the words. By the third or fourth day the more advanced pupils may be ready to read the words from the blackboard. By the end of the week such pupils should be ready to copy out the words correctly in their song-writing books. Thereafter they should be required to write the stanzas with complete accuracy from memory and to recite them orally from memory with due regard for correctness of pronunciation. From time to time they should, of course, sing in unison with the apparatus. Mastery of the song requires that they sing it without the apparatus, at the same time conserving electricity. A programme of this sort may be expected to give a majority of the pupils mastery of the language and melody of one song in a week. Some of the songs supplied may take longer, especially if the teacher includes in the term "mastery" a reasonable degree of efficiency in any dramatization or singing game associated with the song e.g. "London Bridge". Or the teacher may invent action to accompany the song. It is expected that teachers will devise various routines to go with "Ten Little Indians" and that groups of the children rather

....2

CANADA

Indian Affairs. School Files.
(RG 10, Volume 6010, File 1-1-4X, part 1)

POOR COPY

than the school as a whole will required to master these routines in addition to the language and melody. Teachers are reminded that properly spaced repetition of the lessons will permit mastery to be achieved more efficiently than an occasional long lesson. Two fifteen minute lessons a day for one week might be considered as an initial standard. As we are proceeding on an experimental basis the experience of teachers and any data or suggestions based on that experience will be helpful.

1. Records of the unbreakable type are preferred.
2. Some records are sold only in sets.
3. It is desired to avoid dialect.
4. The selections should suggest possibilities for action games, dramatization, drawing and poster work and the inculcation of desirable ideals and appreciations.

I. "God Save the King" with "O Canada" and "The Maple Leaf Forever".

II. Peter Pan Records (Unbreakable)

1. "Billy Boy" with "My Bonnie" and "A-Hunting We Will Go".
2. "Looby-Loo" with "Old MacDonald Had a Farm".
3. "The Farmer in the Dell" with "Frere Jacques".
4. "London Bridge" with "Sweet and Low" and "The Muffin Men".
5. "The Alphabet Song" and "Mother Goose Favourites".
6. "Rock-a-Bye Baby" with "Old King Cole" etc.

III. Golden Record Series (Unbreakable)

1. "Frog He Would A-Wooing Go" with "Bobby Shaftoe".
2. "My Tooth Brush Song" with "The Seven Sneezes".
3. "Ten Little Indians" with "Sing a Song of Sixpence".

IV. Star Bright Classics (Unbreakable with punch-out toys)

1. "The Gingerbread Boy".

V. Hymns

1. "The Twenty-third Psalm" and "An Evening Prayer" (Edward MacHugh).
2. "What a Friend" and "He Leadeth Me" (Bing Crosby and choir).

VI. Music Appreciation

1. "To a Wild Rose" (MacDowell).

6. Comments on the recordings provided:
Teachers are invited to make criticisms, suggestions for additional selections, and comments on or descriptions of their use and of the activities that they invent or adapt for Indian schools including related instruction in health-and conduct-attitudes, habits, ideals and appreciations.

e.g. (1) "Old MacDonald" and other selections which the pupils could conceivably teach to the families might help to break the ice at community gatherings or elsewhere.

(2) The frog's disobedience and the rat's tippling bring them to a bad end.

(3) The Authorized Version of the Twenty-third Psalm may be studied along with the metrical perephrase for vocabulary enrichment.

(4) "Rock-a-Bye Baby" could involve drawings and cut-outs related to home life and child care.

Dept. of Citizenship and Immigration,
220 Queen St., Ottawa,Ont.

Dear Col. Neary:

Please accept my thanks for the very kind reception given to me last Monday, and as requested by Mr. Trask I am sending you the samples of Artist supplies. The prices are as follows:

Rowney's Student quality Water Color cake- $1.00 per dozen cakes,less 33,1/3%
Oxford Series Hog Hair Brushes, size No. 4- .45¢ each, less 33,1/3%.

This brush can be supplied with the long flat hair, or the short bright style. This brush, I believe, is one of the best values on the Canadian market for students using oil colours.

Paramount Series- Water Color brushes. This brush is made of 100% pure Canadian squirrel with natural point, and the prices in the various sizes are as follows:

No. 2-	$1.80	per	dozen
No. 4-	2.00	"	"
No. 6-	2.50	"	"
No. 8-	3.30	"	"
No.10-	4.30	"	"
No.12-	4.80	"	"

We are also sending you a few small samples of tubes of Georgian Oil Colors, the price of which is in the catalogue I left with Mr. Trask: Percy pastels, each box containing twelve sticks, price $3.00 per dozen.

Special Manilla drawing pads, size 18 x 24-15 sheets- price .35¢ each
Special white drawing paper- size 11 x 15-15 sheets- price .15¢ each.

All the above prices, subject to discount of 33,1/3%, 8% Sales Tax included, delivered in Ottawa,Ont.

We do hope that you will try some of Rowney's products, and we know you will find them of first class quality.

Yours sincerely,

A.R. Davey

"THE ICE CREAM STALL". *This promising piece of work, 15" · 10", was painted by a girl aged 10, at a Leicester girls' school using powder colours throughout*

ROWNEY'S FIXED POWDER COLOURS
—and their importance to schools

MOST schools today give active encouragement to the aspiring artist. Many teachers have discovered that Rowney's Fixed Powder Colours are ideal for the training of young students. These are the factors which influence their choice

First, they are so quick and simple to mix. No time is wasted in elaborate preparations, and even the youngest child can obtain a good colour without any difficulty. The colour and the medium are already combined in the powder. Just add a little water, stir to a smooth paste, and then the mixture's ready to apply

Second, they are so economical in use. A special preservative added to the powder ensures that the colours keep fresh after mixing, even when left over from session to session. This means a tremendous saving in time and money, since it is impossible to judge exactly how much colour will be used in any one lesson

Third, they are available at modest prices, in airtight tins, so that wastage impurity, and deterioration are ruled out the classroom stays cleaner, too

Fourth, there is a wide range of 34 colours (including the 12 Ostwald colours) to suit every mood and shade Colours can be mixed together, or white can be added to make tints

Finally, George Rowney & Co., have specialized in artists' materials for over 150 years. In this instance, great care has been taken to make sure that a flat, even wash is provided, so that for covering large areas rapidly, smoothly, and economically, Rowney's Fixed Powder Colours are the perfect medium.

Look out/out for the full range of Rowney's Fixed Powder Colours

February 7, 1951

Dear Mr. Phelan:

Thank you very much for your letter of January 31st in which you tell us that you are asking the Department of Public Printing and Stationery to stock sixty copies of THE ONE-EYED TRAPPER. We are pleased to have this information and I shall, of course, pass it on to Miss Welsh, Mr. Belt and Mr. Duthie, one of whom probably called the book to your attention.

Am I right in thinking that your appointment as Chief of the Education Division of the Department has just recently been made? If so, I should like to offer you very warm congratulations. Having had pleasant, though infrequent, dealings with you going all the way back to Jim Cregan's days, I am sure you will be happy and successful in the appointment. For my part I shall enjoy the prospect of seeing you more often in this capacity.

Sincerely yours,

Jim Gray

Philip Phelan, Esq.,

Dear Sir:

From time to time during the past year, we have been contacted by one of your representatives selling text books and library books. During the year we were accumulating samples of the books with a view to compiling the full list in February.

We have now picked out our requirements and are asking the Department of Public Printing and Stationery to stock the books as shown on the attached copy of the letter forwarded to this Department. You will receive the official order from the Department of Public Printing and Stationery.

It would be appreciated if you would convey this information to the Agent for this district in order that he may be credited for his efforts and extend to him my appreciation for calling on me and assisting me in the preparation of this list.

Yours sincerely,

Philip Phelan,
Chief, Education Division.

TORONTO February 27 19 51.

TO: Mr. A. G. Bounsall

FROM: Mr. J. F. Taylor

RE: Mystik tape

Answering your favour of February 24, I have again been in touch with the agents of the Mystik binding tape and they advise me that they only make the 3" x 108" and the 3" x 500". The price of the 500" roll is $6.50 per roll less 33-1/3%. The 108" roll is $2.45 less 33-1/3%.

"THE ICE CREAM STALL". *This promising piece of work, 15" × 10", was painted by a girl aged 10, at a Leicester girls' school, using powder colours throughout.*

ROWNEY'S FIXED POWDER COLOURS
—and their importance to schools

MOST schools today give active encouragement to the aspiring artist. Many teachers have discovered that Rowney's Fixed Powder Colours are ideal for the training of young students. These are the factors which influence their choice:

First, they are so quick and simple to mix. No time is wasted in elaborate preparations, and even the youngest child can obtain a good colour without any difficulty. The colour and the medium are already combined in the powder. Just add a little water, stir to a smooth paste, and then the mixture's ready to apply.

Second, they are so economical in use. A special preservative added to the powder ensures that the colours keep fresh after mixing, even when left over from session to session. This means a tremendous saving in time and money, since it is impossible to judge exactly how much colour will be used in any one lesson.

Third, they are available at modest prices, in airtight tins, so that wastage, impurity, and deterioration are ruled out—the classroom stays cleaner, too.

Fourth, there is a wide range of 34 colours (including the 12 Ostwald colours) to suit every mood and shade. Colours can be mixed together, or white can be added to make tints.

Finally, George Rowney & Co., have specialized in artists' materials for over 150 years. In this instance, great care has been taken to make sure that a flat, even wash is provided, so that for covering large areas rapidly, smoothly, and economically, Rowney's Fixed Powder Colours are the perfect medium.

Look overleaf for the full range of Rowney's Fixed Powder Colours.

Mr. M. Track,
Educational Division,
Indian Affairs Branch,
Ottawa, Ontario.

Dear Mike,

I have just received a letter from Miss Roberts at the Walpole Island School in which she asks concerning school books. Her letter reads in part as follows:

> "If you have a moment in your last hours with Indian Affairs, would you kindly leave word with those in charge that I have received no reply to my request last October for music books or library books. Nor have I received a reply from a Moyer's order that I placed with Mr. Stallwood at Christmas for construction paper and other handicraft materials."

I told her I was writing to you concerning this and that you would have a check made.

Kindest regards.

Yours sincerely,

BFW:ER

Mr. M. Track,
Educational Division,
Indian Affairs Branch,
Ottawa, Ontario.

Dear Mike,

Knowing that you are on the lookout for library books - at a good price - I am sending you two series which I believe will be satisfactory. One is a series of Bible Stories which are being widely sold to both Protestants and Catholics. In fact both Landy and Desmarias and Robitaille are among the best buyers of these series. We also sell them to the British and Foreign Bible Society, Ryerson, and General Board of Religious Education. I have marked the list prices on the front page and these, to you, would be less 33 1/3%. The only reason we can sell them so cheaply in Canada is because they are not printed here!

I am also sending you two animal stories from the NELSON ANNIVERSARY LIBRARY. These are both Canadian stories and deal with Canadian children. LEFTY has had a very wide sale followed closely by BLACK VIC.

I will be in to see you on Thursday or Friday.

Kindest regards.

Yours sincerely,

BFN:ER

Re: Dept. Purchase Order #57628, May 25, 1950.
Vote 516-12-415- Exp. 515.

Please note that the shipping instructions are in error, the first shipment should read three machines, instead of one, which were to be addressed to Mr. E. Law, Superintendent, Indian Agency, The Pas, Manitoba.

The R.C.A. Victor Co., Ltd., Ottawa, have been advised accordingly and are making the correction on their order.

....THE TRUTH ABOUT SMOKING **$1.39**

Roger William Riis

An original publication expanded from the most controversial of all READER'S DIGEST articles.

The first authoritative expose containing the latest scientific information on smoking habits and its effects on the lungs and heart. A special section on cigarette advertising.

GEORGE J. McLEOD, LIMITED
PUBLISHERS—PUBLISHERS REPRESENTATIVES
[illegible] TORONTO 2-B, ONTARIO

May 1st
1 9 5 1
Our 53rd year

Gentlemen:-

Attached is a copy of the latest Grosset & Dunlap catalogue.

In the month of February we announced certain price changes that were to be effective on March 1st, and at that time informed you that any orders received by us before the first of March would be honoured at the current prices.

In this announcement, we told you there was a possibility that Series Books such as BOBBSEY TWINS, HARDY BOYS, etc. were to be increased in price from 75¢ to 85¢ in the United States, and there was a great possibility that they would be increased over the $1.00 Canadian list price. However, fortunately, with the co-operation of Grosset & Dunlap, Inc., who, as well as ourselves, made a sacrifice profitwise, we were able to hold this price to the $1.00 Canadian list.

As you no doubt are aware, on the new Canadian Budget which was announced on April 11th, Sales Tax was increased from 8% to 10%, which virtually means that our costs on importing books from the United States have increased 3% on the cumulative import costs.

It is now our intention not to raise the prices generally in order to regain some of our additional import costs, but to change one price only, which we do not feel will affect the sales on the Grosset & Dunlap line. As of July 1st, all books listed in this catalogue at $1.39 will be increased to $1.49, and in this way we hope to save, at least for the time being, increasing any other prices.

We will honour any orders postmarked not later than June 30th for $1.39 books at the $1.39 price. We ask you to go through this catalogue carefully and try to anticipate your Fall requirements. The only stipulation we make is that the books ordered, must be for immediate shipment, as we could not begin to warehouse stocks for later shipments.

We would appreciate in turn your co-operation on this price change and do hope you will take advantage in ordering immediately.

Yours sincerely,
GEORGE J. McLEOD, Limited
W. G. McLeod.

ALL COMMUNICATIONS TO BE ADDRESSED TO THE KING'S PRINTER

Ottawa, June 22, 1951.

Education Division,
Citizenship & Immigration,
Indian Affairs Branch,
Ottawa.

Attention: Mr. M. F. Track

Dear Mr. Track:

As requested earlier this month the publishers of the books listed below were advised to cancel our orders for them if they were unable to effect delivery within one week from June 11th. Since no deliveries have been received, the orders are therefore cancelled and I would ask you to suggest substitutions from the remainder of your Supplementary Reading List for 1951 in order that we may go ahead with the supply of your requisitions.

	CAT NO.	TITLE
1	~~390~~	~~Eight Little Indians.~~ Cancelled
2	391	The Farm Yard Paint Book.
3	392	Simple Objects Colouring Book. Only sufficient stock
4	346	The Blue Book of Dogs.
5	383	Poems for Boys and Girls.
6	381	Child's Garden of Verses.
7	380	Donald Duck in Bringing up the Boys.
8	384	Mother Goose (Story Hour Series).
9	372	Why Roosty Sang.
10	373	Rowdy.
11	375	Dipsy Donkey.
12	285	Gingerbread Man.

Yours truly,

F. O. Labbie

Ottawa.

Dear Sir:

With reference to your letter of June 23nd in connection with the non-receipt of some of the library books, please make the following amendments to correct the list:

1. Catalogue 390 refers to the Big Big Paint Book. This number should be kept for this book. The order for "Eight Little Indians" may be cancelled.

2. # 391 The Farm Yard Paint Book may be cancelled with no substitute.

3. # 392 Simple Objects Colouring Book. I am informed that there is a large number of these in stock, consequently, this book should be kept on the list until the stock is exhausted after that cancel.

4. # 346 The Blue Book of Dogs. This book should be cancelled. I am informed that you have Book # 442 - Green Book of Birds in stock which can be substituted for the Blue Book of Dogs.

5. # 383 Poems for Boys and Girls - Replace by "Farmer Collins".

Colonel B.F. Neary,
Thos. Nelson & Sons Ltd.,
91 Wellington St. W.,
Toronto, Ont.,

Dear Colonel Neary:

I am asking the Department of Public Printing and Stationery to place in stock 72 copies "The Quints Book".

I require this book for this year's library list and would appreciate an early delivery after receipt of the official ordvr.

You might be interested to know that Mr. Phelan is presently in Saskatchewan choosing a suitable School Inspector for that Province. In July he will be going to Montreal and St. Johns to choose one for the Quebec region.

The position of Chief of Indian Education is still vacant and there does not seem to be any move to have it filled. Mr. Doucet is carrying on with the work. The rest of the crowd is the same, busy as bees.

Yours sincerely,

Philip Phelan,
Superintendent of Education.

Dear Mr. Track,-

We wish to thank you for your letter of June 20th and your kindness in examining the case of supplementary books sent for your inspection.

I am sorry to hear that the majority of our books are either too expensive or of unsuitable content for your needs. Every effort was made to keep the price down. Would it be possible for us to receive a copy of your library listing as a guide to the type of books you are seeking in the supplementary field? This would be of great assistance in screening our wide selection when considering your needs.

Again may I thank you for your courtesy in examining our selection and I can assure you that I will drop into your office during my next visit to Ottawa.

Yours sincerely,

Stanley G. Scott

Dear Mr. Lajoie:

In the past years you have been supplying to our schools Ink Powder in one quart capacity glass bottles.

From the delivery slips it is noted that the price for this powder is sixty-one cents for red and forty-three cents for blue-black ink.

I am informed by A.L. Reeves of Toronto that they can provide school Ink Powder at thirty cents for red and fifteen cents for blue-black less a discount. This ink powder is sold in metal containers and is suitable for our schools.

It would be appreciated, therefore, if you would purchase all future Ink Powders for schools from the A.L. Reeves Company, Toronto, Ontario.

Yours sincerely,

Philip Phelan,
Superintendent of Education.

Mr. M.F. Track
Dept. of Citizenship and Immigration
Indian Affairs Branch
Copeland Building
Albert & King Streets
Ottawa, Ontario

Dear Mr. Track:

Thank you for your letters of June 29th and July 4th. It was unfortunate that our letters crossed.

I wish to acknowledge your advice that an order will be placed through the Department of Public Printing and Stationery for 288 copies of "My Coloring Word-Dictionary" and 288 copies of "Jumbo Coloring Book". We will see to an early delivery after receipt of the official order.

In the meantime I am sending you sample copies of "Sunny 'n' Sam", #2507, "Read and Color", #1584, and "A B C Color Book" #1585, as you requested in your letter of June 29th. We carry quite large quantities of all these Merrill coloring books and can guarantee you reasonable delivery of any one title.

As I mentioned to you, the books are .25¢ each or $2.00 per dozen net which is 16.7¢ per copy. The .50¢ books are $3.60 per dozen net or .30¢ per copy. On your forthcoming order we shall bill you at the net price with no discount unless you advise that we show the list price less the usual discount extended to the Department of Public Printing and Stationery.

Yours very truly,

M.J. Savage, Manager
Educational Department

88 Richmond Street West . Toronto 1

WAverley 2915-6-7

July 5th, 1951.

Mr. M. Track,
Indian Affairs Branch,
Department of Immigration
and Citizenship,
Copeland Building,
Ottawa, Ontario.

Dear Mr. Track,-

May I sincerely thank you for your kindness in forwarding your 1950-51 library list. I assure you that this will be of great assistance in screening our books when considering your needs.

Mr. Irwin would also like to thank you and Mr. Phelan for your order of the Star Bright Books. In compliance with your request, we are shipping all that we have on hand and have already ordered the rest to fill the remainder of your order. However, you could be of assistance to us in our customs clearance by signing the certificates I am forwarding to you (both copies of each title) and returning them to us as soon as possible. These are the usual certificates for importation of books for educational purposes.

When I was in Ottawa, you expressed an interest in the Montreal Book Display and I promised to give you the pertinent information when it became available. This display is under the auspices of the 87th Annual Convention of the Provincial Association of Protestant Teachers of Quebec and is to take place on Thursday and Friday, October 4th and 5th, 1951, at the Montreal High School. The Executive Director is Dr. J. M. Paton, M.A., D.Paed., Rooms 15-16, 1410 Guy Street, Montreal 25, Quebec. This is the largest display in the publishing year and all the major publishers are represented and show a wide range of texts and supplementary books. I am sure that if you or one of your associates could attend this display, you would find it of value and interest.

Once again thank you for your consideration. Hoping to hear from you.

Yours sincerely,

Stanley Scott

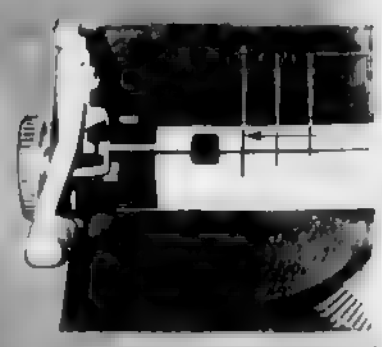
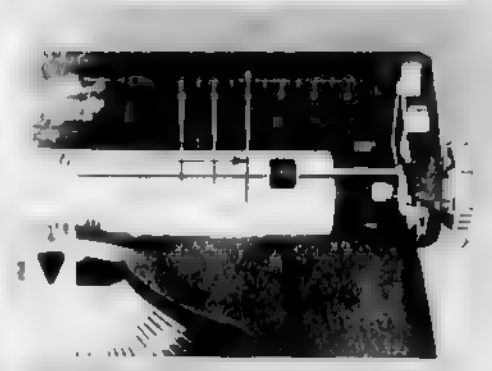
Buy the Portable that offers you the most in

Beauty and Performance...

Finger-Flite CHAMPION





...Gives You KEY-SET TABULATION!

It's the same as a standard machine. You set the tab stops, as close as you want, and clear them from the keyboard. You'll find tab set, tab clear and tabulator keys conveniently located on the keyboard.

Only on the new Underwood Finger-Flite Portables is it possible to set both left and right margins simultaneously to any predetermined writing line, up to full 9 inches. Finger-Flite Portables are also equipped with standard paper aligning scale at bottom of carriage.

Here, in the typewriter that you've been waiting for—the new Finger-Flite CHAMPION with all of the famous Underwood advantages ordinarily found only in an office size machine. Designed for speed, engineered for durability and precision-made for easier, faster writing, the Finger-Flite CHAMPION is a class by itself. A demonstration will convince you that the CHAMPION is yours ahead in appearance, performance and writing ease. See the new Finger-Flite CHAMPION at your Underwood Portable Dealer's today ... *IT GIVES WINGS TO WORDS!*

Plus "SEE-SET" MARGINS

Priced to meet popular demand ...the New UNDERWOOD *Finger-Flite* UNIVERSAL

The new Underwood *Finger-Flite* Universal priced for your pocketbook ... with a host of "big machine" advantages that put it miles ahead by itself! It has all the features offered in the famous Underwood Finger-Flite Champion except Key Set Tabulation.

GET THESE OUTSTANDING FEATURES TO SIMPLIFY YOUR PERSONAL WRITING

Balanced Segment Spacing—Narrow keys for narrow letters, wide keys for wide letters. Perfect balance!

Standard Speed Keyboard—Nearly everyone can operate it. Most operators can switch to it in a few hours. Takes little practice. Easy to learn.

Finger-Form Keys—Designed to fit the fingers. Helps to keep your eyes on your work.

Underwood Ease Finish—Light reflecting non-glare finish. Relieves eyestrain.

See-Set Margins—Visible right and left hand margins show you the length of all lines. Finger-operated.

Single Margin Release Key—Both right and left margins are released by standard key on keyboard.

New Key Set Tabulation—Tabulator key sets stops where you want them. Clears in two steps. Tab clear key clears the stops quickly, easily. Keeps it free of dust.

Full Ribbon Writing Control—You write red black or red-to-black just as you've always done it.

Automatic Line Finder—Pull lever, get next line starting decision for writing. Between lines. Accurate and positive return to original line of writing.

Variable Line Spacer—Pull out type, turn knob, cylinder. Doubles writing on ruled paper.

Carriage Centralizing Lock—Locks carriage in correct position for closing case.

Single, Double and Triple Spacers. Selective spacing for every typing requirement.

PLUS Touch Control, durable construction, smooth Roll Paper Feed and Underwood famous ease of touch.

Buy on BUDGET TERMS

HANDY • DURABLE COMPACT

You'll be proud to carry this Smart New FASHION FLITE CARRYING CASE

Paper-formed for easier carrying, the new Fashion Flite Case looks like it is a smart piece of luggage. Finished in attractive plastic, this new Underwood case offers complete protection for your new Finger-Flite Portable. Twin latches on the back hold the case securely closed. A patented under frame lock securely holds your Underwood Portable in the case but it can be removed from the back of the carrier for use on desk or table. You'll like the Underwood attaché case—smartly designed especially for your modern new Finger-Flite.

Mr. F.O. Lajoie,
Stationery Office,
Dept. of Public Printing & Stationery,
Ottawa, Ont.,

Dear Sir:

This refers to our Demand for School Material No. 59-34836 calling for 4550 copies Joe and Ruth Go to School and 2150 copies Joe and Ruth Workbooks which was returned as this form is not used for stock purchases.

This letter will confirm our request to you to place the above-mentioned books in stock.

You will note that these books are available from J.M. Dent & Sons, Canada, Limited, 225 Bloor St. West, Toronto 5, Ontario and it is understood that stock Requisition No. 14670 dated August 28th has been issued by your office.

We have secured a special price from Dent's for these books and it is presumed that when these books will be delivered to our school you will charge us accordingly.

Yours sincerely,

Philip Phelan,
Superintendent of Education.

Re: Portable Typewriter for School Inspector

In May we submitted a request, together with requisition forms for a portable typewriter. Your reply of May 10th, file 205/12-2 (46) postponed action on this order until the Inspector's convention.

If letters and reports can be typed during inspection tours, in the evenings, while waiting for trains, etc. much valuable time can be saved. As you know there is always a large backlog of work at the office awaiting the School Inspector on his return from field inspections.

Hon Conrad

Ottawa.

Dear Sir:

I am advised by Musson Book Company Limited 103-107 Vanderhoof Ave., Toronto 17 that they have in stock sixty copies of Little Wooden Duck.

This is a Canadian publication and printing of this book is discontinued. Mr. A. Clarke, the representative has offered the sixty copies at a price of fifty cents each. As this book is suitable for our library lists, it would be appreciated if you would place an order for sixty copies of Little Wooden Duck at fifty cents.

Yours sincerely,

Philip Phelan,
Superintendent of Education.

Dept. of Public Printing & Stationery,
Ottawa.

Dear Mr. Lajoie:

Further to our letter of September 5th regarding the purchase of 4550 copies of # 99 Joe and Ruth Go to School and 2150 copies of # 98 Joe and Ruth Workbooks at a cost of $300. from J.M. Dent & Sons, it would be appreciated if you would quote the prices you will charge us on future requisitions for these books.

It is noted that the charges for these books on November 1 were 27 cents and 32 cents each respectively. In view of the fact that you purchased these books from the suppliers at the new rate we feel that our charges should be reduced accordingly.

Yours sincerely,

Philip Phelan,
Superintendent of Education.

Mr. M. Track,
Education Division,
Indian Affairs Branch,
Department of Citizenship and Immigration,
Ottawa, Ontario.

Dear Mike,

Under separate cover I am sending two books in which you might be interested.

The first is ANN THORNE- REPORTER. We have a stock of 70 and can let you have them for 75¢ net.

We are busy in clearing our warehouse before the inventory period and have a large stock of "GOLDEN WINDOWS". We can offer these to you at 25¢ each for an order up to 1000 and for 20¢ each for an order over 1000.

As you are probably aware, this was authorized until 1950 in the Province of Ontario. At this price they would be ideal for supplementary reading and particularly for seasonal schools.

I know you are always looking for a good story for Indian girls. ANN THORNE was a special run prepared for library use in the schools of Manitoba.

I will be up in Ottawa about the middle of February and will, of course, be in to see you all.

Yours sincerely,

BFN:ER

You may use this letter for your reply and it would be appreciated if you would show the net price for each you will allow us for the quantities shown.

Yours sincerely,

Philip Phelan,
Superintendent of Education.

Dear Sir:

At the present time we are moving our place of business, and in consequence of this, our stock room is rather disorganized. However we hope to be able to supply your complete order for the above listed titles within 3 weeks of date of receipt of your official order.

We have shown the net price per copy on each title and these prices are less 33 1/3% of the list price. We regret that there was a price increase on the 1st of March and so the quotations are the new current prices.

We trust that the above information is complete and satisfactory and wish to assure you that when your order is received, it will receive prompt and careful attention.

Yours sincerely,
(I. Sheila Armour)
Library Department

Ottawa, Ontario

Dear Mr. Phelan:

Your letter of March 19, addressed to Miss Welsh, has come in while she is still away from the office on a business trip. It will be brought to Miss Welsh's attention on her return, but in the meantime we are pleased to send you the following quotation:

		List	Net
120	THE OPEN WINDOW	.40	.32
120	TOBY	.40	.32
120	THE GREEN BOOK	.50	.40
84	JUST TIME FOR A STORY	.70	.56
72	I'LL TELL YOU A STORY	1.35	1.08
84	STORY LAND	1.10	.88
84	GATES TO FAIRYLAND	1.00	.80
60	JOYFUL HOURS	1.00	.80
84	TED AND SALLY	1.35	1.08
84	MR. AND MRS. BIG	.40	.32
84	THE CHRISTMAS TREE	.40	.32

A SECOND BOOK OF NAUGHTY CHILDREN is not our publication. You will therefore need to write the publisher, British Book Service, 265 Adelaide Street West, Toronto, for your quotation on 72 copies of this title.

We have placed our order for all of the above books, and hope to have them for delivery within three weeks from receipt of your official order. Two or three of the titles are from England, however, and it is possible slightly longer would be required. To speed the arrival of these we have cabled the order, and asked that the books be sent to us by

Dear Mr.Track,

Further to our conversation of last week,I am sending you a sample of each of the titles by Father Finn,SçJ. The best discount that we could afford you would be 25%.

You will also receive samples of the two Student publications that I showed to you and Mr.Phelan.Although an order such as the one you would place would be considered as single subscriptions,we would be able to allow you a 20% discount on the retail price of both publications.The breakdown is as follows:

TOPIX : Retail price: $3.00 disc. 20%. your price: $2.40

THE CATHOLIC BOY : Retail price: $2.50 disc. 20%
your price: $2.00

If I can be of any assistance to you,please do not hesitate to call upon me.

Yours truly,

Kenneth D.Lehman

Ottawa.

Dear Sir:

It would be appreciated if you would stock the following books available from J.C. Winston Co. Limited, 60 Front St. West, Toronto, for our library book list:

120	Good Stories
120	Fun in Story

Yours sincerely,

Philip Phelan,
Superintendent of Education.

Doubleday Canada Ltd.,
105 Bond St.,
Toronto, Ont.,

Dear Sir:

With reference to your letter of April 21 regarding confirmation of our order for Juvenile books it appears that there is some misunderstanding regarding these.

When writing you on January 19th we were merely requesting whether you had these books in stock and what the list prices for them were. This letter was not an order and was not intended as such.

On receipt of your letter of March 27th we requested the Department of Public Printing and Stationery to order the books and it is this Department who will forward you the order. We are not prepared to say what the order number is.

I hope this will help you clarify the matter.

Yours sincerely,

Philip Phelan,
Superintendent of Education.

Dear Sir:

It would be appreciated if you would put in stock one thousand copies of Play At Home available from Copp Clark Company Limited, Toronto, Ontario. These are available at five cents a copy.

Yours sincerely,

R.F. Davey,
Assistant Superintendent of Education.

Memorandum:

~~OFFICIAL SECRET~~

Re: Telephones in Education Division

The present telephone arrangement in this Division is as follows:

1. No. 4465 - Main Station - Mr. H.F. Davey
   Extension - Mr. C.A.F. Clark
2. 7683 - Main Station - Mr. M.F. Track
   Extension - Outer Office

The above arrangement was decided on a temporary basis when the Branch moved into this building and the position of Assistant Superintendent of Education was vacant.

Since taking over the duties of Assistant Superintendent of Education, Mr. Davey's work has increased to such an extent that it is felt the extension from his phone should be discontinued.

Mr. Davey makes calls and receives calls from the Director and other officials, consequently it is necessary to have the lines clear and available when required.

Indian Affairs. School Files.
(RG 10, Volume 6010, File 1-1-4I, part 2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR COPY

As the extension serves two officials now, it will be necessary to secure a "Main Station" to replace the extension. If a "Main Station" is provided it is suggested that the extension from 7683 be discontinued. It is proposed, therefore, that two extensions be replaced by one "Main Station".

It is therefore, respectfully requested that:

1. Extension from 4465 be discontinued
2. Extension from 7683 be discontinued
3. New "Main Station" be established replacing the extension from 4465 listing it under C.A.F. Clark.

Philip Phelan,
Superintendent of Education.

Dear Sir:

It would be appreciated if you would place in stock the following for our next year's library list:

72 copies The Red Canoe
72 " The Secret of the Whispering Willow

The publishers, McClelland and Stewart, are moving to new quarters and are consequently allowing us a very good discount on these books provided we purchase them now. The price is $1.00.

Yours sincerely,

Philip Phelan,
Superintendent of Education.

Ottawa.

Dear Sir:

It would be appreciated if you would stock twenty-four Commander Model # 2P12 Globes at $5.85 each.

These are 12" Globes done in four colours and a ninety-six page book is included. These globes are available from McFarlane Son & Hodgson Limited, 342 Lisgar Street, Ottawa.

Yours sincerely,

Philip Phelan,
Superintendent of Education.

A WORD ABOUT COLOURED CHALKS

For the new light coloured chalkboards we especially recommend Justrite No. 134. It writes smoothly and erases easily and completely.

Where intense colour effects on paper are required we suggest using Amaco Dustless Coloured Chalk.

Mr. A. Vary,
Superintendent of Stationery,
Dept. of Public Printing & Stationery,
Ottawa.

Dear Sir:

Your records indicate that in the past you have been purchasing white chalk and coloured chalk from E.J. Reginald Saunders, Toronto, Ontario. Mr. Gerald V. Parker, representative of the American Art Clay Company of Canada Limited, 536 Eastern Avenue, Toronto, Ontario, was in my office the other day and pointed out that Saunders is a jobber selling this company's products and that Saunders is no longer dealing in chalk. Mr. Parker suggested that all orders should be placed with American Art Clay Company in future.

It is noted from your Department of Public Printing and Stationery accounts that this Department is billed for white chalk at the rate of forty-six cents a box. It has been arranged with the above-mentioned firm that in future the billing for white chalk will be at the rate of $10.32 a case of twenty-four gross, consequently this Department should be billed at the rate of forty-three cents a box for this chalk.

The American Art Clay Company is offering permo-plast "modelling clay" which it is felt may be suitable for our schools. The price of this clay is $8.64 a case of forty-eight pounds. This is considerably cheaper that the klean klay we have been buying in the past

D

and it would be appreciated if in future orders would be placed with the above-mentioned firm. We will continue to use the following colors:

orange, blue, red and green

Each color should be individually packed in one pound boxes.

Yours sincerely,

Philip Phelan,
Superintendent of Education.

Mr. A. Vary,
Superintendent of Stationery,
Dept. of Public Printing & Stationery,
Ottawa.

Dear Sir:

It is noted from the copies of your Blue Slips that there are no thumb tacks in stock. It has been noted also that in the past you were shipping pressed-out thumb tacks which are sometimes called one piece.

From experience it has been found that these thumb tacks are not suitable for schools where thumb tacks are used and re-used several times for various displays. It is requested, therefore, that all future orders for thumb tacks be solid head type, 7/16" in diameter. These are more substantial tacks and can stand abuse which is required of them in schools.

A representative of McFarlane, Son & Hodgson Limited, Ottawa, was in my office today and quoted the following prices for the solid head thumb tacks:

1000	cartons of	10	boxes of 100 tacks	$2.09	per carton
5000	"	10	"	1.99	"
10000	"	10	"	1.85	"
25000	"	10	"	1.77	"
50000	"	10	"	1.71	"

It is respectfully suggested that 10,000 boxes of the above-mentioned thumb tacks be purchased immediately as the above-mentioned firm have these on hand for immediate delivery.

Yours sincerely,

Philip Phelan

EDUCATIONAL DEPARTMENT

Canadian Branch
215 VICTORIA STREET
TORONTO 1

May 27th, 1952.

Mr. M. S. Track,
Department of Indian Affairs,
Copeland Building,
294 Albert Street,
OTTAWA, Ontario.

Dear Mr. Track:

We have just been through our stock-taking period here and I find that we have a number of copies of the HORACE MANN READERS. These story readers have been popular for some years for supplementary use. However, they have had their day and we would be quite willing to sell them off at a special price so that we might have a little more room in our warehouse.

It has occurred to me that you might be interested in taking advantage of a bargain. I have indicated below the titles and quantities that we have available:

PRACTICE PRIMER	159
NEW PRIMER	489
NEW FIRST READER	467
NEW SECOND READER	1946
INTRODUCTORY FOURTH READER	421
FOURTH READER	130

I should like to make you the following offer:

a) $.20 net f.o.b. Toronto for any quantity of any title

b) $.15 net f.o.b. Toronto for the complete stock of any title

c) $450.00 for the complete stock of all titles to be supplied f.o.b. Toronto

I might add that each of these prices is considerably lower than the current net price and, as indicated above, the offer is being made to prevent our warehouse from "bursting at the seams".

Very best regards,

Yours sincerely,

Bernard McEvoy,
Assistant Manager.

Dear Mr. Phelan:

With reference to your letter of July 11, File #1-1-4X (E6), Easter Time (120 copies) is still out of stock with the original publisher. We are awaiting the arrival of these books and we have advised the publisher that we are in dire need of our order.

When we quoted you prices of the various text-books which you were contemplating on ordering, we ordered the various quantities at this time.

Stock is expected to be shipped from the U. S. A. today, and as soon as the books are received here, we will ship them immediately to you.

I am sorry that this delay is inconveniencing you considerably but it is beyond us to do anything about it.

Sincerely yours,

Doreen Thompson

INDIAN AFFAIRS

Mr. Philip Phelan,
Superintendent of Education,
Dept. of Citizenship and Immigration,
Ottawa, Ont.

Dear Mr. Phelan:

With further reference to our correspondence of July 11 and July 16, the 120 copies of Easter Time ordered by the Queen's Printer on April 22, on their order number A 31901, I regret to have to report the following information which is quoted direct from a letter sent to me from the original publisher of the text.

"Please pardon my delay in replying to your letter of July 16 in which you inquire about your two orders for Easter Time which have not been filled."

"When we first decided to reprint this book when our stock ran low, we thought to make a slight revision in it, but after going over it we have decided to remake it entirely, with new illustrations throughout and new format. Therefore, it will be some little time before this book can be reissued in its new form. The artist is still working on the new illustrations, so I doubt that we can havethis book very much before two or three more months."--Signed: Gladys Hendrickson.

In view of the facts contained in the above information, under separate cover, I am forwarding you complimentary copies of the following titles in hope that you may find a suitable substitute.

The Open Road	-	$ .80
The Little Road		$ .55
Good Times in Winter		$ .45
Jack O'Lantern Twins		$ .55
The Dairy Farm		$ .65

Open Road, and Little Road are in the same series as Wide Road and Broad Road which were ordered by you in March.

Good Times in the Winter is contained in the same series as Good Times at the Farm, in the City, and if you wish complimentary copies of these other titles, please advise me and I will be only too glad to comply with your request.

Please accept my sincere apologies for this inconvenience which is being caused you as we do all in our power to satisfy our customers.

Cordially yours,

Doreen Thompson

Doreen Thompson, Sec.,
Educational Division.

P.S.--Should none of the above titles meet with your approval, we shall be only to glad to hold your order on file for shipment as soon a s stock is received.

The Ryerson Press,
Toronto, Ont.,

Dear Miss Thompson:

With reference to your letter of August 13th regarding 120 copies "Easter Time", you are advised that as these books were required for the 1951-52 library list, it will be in order for you to cancel the order # A31901 as we are anxious to remove the outstanding order from our books.

We have received copies of other books you forwarded us and would appreciate a copy of the new "Easter Time" when it is available. We will require this sample for our next year's library list.

Yours sincerely,

Philip Phelan,
Superintendent of Education.

Dear Sir:

I am informed by the Book Unit that they have a number of back orders for the following items:

09 My First Dictionary
1846 Duplicator, Simplex

As it is our intention to discontinue these items it would be appreciated if you would remove them from your stock list and return the outstanding back order slips to this office in order that we may cancel them.

Yours sincerely,

Philip Phelan,
Superintendent of Education.

Mr. F.O. Lajoie,
Dept. of Public Printing & Stationery,
Ottawa.

Dear Sir:

In the past we have provided the following Readers for our Catholic Indian day and residential schools:

306	~~188~~	Paths of Grace, Grade 3
307	189	Workbooks for Paths of Grace
308	190	Tales to Tell, Grade 4
309	191	Workbook for Tales to Tell
310	192	Stories for Everyday, Grade 5

311 Treasures
312 Faith + Family
313 Wide Horizons

As the above text books are now absolete and the Provincial Departments of Education have authorized the Faith and Freedom Readers for these grades, it would be appreciated if you would place the following text books in stock for our requirements for the academic year 1953-54:

1,2	2000	This is Our Parish 188
1,2	2000	Workbook for This is Our Parish 189
1,2	2000	This is Our Town 190
1,2	2000	Workbook for This is Our Town 191
	2000	This is Our Valley 192
	2000	Workbook for This is Our Valley 193
1,2	2000	This is Our Land 194
	2000	Workbook for This is Our Land 195
1	1000	These Are Our Stories 170
1	1000	Workbook for These Are Our Stories 171

Available from Ginn and Company,

, November 7,1952.

Mr. F.O. Lajoie,
Dept. of Public Printing & Stationery,
Ottawa.

Dear Sir:

In our letter of July 5, 1951, the Department of Public Printing and Stationery was requested to stock ink powder, blue, quart size available from A.L. Reeves,Company, Toronto, Ontario it was pointed out at that time that the cost of Reeves ink was fifteen cents a packet while the ink which we have been receiving sold at forty-three cents. As the school ink handled by Reeves was considered satisfactory and as the price was considerably lower it was decided to use this type of ink.

It is noted that Reeves ink was provided to our schools for some time but later we began to receive the more expensive ink which is packed in glass containers. It is felt that the reason for issuing the more expensive ink was due to the fact that both the Reeves ink and the more expensive ink was listed under stock # 4074.

It would be appreciated if in the future all orders for ink for schools be purchased from Reeves Company and a stock number given for the ink used for our schools.

In the past we have provided # 4323 yardsticks from your stock. These yardsticks were billed at sixty-one cents each. We have now obtained a sample of a yardstick that would meet our requirements, the cost of

POOR COPY

which is thirty-six cents each. It would be appreciated if you would place in stock six gross of # 350 hardwood yardsticks at $51.70 per gross available from W.J. Gage & Company Limited.

Please advise the stock number designated for this yardstick.

I am forwarding you an additional copy of this letter and it would be appreciated if you would return a copy with the stock numbers indicated on it.

Yours sincerely,

Philip Phelan,

A WORD ABOUT COLOURED CHALKS

For the new light coloured chalkboards we especially recommend Justrite No. 134. It writes smoothly and erases easily and completely.

Where intense colour effects on paper are required we suggest using Amaco Dustless Coloured Chalk.

, November 12,1952.

Mr. F.O. Lajoie,
Dept. of Public Printing & Stationery,
Ottawa.

Dear Sir:

In the past we have provided our Indian day and residential schools with "Justrite" white chalk. As you are aware this chalk is packed in boxes of 144 sticks. We have had some complaints from teachers and school inspectors indicating that the white chalk is not suitable where classrooms have a tendency to be dark. It has been decided to provide "yellow site protective chalk" to these schools. It is proposed to provide both the white chalk and the site protective chalk in the future.

It would be appreciated, therefore, if you would place in stock 480 boxes of Amaco yellow site protective chalk costing $11.76 per case of 24 gross. This chalk is obtainable from American Art Clay Company of Canada Limited, 536 Eastern Avenue, Toronto 8, Ontario.

I am attaching an extra copy of this letter in order that you may return the duplicate copy with the stock number assigned to this yellow chalk.

Yours sincerely,

Philip Phelan,
Superintendent of Education.

Dear Sirs:

In the past we have used your plastic cups for mid-day meal purposes in our Indian day schools. As our supply of these cups is depleted, it would be appreciated if you would forward me samples and prices of your new line of plastic cups as we are anxious to have some of these for our schools again.

Yours sincerely,

Philip Phelan,
Superintendent of Education.

Mr. F.O. Lajoie,
Dept. of Public Printing & Stationery,
Ottawa.

Dear Sir:

In the past we have provided the following Readers for our Catholic Indian day and residential schools:

188 Paths of Grace, Grade 3
189 Workbooks for Paths of Grace
190 Tales to Tell, Grade 4
191 Workbook for Tales to Tell
192 Stories for Everyday, Grade 5

As the above text books are now absolete and the Provincial Departments of Education have authorized the Faith and Freedom Readers for these grades, it would be appreciated if you would place the following text books in stock for our requirements for the academic year 1953-54:

[illegible] - 2000 This is Our Parish
[illegible] - 2000 Workbook for This is Our Parish
2000 This is Our Town
2000 Workbook for This is Our Town
2000 This is Our Valley
2000 Workbook for This is Our Valley
2000 This is Our Land
2000 Workbook for This is Our Land
1000 These Are Our Stories
1000 Workbook for These Are Our Stories

Available from Ginn and Company,
1331 Yonge St., Toronto.

Maple Leaf Plastics Ltd.,
375 Danforth Road,
Toronto 13, Ont.,

Dear Sirs:

With reference to your letter of November 18th I was rather disappointed with the price you quoted us on Maplexware cups at $4.20 a dozen.

In your letter of April 10, 1951 your quotation was $3. a dozen sales tax included f.o.b. Toronto for plastic cups in bulk packing. The Departmental Purchasing Agent evidently placed an order for these cups under Purchase Order 2585 pricing these cups at $2.90 a dozen.

Please advise whether your recent quotation refers to the same cups as purchased under our Purchase Order 2585.

Incidently we have not received the samples which you were sending us.

Yours sincerely,

Philip Phelan,
Superintendent of Education.

Dear Sir:

Our representative, Mr. Bishop, has asked us to write you and send you particulars on the Encyclopedia of Canada.

This publication is the only Encyclopedia of Canada published and has been well received by educational institutions, libraries and business and professional men throughout Canada. Quite a number of educational institutions in the United States have written in for this work.

The regular selling price of this publication to individuals is $69.50, but we will make a special price to you, namely $59.50 as we understand you are interested in purchasing a number of sets for institutions under your direction.

We are also sending you a couple of circulars on this work.

Thanking you for the courtesy extended to Mr. Bishop, we remain

LIBRARIES

More and more the pull of mutual interests makes it imperative that the libraries of the United States and Canada have the data and facts about each nation readily and easily available. The widening spread of events, the ever-growing importance of Canada in the economy of the North American Continent, and of the world, have created a strong demand for information about the Dominion.

The Encyclopedia of Canada is the only work published that answers questions on Canada quickly, authentically and comprehensively. Its scope ranges the whole body of knowledge acquired through the centuries.

Canada's progress, development and possibilities are adequately treated.

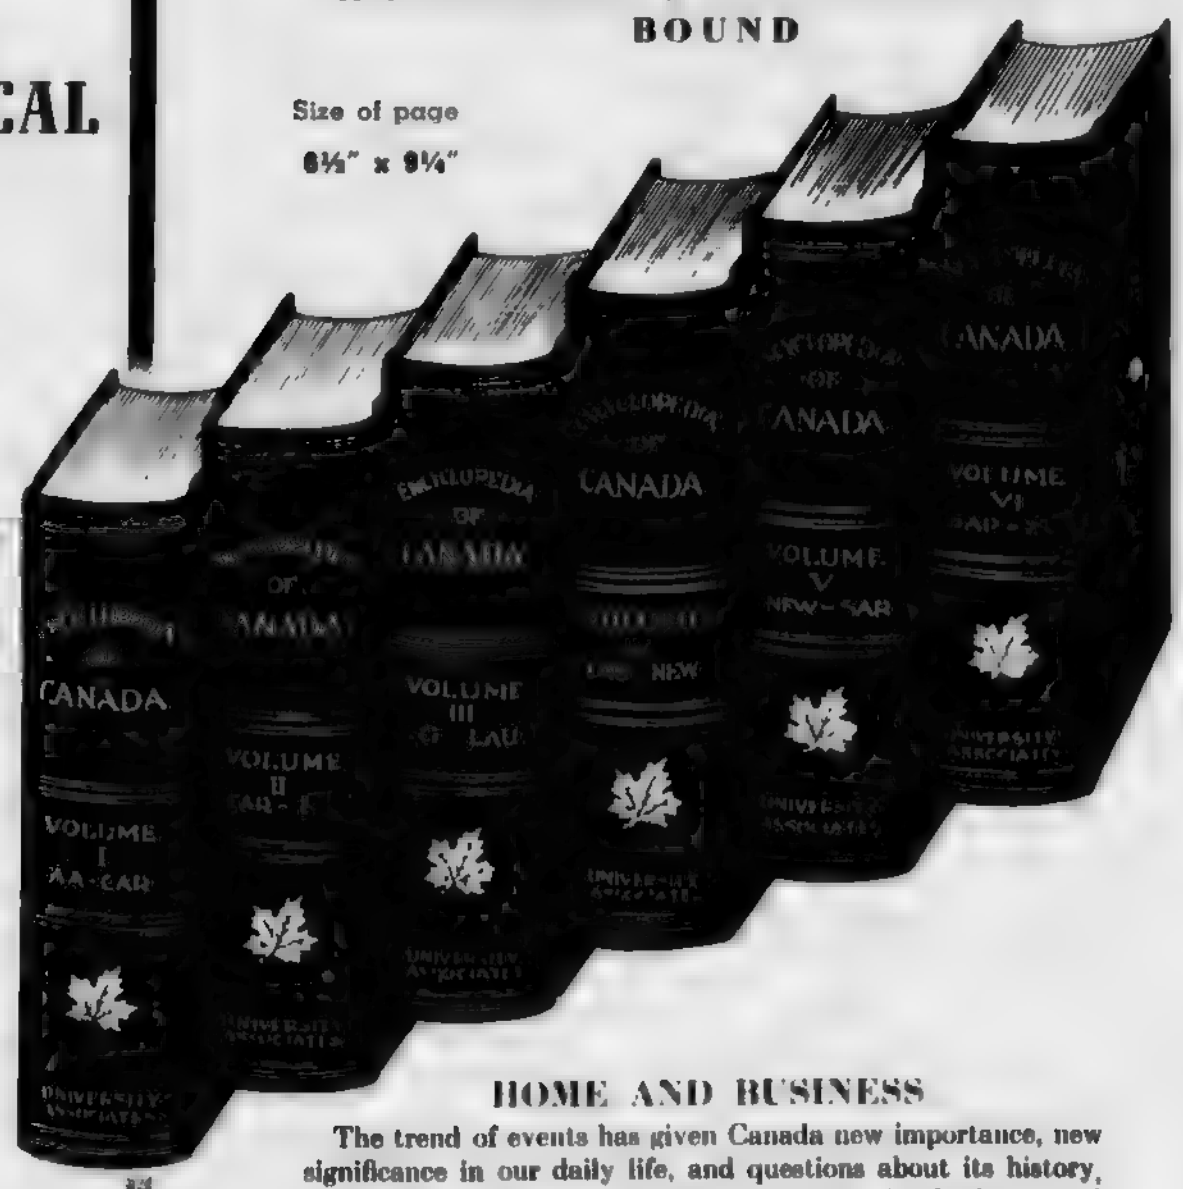
The Encyclopedia of Canada will enable your library to furnish instant, accurate information with reliable references, to the growing number of individuals who desire knowledge of Canada.

Place it on your shelves now, it is the only complete reference library of Canada ever published.

SIX VOLUMES

HANDSOMELY AND DURABLY BOUND

Size of page
6½" x 9¼"



HOME AND BUSINESS

The trend of events has given Canada new importance, new significance in our daily life, and questions about its history, geography and commerce arise almost daily in the home and in business.

Because it is written in non-technical language, because it is arranged in simple alphabetical order, the Encyclopedia of Canada is the best source for authoritative answers.

It will answer accurately the thousand and one questions that occur to the healthy, inquisitive, normal child. It will answer readily and concisely the business man's factual questions, it is an easily opened storehouse of information.

Canada's music and art, fauna and flora, religions, education, geology, games and sports and many other aspects of her national life, are adequately and thoroughly treated. Her interesting history, colossal geography and abundant natural resources are given in easily digested form. The story and facts of her economics, the progress of her growing industrial capacity and agricultural conditions that govern her sociology, all are presented with the authority of the foremost specialists in these subjects.

The Encyclopedia of Canada, prepared by experts, concise and ever ready to supply information is a 'MUST' in the homes and businesses of the well-informed.

$6\frac{1}{2}$ x $9\frac{1}{4}$

Man's need to know the political, material and social make-up of nations that the citizens of the United States and Canada have the right and duty to be able. The [illegible] Encyclopedia of Canada [illegible] the Canadian [illegible] the North American [illegible] [illegible] [illegible]

HERE ARE SOME PRESS COMMENTS

Not of many books can one say that they are quite indispensable, but it is definitely true to anyone who is interested in Canada and doing anything about it, this book is a necessity
ONTARIO LIBRARY REVIEW AND CANADIAN PERIODICAL INDEX

There can be no question as to the general usefulness of the "Encyclopedia" It meets a real need and will be an indispensable work of reference not only in public but in private libraries A special word of commendation should be given to type, illustrations and binding
—CANADIAN HISTORICAL REVIEW

All the articles have been re-written; many especially for this series. The British North America Act is reprinted verbatim. Another notable document is several pages on Banking in Canada. Illustrations are quite magnificent.
—TORONTO DAILY STAR

As a key to information about Canada it is invaluable A veritable mine of information. A truly National Encyclopedia.
VANCOUVER SUN

This wealth of information is presented in simple, alphabetical form, making it practically valuable as a book of ready reference. Contains many articles that will be read for pleasure as well as information.
—OTTAWA JOURNAL

It has been carefully compiled and edited. A veritable storehouse for students and all those interested in the progress of Canada.
—WINDSOR DAILY STAR

An answer may be found in this encyclopedia to almost any practical question on Canadian affairs The Encyclopedia of Canada is essentially a Canadian Book of Knowledge for the family.
— WINNIPEG FREE PRESS

An achievement of the highest National value
—TORONTO SATURDAY NIGHT

We have found the Encyclopedia of Canada very useful and can truthfully say it is a book which all true lovers of Canada should study carefully.
—CANADIAN TEACHERS FEDERATION, C. N CRUTCHFIELD, Sec

An excellent work. Encyclopedia of Canada will receive a hearty welcome, fill a distinctive place and meet a widespread need.
—HALIFAX CHRONICLE

It would be difficult to conceive a more adequately planned set of volumes for the purpose needed. Indispensable to every college, school and public library as well as a wonderful aid to business men.
—CALGARY HERALD

The Encyclopedia of Canada bears evidence of very careful preparation and should be widely appreciated in the Dominion.
—MONTREAL GAZETTE

A most valuable addition to the library of anyone who would have at his hand a comprehensive picture of this country is the "Encyclopedia of Canada" Business men will find valuable information on industries and commerce, transportation and tariffs—a thousand other subjects with which they come in daily contact.
—HALIFAX HERALD

The Encyclopedia meets a real need and will be found invaluable as a work of reference. Personally, I have found it most useful in the classroom when lecturing on Canadian history. In format, type, binding and illustrations the publication leaves nothing to be desired.
—P. W BROWNE, The Catholic University of America

A rich mine of information, arranged and easily accessible. It is also a gazetteer of Canada.
—TORONTO EVENING TELEGRAM

This encyclopedia is not confined to historical or purely text-book material, for it delves into subjects not available in the ordinary way, or even listed in other encyclopedias. It is time for schools and reference libraries to arrange for this unique addition to their equipment.
—TORONTO GLOBE AND MAIL

Tribute has been paid repeatedly to the thoroughness and scholarly accuracy of this work. Compares favorably with the products of the great publishing houses of London and New York
- CANADIAN GEOGRAPHICAL JOURNAL

It has especial appeal for educators, for students and the general public The form adopted is that of the great encyclopedias, with the most famous of which it is worthy to be placed.
—LA PRESSE MONTREAL.

Absolutely up to date in its information and facts. Encyclopedia of Canada should fulfil a long felt want and be a work of reference of real value to the student and the man in the street.
MONTREAL DAILY STAR

There are many books that are described as invaluable, but this is one set that really is, so far at least as a newspaper office is concerned. It is difficult to speak too highly of this work.
—LONDON FREE PRESS

The Encyclopedia makes a handy gazetteer, a biographical dictionary and a mine of information on all Canadian affairs. The volumes are as useful as they are handsome.
– HAMILTON SPECTATOR

Recommended by
SUBSCRIPTION BOOKS BULLETIN
PUBLISHED BY THE AMERICAN LIBRARY ASSOCIATION

This is a great work and it deserves the warmest welcome
- LA PATRIE, MONTREAL

Nothing so comprehensive and compact has ever before been attempted in the Dominion The publishers are to be congratulated. The encyclopedia will prove a most welcome addition to both public and private libraries
EDMONTON JOURNAL

The encyclopedia will be an invaluable addition to library shelves in this country and elsewhere.
WINNIPEG TRIBUNE.

Most interesting and useful. It is well printed and bound.
—VANCOUVER PROVINCE

I have no hesitation in saying that everyone who is learning or teaching the history of this country, its economics and social life, should be in possession of this Encyclopedia of Canada
WILFRID BOVEY, Canadian Association for Adult Education

The many collaborators, selected for their knowledge, give to it a documentary value of the first order. We do not feel we are exaggerating when we say that here is a work unique of its kind. --LE CANADA MONTREAL

An encyclopedia of Canada is an event and should be sure of a welcome from all Canadians. It takes its place in the list of valuable works of reference and should have a valued place in all libraries.
—QUEBEC CHRONICLE TELEGRAPH

It is a monumental work. Encyclopedia of Canada is most comprehensive in its character, meticulous in its regard for detail, and discriminating in its presentation of facts It is a work that should find a place on the shelves of every library, public or private, in Canada, as well as every school classroom.
—VICTORIA DAILY COLONIST.

Many Libraries and Educational Institutions in United States and England already possess the Encyclopedia of Canada.

Our Reference Librarian seems to be enthusiastic, and we find the volumes attractive in format
—MOUNT VERNON PUBLIC LIBRARY, Mount Vernon, N.Y.

Your Encyclopedia of Canada gives every indication of providing a comprehensive and up-to date encyclopedia of information pertaining to the history and development of the Dominion.
– BOSTON COLLEGE, Chestnut Hill Mass

I feel quite certain that we will find in the Encyclopedia of Canada a valuable addition to our collection and it will enable us to answer queries as to Canada which we heretofor have not been in a position to answer
—DEPT OF LEGISLATIVE REFERENCE, City of Baltimore, Md

There is little doubt that the Encyclopedia of Canada will prove to be very useful in any reference library.
—MANCHESTER PUBLIC LIBRARIES, Manchester, England

This Encyclopedia seems to admirably fulfill the function of a national encyclopedia which is to organize the available information about a particular country and to present it in usable form. The claims made in the Preface to the Encyclopedia of Canada seem to be fully justified.
—NORTHWESTERN UNIVERSITY LIBRARY, Evanston Ill

We find the print excellent, the illustrations clear, the binding very attractive and durable, and the information accurate (according to our Canadian librarian). We are particularly pleased to see so many bibliographies and biographies. The Reference Department is delighted to have this useful work
—OBERLIN COLLEGE LIBRARY, Oberlin, Ohio

Encyclopedia of Canada shows beyond question that here is an indispensable work of reference The wide range covered by the subject-headings and the scholarly thoroughness of the contributions ensure a permanent place for the Encyclopedia.
—THE KEEPER OF RHODES HOUSE LIBRARY, Oxford, England

Our Reference Department, after comparison with other encyclopedias and histories of Canada, report there is considerable material not found in other works, and we anticipate the publication will be an important contribution to the history of Canada
—OHIO STATE UNIVERSITY, Columbus, Ohio

We have received the Encyclopedia of Canada and it has been a pleasure to glance through them. In every way it meets with the high standard we expected of it.
—SOUTH DAKOTA STATE HISTORICAL SOCIETY, Pierre, So Dakota

Should be of very great use to all interested in the Dominion. Especially useful are the particulars regarding the origin of Canadian place names and also biographical sections. —ROYAL EMPIRE SOCIETY, London, S W 1

Encyclopedia of Canada will prove very useful in the reference library of this institution.
—PUBLIC LIBRARY, MUSEUM & FINE ART GALLERIES, Brighton, England

Knowledge Is Power.

HERE is the most AUTHENTIC and EXTENSIVE reference publication devoted exclusively to the Dominion that has ever been compiled and carried out on a scale so large as to give in detail for the statesman, educationist, student and general reader the whole field of Canadian progress. It is acknowledged to be a work of almost incalculable magnitude and importance. Many thousands of alphabetically arranged subject headings, which cannot be found in any other publication, are at your finger tips.

SUBJECTS are arranged ALPHABETICALLY with BIBLIOGRAPHIES and CROSS REFERENCES. Beginning with the discovery of Canada, the progress and development of the country in every branch of learning is traced step by step down to the present day.

EDITORIAL

The editor and advisory council have taken care that each subject, though not exhaustively treated, is given sufficient scope for proper and adequate explanation. You will find in this publication information of great value in your work. The bibliographies arranged by experts for the use of students and those seeking additional information will open a storehouse of knowledge.

CONTRIBUTORS

A distinguished body of specialists, scholars and publicists throughout the Dominion have been for the past three years steadily engaged on this important undertaking. All special articles are being signed by the writers. The production of such a work, the first of its kind, should be more than a literary incident. It is an undertaking of National importance.

MANUFACTURED

in Canada. All other books of reference sold in Canada are of foreign origin and manufacture. Consequently, they are very limited in their treatment of things Canadian. A few hundred headings would be the maximum in any one instance, whereas in this first National Reference work there are upwards of 15,000 headings. It is impossible to attempt a full description of the contents of this publication within the compass of a general prospectus. The words "ENCYCLOPEDIA OF CANADA" convey, as fully as a title can possibly do so, the vast area of knowledge covered, and while it may be used for the acquirement of knowledge —as a standard work of reference on all matters Canadian—it is so written that readers will turn its pages eagerly as a narrative of adventure, travel and achievement. The list of subjects treated will show the wide scope of this National undertaking.

THE ROMANCE OF CANADA

HISTORY

History becomes fascinating romance when reduced to glowing facts. Fact, in the first place, is essential or history means nothing. And one fact, given its proper setting and told with inspiration, is the essence of history, its vitalizing quality. The early days of Acadians, the French Régime, the pioneers of Upper Canada, the opening of the Great Northwest, the Hudson's Bay Company and hundreds of other pioneer and adventurous enterprises tell the whole story of Canada in vivid language.

GEOGRAPHY

Geography has become so important nowadays that it takes its place as a distinct department in leading universities. Then, what so important as a knowledge of the geography of your own country? That does not mean just a map knowledge. It includes pen-pictures, aerial views, panoramic displays, visualizations of great natural beauty, great enterprises, great achievements such as can be obtained only in this reference library.

TRAVEL

The Department of Railways and Canals has established a branch to look after the ever-growing importance of travel and the influx of tourists to Canada. But how much does the average Canadian know about the topographical features and attractions of his own country? Everybody cannot travel. Still everybody with the assistance of the illustrations, pen-pictures and general information diffused through these fascinating pages gains a generous, enthusiastic knowledge of the gentle to overpowering attractiveness of Canadian natural scenery all the way from Cape Breton to Alaska and the Yukon.

EXPLORATION

This is still a subject of vital importance, notwithstanding the general impression that all our vast territory has been explored and charted. The lure of the Unknown: longing for the unknown things to be seen at the end of strange roads and strange waters. What can be more interesting than to read of the explorations of Cartier, LaSalle, Marquette, MacKenzie, Thompson, Radisson and the many others who ventured the rapids of our rivers, the long treks over rugged country, the dangers of the Red Man, etc.

COMMERCE

Your daily newspaper gives you glimpses, which you note mentally and usually forget, of what is taking place and has already been done in building up our Dominion and placing it among the great trading countries of the world. But how much do we actually know? To impart this information is but one of the functions of this outstanding National reference library. For articles by experts in all lines of endeavor are found in its pages, articles on subjects which effect every man, woman and child in the country.

NATURE STUDY

The call of the great out-of-doors. To feel the thrill of the woods with their scents of trees and flowers! Why not go prepared? Why not know beforehand many things about our forests, our wild animals, birds, fishes, wild flowers, butterflies, insects? These subjects are expertly treated and beautifully illustrated. This wild life feature is a joy in itself, and it is of especial value and extra charm to children.

ADVENTURE

Nothing is truer than the old saying that Truth is Stranger than Fiction. Then what so true and strange as the adventures of all kinds that have befallen Canadians in all walks of life from the early days of the Red Man's supremacy even to the present - time dominance of the White? All this is graphically outlined.

KNOW CANADA FIRST

HOME

ENCYCLOPEDIA OF CANADA should be in every home for the simple reason that it answers the thousand and one questions that the child—the normal, healthy, inquisitive child—asks about this, that and everything, especially about its own country, questions which every parent yearns to answer and answer correctly. An incorrect answer is worse than none at all. It will interest your children as well as yourself, and it will help them in their homework and examinations. It will enable you to speak with the authority of knowledge and will give your children an opportunity to fill many leisure moments with interest and easily acquired knowledge. This complete and authoritative library of knowledge about Canada should be in your own home.

LIBRARIES

No library could be on a proper working basis without the ENCYCLOPEDIA OF CANADA. For it is a history combining all histories of this great Dominion. It contains concise, authentic information about every historical event and every inspiring, active or noteworthy individual that has ever crossed the pages of our history. Nothing of importance has been overlooked or left out. And all this material, this really magnificent array of facts, together with complete bibliographies and cross references, is all assembled and arranged so as to be at finger-tip immediately.

EDUCATIONIST

Every educationist and teacher—and who isn't, even in some remote way, either one or other—must be intensely interested in this great national work, the ENCYCLOPEDIA OF CANADA. For nobody knows all. Therefore, who is more embarrassed than the one who is supposed to know but has to admit his ignorance? But all he need do is to grasp a minute and consult the ENCYCLOPEDIA OF CANADA. And if it's some question about Canada you will find it set forth by an expert on that subject.

BUSINESS MAN

No up-to-date business man seeking information about his country can afford the time ordinarily given to consulting heavy histories, biographies, pamphlets, booklets, catalogues, etc., in order to obtain a few simple facts. For instance, where is such and such a town or city? How many people live there? Has it anything to recommend it? The ENCYCLOPEDIA OF CANADA answers all these questions for you.

PUBLIC MEN

Public men, men in the public eye (and women, too) constantly find themselves in need of immediate information about some question of national importance. They are dictating letters, preparing speeches, about to attend a committee meeting, getting ready to receive a deputation, or to do any one of the many important "jobs" they have to do from day to day. "Oh, if I only had some concise data about Champlain, Cartier, Confederation, Macdonald, or Laurier, mining or industries, I'd be all set." And he would be if he could consult the ENCYCLOPEDIA OF CANADA.

BANKS

A pivot of Canadian prestige is the standing of its financial institutions. Apart from the use of the ENCYCLOPEDIA OF CANADA in banks throughout the world, there is the ability of this handsome, illustrated work to enhance the prestige of Canada, and to impress those who see it with the size, resources and stability of the Dominion.

Aside from the obvious value when made available to clients on office table or reading-room—let us look at the practical aid it affords banking officials in their daily work. The Gazetteer section locates and gives population, industries, etc., of every town — it covers finance, commerce, industry, mining, agriculture, citizenship, etc.

GOVERNMENT AID

Realizing the value of the vast area of knowledge covered in this **Encyclopedia of Canada** and its importance from the viewpoint of education and National publicity, being a comprehensive, uniform and illustrated work of reference free from political bias, the Departments of Governments, both Federal and Provincial, have actively aided its production in many phases by the vast means at their disposal.

THE ENCYCLOPEDIA OF CANADA should be in EVERY HOME, OFFICE, LIBRARY and EDUCATIONAL INSTITUTION. NO OTHER PUBLICATION CONTAINS SO VAST AN AMOUNT OF VALUABLE INFORMATION ABOUT CANADA.

DO YOU KNOW

What is the Aurora Borealis?
Who was the first white man to explore the Rockies?
Where was the first newspaper printed in Canada?
Which is the oldest city or town in Canada?
Where was the first capital of Upper Canada?
What was the first railway in Canada?
Where is Radium refined in Canada?
Who was the discoverer of Insulin?
Who was the discoverer of Calcium-Carbide?
Where are the world's largest Hydro-power generators?
What Canal in the world has the longest single lock?
Where was the first Y.M.C.A. in North America?
Where is the largest hotel in the British Empire?
Where is the largest Grain Elevator in the world?
Which was the pioneer country in the use of Electro-Chemistry?
What city 1,000 miles inland is 300 navigable miles nearer Liverpool than New York?
The first successful airflight in the British Empire?
The longest span cantilever bridge in the world?
The largest dam in the world?
The first use of pulpwood for paper?
Who was the first Governor of New France?
The longest and greatest steel viaduct?
To what country was the first Atlantic cable laid?
The first telephone ever invented and demonstrated?
The first to originate and develop Standard Time?
The first electric street car ever operated?
The first steamship to cross the Atlantic was built in Canada?
The first electric stove manufactured?
The finest varieties of wheat—Marquis and Garnet—ever developed?
The first to build and demonstrate a compound steam engine?
The first country to build and demonstrate the submarine telegraph?

Mr. A.W. Meredith,
The Grolier Society Limited,
85 Richmond Street West,
Toronto 1, Ontario.

Dear Mr. Meredith:

With reference to your letters of November 21st and 24th regarding the Encyclopedia of Canada, please be advised that this matter was thoroughly discussed with Mr. Bishop and it has been decided to purchase four sets of these books for our schools through the Department of Public Printing and Stationery, Ottawa, by requisition 59-10136. It is understood that these sets cost us $57.50 each.

For your information we are ordering these for the Spanish Residential School in Ontario, the Birtle Residential School in Manitoba, the Lac la Ronge Residential School in Saskatchewan and the Kamloops Residential School in British Columbia. It is expected that you will receive the official order from the Queen's Printer shortly.

Yours sincerely,

Philip Phelan,
Superintendent of Education.

Superintendent of Stationery,
Dept. of Public Printing & Stationery,
Ottawa, Ont.,

Dear Sir:

Attached is a copy of a circular which was sent out to our Indian day and residential schools.

I wish to bring to your attention:

(a) Requisitions from all residential schools and some day schools are to be forwarded to Ottawa by December 31

(b) Other requisitions will be forwarded as indicated by the circular

This procedure is being followed in order that a flood of requisitions will be avoided.

I am forwarding you a list of Standard School Supplies and Standard Text Books that will be used in our schools.

Yours sincerely,

Philip Phelan,
Superintendent of Education.

Mr. F.O. Lajoie,
Dept. of Public Printing & Stationery,
Ottawa.

Dear Sir:

In the past we have provided our Indian day and residential schools with "Justrite" white chalk. As you are aware this chalk is packed in boxes of 144 sticks. We have had some complaints from teachers and school inspectors indicating that the white chalk is not suitable where classrooms have a tendency to be dark. It has been decided to provide "yellow site protective chalk" to these schools. It is proposed to provide both the white chalk and the site protective chalk in the future.

It would be appreciated, therefore, if you would place in stock 480 boxes of Amaco yellow site protective chalk costing $11.76 per case of 24 gross. This chalk is obtainable from American Art Clay Company of Canada Limited, 536 Eastern Avenue, Toronto 8, Ontario.

I am attaching an extra copy of this letter in order that you may return the duplicate copy with the stock number assigned to this yellow chalk.

Yours sincerely,

Philip Phelan,
Superintendent of Education.

Mr. A. Vary,
Superintendent of Stationery,
Dept. of Public Printing & Stationery,
Ottawa.

Dear Sir:

On visiting the Book Unit the other day I noted that you are providing our schools with klean klay available from Art Chemical Company, Toronto. I understand this klean klay cost the Department twenty-five cents a pound. The American Art Clay Company of Canada Limited, 536 Eastern Avenue, Toronto, Ontario sell # 535 Permoplast or fine art modelling clay, one pound packages in the following colours, orange, blue, red and green - one colour per package. This product sells at $8.64 per case in five case lots. Each case holds forty-eight packages.

It will be noted from the above information that this permoplast or fine art modelling clay will retail to us at 18¢ one pound packets. We have examined the samples of this clay and feel that it is suitable for our schools.

As klean klay is a trade name we have removed it from our Standard School Supply Stationery List and have replaced the heading by "Modelling Clay". We have used the old stock numbers and have simply changed the name of the article.

It would be appreciated if you would place future orders for modelling clay with American Art Clay Company of Canada Limited.

Yours sincerely,

Philip Phelan,
Superintendent of Education.

THE CHOICE OF WORDS

A Book of Synonyms with Explanations

by V. H. Collins $1.50

THE CHOICE OF WORDS contains 1500 words arranged in 400 groups of synonyms, including those wrongly used as synonyms. The correct use of each word is explained and illustrated with numerous examples.

To aid quick reference THE CHOICE OF WORDS includes an index to all the words, a list of the synonym-groups, and an appendix consisting of classified lists of formal words, genteelisms, snob-words, jargon, journalese, officialese, commercialese and archaisms.

THE CHOICE OF WORDS is an excellent complement to ROGET'S THESAURUS since it will enable its user to decide which of the many alternatives is the right word for his purpose.

REQ NO. 101
DEC 10

EXAMPLE OF TREATMENT:

Group 287, page 144: REFER, ALLUDE, ADVERT

To refer is to draw attention to a thing or person directly. Thus in the present book the Oxford dictionaries are often referred to. To allude is to draw attention indirectly: "No doubt the writer is here alluding to Shaw's early books"; or covertly "Are you alluding to me?" (sc. "It looks as if you are"). Advert is officialese. "Adverting to your letter of June 23rd I am to tell you..."

ALSO PUBLISHED IN 1952:

DICTIONARY OF SCIENTIFIC AND TECHNICAL WORDS
by W. E. Flood & Michael West
Gives the pronunciation and explanation of 10,000 scientific and technical words. Every explantion is clear, simple and concise: made as to a person who knows little or nothing of the subject. 1300 illustrations. 397 pages. $2.00

THE STORY OF ENGLISH
by Mario Pei
A brilliant popularization of a fascinating subject: the English language, its past, present and future, by the author of THE STORY OF LANGUAGE ($4.50). The following chapters will be of special interest to high schools: Uses and Abuses; English as a Class Tool; English as a Speaking Tool; English as a Writing Tool; The Teaching of English; The Problem of Spelling Reform; The Genius of the Language. $6.00

ROGET'S THESAURUS OF ENGLISH WORDS AND PHRASES

Plan No 2

DEPARTMENT OF INDIAN AFFAIRS CANADA

Ottawa, March 10, 1908.

Mr. Cgilvie : -

With reference to the sketch of day school and residence building herewith it may be considered advisable to have the school-house and the residence separate buildings.

Incl.

Will you please prepare me a sketch of a school-house capable of accommodating, say, 30 or 35 pupils; a plain building to be heated with a stove; then a plan of a residence something similar to that which you have made but modified as to size by reason of leaving out the school-rooms, as in the present plan.

DEPARTMENT OF INDIAN AFFAIRS CANADA

Ottawa, ~~Ranger~~ March 2nd., 1908

MEMORANDUM:

Deputy Superintendant General.

With reference to the proposed establishment of a new type of Day School on certain of the reserves in the North West where such an institution might be of use, I have to say that Mr. Ogilvie made rough plans of the building which would give proper accomodation and which would cost, furnished from eight to nine thousand dollars. This building would accomodate the School Teacher and his wife and a trained nurse on the following scale:-

Basement throughout, with furnace and cold storage chambers, Vegetable cellar, etc.

Ground Floor:- School room, Dining Room, work room, kitchen, Dispensary.

Second Floor:- Sitting Room, Dining Room, 3 Bed Rooms, Nurse's Bedroom, small infirmary for sick children.

The scale of pay and expenses for running such an institution might be calculated as follows:-

School Teacher & wife, in cash,	$ 800.00
Two Rations,	120.00
Free House,	200.00
Nurse, in cash,	400.00
1 Ration,	60.00
Medicines & medical supply for Nurse,	200.00
Free quarters,	100.00
Forward,	$ 1880.00

Indian Affairs. School Files.
(RG 10, Volume 6011, File 1-1-5, part 1)
PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA
POOR COPY

Carried Forward,	$ 1580.00
Food for pupils, to provide a meal in the middle of the day for an average attendance of 30 @ 5¢ per diem - 216 days,	324.00
Fuel, Ice & Unforeseen,	196.00
	$ 2000.00

Cost outlay 1700.00 ✓

In comparison, a Boarding School might be calculated to cost about as follows:-

Building to accomodate 30 pupils & staff,	$ 20,000.00
Per capita grant, 30 pupils at $130.,	3,900.00
	$ 23,900.00

The cost of food for the pupils is placed at $324.00. It should be less than that, as a garden should produce a quantity of vegetables once the scheme is started. The beef would be obtained from the ration house. As only the poorer part would be used in making soup, the cost for meat would not be large. The other staple for the meal would be bread, with molasses occasionally. The duties of the Teacherls wife (who might be called Field Matron) would be to teach the Indian women ordinary domestic economy; how to make good bread, to cook meat, etc, and to keep their houses clean. The nurse's duties would be house to house visitation looking after the sick, disinfection, isolation of tubercular patients &c.

Accountant.

Ottawa, February 10, 1911.

Sir,

Referring to official letter of December 5th, last, in which you were asked to inspect and report upon the residential school buildings in Ontario I beg to say that the name of the Chapleau Boarding School was inadvertently overlooked. When you go on your northern trip you will be good enough to call at Chapleau and inspect the building there.

I may state that this building is the property of the Department and any repairs necessary will have to be made by it. The question of providing increased accommodation here has also been under consideration and I would ask you to look carefully over the situation and make any recommendations that you may see fit as to the best means of not only improving the present accommodation, but extending it.

Your obedient servant,

J.D.

Asst. Deputy and Secretary.

R. N. Ogilvie, Esq.,
Architect,

Ottawa, June 12th,, 1900.

Sir,-

I have to request that you will leave headquarters at the earliest convenient date to continue the inspection of the buildings of the Indian Boarding Schools. As Mr. D. Chene has been engaged to perform like services, the work has been divided between you, and I have to request that you will visit the following points in the order which you think to be most convenient,-

Pine Creek R.C. Boarding School,
Birtle (Pres.) " "
Ft. Alexander R.C. " "
Sandy Bay " " "
Cowessess " " "
Muscowequan's " " "
Crowstand (Pres.) " "
Gordon's (C. of E.) " "
Keeseekouse R.C. " "

As it is advisable that the management of the Schools should know at the earliest possible date the changes and improvements that will require to be made at the Schools it has been decided to authorize you to issue instructions, with plans and specifications, for any changes, additions or improvements which may be required to Boarding School buildings owned by the Churches. Improvements or additions to schools which are the property of the Department should be reported to the Department as they will have to be carried out by public tender. You should keep copies of your instructions, plans and specifications and submit them upon your return.

Your obedient servant,

R. N. Ogilvie, Esq.,
Architect,
Dept. of Indian Affairs,
Ottawa.

209032 - 2 Ty.

Ottawa, June 20th., 1911.

Sir,-

I have to request that you will leave Ottawa at the earliest convenient date to take up the inspection of buildings of Indian Boarding Schools. It will be your duty to visit the following schools:-

- Blackfoot R.C. Boarding School.
- Peigan " " "
- Peigan (C. of E.) " "
- Blood " " "
- Blood R.C. " "
- Brunneskin's R.C. " "
- Blue Quill's " " "
- Thunderchild's " " "
- Onion Lake " " "
- Onion Lake C. of E. Boarding School.

You have familiarised yourself with the new requirements of the Department for Boarding School buildings as fully set forth on the Departmental files. As it is advisable that the management of the Schools should know at the earliest possible date the changes and improvements that will require to be made at the Schools it has been decided to authorize you to at once issue instructions, with plans and specifications, for any changes, additions or improvements which may be required to Boarding School buildings owned by the Churches. Improvements or additions to schools which are the property of the Department should be reported to the Departments as they will have to be carried out by public tender. You should keep copies of your instructions, plans and specifications and submit them to headquarters as completed from time to time.

In addition to the above work I have to request that you will visit the Kootenay Industrial School which is situated near Cranbrook

D. Chene, Esq., C.E.,
168 Alma Street,
HULL, P.Q.

B.C. at St. Eugene Mission. The contract for this School has not yet been formally awarded, but the lowest tenderer is Mr. John J. Wood, of Fernie, B.C. Mr. John F. Hitchcroft, of Cranbrook, has been appointed to oversee the work during its progress, and the Indian Agent for the district is Mr. R.L.T. Galbraith who resides at Fort Steele. You should after conferring with these gentlemen indicate the position in which the school is to be built and make the necessary investigation to ascertain how the water is to be brought into the building and what is the source of supply, and also lay out a plan for the disposal of sewage.

It is desired that during your tour of inspection you will keep the Department constantly informed of your whereabouts in order that you may be reached either by wire or letter. I have, therefore, to ask you to send a night lettergram to the Department whenever you leave one point for another, giving your new address in each instance.

Your obedient servant,

J. D. McLEAN

ROBAR SAFETY SYSTEM

L. G. C.

Mission de St-Albert

DEPARTMENT OF INDIAN AFFAIRS
AUG 13 1911

St. Albert, Alta., May 11. 1911

To the Very Honorable
The Superintendant general
of Indian affairs.
Ottawa.

328408

Very Honorable Sir,

Allow me to make a few remarks, on the occasion of the Inspection recently made by Mr Chené, of the Indian Boarding schools in this diocese.

Of course I have no objection to offer concerning the appointment of Mr Chené, whom I had the opportunity to meet at Fleichers, and who gave every indication of being a gentleman in every way. But I must say that I have been a little surprised to find that we had not been informed of his appointment and of his authority to deal in the matter of the Indian Boarding Schools. We know that Mr McKenna is also inspector of these Indian schools. But in place of Mr McKenna, another gentleman comes and states that he is inspector for said Schools.

Mr Chené has left some recommendations and specifications as to improvements and repairs. I do not mean to deal with these recommendations for the present as I have not had the opportunity of studying them, as yet, but I simply ask if we are expected to act immediately on these recommendations without waiting for the sanction and approbation of the Department. Such has not been the policy of the Department in the past, and I would like to be enlightened on this point. This is the only motive that prompted me to write this letter, as I specially deprecate any intention to oppose, in any way, Mr Chené in his appointment and in his suggestions.

And I have the honour to remain, Very Honorable Sir,

Your very respectfully devoted servant
+ Vital Grandin
Bishop of Athabaska

Ottawa, August 17th., 1911.

My Lord,-

In reply to your letter of August 11th. I have to inform you that I today sent you the following despatch:-

"Mr. Chene is an Architect appointed temporarily to inspect Boarding School buildings. He is not the Inspector of Roman Catholic Indian Schools. Am writing you today."

It is regretted that the purpose of Mr. Chene's visit has been slightly misapprehended. While Mr. McKenna is the Inspector of R. C. schools he has not the technical qualifications requisite to make an examinations of the buildings, and this is the duty for which Mr. Chene was temporarily engaged. Upon receipt of Mr. Chene's recommendations, if they are approved by the Department, the management of the Schools will be asked to carry out the improvements.

Upon reference to Page 6 of the letter addressed to you on the 25th. of November 1910 you will observe that the action with reference to the improvement of buildings and contracts was there outlined. As the Department desired the schools to have the benefit of the increased grant from the 1st. of April, the Contracts were sent for signature and the new per capita grant went into effect from that date, and of course we would like the improvements to the buildings to be made within a reasonable time.

Your obedient servant,

Rt. Rev. H. J. Legal, O.M.I.,
Bishop of St. Albert,
St. Albert, Alta.

Asst. Deputy and Secretary.

To the Secretary Dep. Ind. in. affairs
Ottawa

St. Albert, Alta., Aug. 24 1911

Your file 166572-3 Ty.

Dear Sir

I beg to acknowledge receipt of your letter of the 14th inst... [illegible] reference to my previous letter upon the [illegible] I raised no objection against the appointment of Mr Chené, but only expressed my surprise that without having been informed beforehand, we were expected to act on the recommendation of the Inspector without waiting for the sanction of the Department. This was entirely at variance with the practice of the Department; and indeed in your letter you state that the recommendations of Mr Chené must be approved by the Department

I expect that the recommendations of the Inspector will be favourably acted upon but we may find it convenient to have them carried out, as you say in a reasonable time before the Dec. 31

Yours very respectfully.
+ Emile J. Legal
Oblate Bp of St Albert.

Ottawa, August 19, 1913.

Sir,-

I have to request that you will leave headquarters at the earliest convenient date and make an inspection of the boarding school buildings in the province of British Columbia, such as you did in 1911 of the same class of buildings in Manitoba and Saskatchewan. As you are aware, this work is undertaken in order that the management of these schools may know the changes and improvements that will have to be made to these institutions to meet the requirements of the new agreement for their maintenance.

In 1911 you were authorized to issue on the ground instructions with plans and specifications for any changes, additions or improvements that might be found necessary to buildings owned by the churches, but in this case it is considered that you may wait unil your return to Ottawa when the necessary instructions and information will be issued from headquarters, unless you find any special cases in which, in the interests of the pupils and staff, you consider immediate action necessary, in which event you may issue instructions and report fully to the Department at the sametime. Upon your return from this inspection trip the Department desires to have a separate report made on each building with such information in the way of plans, etc., as necessary to be placed on file for reference.

The following are the boarding school buildings that

R. M. Ogilvie, Esq.,

that it is desired you should visit in British Columbia:- Yale, Port Simpson Boys' Home, Port Simpson Girls' Home, Alert Bay Girls', Sechelt, Squamish, St. Mary's, Ahousaht and Alberni. The Kitamaat School has been ommitted from this list as it is not considered necessary at the present time to go there owing to its isolated position. You will also note that the Alert Bay Girls' Home is in the list. Some repairs and changes have been asked for there and you already have a note in reference to the Boys' School. While at Port Simpson you should obtain the necessary data for the preparation of the plans for the proposed new boys' home. While at Sechelt you will be good enough to look into the question of the water supply, as well as the repairs to the building. You should also visit the site of the Kuper Island School, sketch plan of which you have now in course of preparation.

The Department would also like you to visit some of the industrial schools which may happen to be on your line of travel, such as Kamloops, which is the property of the Department, Lytton, Coqualeetza and Clayoquot, (the latter only if convenient) the three of which are owned by the respective churches who have control of the work there.

You will be good enough to keep the Department advised from time to time as to your whereabouts, so that you may be communicated with if anything should turn up.

Your obedient servant,

J.D. McLEAN

Asst. Deputy and Secretary.

INDIAN EDUCATION.

An expenditure of roughly $2,500,000.00 for new buildings is required to provide proper facilities for the education of the Indian children in Canada.

Day School Buildings:

Roughly, 24 day school buildings are required, at a cost of $140,000.00.
(This includes Continuation Schools on the Six Nations and Caughnawaga reserves).

Residential Schools:

These are grouped under the various religious denominations, and in order of their importance.

Roman Catholic:	
Duck Lake	$175,000.
Claresholm	200,000.
Keeseekouse	80,000.
Kamloops	150,000.
Beauval	50,000.
St. Mary's Mission	150,000.
Church of England:	
Central Saskatchewan	$175,000.
Southern Alberta	175,000.
Shingwauk Home	100,000.
Methodist:	
Edmonton	$175,000.
Coqualeetza	100,000.
Port Simpson	200,000.
Muncey	75,000.
Brandon	50,000.
Norway House	75,000.
Presbyterian:	
Cecilia Jeffrey	$100,000.
Ahousaht	80,000.

In addition, two residential schools are required in Eastern Canada, to provide for orphan and neglected children. One could be placed in the Maritime Provinces and one in Eastern Ontario. An approximation of the total cost for the two would be $250,000.00.

IMPRESSIONS OF THE INTERVIEW

BETWEEN THE CHURCH REPRESENTATIVES AND THE SUPERINTENDENT GENERAL

APRIL 15, 1922.

Dr. Chown, General Superintendent of the Methodist Church, who introduced the delegation, mentioned the State's obligation arising out of the treaties with the Indian people of Canada.

Canon Gould, of the Church of England in Canada, spoke at some length of the urgent need for funds for the erection of residential schools.

Father Guy, of the Roman Catholic Church, enlarged upon the remarks of the previous speaker and made the suggestion that Indian trust funds be applied in a more extensive way to the problem of Indian education.

Dr. Edmison, of the Presbyterian Church, explained the financial condition of his organization, and asked the Government to recommence taking over the responsibilities in connection with buildings and equipment. He requested a new school for Cecilia Jeffrey, on a site to be chosen, and suggested that the Government take over the Presbyterian residential school property in the near future.

Dr. Manning, of the Methodist Church, commented on the unity among the various societies doing Indian work, and asked that there be included in the Supplementary Estimates for 1922-23 the several requests already made to the Department. He referred to the immediate needs of the Methodist Church at Edmonton, Coqualeetza and Muncey.

The Hon. Charles Stewart, Superintendent General of Indian Affairs, in reply, stated that there was great need at the present time of economy in connection with State expenditures. He mentioned that, if his efforts to obtain funds for new residential school buildings were abortive this year, the Department would at least keep the old buildings in repair during the interim before such time as funds could be provided. He stated that the possibility and advisability of taking Indian trust funds on loan for the purpose of erecting residential schools had been, and would continue to be, a matter of serious consideration. Mr. Stewart realized the unique position of the unfinished plant at Edmonton, and stated that this particular school and its needs would receive due attention.

Dr. Edmison thanked the Minister for his interest in the work and promised that no undue pressure, in connection with new buildings, would be brought to bear at this time. He was personally gratified that the Minister had admitted the principle that the State should assume the responsibility for buildings in connection with residential schools, and was pleased that the Government was prepared, even this year, to do the repairing that would be found necessary from time to time.

Canon Gould inquired if the Government would make any distinction between church-owned and state-owned property in connection with the temporary programme of upkeep.

The Hon. Mr. Stewart, in reply to Canon Gould's question, stated that the Department would endeavour to keep the church-owned buildings in state of good repair, until such time as new buildings could be provided.

Dr. Chown thanked the Minister for the hearing and for his evident interest in the education of the Indian people.

1-1-5.

Ottawa, May 12, 1922.

Memorandum:

Honourable Charles Stewart.

Re: Ownership Indian Residential Schools.

There are 75 Indian residential schools under the auspices of this Department. This figure includes 2 institutions (Edmonton and Elkhorn) at which there are, at present, no Indian children. 43 of these residential schools are owned by the Churches and 32 by the State.

Roman Catholic.

There are 40 residential schools under the auspices of the Roman Catholic Church. 27 of these institutions are owned by the Church authorities. The Oblate Order owns 22 of these Roman Catholic church-owned boarding schools.

Albany Mission, Ont.	(5)
Kenora, Ont.	(1)

Providence Mission, N.W.T.	(4)
St. Mary's Mission, B.C.	(5)
Cariboo, B. C.	(5)

R.T.F.

The schools marked (1) are modern, up to date buildings, in good condition and are adequate for the purpose of Indian education. The Provincial of the Oblate Order in Winnipeg (Father Beys) has urgently requested that these 4 properties be purchased. In the Supplementary Estimates for 1922-23 there is an item of $48,000 to provide for the purchase of the Kenora Boarding School, after an adjusting

- of the valuation -

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Indian Affairs. School Files.
(RG 10, Volume 6011, File 1-1-5, part 1)

POOR COPY

of the valuation. If this amount is voted, the principle involved, i. e., the gradual acquirement of all residential school buildings owned by the churches, will be acknowledged; and from time to time, as Parliament provides funds, the other 5 institutions marked (1) and the 2 schools in British Columbia marked (3) could be purchased. These 2 institutions in British Columbia and a third one, the Squamish Boarding School, owned by the Sisters of the Holy Infant (R.C.) have been offered to the Government at a valuation (not stated) by the Church authorities in the Western Province. Beauval Boarding School, Sask., marked (2), has been named by the Oblates as the last school the purchase of which is desired.

I wish to refer to the possibility of future requests on the part of the Roman Catholic Church that the State purchase the other church-owned residential schools. Those marked (4) are north of the main lines of communication and could be considered largely missionary activities for some years. The institutions marked (5) are either in poor condition or are not modern and would likely be turned over to the State from time to time, at practically no cost. As you are aware, it has hitherto been the policy of the Department to substitute modern, up to date buildings in place of the original residential schools erected with church funds which, owing to lapse of time and the development of the work, become dilapidated and inadequate. At the time of the transfer, the monetary consideration is generally nil.

5 Roman Catholic church-owned institutions have not been listed above. This Department would never purchase the Fort William Orphanage, Ont., or the St. Albert Boarding School, Alta., as these are primarily convents for the education of white children. The Squamish Boarding School, B. C. should not be considered, as the property is entirely inadequate for Indian residential school purposes. The Christie Industrial School, B. C. is modern, and the possibility of taking it over, at a valuation, must be considered. The last named institution is owned by the Basilian Order. The Spanish Industrial School, Ont., a large, modern institution belonging to the Jesuit Order, is worth about $150,000, and I believe, may be offered to the State.

Church of England.

There are 21 residential schools under the auspices of the Church of England. 10 of these are not owned by the State. When the time comes to take over these institutions, the monetary consideration will be nil, because of the poor condition of the buildings or their situation.

Methodist.

7 residential schools are under the Methodist Church. 2 of these are church-owned, and would likely be offered to the Department, gratis, when we are able to re-build.

Presbyterian.

7 Indian residential schools are under the auspices of the Presbyterian Church. 4 of these are church-owned. 3 are modern and well designed for the purposes of Indian education, and we will be asked to purchase these in the future. One is dilapidated, and we would pay nothing to the Church when we decided to re-build.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

Ottawa, Oct. 2, 1922.

Sir:-

In the past, this Department has experienced some difficulty in the matter of paying accounts for equipment purchased for Indian residential schools. There are certain regulations governing the expenditure of public funds, and it will assist our officers if principals of Indian schools and church officials will remember the following instructions.

The Department's authority must be obtained for expenditures that are to be met other than from the school per capita grant. Requests should be forwarded through the office of the local Indian agent, so that his recommendation can be attached. It is quite in order for the principal to secure the assistance of the church authorities in the case of major expenditures, but the original request should come through the Department's officials in the field.

The requirements of the Purchasing Commission must be kept in mind. If authority to purchase locally is granted, the principal or agent should secure competitive prices for all material over $15. If manufactured articles are desired, this Department will ask the Purchasing Commission for the business houses that should be asked to quote. The principal, when requesting equipment, should intimate the type desired by referring to a price list or catalogue of some Canadian firm. The Purchasing Commission emphasises the importance of buying, as far as possible, goods that are manufactured in Canada.

When the business has been awarded to a firm the bill should not be paid by the principal, unless it is his intention to finance the purchase out of per capita earnings. The account, in duplicate, should be given by the principal, not to a church representative, but to the Indian agent, or direct to the Department in the case of some residential schools not in Indian agencies. Our agent will certify the accounts if they are in order, and this Department will send a cheque to the firm that has supplied the equipment. When authority has been granted to purchase locally, a memo must be attached, showing the firms asked to quote and the prices quoted, and whether the goods selected were manufactured in Canada or otherwise.

Your attention to the above requirements will assist this Department in its effort to administer the Vote for Indian Education in a satisfactory manner.

Duncan C. Scott

Deputy Superintendent General.

To Principals, Indian Agents,
Church and Department Officials.

Figures Prepared for Estimates

INDIAN EDUCATION

Current 2648 63.

	Total Vote 1922-23	Proposed Appropriation 1923-24	Increase
Residential School p.c. grant	$721,185.00	$740,225.00	$19,040.00
Bonus for Resid. Schools	100,000.00	107,400.00	7,400.00
Day School Salaries	159,170.00	170,040.00	10,870.00
Inspection of Schools	9,000.00	9,000.00	-- --- --
Tuition for Graduates	4,000.00	4,000.00	- --- --
Fuel, Rent, Janitors, etc.	27,000.00	27,000.00	-- --- --
Transportation of Pupils	3,000.00	6,000.00	3,000.00
Classroom Equip. Incl. desks	16,000.00	19,000.00	3,000.00
New Day Schools	61,500.00	[illegible]	[illegible]
Repairs to Residential	208,788.00	174,200.00	34,588.00
New Residential Schools	128,000.00	849,000.00	721,000.00
	$1,437,643.00	$2,208,565.00	$770,922.00

The increase in Per Capita Grant and Bonus for Residential Schools is due to an increased number of Indian boys and girls in boarding and industrial schools. Day School Salaries show an increase because it has been found necessary to engage better trained teachers in many of the schools. The actual number of day schools is not increased. Several buildings are needed in Eastern Canada where day schools are fairly successful. The most important item in this connection is for a Continuation School on the Six Nations Reserve.

Repairs and Alterations to Residential Schools show a decrease. Last year an extra effort was made to place the existing buildings up to the required standard. However, many outbuildings and portions of the main administration buildings have to be repaired or altered. In this connection the Roman Catholic Schools Fort Alexander, Qu'Appelle, St. Mary's, Sechelt, Cariboo and Fraser Lake, the Church of England Schools Mohawk, Mackay and Old Sun's and the Presbyterian Schools Cecilia Jeffrey, File Hills and Ahousaht require the largest appropriation.

A total of $849,000.00 is required for New Buildings at Residential Schools. At this type of institution splendid results are being obtained and in every province the schools are filled to the limit of their accommodation. The Indian people are at last seized with the importance of educating their youth, and residential schools must be continued.

An effort has been made to apportion - commensurate with their needs - the proposed expenditure among the four churches interested in the education of Indian children.

The buildings at the Kamloops Industrial School are practically uninhabitable. Nearly 300 children are available in the vicinity. $250,000.00 is needed for an entire plant. Some years ago the church authorities gave up the Indian Residential School at Red Deer. $160,000.00 is required to complete the buildings at Edmonton so that the important work may be carried on. The Blood C. of E. Boarding School in Southern

DEPARTMENT OF INDIAN AFFAIRS

CANADA

Ottawa, January 16th.,1923.

Circular

Sir,-

I have to inform you that the Purchasing Commission of Canada has recently ruled that requisitions in future for all purchases exceeding $100.00 are to be submitted to it before action is taken, except in emergency cases when time will not permit of doing so. Such cases, however, should be rare, as generally, requirements can and should be foreseen, and the regulations complied with. When such emergency purchases have to be made all possible competition should be obtained and full records kept of those who were asked to quote; also their replies. This information together with a proper description of articles on which prices were obtained to be submitted with the accounts.

It must be understood that Canadian made goods are to be purchased where possible and the lowest tenders are to be accepted. When the lowest tender is not accepted, a full explanation should be made.

When a requisition is referred to the Department for authority to purchase and a list of names from whom to call for tenders, a full description of the article or goods required should be given, and if possible, a catalogue reference as a guide to those tendering. Requisitions should always give the name of the nearest City, Town, or Village, to the Reserve where it is proposed making the purchases.

An abstract, in duplicate, of all Tenders received should accompany all accounts.

These regulations will not apply to authorized purchases, the account for which does not exceed $100.00, which may be made without further reference to the Department, after obtaining competitive prices, but to such an account an abstract in duplicate of the tenders received should be attached for the information of the Purchasing Commission, to whom all accounts for are submitted before payment can be made.

Competitive prices need not be obtained for purchases the value of which do not exceed $15.00 but the account should bear a certificate to the effect that the purchases have been made to the best possible advantage and that the prices are fair and reasonable. It is the desire of the Purchasing Commission that this business shall be divided as much as possible and when there is more than one store in the Town where the purchases are made. What is meant by this is, that should you make a purchase one week at a certain store in the Town where you do business, the next purchase should be made at another store, if the goods can be purchased to advantage. In this way the Government business will be equally divided amongst interested Merchants throughout the year. The accounts for these as well as all other purchases should be forwarded in duplicate, direct to the Department monthly, and not allowed to accumulate for months.

Purchases of Live Stock and Seed Grain are exempt from these regulations; also purchases of Beef, Hay, and Wood, when made from Indians.

DEPT. OF INDIAN
MAR 23 1923
RECORDS

Auditor General's Office, Canada

OTTAWA, March 22nd, 1923.

577.

580928

Sir,-

In an application recently received by me for the issue of a cheque for the amount of $48,000 for the purchase of the Kenora Boarding School from the Rev. Oblate Fathers, it was stated that that amount was included in your estimates for the current year. As no such specific amount was voted for that purpose, I infer that it was included in your general vote for Indian Education, and I also understand that the same vote was supposed to include an amount of $75,000 towards the erection of a new school in the vicinity of Edmonton.

Your total expenditure under the head of Indian Education appears to me to be naturally divisible into two heads, viz:- (1) the maintenance of existing schools and (2) the acquisition of school buildings either by purchase or by erection by the department. As these two classes of expenditure are of an entirely different nature, might I suggest that it would be advisable in future, when preparing your estimates, to ask separate amounts for the maintenance of the schools and for the erection or purchase of new schools.

I am, Sir,

Your obedient servant,

W. Kearns

Assistant Auditor General.

The Deputy Superintendent General,
Department of Indian Affairs,
OTTAWA.

Mr. Duncan C. Leck,
Deputy Superintendent General,
Department of Indian Affairs,
Ottawa, Canada.

My dear Mr. Leck:

In accordance with the Office letter to you of the 10th instant, there are forwarded blue prints of some of the principal buildings comprising the complement of a typical residential or boarding school in this Service. As the complement is quite large, there are a number of other buildings of which there are no surplus blue prints on hand, and the latter are now being made and will be forwarded to you at the earliest possible date. The buildings comprising a typical boarding school of the largest type in this Service consist of dormitories, schoolhouses, domestic science buildings, mess halls, hospitals, superintendents' residences, employees' quarters, gymnasiums, offices, shops, laundries, boiler and power houses, barns (dairy and horse), garages, chicken houses, hog houses, oil and paint houses.

With the blue prints of these buildings, there will also be included the most recent type of sleeping porches adapted to secure increased dormitory capacity, standard method of securing stucco finish to adobe walls, moving picture booths, and band stands. Several copies of specifications covering the construction of various buildings are also forwarded. Should you desire any additional data, your request will be gladly complied with.

Very truly yours,

E. B. Meritt

Assistant Commissioner.

Dear Sir,-

I beg to acknowledge the receipt of your letter of the 23rd instant, and to say that the blue prints which you have forwarded me of some of the principal buildings comprising the complement of a typical residential or boarding school in your service have been received, and I beg to thank you very much for these.

I note that you are having some further prints made, and I shall appreciate very much your sending them. These blue prints are all that we will require at the present and will be of value to us.

Yours truly,

Duncan Scott

CHAP 7.

An Act respecting contracts for Government Works.
(Assented to 16th May, 1905)

His Majesty, by and with the advice and consent of the Senate and House of Commons of Canada, enacts as follows: -

1. Whenever any work is to be constructed under contract under the direction of any department of the Government, the Minister having charge of such department shall invite tenders by public advertisement for the execution of such work, except in cases of pressing emergency in which delay would be injurious to the public interest, or in cases in which, from the nature of the work, it can be more expeditiously and economically executed by the officers and servants of the department, or in cases where the estimated cost of the work is less than $5,000, and it appears to the Minister, in view of the nature of the work, that it is not advisable to invite tenders. (Tenders to be invited for works. (Exceptions

2. Whenever, in the case of any work, tenders are required to be, or are, invited, the Minister shall submit all tenders received therefor to the Governor in Council, and the contract for the work shall be awarded under the direction of the Governor in Council. (Contracts to be awarded by Governor in Council.

Memorandum:

Mr. Oxe.

The following new buildings are included in the Main Estimates, 1924-25, which will be presented to Parliament during the coming session: -

DUCK LAKE RES. To provide new main building ..... $150,000.
Accommodation should be provided for 150-190. The site will be the one already in use.

BLOOD C. of H. RES. To complete new building ..... 110,000.

KAMLOOPS RES. To erect second wing ..... 70,000.

McINTOSH RES. To erect small institution ..... 82,000.
Accommodation should be provided for 50-70. The Oblate Provincial has selected a farm, 5 miles from the town of McIntosh; but the Department has taken no action yet, relative to site.

ST. ALBERT RES. To erect a boys' wing ..... 40,000.
Accommodation should be provided for 55-60 boys.

FILE HILLS RES. To erect addition ..... 20,000.
More accommodation is required for both staff and pupils.

CROSS LAKE RES. To finish addition ..... 20,000.

PORTAGE RES. Addition to the barn ..... 5,000. X

BIRTLE RES. To erect principal's residence ..... 4,000. X

ROUND LAKE RES. To erect classroom and small barn ..... 5,000. X

THUNDERCHILD RES. To erect small cow barn ..... 2,000. X

PELICAN RES. To erect small barn ..... 2,000. X

ST. ALBERT RES. To erect pavilions ..... 4,000. X

EDMONTON RES. To provide cow barn ..... 3,000. X

COQUALEETZA R. To provide barns, etc. ..... 9,000.

SQUAMISH RES. To erect small barn ..... 2,000.

ARCHELT RES. To erect small barn, roothouse & refrigerator 4,500.

FRASER LAKE RES. To erect barns ..... 9,000.

CARCROSS RES. To erect bridge ..... 2,500.

Memorandum: Honourable Charles Stewart. April 9, 1924.

Re Buildings provided for in the Estimates 1924-25.

BUILDINGS TO BE ERECTED UNDER CONTRACT:-

Agency Buildings.

Norway House Hospital,Norway House Agency, Man..... $30,000.00
(Plans are prepared and tenders will be asked for at an early date).

Dwelling for Doctor, Norway House Agency,Man..... 5,000.00
(It is possible that we may be able to buy the house which we are now renting for Dr.Stone. This matter will be taken up immediately. The old hospital building was destroyed by fire last year).

School Buildings.

Cross Lake R.C.Residential School,Norway House Agency..20,000.00
To complete addition.
(This addition is being constructed under the supervision of the principal and staff. The stonework was done last year. The building can be completed cheaply and expeditiously by the Fathers in charge).

Norway House Methodist Residential School:-
New hen-house..... 600.00
Repairs to buildings..... 900.00
(These repairs can be made by the staff).

Duck Lake R.C. Residential School, Duck Lake Agency,Sask.
New main building..... 150,000.00
(Plans have been prepared for this school and tenders will be asked for at an early date).

Onion Lake,Church of England,Residential School,..... 40,000.00
Onion Lake Agency,Sask.
(This building is much needed at this point. The Church of England have requested us to consider erecting a school in the Lac Seul District,Ontario, instead of the Onion Lake institution. I am not at present able to agree to this change, but the matter will receive attention, and I will report later).

Blood,Church of England,Residential School, Blood Agency,Alberta - Main Building..... 110,000.00
(This building is now under construction)

1-1-5

April 16, 1924.

Dear Mr.Graham,-

I inclose herewith a list of amounts provided in the Estimates for buildings in Manitoba, Saskatchewan and Alberta. You may proceed with the erection of these buildings. The amounts in any case should not be exceeded.

With reference to the proposed work at the File Hills School, I would point out that we are only granted $20,000.00 for this work, and I should be glad if you would report how it might be best expended, and what alterations it will be possible to make in the main building after the expense of erecting the principal's house has been provided for.

It is advisable that no expenditure should be undertaken at the Edmonton Residential School without careful consideration. It is represented that a cow-barn and other outbuildings are necessary, but I would ask you to give this matter your special attention, and report.

With reference to the school buildings, you will be given all the information and any details that we have affecting the special buildings and localities at a very early date.

Yours very truly,

D. C. Scott

Deputy Superintendent General.

Ottawa, April 17, 1924.

Dear Mr. Graham:

I wish to add to my letter of yesterday's date, with reference to the building programme for Manitoba, Saskatchewan and Alberta. As you were informed, communications will be addressed to you, concerning the individual school buildings. To obviate the necessity of mentioning in each letter the regulations which should guide you in your purchases and supervision, I am drawing to your attention the following: -

In no case should tenders be called for a building or for any installation. As you are aware, before a contract can be let, an Order in Council has to be secured. The different buildings should be erected under proper supervision, by day labour. For building activity at residential schools, as much of the work as possible should be done by the older boys, under the supervision of the staff. The pupils will then benefit by the practical instruction and the expenditure will be kept as low as possible.

If any items for material such as lumber or brick are $1,000 or over, please submit to the Department a requisition listing the quantity, quality and where the material is required. The Department Purchasing Agent, in conjunction with the Government Contracts Supervision Committee, will then arrange for the purchase and delivery. Where the proposed expenditure for material is under $1,000, you should invite sealed tenders from the best available sourceof supply. Such tenders shall be safeguarded and opened on the due date by two of your officers. The lowest tender in conformity with the specifications shall be accepted, unless good and sufficient reasons for departure from this procedure can be given. When you are submitting the properly certified

R.F. Orl

W. M. Graham, Esq.,
Indian Commissioner,
Regina, Sask.

- accounts -

accounts, in duplicate, in favour of the firms given the business, you should support them with Abstract of Tender forms showing the firms asked to quote and the prices quoted.

Time sheets, in duplicate, should be kept for all the labour employed. Indian labour should be engaged whenever practicable and not more than the current wage allowed in the case of expert tradesmen.

It will be satisfactory if you wish to arrange for the payment of the labour locally, but all accounts for materials should be forwarded to the Department for payment. It would be well to use the services of agents and principals wherever possible as supervisors, without remuneration.

The amounts allowed for each building should not be exceeded and do not hesitate to effect a saving if the work can be satisfactorily completed.

Yours very truly,

[redacted]

Deputy Superintendent General.

F 3 £4500 -

April 17th 1924.

Dear Mr. Graham;-

I have to inform you that the following buildings will be erected in Manitoba, Saskatchewan and Alberta, under contract:-

Norway House Hospital, Norway House Agency, Man.....$30,000.00
(Plans are prepared and tenders will be asked for at an early date).

Dwelling for Doctor, Norway House Agency, Man..... 5,000.00
(It is possible that we may be able to buy the house which we are now renting for Dr. Stone. This matter will be taken up immediately. The old hospital building was destroyed by fire last year).

Cross Lake R.C. Residential School, Norway House Agency 20,000.00
To complete addition-(This addition is being constructed under the supervision of the principal and staff. The stonework was done last year. The building can be completed cheaply and expeditiously by the Fathers in charge. We are asking for tenders for all materials to be shipped from Selkirk.

Norway House Methodist Residential School.
New hen-house..... 600.00
Repairs to buildings..... 900.00
(These repairs can be made by the staff).

Duck Lake R.C. Residential School, Duck Lake Agency Sask.
New main building..... 150,000.00
(Plans have been prepared for this school and tenders will be asked for at an early date.)

Onion Lake R.C. R.Residential School Onion Lake Agency 40,000.00
Sask.
(This building is much needed at this point. The Church of England have requested us to consider erecting a school in the Lac Seul District, Ontario, instead of the Onion Lake institution. I am not at present able to agree to this change, but the matter will receive attention).

Blood R.C. R. Residention School Blood Agency, Alberta.
Main building..... 110,000.00
(This building is now under construction)

Brandon Methodist Residential School, Manitoba.
Repairs to buildings..... 1,100.00
(These repairs can be made by the staff.)

Yours very truly,

(Sgd.) Duncan C. Scott,

Deputy Supt. General.

W.M. Graham, Esq.,
Indian Commissioner,
Regina, Sask.

ALSO TO DATE OF THIS LETTER

COMMISSIONER'S OFFICE,
REGINA, SASK., April 22, 1924.

Dear Mr. Scott:-

Replying to your letter of the 17th instant with reference to the building programme for Manitoba, Saskatchewan and Alberta and particularly with regard to the regulations which should be followed in reference to the purchase of material, and supervision, I note what you say with regard to getting the work done by day labor and I am glad that there will be no contract covering the whole, including labor, material and so forth, but I do not see how we can possibly carry on the work unless we give the actual labor out by contract, for as you know, this work will be carried on in remote parts where we have no officer who can daily supervise the work, keep time tables, and see that there is no loafing. In fact, I believe that nothing will be gained at all if we have to send laborers and a foreman out to do the job without being in a position to have them checked up daily by an officer of our Department, and I would not be prepared to certify vouchers for time sent in unless I was sure that the services, as shown on the time sheet, had been rendered.

Duncan C. Scott, Esq.
Deputy Superintendent General,
Dept. of Indian Affairs,
Ottawa.

Could we follow the practice which was adopted last year in connection with the buildings which were erected on Piapots and Muscowpetungs Reserves. What we did in these cases was to get out bills of material for the different buildings, submit the list to all the lumber companies and buy from the lowest tenderer.

With regard to labor we invited various carpenters, men whom we knew, to come to this office, examine the plans and give us a price for the labor only. By doing this we were relieved of the responsibility of keeping time tables, employing carpenters to work under a foreman - which is no easy job - arranging for board of men and getting men transported to and from the job. In fact it cannot be done in many cases. It seems to me it would be very simple and can be arranged, but I want to have your approval before starting any work. I may say that we followed this plan in connection with building the office and warehouse and altering the various buildings at Broadview last year, the office at Qu'Appelle Agency also nine houses and nine barns on the Piapots and Muscowpetungs Reserves for Indians. By carrying out this method we affected a saving of at least 20% on the labour alone not counting what was saved by purchasing material.

There is one other matter I wish to draw to your attention with reference to the building at the File Hills School. Could the purchase of material be divided so as to bring the separate tenders under $1000.00? I ask this as I foresee trouble if there is any delay in getting material that is purchased in British Columbia, or other points in car lots which is likely to take months, and having men on the job waiting for the material, it would not do.

I find the various lumber companies which supply material from their yards submit just as close prices in competition as people who ship from the mills in British Columbia.

We have a large building programme and the season is short. In order to get the work done, I would ask to have the regulations made as workable as possible. I would be glad to know if you are in accord with the plan followed during the past two years, as set forth in this letter.

Yours very truly,

W. M. GRAHAM,
Indian Commissioner.

May 2nd, 1924.

Dear Sir:-

Replying to your letter of the 22nd ultimo with reference to the building progress in Manitoba, Saskatchewan and Alberta, principally with regard to the employment of the necessary labour on the different buildings, I would say that it will be satisfactory if you have the labour performed in a manner similar to that adopted in the building of the Indian houses on the Pinpote and Muscowpetung Reserves last year.

With reference to the purchasing of materials, and separating the tenders in order to keep the amount under $1,000 this arrangement will be satisfactory.

Yours very truly,

Deputy Superintendent General.

Ottawa, May 20th, 1924.

Sir:

I have to refer to that portion of your No. 100-7B of the 16th instant requesting a list of appropriations covering repairs to the various schools in the prairie provinces. In reply I have to inform you that it is not the practice to make special mention in the estimates for Indian education of minor repairs to school buildings. It is the Department's experience that the unearned per capita grant is sufficient to meet the incidental repairs that are necessary from time to time. Any recommendations concerning work that should be undertaken this season will receive the usual favourable consideration.

Your obedient servant,

R.T.F.

Russell T. Ferrier,
Supt. of Indian Education.

IN YOUR REPLY REFER TO
No. 100-7B
ALSO TO DATE OF THIS LETTER

COMMISSIONER'S OFFICE.
REGINA, SASK., May 27th, 1924

Sir:-

I beg to acknowledge receipt of your letter of the 20th inst., and in reply would say that I fear I did not make my first letter quite clear.

I am sometimes notified by the Department that certain sums have been allowed for repairs, etc, at Schools, and I assume that when a request is made to the Department for an appropriation, the school authorities have stated for what purpose they require the money, and this is the information that I would like to secure.

For instance, in advising me that $10,000 has been set aside for a cow barn and outbuildings at Edmonton, the particulars as to what outbuildings are required, have not been given. I would like to know what has been applied for in this case.

The point I wish to make is that it will be difficult for me to effect economies, if it is left to the decision of the school authorities how the money is to be spent.

Your obedient servant,

W. M. Graham,
Indian Commissioner.

1-1-5 MAY

Auditor General's Office, Canada.

OTTAWA, May 23rd, 1924.

R

Sir,-

Section 9 of the Public Works Act provides that the Minister of Public Works shall have the management, charge and direction of the following properties belonging to Canada:- (d) The public buildings.

Section 10 provides that nothing in section 9 shall be deemed to confer upon the Minister of Public Works the management, charge or direction of such public works as are, (c) by or under the authority of this Act or of any other Act of the Parliament of Canada, placed under the control and management of any other minister or department.

Section 35 provides that the Governor-in-Council may at any time transfer the management, charge and direction of any public work, or any power, duty or function with respect to any work or class of works, which is assigned to, or vested by statute in, any minister or department, to any other minister or department.

As I have been unable to find anything in the Indian Act which can be interpreted as conferring upon the Superintendent General of Indian Affairs the management, charge or direction of the buildings erected for or occupied by the Department of Indian Affairs, I am of the opinion that under Section 9 the management, etc., of such buildings is with the Minister of Public Works unless formally transferred to the Superintendent General by the Governor in Council in accordance with section 35.

On March 23rd, 1923, I wrote you suggesting that in future, when preparing your estimates, you ask for separate

for separate votes, (1) for the maintenance of existing schools and (2) for the erection or purchase of new schools; to which letter you replied on March 26th that careful consideration would be given to that suggestion. I find, however, on examining the estimates submitted to parliament for the current fiscal year that my suggestion was not acted upon.

As there thus appears to be no statutory authority for your department making any expenditure on account of the erection or maintenance of the buildings and as no formal transfer under the provisions of section 35 appears at any time to have been made I am of the opinion that the practice of your department of making such expenditure is contrary to the provisions of the Public Works Act, and I have to ask that you seek to obtain the necessary authority to permit of your incurring such expenditure in future.

Ottawa, June 14, 1924.

Dear Mr. Walker:-

Replying to your telegram of the 12th instant with reference to the contracts awarded for the Indian Residential Schools at Mmonton and Cardston, I would give you the following information:

The contract price for the Mmonton School was $158,000. When the plans and specifications were being prepared for this building it was not definitely decided the exact location of the proposed building, and it was, therefore, impossible to include the necessary details for the septic tank and drainage system, water supply system and electric lighting plant. This work was carried out by the contractors on a proven cost plus ten per cent basis. It was also decided later to install storm sash and an ash hoist, which work was carried out by the contractors on a proven cost plus ten per cent basis. After the building was completed in the furnishings required this firm was authorized to build all tables, benches, cupboards and shelving, etc. on the same basis. The total cost of all of this additional work amounted to $27,076.05.

With reference to the Blood School at Cardston the contract price for this building was $125,251. and no extra work has been authorized.

Yours very truly,

W. G. Walker, Esq.,
Manitoba Liberal Association,
Winnipeg, Man.

July 9, 1924.

Memorandum,-

Mr. Pratt.

Encl. With reference to the attached telegram, from Mr. M. G. Walker, I beg to inclose herewith copy of the list of building operations, dated April 16. We have changed the location of the farm-house and stable from Deg Creek to Sandy Bay. The Commissioner is proceeding with that building and with that at Waywayseecappo's reserve, also the Grand Rapids day school and the Fort Alexander painting.

The material has been purchased for the Jack River day school, and I have made a recommendation as regards labour. For the present, we are not proceeding with the barn at the Portage la Prairie Presbyterian boarding school. The contract has been let for the Norway House hospital and the doctor's residence, and the Church authorities are themselves proceeding with the work on the Roman Catholic school at Cross Lake.

I cannot understand the point of Mr. Walker's telegram, unless he is in some way interested in the purchase of the lumber for the Norway House, Jack River day school.

D. C. Scott

Copy.

The Nelson Liberal Association
The Pas, Manitoba, July 2nd, 1924.

Dear M. Walker;-

Tenders sent in from the Pas for painting McKay Indian Boarding School, near the Pas, were opened at Regina last week and none were accepted by Commissioner Graham and returned to Indian Agent Waddy for information. All were considered too high except one, which was too low.

The lowest were (of the highest ones) those of friends George Davis and of M.Paquet. The tenders were figured upon from the plan of the school. Since the rejection, M.M.Davis and Paquet went over and made an inspection of the building itself, and both say they could submit much lower figures than they did at first from an examination of the blue print. They would like to be given a chance to submit new figures. Mr. Waddy won't be back for ten or twelve days from a treaty payments' expedition. Perhaps some time could be gained by attending to this matter now, from Winnipeg.

I am yours faithfully,

(sd.) Dr. A. Larose

President Nelson Liberal Association.

Ottawa, July 8, 1924.

My dear Mr. Walker,-

I have your note of July 4, with inclosure from Dr. A. Lavens, of The Pas.

The Indian Commissioner at Regina is looking after the repairs to our buildings in the West this year, and no doubt, under his instructions, he was endeavouring to obtain the lowest price for painting on the McKay boarding school. There will be no reason why he could not ask for tenders again, if he did not find the first offers were fair and reasonable, and I am asking the Deputy Superintendent General of Indian Affairs to instruct him to do so.

Yours sincerely,

E. C. Walker, Esq.,

Ottawa, Ontario.

Dear Mr. Pratt:

I am just in receipt of your wire re Elkhorn School.

Kindly forward copies of particulars with reference to the work that is now being done, prices, etc., where material is being purchased, for the work being carried on at Elkhorn school.

I also wish to recall that I wrote you on June 6th making inquiry as to what work will likely be done on the above premises this year. You will also observe in your answer on April 21st,1924, the following:

"I find that no provision has been made for painting the building at Elkhorn".

No doubt you are aware of the fact that I have written Mr. Stewart, a few days ago as to the conditions that prevail and am awaiting his reply in the matter.

Kindly let me know the firms and prices tendered on the McIntosh School. I have secured a very competent bill of costs for the construction of this work from a very responsible party and am very anxious to know how it will work out in the final winding up of the contract.

With best wishes, I remain.

Yours respectfully,

MEMORANDUM

Mr. Pratt -

I have not drafted a reply to this letter because I have found it difficult to know just what line the Minister would like to take.

All the work which Mr. Walker mentions is being conducted by the Indian Commissioner at Regina, and he reports that everything is well under way. There would certainly be no use in Mr. Walker's applying to Inspector Dunn for information on these points.

As for the reorganisation in the Province of Manitoba, we intend to close the warehouse and really diminish the staff there following the policy of centralising at Regina, so that Mr. Walker's suggestion is at variance with this policy. I do not know what information he can have "with reference to the general conduct of the Department", but it might be interesting to secure it.

IN YOUR REPLY TO THE SECRETARY, DEPT. OF INDIAN AFFAIRS, OTTAWA.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

January 12, 1925.

CIRCULAR:

Sir,-

I beg to inform you that in future, in order to meet the requirements of the Auditor General, it will be necessary to submit accounts, in duplicate, made out by the dealer or claimant instead of simply submitting the account made out on Departmental forms. The accounts may be attached to the Departmental forms, or may be forwarded without the latter, provided they are properly certified. I have, therefore, to impress upon you the necessity of furnishing, in every case, as far as possible, original accounts prepared by the dealer or claimant.

Your obedient servant,

(J.D. McLean),
Asst. Deputy and Secretary.

Mr. Fairbairn

Memorandum:

Mr. Orr.

The following RESIDENTIAL SCHOOL BUILDINGS are included in Indian Education Estimates, 1925-26. Please undertake the plans and, in cooperation with Mr. Ferrier, carry on the correspondence necessary thereto.

Onion Lake, C.of E.,Sask.	$68,000.
Blood, R.C.,Alta.	123,500.
Sturgeon Landing, Sask.	25,000.
Lac Seul, Ont.	100,000.
Cecilia Jeffrey, Ont.	90,000.
Morley, Alta.	35,000.

The appropriation for the Sturgeon Landing School is to commence a new main building. His Lordship Bishop Charlebois expects to visit Ottawa in the near future, to discuss the requirements. In connection with the new institution for Morley, there has been some correspondence with the Methodist Missionary Society and with Mr. Commissioner Graham. I believe it advisable to correspond still further with the Commissioner before commencing the plans.

The Estimates also include Additions and Outbuildings to RESIDENTIAL SCHOOLS, as follows: -

McIntosh, Ont.	Mechanical plant	5,000.
Ft.Resolution, N.W.T.	Ice house	1,950.
Coqualeetza, B.C.	To complete manual tr.bldg.	2,500.
Cariboo, B. C.	Stock barn	4,000.
Fraser Lake, B. C.	Manual training shop	1,500.
Lytton, B. C.	Farmer's residence	3,000.
	To commence new wing	19,000.

(In connection with the last named item, which is urgent, it is possible that the New England Co. will make a grant to supplement this provision for a new wing at Lytton). The necessary arrangements for these items should be made when it is timely.

The following DAY SCHOOL Buildings are included in the Estimates and you should arrange to have the work undertaken as early in the building season as possible. Mr. Ferrier will cooperate with you in determining the exact requirements:-

Oka Village, Que.	Comb. school & residence	5,800.
Kettle Point, Ont.	Comb. school & residence	5,000.
Oneida Nos. 2 & 3,Ont.	Residence for 2 teachers	2,000.
Back Settlement,Ont.	Teacher's residence	2,000.
Gitladamicks, B.C.	Comb. school & residence	5,000.
Mascott, B. C.	3-roomed school	6,000.

Duncan C. Scott

Deputy Superintendent General.

Sent out a/cr. 17/25

Ottawa, April 9, 1925.

* changed to Indian Day Schools (1931)

Dear Mr. Graham:

I wish to recapitulate, for your information and guidance, the building programme at Indian residential and day schools in the Prairie Provinces. Provision is being made for the following main buildings at residential schools: -

Onion Lake C. of E., Sask.	$68,000.
Blood R. C., Alta.	123,500.
Guy, (Sturgeon Landing), Sask.	25,000.
Morley, Alta.	55,000. #

Plans are prepared or are in course of preparation in connection with the above buildings and it is the present intention to have them erected by contract. The appropriation for the Guy Residential School is for a commencement of the work - the building to be finished as soon as further appropriation can be arranged.

Provision is being made for the following building activity and you are authorized to purchase the materials necessary and commence the work, on a day labour basis, as soon as all the information you require is at your disposal.

Residential Schools:		
Norway House, Man.	Carpenter shop and roothouse	2,800.
Sandy Bay, Man.	Farmer's residence	2,000.
Portage, Man.	Stock shed and implement shed	2,000.
Elkhorn, Man.	Roothouse	600.
Round Lake, Sask.	Ice house & implement shed	850.
Qu'Appelle, Sask.	Granary	1,500.
File Hills, Sask.	Classroom 3200; Impl.shed 1000; chick.house 600;	4,800.
Old Sun's Alta.	5 outbuildings	5,500.
St. Paul's, Alta.	Outbuildings	2,500.
Ermineskins, Alta.	Laundry bldg. and equipment	5,000.
Edmonton, Alta.	Completion barn 2000; henhouse 500:	2,500.
Day Schools:		
Grand Rapids, Man.	Classroom and residence	5,500.
Oxford House, Man.	School building	2,500.
Swan Lake, Man.	Classroom and repairs	4,700.
Fairford, Man.	Second classroom	2,200.
The Pas, Man.	Combined school and residence	4,200.
Red Earth, Sask.	Teacher's residence	2,500.
Little Pines, Sask.	Addition and painting	1,600.
Fort a la Corne S.Sask.	Combined school and residence	4,000.

I believe you have all the information necessary for the buildings at Sandy Bay, Portage, Round Lake, File Hills, Edmonton, Grand

W. M. Graham, Esq.,
Indian Commissioner,
Regina, Sask.

Rapids, Oxford House, Little Pines and Fort a la Corne. The work may be proceeded with immediately. Further, you may correspond with the principals and agents, if necessary, and arrange for the buildings listed at Elkhorn, Qu'Appelle, Old Sun's, St. Paul's, Swan Lake, Fairford, The Pas and Red Earth. I shall direct that the necessary information concerning the Norway House and Ermineskins buildings be forwarded to you at an early date. If any questions of policy arise or there is any information that you require for any part of the work, do not hesitate to correspond with the Department.

The Appropriation for Indian Education for this fiscal year is completely assigned, and, as certain of last year's accounts are being paid from the new Vote, I have to request you to exercise economy and to effect a saving whenever possible. If you are in doubt as to the urgency of any of this activity, please let me know and careful enquiry will be made before the expenditure is undertaken. The amounts allowed for each building should not be exceeded, unless you receive specific authority.

It will be satisfactory if you wish to arrange for the payment of the labour locally; but all accounts for materials should be forwarded to the Department for payment. If you require a travelling inspector of construction this year, you should apply immediately so that an appointment can be made by the Civil Service Commission. In the purchasing of materials and in the engagement of labour, please be guided by the regulations. For building activity at residential schools, as much of the work as possible should be done by the older boys, under the supervision of the staff. The pupils will benefit by the practical instruction and the expenditure will be kept as low as possible. For the day school work, Indian labour should be engaged whenever practicable and not more than the current wage allowed in the case of expert tradesmen.

There are several items in the Estimates for the purpose of painting school buildings or for general repairs. In this connection letters of instruction will be directed to you in a few days.

Yours very truly,

Duncan C. Scott

Deputy Superintendent General.

BOARDING SCHOOLS FOR INDIANS TO BE BUILT ON THREE RESERVES

[illegible] contract [illegible] Company of Saskatoon for the erection of an Anglican boarding school for Indians at the Onion Lake reservation. The [illegible] were completed with [illegible] and [illegible] will be [illegible] to start at an early date. The [illegible] of the building was not divulged.

In addition to the school at Onion Lake known as the Government [illegible] will [illegible] schools in Alberta and Saskatchewan. In the former province a new Indian boarding school to [illegible] and [illegible] pupils will be built on the Blood Reserve. In Manitoba an [illegible] school will be built at Morley to accommodate 60 pupils.

Seeding Progressing

W. M. Graham, commissioner of Indian affairs, states that seeding [illegible] according to reports from the various reservations are very favorable. In the farm north of Glenwold there will be from 500 to 600 acres seeded by Saturday. Seeding operations have been going forward in a very satisfactory manner on all the Indian reservations in the three prairie provinces.

IN YOUR REPLY REFER TO
No. 100-11A
ALSO TO DATE OF THIS LETTER

COMMISSIONER'S OFFICE,
D REGINA, SASK., April 23rd, 1925

Dear Mr. Scott:-

I beg to acknowledge receipt of letter of 9th instant, instructing me with regard to the building programme for Indian Residential Schools.

Extract for 104-1-5

In reply I beg to say that several of the items mentioned can be eliminated. In the case of the Old Sun's School you have an item for five buildings at a cost of $3500.00. These buildings are not necessary. Last year we constructed at this school out of the existing outbuildings, an ice house, implement shed, chicken house, piggery, granary and garage, which buildings are perfectly in keeping with the institution, and nothing more in this line is required, except some painting which could be done by the older boys of the school and the cost of the paint would probably be in the neighbourhood of $125.00.

So closed

I am waiting for your instructions regarding the employment of the boys at the schools before I say anything to the Principals about getting work done by school labour.

I also see where several items can be curtailed, but will not go into this at the present time.

I note that you are going to instruct me further regarding the Norway House and Ermineskin buildings. I shall await this, hoping that it will come along at an early date so that we can get the work under way. In the meantime, steps have already been taken to start work at the Grand Rapids School and residence, Oxford House school building, and a teacher's residence at Red Earth.

Duncan C. Scott, Esq.,

I hope the amounts set opposite the various buildings have not been made known to the school authorities. If they have, it places me in an awkward position when you ask me to economize, and in my opinion it is not good business, as the parties concerned will make a desperate effort to see that the amounts authorized are expended. I have already drawn your attention to this, but so far have had no satisfaction. This is a very important matter and I would like to have this information.

Yours very truly,

W. M. Graham,
Indian Commissioner.

The policy of the present administration is to care for capital expense at Indian schools whenever funds can be provided for the purpose. This releases the finances of the missionary societies for better food, clothing and instruction. During the past four years 7 old Indian residential schools and many day schools have been replaced by modern buildings adequate for the purpose of Indian education. Major alterations and additions have been made to 8 other boarding schools. Further, 4 new large institutions are in course of erection. At the present writing, 51 of these residential schools are lighted electrically, heated by one unit and are equipped with modern plumbing.

To the Deputy-Minister,
Department for Indian Affairs,
Department of Interior,
OTTAWA.

Dear Sir:-

The undersigned is interested in getting the information from your Department as to how many schools there are under the judiriction of the Department for Indian Affairs that are not served with either a water or sewage system.

I would appreciate greatly if this information can be gotten for me.

Thanking you in advance

Yours very truly,

W A Aubert

Mr. Orr.

The following RESIDENTIAL SCHOOL BUILDINGS are included in Indian Education Estimates, 1926-27: -

Cecilia Jeffrey, Ont.	$80,000.
St. Phillips, Sask.	20,000.
Guy, Sask.	60,000.
Onion Lake R.C., Sask.	55,000.
Peigan R.C., Alta.	48,000.
Peigan C.E., Alta.	48,000.
Lytton, B. C.	35,000.

The appropriations for Cecilia Jeffrey, Onion Lake R.C. and the two Peigan Residential Schools are for complete main buildings, outbuildings and furnishings. The appropriation for the Guy School is to complete the main building, furnish it and to erect necessary outbuildings. The appropriations for St. Phillips and Lytton are to commence new main buildings.

The Estimates also include the following ADDITIONS AND OUTBUILDINGS TO RESIDENTIAL SCHOOLS, which will require plans and specifications: -

Mt. Elgin, Ont.	Ice house	$1,600.
Shingwauk, Ont.	Bake shop	900.
Chapleau, Ont.	To complete Barn, erect Silo, and build implement shed	3,200.
Moose Fort, Ont.	Small outbuildings	1,000.
Sioux Lookout, Ont.	To complete outbuildings	2,000.
McIntosh, Ont.	To erect barn, henhouse & hogpen	2,500.
Cross Lake, Man.	Septic tank	1,200.
Elkhorn, Man.	Root house	600.
Mackay, Man.	Hogpen & chicken house	1,500.
St. Phillips, Sask.	Barns and other outbuildings (It may be advisable to use this appropriation in connection with the commencing of the new main building).	8,000.
Round Lake, Sask.	Barn	4,000.
Qu'Appelle, Sask.	Carpenter shop & 2 silos	2,400.
Gordon's, Sask.	Principal's residence	5,000.
Guy, Sask.	Water supply system	7,000.
Duck Lake, Sask.	Cow barn, store house & root house	6,100.
Onion Lake C.E. Sask	Barns, other outbuildings and Principal's residence	11,000.
Crowfoot, Alta.	Addition to Barn	1,000.
Old Sun's, Alta.	Dairy and root cellar	1,600.
St. Paul's, Alta.	Utility building	1,500.
Edmonton, Alta.	5 small outbuildings	2,000.
Wabasca C.E., Alta.	Small outbuildings	1,500.

- Continued -

Additions & Outbuildings, Res. Schools (Cont'd.)

Whitefish Lake, Alta.	Barn	$1,500.
Kamloops, B.C.	Irrigation plant	4,000.
Coqualeetza, B.C.	Hen house	6,000.
Kuper Island, B.C.	Electric light	5,000.
Alberni, B.C.	Farmer's cottage	1,500.
Cariboo, B.C.	Ice house	1,500.
Fraser Lake, B.C.	Completion work shop, silo, cow shed, hogpen & root cellar	2,600.

I might point out that a considerable portion of this work will be done by the school management - the Department will supply the materials only - and that plans and specifications will not be necessary.

The following DAY SCHOOL BUILDINGS are included in the Estimates: -

Tobique, N. B.	Second classroom	$2,500.
Burnt Church, N. B.	Addition to school	1,200.
Pointe Bleue, Que.	School building	4,500.
Cornwall Island, Que.	School building	4,000.

L. AUDITOR GENERAL
CANADA

DEPT. OF INDIAN AFFAIRS
FEB 10 1926
RECEIVED

Ottawa, February 9th., 1926.

Sir,

In the Supply Bill of 1925-26 the vote for Indian Education is divided into two sub votes, one for Grants, Salaries,etc. and the other for Buildings.

The vouchers, cheques and cheque lists in support of the expenditure under the above vote which have been received in this office for the year 1925-26 contain no information to indicate the sub vote from which any item is paid.

I shall be obliged if you will furnish this office with a complete list of payments made in 1925-26 from the vote for Indian Education, indicating in each case the sub vote against which each payment is chargeable.

I am, Sir,
Your obedient servant,

Geo Gauthier

Auditor General.

The Deputy Supt. General,
Department of Indian Affairs,
Ottawa.

February 18, 1926.

Memorandum:

Dr. Scott.

During the fiscal years 1918-19 to 1924-25 teachers of Indian day schools were paid bonus at a flat rate of $150 each. This practice was approved by P. C. 2341, of November 11th, 1922, and re-affirmed for the fiscal year 1924-25 by P. C. 1036, dated June 21st, 1924. Copies of these Minutes are attached hereto.

P. C. 1/712, dated May 6th, 1925, provided new ranges of compensation with a view to the discontinuance of the bonus. Section B of Section 11 of Civil Service Regulations re Bonus and Salary, approved by this last mentioned Order in Council, was considered authority for adding $150 to the salary of each teacher for the fiscal year 1925-26.

I understand that Miscellaneous Vote No. 492 includes an item of $83,950 for salary adjustments in the Outside Service of Indian Affairs. Arrangements should now be made for a transfer from this Vote to Indian Education of the funds necessary to pay the increase in salaries of teachers of Indian day schools. The amount required is $35,031.25, as shown on the attached list.

The Treasury Board will give favourable consideration to our application provided it is approved by the Civil Service Commission. I wish to recommend that steps be taken to secure such approval.

Supt. of Indian Education.

Ottawa, February 16, 1926.

His Excellency

The Governor General in Council.

The undersigned begs to report that it is the established practice of the Department of Indian Affairs to undertake the erection, maintenance, repair, control and management of buildings required in the service of the Department, where funds are available therefor from Parliamentary Appropriations for Indian affairs. The Auditor-General has drawn the attention of the Department to the fact that Section 9 of the Public Works Act provides that the Minister of Public Works shall have the management, charge and direction of public buildings, which in the absence of other statutory authority can only be transferred to another Department by Order of Your Excellency in Council, pursuant to the provisions of Section 35 of the said Act.

ocl

As it is considered to be convenient and desirable that the erection, maintenance, repair, control and management of such buildings should continue to be conducted by the Department of Indian Affairs the undersigned has the honour to recommend that such power, duty and function be transferred to and vested in the said Department of Indian Affairs, pursuant to the provisions of the aforesaid Section 35 of the Public Works Act.

SYNOPSIS-

Recommending that the erection, maintenance, repair, control and management of buildings required for the service of the Department of Indian Affairs be transferred to that Department, pursuant to Section 35 of the Public Works Act. Such control has in practice been under the Department of Indian Affairs for many years, but the Auditor-General has now drawn attention to the absence of statutory authority therefor. In order to regularize the procedure an Order in Council is necessary under the said Section 35 of the Public Works Act.

Ottawa, March 4, 1926.

Dear Mr. Gonthier:

I have your letter of the 9th ultimo, pointing out that in the Supply Bill, 1925-26, the Vote for Indian Education is divided and requesting a complete list of payments indicating in each case the sub vote.

I did not anticipate that payments from this appropriation, which has but one vote number, should be so marked. Consequently, I gave no instructions to change the method of bookkeeping. The sub-division in the Supply Bill was made following the request in your letter of May 23, 1924, with the purpose of obtaining parliamentary authority for the erection of buildings. In this connection you will note that P. C. 283, dated the 23rd ultimo, transfers to Indian Affairs the power, duty and function of erection, maintenance, repair, control and management of such buildings as are required in our service.

If this Department is required to separate the payments from Vote 274 at this date, over 6,200 vouchers would have to be re-examined and listed. Compliance to your request would have been less difficult if it had been made when the first accounts from the fiscal year were before you for audit.

There has been for many years a uniform arrangement of your printed report, which is constantly referred to in the preparation of comparative statements. If this arrangement is disturbed for the one year, it will result in considerable inconvenience to our officers.

Yours very truly,

[illegible]

Deputy Superintendent General.

Georges Gonthier, Esq.,

Attention - Mr. Ferrier.

Dear Mr. Ferrier,-

We take pleasure in enclosing herewith, the 1926 edition of the Johnson Outboard Motor Catalogue, which we would commit to your most careful scrutiny at this time when you are contemplating the purchase of your season's supplies.

We would particularly call your attention to the new Six Horse Power model which would seem to answer a long felt want for the supplying of a powerful motor for getting your heavy freight canoes through swift running streams at a reasonable speed. Used on a fairly heavy strong skiff specially designed for it, this motor will show a speed of close to sixteen miles an hour, which we think is exceptional and which we feel would bring to your service many advantages not now obtainable with any Outboard on the market.

A little Later in the season we shall have one of each of these models on constant display here in Ottawa, but in the meantime if we can be of any service in the supplying of information or in assisting to solve any water transportation problems you may have, we shall count it a privilege to be called upon, when any knowledge or experience we may possess will be placed freely at your disposal.

Awaiting with interest your further esteemed commands,

Faithfully yours,

R. A. Sproule & Son,

OFFICE OF THE
DEPUTY SUPERINTENDENT GENERAL
OTTAWA

May 6,1926.

Memorandum:

Honourable Charles Stewart.

I have been giving attention to the division of the amount available in the estimate this year for the erection of new residential school buildings. The amount provided is $255,000.00, which I have proposed to spend as follows:-

Completion and furnishing of the Guy Roman Catholic Residential School, Sturgeon Landing.....	$95,000.00
Peigan Roman Catholic School.....	50,000.00
Peigan Church of England School.....	50,000.00
Lytton School, Anglican.....	30,000.00
Onion Lake Roman Catholic School,Sask.....	30,000.00

My reasons for making these recommendations are as follows:-

Guy Roman Catholic Residential School.

This school was begun last year, and $29,086.40 was spent in the erection of a unit consisting of the boiler room and boilers, kitchen, power house, laundry, store rooms, chapel, and necessary incidentals. It is essential that the work should be continuous and that the building should be finished during the present season.

Peigan Residential Schools.

It is considered of first importance to furnish new buildings for these schools. The present buildings which were constructed years ago by the Roman Catholic and Anglican Churches are dilapidated and insanitary, and cannot longer be used.

Onion Lake Roman Catholic Residential School.

$30,000.00 will be provided to begin the erection of this building. It has been urged upon us by the ecclesiastical authorities and by our own officers. In deciding this matter I had to consider the claims of the school which we know is required on the Keeseekoose reserve, in the Pelly Agency,Sask. These two schools are in different provinces of the Oblate Order. We were prepared two

POOR COPY

years ago to provide for the Keeseekoose school, but the Church authorities urged us to give precedence to a new school at McIntosh, in the province of Ontario, and to postpone the erection of a new school at the Keeseekoose reserve. We have been very liberal with this eastern province of the Oblates, and have purchased all the Church-owned schools in the province within the jurisdiction of the Provincial who is now the Very Rev. J.B.Beys, so that the postponement of the erection of the Keeseekoose building until next year cannot be considered a great hardship. In Father Blanchin's provincial district we have not spent very much money, and Archbishop O'Leary is pressing for a more liberal provision for the education of the Indians in his archdiocese.

MEMORANDUM

Mr. Paget
Mr. Ferrier
Mr. Orr

I think we should have a better system for estimating for our school and agency buildings. In future when we contemplate erecting a building I should have a memorandum initialed by each of you showing the detail of the item; the amount to be provided should include the main building, all major out-buildings, cost of furnishing, inspection, clearing of land and any other incidental items. I think this is necessary because I find that our estimates are inadequate.

Memorandum:

Dr. Scott.

Respecting the Expenditure

Appropriation, Indian Education, 1925-26.

Pursuant to my study of recent expenditure for Indian Education, I have to report that approximately $325,600 is required from the 1926-27 appropriation to pay last year's salaries and per capita grants and to complete last year's capital improvements. The amount is made up as follows: -

Balance, March Quarter	Day School Salaries	$52,600.
" " "	Residential School Grants	161,700.
Amount required to complete	Sioux Lookout	59,000.
" " " "	Blood	40,200.
" " " "	Morley	12,100.
	Total:	$325,600.

Approximately $60,000 for March quarter day school teachers' salaries and residential school per capita grants is unavoidably paid from the new appropriation. So, I consider that, as far as Indian Education is concerned, we are approximately $265,000 behind in our financing.

Certain appropriations in the Vote for 1925-26 were unused, either wholly or in part, as follows: -

	Provided	Expended	Unused
Day School Salaries	$208,000.	$192,000.	$16,000.
Per Capita Grant	937,000.	871,000.	66,000.
Inspection	9,000.	6,000.	3,000.
Transportation	8,000.	7,000.	1,000.
Cecilia Jeffrey	90,000.	500.	89,500.
Lytton	19,000.	500.	18,500.
Back Settlement	2,000.	--	2,000.
Gitladamix	5,000.	--	5,000.
		Total:	$201,000.

I do not add here $11,000 of the $34,000 odd from Miscellaneous Vote No. 492 to care for salary adjustments for teachers, Indian day schools. This $11,000 is found in the $52,600, the amount mentioned above as required in 1926-27 to pay the balance of the March quarter, 1925-26 salaries.

Adding to $201,000 the earlier inclusive figure of $325,600 indicates that $526,600 of the 1925-26 Appropriation was expended for purposes other than estimated.

Of course, the Appropriation ($1,917,000 - Main Estimates $1,873,000, Supplementary Estimates $10,000, Miscellaneous Vote 492, $34,000) was practically wholly expended. I carefully analyzed the payments for the year in an effort to ascertain to what use the $526,000 was put. My analysis showed the following: -

1924-25 Day School building and other capital accounts paid in 1925-26 (page B)	.....	$4,300.
1923-24 and 1924-25 Residential School building and other capital accounts paid in 1925-26 (page C)	.....	137,800.
Over expenditure, current appropriation, day school buildings, etc. (page D)	.....	5,600.
Over expenditure, current appropriation, residential school buildings, etc. (page E)..		41,200.
Day School capital expenditure, authorized without provision (page F)	.....	6,800.
Residential School capital expenditure authorized without provision (page G)	.....	35,300.
Current minor repairs, Residential Schools, more freely authorized due to present policy (see analysis page M) ..	.....	23,000.
Current Replacements to equipment, Residential Schools, more freely authorized due to present policy 75 schools at estimate of $200	.....	15,000.
Over expenditure, miscellaneous appropriations, (pages H & K)	.....	46,000.
Miscellaneous Expenditure with no provision (page I)	.....	7,200.
Unusual or inaccurate charging to School Vote (page J)	.....	3,400.
1924-25 March Quarter Day School salaries paid from 1925-26	.....	44,000.
1924-25 March Quarter Residential School grants, paid from 1925-26	.....	156,000.
		$ 525,600.

I might add that the current appropriation is being burdened to the extent of $12,600. in addition to

POOR COPY

the $265,000 mentioned above. The following amounts are required to complete capital expenditure at residential schools, provision for which was made two or more years ago: -

McIntosh	$1,100.	St. Paul's	$3,600.
Cross Lake	3,100.	Kamloops	3,100.
Duck Lake	300.	Coqualeetza	1,400.

I estimate that $30,000 will be saved by our general policy for this year, i. e., no authority even in small matters whenever requests can be put off or postponed. I hope another $5,000 can be saved from the $37,000 voted for repairs and equipment at residential schools. $31,000 is being saved in the Day School New Building appropriation. $17,000 of the item for Additions and Outbuildings, Residential Schools, will not be expended. The "Unforeseen" item under Residential School New Main Buildings is $50,000. I am hopeful that $7,000 of the Miscellaneous item on page 178 will not be expended. This amounts to a total of $140,000. If the $99,000 to complete the Blood and Sioux Lookout institutions is allowed in our Supplementary Estimate for the current year, Indian Education will be on a good financial basis when we commence 1927-28.

Russell A Fisher

Supt. of Indian Education.

SAFETY FILM

Ottawa, June 14, 1926.

Dear Mr. Graham:

From time to time there is being directed to you, under separate cover, authority for building activity, replacements and repairs at Indian schools. I am writing this general letter, so that instructions concerning purchasing, engagement of labour, etc., will not have to be repeated. Competitive prices should be secured before awarding any business, and, when accounts are being presented, they should be supported by memoranda showing those asked to quote and the prices quoted. When it is necessary to engage labour, time sheets in duplicate, showing the receipts of the men, should be attached to vouchers.

The Department expects the management of Indian residential schools to do freighting, rough labour and assist in every way without payment. The older boys and the staff at these institutions should be used as much as possible.

The Appropriation for Indian Education is extremely limited this year and I am particularly desirous that this summer's expenditures shall be as low as possible. Whenever it is not necessary to expend the amount allowed, the Department will be very pleased to learn that you have been able to effect a saving. If you are in doubt as to the urgency of any of the improvements, please let me know and careful enquiry will be made before the expenditure is undertaken.

Yours very truly,

Duncan C. Scott

Deputy Superintendent General.

Mr. Duncan C. Scott,
Deputy Supt. General,
Dept. Indian Affairs,
OTTAWA.

Dear Sir:-

The Department of Public Education of the Province of Quebec as well as the Provincial Hygiene Department have been recommending in the last few years the installation of Kaustine Chemical Toilets in the rural schools where there is no water or sewage system.

At the present time, plans furnished by the Department show Kaustine equipment for all schools in the rural districts.

We have in the last two years installed thousands of these systems which are giving everywhere entire satisfaction. We have noticed that our system could be installed with advantage in many of the schools under your supervision and we would like to have the opportunity of submitting to you a proposition and prices, whereby, the schools under your direction could be sanitarily equiped as advantageously as any other public building situated within the limits of a city.

Hoping to have the pleasure of going further in the matter with you, we are

Dear Mr. Scott:

With reference to your 1-1-5 of the 17th instant, I may say that the building program which has been set underway is not extensive, and covers only the purchase of materials for and the erection of buildings for R. C. and C. of E. Schools on the Blood Reserve. In the case of the R. C. School the buildings in question are, cow barn, horse barn, chicken house and implement shed, and in the case of the C. of E. buildings, these are a combined ice house and dairy building and a hen house.

Yours very truly,

W. M. Graham
Indian Commissioner.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

July 27, 1926.

Memorandum:

Dr. Scott

The Main Estimates, 1926-27, made provision for:

1.	Repairs and Equipment	$37,250.
2.	Day School Replacement	15,600.
3.	Additions and Outbuildings	74,300.
4.	Unforeseen	15,000.
	Total:	$142,150.

The items were actually larger than these, but these are the amounts of the new work that was contemplated. Against this amount, there has been authorized the following amounts:

1.	Repairs and Equipment	$ 6,060.
2.	Day School Activity	nil
3.	Additions and Outbuildings	11,700.
4.	Unforeseen and Miscellaneous	1,800.
	Total:	$ 19,560.

None of the above figures include the work which was given to Mr. Commissioner Graham, which must be added. Authority for $66,600 expenditure on account of buildings was directed to him originally but recalled by your telegram of the 4th instant. Mr. Graham indicates in two of his letters that the work on the Blood reserve is going forward ($10,100) as well as the repairs at Norway House ($4,000). However, recent correspondence from him suggests that he may be proceeding with other activity - see Files 116-1-9 and 110-0-5, etc., so I consider $5,000 should be added. This makes a total of approximately $19,100 expenditure from the Regina office, or a total of $38,660.

Russell Ferrier

Supt. of Indian Education.

August 16, 1926.

Memorandum:

Dr. Scott.

Indian Education credits for building purposes with List No. 13 paid, including the August Warrant, are as follows:

(C) Buildings under Contract, Etc. $92,772.08
(E) Other Urgent Works ..... 16,300.00.

There has been granted authority for expenditure which is chargeable to "(C) Buildings under Contract" and "Last Year's Liabilities" as follows: (These figures indicate the amounts yet to be paid)

Guy	Completion of Buildings	$76,000.00
Pelican R.C.	New Building	52,000.00
Pelican C.E.	New Building	51,000.00
Sioux Lookout....	Completion and Furnishing	15,400.00
Onion Lake C.E..	Out Buildings	11,000.00
Gordon's	Out Buildings	4,000.00
Kamloops	Erection	4,000.00
McIntosh	Out Buildings, Etc.	2,300.00
St. Paul's.....	Out Buildings, Etc.	2,100.00
		$317,800.00.

You will note that approximately $125,000 will have to be provided under this heading. We have already indicated a September requirement of $45,750 for the three main buildings being erected this year. This leaves nearly $80,000 to be secured by the September, October and November Warrants for last year's obligations, etc. I propose, with your concurrence, to requisition for the amounts as follows:

September Warrant:	Buildings under Contract.....	$45,750.00
	Last Year's Building Obligations.	35,000.00
October Warrant :	Last Year's Building Obligations.	$30,000.00
November Warrant :	Last Year's Building Obligations.	$25,000.00.

In connection with "(E) Other Urgent Works", the following expenditures have been authorized and are yet unpaid:

Kupor Island.....	Lighting System	$ 5,000.00
Norway House	Repairs	3,500.00
Moose Fort	Repairs	1,400.00
Fraser Lake.....	Out Building	1,400.00
		$ 11300.00

No. 125/8051
ALSO TO DATE OF THIS LETTER

COMMISSIONER'S OFFICE,
P. O. BOX 666
VICTORIA, B.C. Oct. 30, 1926

DEPT. OF INDIAN
NOV 4 1926

Dear Sir: Re Indian Education

In connection with my report on the Estimates for the Fiscal Year 1927-28, I dealt only with the item for General Administration, leaving out anything pertaining to Indian Education. In the Agents' Estimates, the figures dealing with day schools, which include salaries of teachers, janitors' services, fuel, light etc, the amounts for each agency are as hereunder set forth:

Babine	$ 7,447
Bella Coola	3,200
Cowichan	4,415
Kamloops	720
Kwawkewlth	1,650
Lytton	2,600
Naas	16,662
New Westminster	3,050
Okanagan	2,970
Queen Charlotte	3,515
Stikine	1,115
Vancouver	3,150
Total	$50,714.

In connection with residential schools, the per capita grants are not dealt with as they are not completed, but there are considerable improvements needed at some of the school buildings which have been brought to my attention.

At the Sechelt school a Kelvinator Freezing Plant has been promised, the cost of which will be approximately $1,800.00.

For the Fraser Lake school Agent Moore is asking for $2,900.00 for improvements to the barn and other out-buildings.

At the Alberni school the Principal is desirous of having a manual training department. It is proposed that the old class-room building should be moved close to the main school and fitted out for manual training purposes, the cost of which will be approximately $600..0 to cover the cost of removing present building, equipment, all tools and working materials.

I am attaching hereto copies of correspondence from Indian Agent Frost on this subject. As these came to hand after the Estimates for 1926-27 had been forwarded to Ottawa I decided to hold the matter off until dealing with those for 1927-28.

The Secretary,
Department of Indian Affairs,
Ottawa.

Another Pease Economy Furnace is required for the boys' building of the Williams Lake school. Necessary repairs to the walls and floors in the basement are much needed as the children feel the cold in the winter very severely.

Just what programme has been laid out for the construction of new school buildings next year I do not know, but besides the completing of the Kamloops and Lytton schools there is very great need of a new building at Alert Bay for the boys. The building at present in use is now the oldest in British Columbia, having been erected in 1891. For the purpose of economical administration it would be advisable that any new buildings for the boys should be erected as near the Girls' Home as possible, with a class-room section connecting up with the Girls' School.

COPY 1-1-5.

Original on 110-0-21.

Ottawa, February 12, 1927.

Reverend Sir:

I have your letter of the 3rd instant, enclosing vouchers Nos. 303 to 307. No. 305, in favour of the Drew Machine Company, for $56.15, covering an emergency repair to the pump: No. 306, in favour of the Norwood Foundry Company, for $15.00, covering emergency repairs to the kitchen range: and No. 307, in favour of Reed & Turnbull, for $25.85, covering emergency repairs to the furnace in the Principal's residence - are being paid. Vouchers Nos. 303 and 304, which are returned herewith, are for minor repairs and the amounts are inconsiderable. These should either be paid by the school management from the per capita or other earnings or you should adopt the plan in use at certain other Indian residential schools where the Department endeavours to pay for all unavoidable repairs to the mechanical plant. The practice referred to is to deal with one plumber, one electrician, one hardware, one lumber firm for a stated period and, at the end of each quarter, submit certified accounts in duplicate from these firms, covering the materials and services supplied and rendered during the three months period. It is not necessary for me to point out that this method is preferable to a continual stream of accounts from various firms, all for small amounts. When the quarterly accounts are being forwarded, you should exercise care so that no items are included which should properly be met from the per capita grant.

In order that this letter may be a more complete writing concerning the Department's wishes relative to accounts, may I remind you that authority for expenditures other than minor ones should be secured from the Department before purchase, except in emergencies. You should secure competitive prices from the best available local sources when making purchases which involve expenditures of more than Fifteen or Twenty Dollars.

Encl.

Your obedient servant,

J. D. McLean,
Asst. Deputy & Secretary.

Rev. J. F. Woodsworth, B. A.,
Principal,
Indian Residential School,
Edmonton, Alta.

Memorandum:

Mr. Paget

With reference to Mr. Garland's Motion for Return, I have to state that the total purchases for the year 1925-26, Indian Education Appropriation, amounted to $204,877.37. I am submitting the figure $198,218.71 as the total that was allotted in a competitive manner. I am including all purchases other than minor ones, because of our standing and repeated instructions to agents to secure competitive prices. All stock that was purchased for schools or ex-pupils is considered competitive business.

As far as the "C" portion of the Return is concerned, all of these purchases were allotted departmentally, unless you wish to make an exception of approximately $425 worth of gasoline and oil which was purchased from the Imperial Oil Company.

The above figures do not include building contracts and installations.

Dear Mr. Camp,

I have your letter of the 7th. instant with enclosure with reference to the installation of lightning rods on the Onion Lake boarding school. The information given you by Mr. Ellis is correct. The Government does not insure any of its buildings and the Department of Indian Affairs does not install lightning rods. For this reason I regret that your application cannot be given favourable consideration.

Yours sincerely,

DCI — Sgd (C. Stewart)

Memorandum:

Mr. Chene.

The Main Estimates, Indian Education, 1927-28, provide for the erection of a new school building at Caughnawaga. I should be grateful if you would cooperate with Mr. Ferrier in determining just what is required and prepare for my attention a rough sketch of the building you propose. The amount provided is $30,100 and, if at all possible, the expenditure should be kept within this figure.

Duncan C. Scott

Deputy Superintendent General.

Memorandum:

MR. ORR

The following RESIDENTIAL SCHOOL MAIN BUILDINGS are included in Indian Education Estimates, 1927-28.

Attached to the respective School Files, will be found the estimate in detail, as the appropriation is to care for the complete establishment.

St. Philips, Sask.	-	$ 75,100.
Onion Lake, R.C., Sask.	-	115,600.
Lytton, B. C.	-	174,300.

In addition, there is an item of $19,500 for the purpose of commencing the construction of a new Main Building at Alert Bay, B. C.

As directed at this time of meeting [illegible]

The Estimates also provide for the following ADDITIONS AND OUTBUILDINGS AT RESIDENTIAL SCHOOLS:-

Mohawk, Ont.	Small dairy building - $600.
Shingwauk, Ont.	Bake shop - $900.
Chapleau, Ont.	Implement shed - $600.
Moose Fort, Ont.	Small barn - $600.
Norway House, Man.	Addition to Kitchen - $4,000.
	Renewing foundation - 5,000.
Elkhorn, Man.	Root house - $600.
MacKay, Man.	Henhouse and hogpen - $1,000.
Round Lake, Sask.	Barn - $3,200.
Cowessess, Sask.	Implement shed - $600.
Qu'Appelle, Sask.	Carpenter shop - $1,600.
	Pit silo - $700.
Duck Lake, Sask.	Cow barn - $3,800.
	Root house - $1,200.
	Hen house - $600.
	Hogpen & Slaughter house $1,200.
Thunderchilds, Sask.	Electric light - $3,000.
Crowfoot, Alta.	Addition to barn - $1,000.
Old Sun's, Alta.	Dairy - $1,000.
	Root house - $600.
St. Paul's, Alta.	Storm sash - $2,500.
Morley, Alta.	2-roomed classroom - $5,000.
	Workshop and equipment - $1,500.
Edmonton, Alta.	Ice house and cold storage - $1,600.
St. Bruno's, Alta.	Water supply - $2,500.
Wabasca, Alta.	Small outbuildings - $800.
Resolution, N.W.T.	Ice house - $2,100.
Cariboo, B. C.	Ice house - $1,500.

ADDITIONS & OUTBUILDINGS AT RESIDENTIAL SCHOOLS (Cont'd.)

Fraser Lake, B. C.	Cow shed - $450.
	Hogpen - $500.
	Silo - $650.
Coqualeetza, B. C.	Hen house - $600.
	Hogpen - $700.
St. Mary's, B. C.	New water line - $7,000.
Sechelt, B. C.	Freezing plant - $1,800.
Alberni, B. C.	Farmer's cottage - $1,500.

I might point out that a considerable portion of this work will be done by the school management - the Department will supply the materials only - and that plans and specifications will not be necessary.

The following DAY SCHOOL BUILDINGS are provided for in the Estimates:-

Sydney, N. S.	To move building - $1,200.
Tobique, N. B.	Second classroom - $3,000.
Pointe Bleue, Que.	2-roomed School - $5,400.
St. Regis, Que.	Teacher's residence - $5,000.
Cornwall Island, Que.	Class room - $3,500.
Spanish River, Ont.	Combined school and residence - $3,500.
Little Saskatch.Man.	Teacher's residence - $2,500.
Hollowater River,"	Combined school and residence - $3,500.
Split Lake, Man.	Classroom - $3,000.
Ebb and Flow, Man.	Combined school and residence $3,440.
Day Stars, Sask.	Classroom - $2,200.

Mr. Ferrier will cooperate with you in determining exactly what is required and the best method of proceeding with the work.

MEMORANDUM:

Mr. [illegible]

We have in our Indian Residential School, more particularly the ones erected in recent years, steam heating plants also high pressure steam boilers for the operating of the laundry machinery, and I would recommend that the Principals of the schools be instructed to have these boilers inspected at least once a year by their local Provincial Boiler Inspector. The accounts for these inspections should be forwarded to the Department by the Principal, together with the Boiler Inspector's report. It would be advisable that these inspections be made at such times of the year that if repairs are required to the boilers they can be carried out without discomfort to the staff and pupils of the schools.

Dear Mr. Graham:

In the immediate future, there will be directed to you authority for building activity, replacements and improvements at Indian schools. I am writing this general letter, so that instructions concerning purchasing, engagement of labour, etc., will not have to be repeated. Competitive prices should be secured before awarding any business, and when accounts are being presented, they should be supported by memoranda showing those asked to quote and the prices quoted. As far as possible, local markets should be patronized and local labour engaged.

The Department expects the management of Indian residential schools to do freighting, rough labour and assist in every way, without payment. The older boys and the staff at these institutions should be used as much as possible.

Whenever it is unnecessary to spend the amount allowed, I shall be very pleased to learn that you have been able to effect a saving. In no case, should the authority be exceeded without departmental sanction. If you are in doubt as to the urgency of any of the improvements, please let me know and careful enquiry will be made before the expenditure is undertaken.

In the case of minor repairs and replacements at certain schools in the Prairie Provinces, authority is being sent direct to the local management.

Yours very truly,

Duncan C. Scott

Deputy Superintendent General.

ADDRESS REPLY TO THE
DEPT. OF INDIAN AFFAIRS,
OTTAWA

IN YOUR REPLY REFER TO
No. 1-1-5

ALSO TO THE DATE OF THIS LETTER

PLEASE WRITE ON ONLY ONE SUBJECT
IN EACH LETTER

DEPARTMENT OF INDIAN AFFAIRS

CANADA

Ottawa, October 6, 1927.

To Principals of
Indian Residential Schools:

The recent tragic fire at the Beauval School, resulting in a serious loss of life, prompts me to write concerning the necessity of constant care, if the fire hazard to life and property is to be minimized. If you are not satisfied with the present fire escape facilities at your school, I should be grateful if you would let the Department have a report.

Exits to fire escapes should open out, and, if they are sealed in any manner, it should be possible for even a young pupil to break through with a chair or boot. In each dormitory where small children sleep, an older trusted pupil or a member of the staff should have his or her bed near the fire escape exit, and it should be that person's immediate duty, in the event of any alarm whatsoever, to prepare and guard the way to the fire escape.

Fire drill from the dormitories should be practised at least once a month. At such drills, the children and staff should actually complete their exit via the fire escapes and the practice should not be considered ended until every individual is out of the building.

The Principal should satisfy himself that there are a sufficient number of hand fire extinguishers at strategic places in the building and that those which require recharging from time to time are ready for effective use.

If there is no regular night watchman at your school, a member of the staff must make a thorough inspection of the building at ten o'clock and again at midnight; and there should be an hour's patrol following the laying of fires on the early morning.

O

December 17th, 1927.

Dear Mr. Graham:

I have your letter of the 10th instant, with reference to the use of an electric washer at the Thunderchild Indian Residential School. While our officers agree that practically no damage will be caused by such a small attachment, the fact remains that our experience at Indian residential schools indicates that we cannot expect that electrical attachments will always be used with the necessary intelligence on the part of those responsible for the power plant. This has led to the general rule that they shall not be used and I cannot agree to any exceptions. Whenever you or your inspectors find that toasters, irons, percolators, heaters, etc., are in use where we generate our own electricity at schools, you should see that the practice ceases. I have, also, to request that you will direct that the pump at the new St. Phillip's School will be operated by a gasoline engine.

You may be surprised to learn that, approximately, $27,000. per annum is expended on the replacement of batteries alone at Indian residential schools. This charge on our appropriation is quite heavy and nothing which might increase this expenditure should be allowed.

Yours very truly,

Duncan C. Scott

Deputy Superintendent General.

IN YOUR REPLY REFER TO
No. CIRCULAR #67 ED
ALSO TO DATE OF THIS LETTER

COMMISSIONER'S OFFICE,
REGINA, SASK., September 29th, 1927.

Dear Sir:-

It has been brought to my attention that at some of our residential schools the means of exit from the buildings, in cases of emergency, are in some instances difficult of access and the doors leading to the fire escapes are kept locked.

In view of the fact that the Principals of our schools are carrying a great responsibility in having so many children under their care, I would like to impress upon you the importance of having the buildings provided with adequate fire escapes which should have easy means of access. The doors or windows leading to the outside fire escapes should be provided with easily operated fastenings and should open out to prevent crowding and should not be kept locked, particularly in the dormitories during the hours when they are occupied by the children. Fire protection equipment should receive frequent inspections to make sure that it is efficiently operating at all times. The pupils should be given fire drill exercises at regular intervals that they may know exactly what to do in an emergency, even if left to their own resources. On no account should exits to the fire escapes be covered or nailed up. It is expected that you will co-operate in reducing the danger of loss of life by fire.

If the equipment for fire protection or quick evacuation of the building, in case of fire, is not, in your opinion, adequate at your school, I would be glad to receive a report from you pointing out in what particular you consider it inadequate.

Yours truly,

W. M. Graham,
Indian Commissioner.

SCHOOLS BRANCH
MAR 14 1928

Dear Dr. Scott:

I have your letter of the 6th instant enclosing a petition from residents of the Arctic coast, asking for the establishment of a school.

As having a bearing on this question, I would appreciate very much if you would advise me how much and in what way your Department contributes to the erection and upkeep of school buildings in the North West Territories, that is to say, has it been your practice to erect the buildings and turn them over to the church authorities who conduct the schools, or do you give them a cash contribution and permit them to construct same themselves.

My recollection in connection with the construction of the Indian School at Carcross, in the Yukon Territory, is that it was constructed by the Department of Public Works but whether this practice was followed in the North West Territories or not I do not know.

Yours truly,

O. S. Finnie,
Director.

March 17, 1928.

Dear Mr. Finnie:

I have your 5969 of the 10th instant, with reference to this Department's practice in connection with the establishment and upkeep of Indian residential schools in the North West Territories. The buildings at these institutions were originally erected by the missionary societies and orders interested in Indian educational work. Up to the present time, we have provided a per capita grant for maintenance purposes and have at times made repairs and replaced worn out equipment. It is now many years since the original buildings were erected and it is becoming necessary to reconstruct them. The Honourable the Superintendent General and myself are receiving applications for financial assistance in this connection, but, up to the present time, no decision has been reached.

Yours very truly,

Duncan C. Scott

Deputy Superintendent General.

O. S. Finnie, Esq., B. Sc., D. L. S.,
Director,
North West Territories & Yukon Branch,
Department of the Interior,

MEMORANDUM

Mr. Pa[illegible]

Mr. Ferrier -

As you are aware the estimates for the coming fiscal year provide for all expenditure for Indian Education. Certain expenditures have heretofore been paid from Trust Funds but by this appropriation these accounts will be relieved of educational costs and the policy of a free education for all Indians in the Dominion will be inaugurated. Expenditures incurred up to the 31st. March 1928 will be charged as usual but when the funds provided by Parliament become available all expenditure for Indian Education from April 1st. should be paid from the Parliamentary appropriation.

Dear Mr. Graham:

During the next few days, there will be directed to you authority for the erection of buildings and other improvements at Indian schools. I am writing this general letter, so that instructions concerning purchasing, engagement of labour, etc., will not have to be repeated. Competitive prices should be secured before awarding any business, and, when accounts are being presented, they should be supported by memoranda showing those asked to quote and the prices quoted. As far as possible, local markets should be patronized and Indian and other local labour engaged.

The Department expects the management of Indian residential schools to do freighting, rough labour and assist in every way, without payment. The older boys and the staff at these institutions should be used as much as possible.

Whenever it is unnecessary to spend the amount allowed, I shall be very pleased to learn that you have been able to effect a saving. In no case, should the authority be exceeded without departmental sanction. If you are in doubt as to the urgency of any of the improvements, please let me know and careful enquiry will be made before the expenditure is undertaken.

D.C.S. ocl

Memorandum:

DR. SCOTT.

At the present time, it appears that the most urgent main building requirements at Indian residential schools are as follows:-

ROMAN CATHOLIC:

Blue Quills		- New main building.
St. Bruno's	✓	- New wing and water supply.
Beauval		- Commence new main building.
Providence		- Grant to assist with new building.
Wabasca		- Grant to assist with new building.
St. Mary's Mission		- New main building.
Muscowequan		- Addition.
Cariboo		- Addition.

CHURCH OF ENGLAND:

Alert Bay	✓	- Completion new building.
Old Sun		- Partial reimbursement to Band Funds.
St. George's		- Purchase price payment & outbuildings
Lesser Slave Lake		- New main building to replace 3 old schools.
Metlakatla		- New School.

UNITED CHUROH:

Brandon	✓	- New main building.

PRESBYTERIAN:

Cecilia Jeffrey	✓	- Completion main building.
Birtle	✓	- New main building.

Russell Steiner
Supt. of Indian Education.

Dear Mr. Elliott:

I have your letter of the 14th instant, enclosing copy of communication from Mrs. Ethel Abrum, of Muncey, in which she asks that the Department assist in providing hot lunches for the children attending the Oneida No. 2 Indian Day School. I may say that at the present time this question is under consideration, and, a few days ago, My. Indian Agent McCrookin was asked for a recommendation. You will understand that, if we provide a hot lunch for this school, four others in the same Agency will have to be considered, and it is just possible that many other schools in the Province will be affected.

There is no question of the advisability of a hot lunch for school children. However, when the parents are able to provide it, there is doubt concerning the expediency of having it done by the Department. After all, one of our chief aims is to make the Indian independent. I have found the best solution is to ask the parents to give the children a little solid food for the noon hour, which is supplemented by soup, cocoa or milk, provided by the Department and prepared by the older girls under the supervision of the teacher.

Yours very truly,

Duncan C. Scott

MEMORANDUM:

Dr. Scott.

With reference to your request as to the progress of the work now being carried out in connection with Schools being erected for this Department, I beg to give you the following information,-

CECILIA JEFFREY SCHOOL.

This building is completed. Indian Agent Edwards was requested on the 22nd instant to instruct Mr. Hodgson, the Inspector of Construction to forward the final certificate for payment, with full details of all extra work performed.

In connection with this school practically all the furnishings have been ordered.

SHUBENACADIE SCHOOL.

The building is completed. Mr. Crowell has forwarded the final certificate holding back a balance sufficient to cover some little work not yet performed.

The work in connection with the water supply system is being performed by day labour, Mr. J. W. McKenzie, C. E. making a weekly inspection. Work was commenced on the 27th. of June.

The barn is to be erected by day labour under the supervision of Mr. Crowell.

The furnishings for this school have all been ordered.

ALBERT BAY SCHOOL.

Building nearing completion, about $30,000 worth of work still to be done according to the last certificate issued.

Order in Council awarding contract for water supply and sewerage systems, plans and specifications of which were prepared by the Dominion Water Power Branch, passed on the 19th instant.

ESTIMATES

1930 - 1931.

INDIAN EDUCATION.

Explanation of Increase of $248,000.00 in the Vote for Indian Education. Increases totalling $268,000.00 are explained hereunder. There is a decrease of $20,000.00 in one item, leaving a net increase of $248,000.00.

- -

There is an increase of $56,000.00 in the Per Capita Grants to Residential Schools. This is accounted for by the increased accommodation in the Alert Bay and Cecilia Jeffrey Indian Residential Schools and by small increases in pupilage granted to several schools that have the necessary accommodation.

New Day Schools shows an increase of $23,000.00. At several of these reserve schools replacement must now be made and in other cases buildings must be provided where it has been shown that there is a worthwhile attendance.

Hereunder is a complete list of the New Residential School Buildings ($779,000.00) which item shows an increase of $189,000.00.

ROMAN CATHOLIC:

Muscowequan - To replace main building	$145,000.00
Beauval - Grant towards new building	25,000.00
Blue Quills - To commence replacement on new site . . .	125,000.00
Providence - Second half Department's grant	15,000.00
Cariboo - Water supply and fire protection	26,000.00
St. Mary's - To commence replacement	110,000.00
	$446,000.00

CHURCH OF ENGLAND:

Mohawk - Addition	10,000.00
Old Sun - To complete new building	50,000.00
Shingwauk Home - To commence replacement	100,000.00
St. George's - Final payment on purchase price	9,000.00
Carcross - Addition	10,000.00
	$179,000.00

UNITED CHURCH:

Norway House - Addition	15,000.00
Edmonton - Water Supply	14,000.00
	$29,000.00

PRESBYTERIAN:

Birtle - To replace on new site	125,000.00
	$125,000.00

Memorandum:

DR. SCOTT.

The unusually small amount now remaining in the Indian Education Appropriation for the current fiscal year has made imperative a study of the expenditure to ascertain the reasons. I am satisfied that there has been overexpenditure in connection with current expenses, but an effort to arrive at conclusions in this connection would be very unsatisfactory unless postponed until the end of the fiscal year, when all payments have been made. It is comparatively easy to analyze the expenditure for main buildings at Indian residential schools, and, after a preliminary study, I have been able to draw certain conclusions.

A year ago, three new main buildings were under construction - Shubenacadie, Cecilia Jeffrey and Alert Bay. There were included in the Main Estimates for the current year items to complete and furnish these buildings and for the establishment of the school generally. These amounts were determined in November, 1928, and, in March, when it was found that the building programme was not as far advanced as was anticipated, you will remember that the effort to secure a supplementary estimate was abortive. The following figures are approximately correct:-

School	Voted	Expended As on Dec. 31st.	Unprovided for
Shubenacadie	$14,000.	$70,500. (74459 / 72625)	$56,500.
Cecilia Jeffrey	15,000.	60,000. (64229)	45,000.
Alert Bay	70,000.	166,500. (166439)	96,500.
		Total: - -	$198,000.

The Department's inability to proceed with the Birtle and Blue Quills new main buildings this fiscal year has led us to authorize unprovided expenditures. The following table shows the main overexpenditures:-

School	Voted	Expended As on Dec.31st.	Unprovided for
Old Sun	$40,000.	$93,500.	$53,500.
Pine Creek	3,000.	19,000	16,000.
Edmonton	2,000.	13,500.	11,500.
Beauval	25,000.	29,500.	4,500.
Guy	3,000.	5,000.	2,000.
St. Bruno's	24,000.	30,000.	6,000.
Kenora	4,500.	10,000.	5,500.
Kamloops	-	2,500.	2,500.
Ahousaht	-	5,500.	5,500.
Christie	-	4,500.	4,500.
		Total -	$ 111,500.

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Indian Affairs. School Files.
(MG 10, Volume 6011, File 1-1-5, part 1)

POOR COPY

The overexpenditure for new buildings and improvements at Indian residential schools has amounted to $309,500. Against this, there is a saving of approximately $134,500 because of Birtle and Blue Quills appropriations, or a net unprovided expenditure of approximately $175,000.

This is undoubtedly the main reason for the present financial position - the causes leading to it being: 1. Our inability to secure a supplementary estimate at the beginning of the current fiscal year to complete Shubenacadie, Cecilia Jeffrey and Alert Bay; 2. Underestimating the cost of establishing new residential schools. It should be stated here that the estimates concerning main buildings have been more accurate than the estimates concerning water supply and sewage disposal, furnishings, outbuildings and extras to main buildings; 3. The rather free authorization of unprovided expenditure because of the unused Birtle and Blue Quills appropriations.

To remedy the present situation, I wish to recommend - 1. That the original proposal for financing the Old Suns re-establishment be followed, i. e., $40,000 only from the current appropriation and the balance from Band Funds, whicl will be reimbursed at a later date: 2. That an effort be made to secure a supplementary estimate for the current fiscal year for the completion of Shubenacadie, Cecilia Jeffrey and Alert Bay. All three schools can now be considered established, and further expenditure for any needed outbuildings, etc., can be provided in future estimates.

A refund from Band Funds of $53,500 on account of the Old Suns building (or whatever amount has been expended over and above $40,000 at the time of the refund) plus a supplementary estimate of $198,000 will relieve the situation to the extent of $251,500, making a total available from January first to March 31st of $617,500, which is more than the average amount available for the period during the last 8 years.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

February 25, 1930.

Memorandum:

DR. SCOTT.

Re: Supplementary Estimate, Indian Education for the Current Year.

A year ago, three residential school new main buildings were under construction - Shubenacadie, N. S., Cecilia Jeffrey, Ont., and Alert Bay, B. C. In the Main Estimates for the current year, there were included items to complete and furnish these buildings and for the establishment of the schools generally. These amounts were determined in November, 1928. During the next few months building operations were very slow, and in March, last, when it was found that the building programme was not as far advanced as was anticipated, I suggested a supplementary estimate to include items for these three main buildings and one for the reconstruction of the Gordon Indian Residential School, which was destroyed by fire a year ago. Only the item for the Gordon reconstruction was allowed.

The following figures show the expenditure at Shubenacadie, Cecilia Jeffrey and Alert Bay, which was unprovided for:-

School	Voted	Expended as on February 25th	Unprovided for
Shubenacadie	$14,000.	$ 74,959.	$ 60,959.
Cecilia Jeffrey	15,000.	69,229.	54,229.
Alert Bay	70,000.	166,939.	96,939.
			$212,127.

The Department's inability to proceed with the Birtle and Blue Quills new main buildings this fiscal year has made available for other purposes approximately $125,000. Approximately $65,000 of this has been expended for unforeseen needs at Pine Creek, St. Bruno's, Edmonton, Kenora, Ahousaht and Christie. This leaves $60,000 to be applied on the unprovided expenditure at Shubenacadie, Cecilia Jeffrey and Alert Bay, or a balance of approximately $152,000. The Appropriation for Indian Education is now short this amount, and, by the end of March, it will be approximately $165,000. A supplementary for this amount for the three main buildings that are now completed is necessary if accounts are to be paid during the last three weeks of the fiscal year.

Memorandum,-

Honourable Charles Stewart.

Pursuant to our conversation on the subject of new residential school buildings to be erected during the coming fiscal year, I have pleasure in informing you that the plans and specifications for the following school buildings are now ready : -

New Blue Quill Indian Residential School,
near St. Paul de Metis, Alberta.

New Muscowequan Indian Residential School,
near Lestock, Sask.

New Birtle Indian Residential School,
near Birtle, Man.

As I have stated, I do not think we can carry out our full programme without getting supplementary assistance. Perhaps you will think it proper to ask for tenders at an early date, but I think it would be advantageous to have some assurance of our Supplementary Vote before doing so.

We also have the plan ready for the addition to the Lady Willingdon Hospital on the Six Nations Reserve. As the funds for this building do not come out of the School Vote, I will ask for tenders at an early date.

Duncan C. Scott.

Dr. SCOTT - To ask for tenders for the three Schools mentioned.

Ottawa, April 17, 1930.

Reverend Sir:

With further reference to vouchers received with your statement "Contents of Envelope", dated the 22nd ultimo, I wish to state that the Department's filing system is such that there is considerable difficulty when accounts of various natures are forwarded under cover of one letter. The general rule is one subject per letter, with any vouchers that are relative thereto attached. Several subjects may be grouped in one letter and vouchers, if any, attached, provided that all pertain to one or other of the following main questions:-

1. General policy at the Institution, appointments, etc.
2. The quarterly returns.
3. Per capita payments and current expenses.
4. Classroom equipment, texts, athletic equipment, etc.
5. Buildings, repairs, painting, improvements.
6. Indian agent's inspections and reports.
7. Public school inspector's inspections and reports.
9. Farm and building site, fencing, clearing, etc.
10. Correspondence re pupils, applications, discharges, etc.
11. Vocational training.
12. Furnishings.
13. Medical, dental and hospital.
14. Live stock and agricultural implements.
15. New main building under construction or recently constructed.
16. Water power development, if any.
17. Students' organizations, Boy scouts, etc.

You will note that there is no 8 subject. The reason for this is that I have given you the numbers that

Rev. J.F.J. Marshall,
Principal,
Indian Residential School,
Sioux Lookout, Ont.

- correspond

correspond with the Department's filing system. The agency in which the Sioux Lookout Indian Residential School is situated is No. 129, the school is No. 6 and practically all letters which you will receive from the Department will commence with 129-6- and will end with one or other of the sub numbers listed above. When you are replying to a communication or indicating authority, you should quote file number and date and, as a general rule, keep one subject to one covering letter.

When authority has been given to you for some improvement or expenditure and this authority has been executed as directed, a covering letter is really not necessary, as you can forward the account in duplicate, properly certified, referring to the Department's letter on the face of the account; but where there is any comment to be made or explanation or a request for an answer, a covering letter should be prepared.

Your obedient servant,

A. F. Macdonnie,
Acting Asst. Deputy & Secretary.

Memorandum:

DR. SCOTT.

Pursuant to phone conversation, I wish to report that the annual current expenses at southern Alberta schools are as follows:-

St. Cyprian Residential	-	$ 5,300.
Sacred Heart "	-	8,400.
Morley "	-	10,200.
Old Sun "	-	11,200.
Crowfoot "	-	10,600.
Blood "	-	21,600.
St. Paul's "	-	19,700.
Sarcee Day	-	850.
Total	-	$87,850.

These Institutions at the present time represent a capital expenditure of approximately:

St. Cyprian Residential	-	92,300.
Sacred Heart "	-	94,900.
Morley "	-	42,400.
Old Sun "	-	139,300.
Crowfoot "	-	115,000.
Blood "	-	183,000.
St. Paul's "	-	196,300.
Sarcee Day	-	4,000.
Total	-	$867,200.

COMMISSIONER'S OFFICE.

IN YOUR REPLY REFER TO
No. 100-11A
AI SO TO DATE OF THIS LETTER

REGINA, SASK., May 10th, 1930

R

Sir:-

Would it be possible for the Department to advise me at an early date what they intend to do with regard to the building of Day Schools asked for in the Estimates. It would be a great help to me if I could have this information at once.

For instance, in the case of Fisher River where we are building a Clerk's house, if the schools that were asked for are to be built it would be a great advantage if we could have the carpenters who are on the ground go ahead and erect them. If we get this advice at a later date it will mean that new consignments of lumber will have to be sent in, and the carpenters will have to go back a second time.

As I have pointed out before, when we get these authorities so late in the season, most of the carpenters have already made their arrangements, and we have to take what is left, which is not satisfactory.

Your obedient servant,

W. M. Graham,
Indian Commissioner.

The Secretary,
Dept. of Indian Affairs,
Ottawa.

Dear Mr. Graham:

With reference to your 100-11A of the 10th instant, I may say that, in the near future, there will be directed to you authority for the erection of buildings and for other improvements at certain Indian schools. Last year, I was unable to get a supplementary Indian Education Estimate to complete the large buildings under construction. The result was that many accounts have been held over and paid from this year's Vote. It is, therefore, impossible to effect all the improvements and replacements at schools that we would like to do. I rely on you to ask for no expenditure from Indian Education which can be safely postponed, and, if any authority is directed to you and you believe that the improvement is unnecessary at this time, do not hesitate to say so.

I wish to refer you to the general instructions, concerning the purchase of materials and the engagement of labour, etc., in my letter of May 6th, 1929.

Yours very truly,

Duncan C. Scott

Memorandum:

DR. SCOTT.

Re: Further Supplementary Estimates,
Indian Education, 1930-31.

To complete and furnish new Main Buildings, which were commenced last year and for which no supplementary appropriation has been received for the current year.

GORDON'S Indian Residential School	$86,500.
BRANDON Indian Residential School	38,800.
ST. BRUNO'S Indian Residential School . . . . . (This last item does not include the most recent requests of the church authorities, work which they are proceeding with, at least in part, this year)	18,000.

BLUE QUILLS Indian Residential School

The Appropriation in the Main Estimates is $125,000. The contract price is $168,500. $43,500 must therefore be provided, plus $12,000 for furnishing, shelving, etc. Total ... . . . $55,500.

MUSCOWEQUANS Indian Residential School

The Appropriation in the Main Estimates is $145,000. The contract is nearly $139,000. This leaves $6,000 towards the furnishing and shelving, etc., but there will be required an additional . . . 6,000.

SHINGWAUK HOME.

The Appropriation in the Main Estimates is $50,000. It has been decided, in order to relieve unemployment, to proceed with this work without delay and there will therefore be required this year an additional . . . . . 75,000.

$239,800.

Less $35,000 of the Birtle building appropriation, which will not be required this year . . . . . 35,000.

$204,800.

Amount required.

Memorandum:

HONOURABLE THOMAS G. MURPHY.

I regret to inform you that, recently, two barns have been destroyed by fire at Indian residential schools in western Ontario - one at the Indian Residential School at Fort Frances and the other at the Cecilia Jeffrey Institution, near Kenora. These losses are incidental to the work and the buildings must be replaced as soon as possible. I have hesitated to ask for authority to rebuild this fall, because of the condition of the Appropriation for Indian Education. However, the postponement of the large new main building at the Shingwauk Home School, Sault Ste. Marie, relieves the situation somewhat. Regarding the condition of the Vote, I may say I have informed the Minister of Finance that we should have a supplementary appropriation for Indian Education of $245,000.00 if our obligations of this year are to be met promptly. At the first opportunity, I wish to have a full and frank discussion with you in this connection.

The two barns must really be replaced without delay, or there will be serious consequences, and I should be grateful if you would let me have the name of a competent carpenter-foreman at Fort Frances and one at Kenora, to whom the reconstruction could be entrusted. I believe it advisable to have the work done on a day labour basis, the Indian Agent to purchase the materials.

I should also like to have the names of lumber, cement and hardware dealers at Kenora and Fort Frances, so that the materials can be purchased without delay. Plans for these barns will be forwarded from the Department.

Duncan C. Scott

Deputy Superintendent General.

MEMORANDUM

October 21, 1930.

Dr. Scott.

For your information I quote the following from a letter addressed to the Superintendent General:-

> "You will doubtless recall our conversation concerning the present policy of inspection of merchandise delivered on contract, and our suggestion that some improved system of inspection is necessary, and it has occurred to me that the system used by the railroads might be given consideration.
>
> "The railroads, and certain other large corporations, employ a firm of professional inspectors such as Charles Warnock and Company, whose head office is at Montreal, and who at the expense of the purchasing corporation inspect all merchandise at point of manufacture, stamping each and every article indelibly with their stamp of approval, which then authorizes the contracting party to ship same out against contract. Some such system as this would also be an assurance to the principal of the school, and who could then check the invoices and receipts with confidence."

Mr. Murphy would like a memorandum from you containing your views on the suggestion of his correspondent as to the feasibility of carrying out a plan of inspection as outlined to him.

Private Secretary.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

Ottawa, October 23rd, 1930.

MEMORANDUM

Dr. Scott:-

Our contract supplies such as Blankets, Tweeds, Serge, etc., are inspected either at Ottawa or at point of manufacture before being shipped, by a qualified Inspector employed at Ottawa at intervals. Altogether the time occupied in this work would not exceed one month duration at the most.

As regards such contract supplies as Flour and Bacon which are delivered direct to the Indian Agencies in the Prairie Provinces, they are subject to inspection by the Indian Agent who reports, before accepting them, if he considers they are not equal in quality to the specifications of the contract and forwards samples which are inspected here, and if necessary the contractors are communicated with.

Before awarding contracts for Tea, Soap, etc., which are delivered at Regina, and distributed from there, samples are submitted to the Government Analysists at Ottawa to determine whether they are equal to what is called for. After delivery at Regina samples are sent here for inspection again.

This system of inspection has been in vogue for many years with satisfactory result, is inexpensive and safeguarding.

F.W. Paget
Chief Accountant.

POOR COPY

October 24th. 1930.

MEMORANDUM

Mr. Bunkard -

I have given careful consideration to your memorandum of October 21st. with reference to the inspection of contract supplies. I think I should note the last sentence quoted from your correspondent's letter :

" Some such system as this would also be an assurance to the principal of the school, and who could then check the invoices and receipts with confidence."

Your correspondent is labouring under a misapprehension if he thinks the Government is responsible for supplies for residential schools. These supplies of food, clothing, etc., are purchased by the management of the schools and paid for from a per capita grant allowed by the Department. In the bulk these purchases, covering all our schools, amount to fairly large quantities, but we are not in any way responsible.

With regard to the inspection of other supplies, the delivery of blankets, tweeds, serges and clothing generally is inspected either at Ottawa or at the point of manufacture by a qualified inspector employed at intervals. We would, of course, obtain from you the name of an inspector for this work.

In connection with such staples as flour and bacon, notice is given in the tender forms that "flour to be equal to Second Patent, to be fresh ground, etc."; and "all Bacon must be very fat, of the best quality 'Canadian Short Clear' without bone, sides to weigh from 45 to 80 lbs.,etc." These supplies are delivered direct to the Indian agencies and the Indian agents

inspect before accepting them.

Grocery supplies of tea and soap are delivered at Regina and distributed there. We set a price of 50¢ a pound for tea and ask for samples which are submitted to the Government Analyst at Ottawa for a report on quality.

Taking all the circumstances into consideration I do not think we could advantageously adopt the system suggested.

Please return to Mr Davies

Ottawa, November 3rd, 1930.

MEMORANDUM

Dr. Scott:-

The appropriation available for Indian Education for the five remaining months of the current fiscal year amounts to $651,529.35 on October 31st.

The expenditure during the five months ending March 31st, 1930, was as follows:-

November, 1929	$ 217,152.07	
December, 1929	230,758.38	
January, 1930	263,474.83	
February, 1930	153,426.32	
March, 1930	37,516.40	$ 902,328.00

We had to cease paying accounts early in March as funds were exhausted.

Amounts payable to contractors on uncompleted buildings are as follows:-

Birtle School	$ 60,205.00
Blue Quills School ...	93,593.00
Muscowequans School ...	65,322.00
	$219,120.00

These figures do not include extras for sewage disposal, etc.

The December quarter School Grants will amount to about $285,000.00 in the aggregate.

J.H. Payet

Chief Accountant.

SUPERINTENDENT GENERAL OF INDIAN AFFAIRS CANADA

Ottawa, November 13, 1930.

Memorandum:

Dr. Scott.

Reference your memorandum October 21 - inspection of contract supplies, the following is now received from the Minister's correspondent:-

> "We passed along to one of our Western Managers the subject matter of yours of the 21st instant regarding purchasing and inspection of supplies, and our attention was in turn directed to the Auditor General's reports as published in the Blue Book for the years 1925 to 1929, inclusive. These reports show that during that period more than $25,000.00 worth of beds, bedding, furniture, and furnishings was purchased and paid for out of general revenue and not out of per capita grant.
>
> "Consequently, am inclined to believe that the Deputy Superintendent General of Indian Affairs did not understand the question raised. This is explained by the fact that I used the term, "inspection of merchandise delivered on contract", and it is possible that the Deputy Superintendent General accepted this as applying to food and clothing, etc., which he is right in stating is paid for from a per capita grant, while, on the other hand, the purchasing of beds, bedding, furniture, and furnishings is a direct purchase by the Government, paid for as aforestated, and so far as we can learn, not subject to inspection."

Will you kindly submit your views.

F. Clapp,
for Private Secretary.

Memorandum:

Mr. Williams.

With reference to the purchase of bedding, furniture, kitchen equipment, etc. required for the Indian Residential Schools, I beg to say that this equipment is purchased after prices have been invited from various firms throughout the country who handle the various lines of equipment required. The order is placed with the firm quoting the lowest price, providing the equipment offered is up to the standard called for by the Department. A copy of the order is sent to the Indian Agent or the Principal and the articles are checked when received with the order form to see that the equipment supplied is in accordance with the order.

All of the equipment required in the Residential Schools are of standard type and manufactured by several firms in Canada.

A large quantity of the furnishings required for the Residential Schools have to be built at the school, as they cannot be obtained from the manufacturers. This includes all tables, benches, cupboards, etc.

In the past the Department has been receiving equipment up to the standard called for.

Memorandum:

DR. SCOTT.

With reference to your enquiry as to how the Special Supplementary Appropriation, Indian Education, 1930-31, amounting to $245,000.00, was expended, I have to report that I have examined each payment and have prepared the following classification:-

Per Capita Grants, Residential Schools -	$64,199.
Salaries, Day School Teachers - -	36,816.
Tuition and Assistance to Graduates - -	6,437.
Inspection of Schools - -	2,637.
Fuel, Janitors and Hot Lunches at Day Schools	10,189.
Transportation of Pupils - - -	710.
Medical & Dental Attention, Residential Schools	9,222.
Classroom Equipment - - -	6,149.
Repairs and Painting at Day Schools -	3,413.
Repairs, Painting & Equipment, Residen. Schools	8,348.
New Day School Buildings - -	2,505.
Additions & Outbuildings at Residential Schools	6,877.
New Residential School Buildings - -	88,399.
Total - - -	$ 245,901.

You will notice that the amount is larger than $245,000, but there was a small amount remaining in the Appropriation when the new credit was granted.

Some of the March quarter grants and salaries are included in these payments, as follows:-

Per Capita Grants	$36,734.
Day School Salaries	31,277.
Total - -	$68,011.

This leaves the Appropriation in the condition which is about the average of the past 9 years. A year ago, this Vote was approximately $100,000 short of this average: so, I believe, with careful financing, that we ought to be able to advance nearly $200,000 on the March grants & salaries in 1932. This estimate may appear rather optimistic, but may I state that there are two factors which will place the Vote for Indian Education in good condition for the year: 1 - For the first time we are securing (in our Main Estimates) an amount sufficient to complete last year's building obligations. 2 - There will be no new buildings undertaken this year and, consequently, no extras or unprovided capital expenditure incurred.

The item of $88,399 for New Residential School Buildings includes four progress payments to contractors (Birtle, Muscowequans and Blue Quills) and the final payment to the New England Company on account of the purchase of the St. George's Indian Residential School.

COMMISSIONER'S OFFICE.

REGINA, SASK., January 7th, 1932.

Sir:-

I beg to inform you that, from time to time, the Department have been called upon to send men to the various schools to make repairs to heating plants or do some plastering, painting, etc. Some of the schools furnish these men with board and room, while others make a charge to the Department. Personally, I am of the opinion that the school could well afford to supply the small amount expended on food for these men during the time they are working there. No special expense is added, so far as furnishing sleeping accommodation and service is concerned.

I should like to have a ruling on this matter. I would recommend that the school bear the cost of the man's board and room, not the Indian Department. If I am given a ruling on this, I will take steps to see that the same course is followed at all schools - in fact, it might be of sufficient importance to send a circular out to the different schools.

Your obedient servant,

W. M. Graham,
Indian Commissioner.

The Secretary,
Dept. of Indian Affairs,

Ottawa, January 14, 1932.

Sir:

I have your 100-11A of the 7th instant, and in reply I have to state that the Department expects Indian residential schools to provide, without payment, board and room for mechanics, carpenters, etc., who are sent to the institution by the Department for repairs. When buildings are to be erected and workmen are engaged for a considerable period, this rule can be relaxed somewhat. I doubt the advisability of a circular in this connection, as most schools understand the Department's wishes. If any accounts are forwarded for room and board when repairs are being undertaken, the items will be disallowed.

Your obedient servant,

Russell T. Ferrier

COMMISSIONER'S OFFICE,
REGINA, SASK., January 20th, 1932.

Sir:-

I beg to acknowledge the receipt of your letter of the 14th instant, No. 1-1-5, with reference to the matter of Indian Residential Schools making charges for board and room to mechanics, carpenters, etc., sent out to make repairs to the machinery etc., at the institutions.

My object in writing about this matter, in the first place, was to have a definite understanding with the Department that charges would not be made by the schools for board of workmen when rendering services.

I note that you doubt the advisability of a circular in this connection as most schools understand the Department's wishes. I fear I do not agree with you at all in this matter. At the present time I am holding a voucher here, sent in to be forwarded for payment to Ottawa, which I have not done, amounting to $36.00. This is in favour of the Principal, Gordon's Indian Residential School, and he has requested the Department to pay this account. I am going to inform the Principal that the Department do not feel they should make payment. On another occasion there was a bill of $54.00 paid by the Department to the Gordon's School for board of men while installing filter and changing engine. In 1929 we sent plumbers down to the Lebret School, and the Department paid for their board. I also know of other cases where the mechanics, or the firms who sent them out to do the work, have paid the Principals direct for board and room, and, of course, added the cost to their bill. In view of all this

The Secretary,
Dept. of Indian Affairs,
OTTAWA.

COMMISSIONER'S OFFICE,
No. REGINA, SASK., 2nd December, 1931.

Dear Sir:-

Upon recent visits to one or two Indian Residential Schools Inspectors have found that exit doors to the fire escapes have been locked. This is a very dangerous practice. It defeats the purpose for which fire escapes are provided and must immediately be discontinued. Other means must be devised to guard against the possible mis-use by the pupils of fire escapes at night, and such protection cannot be allowed in any way to interfere with free passage to them should a fire or panic occur.

If at your school doors to fire escapes are locked they must be unlocked at once and so remain.

Yours truly,

W. M. Graham,
Indian Commissioner.

ED

COMMISSIONER'S OFFICE,
REGINA, SASK., December 10th, 1931.

Dear Mr. Scott:-

I recently reported to you that the fire escapes leading from the dormitories at the McKay Boarding School, The Pas Agency, were locked, and pointed out that this was a very serious matter. You will recall that two years ago when I visited the Fort Alexander School I found the fire escapes locked, and you instructed me to have these unlocked and a remedy effected by partitioning off a portion of the dormitory for a room in which the supervisor of the dormitory could sleep, so that in the event of anybody escaping by the fire escape they would have to go through this room. These instructions were issued and carried out.

I have, from time to time, instructed the Inspectors to be very careful to see that the fire escapes were never locked. It would be a very serious situation if a fire occurred, the fire escape locked, and the key in the hands of some member of the staff who was not handy to the door. The children would naturally run for the door where the fire escape was located, they would pile up, and there would be a repetition of what has occurred at schools in the north. Inspector Hamilton recently visited the Elkhorn Indian Residential School, and I was surprised to learn, when reading his report, that he found the fire escapes at this school locked and the keys in the hands of the matron.

After receiving these two complaints, I circularised the Agents and Principals of Boarding Schools, a copy of which circular is enclosed herewith, making it clear that the doors to the fire escapes should not be locked. I am today in receipt of a letter from Mr. Currie, Principal of the Birtle Indian Residential School, in which he states that the doors leading to the fire escapes in this new school are kept locked; he goes on to say that the very fact

the very fact that the Department recently ordered special locks put on these fire escape doors led him to believe that it was the purpose to keep them locked. I am of the opinion that if a fire took place at this school tomorrow and lives were lost, the blame would be placed on the Department, and I do not think this is as it should be.

I would like to receive assistance from the department with regard to this matter. I feel we must now allow these doors to be kept locked, and will have to devise some scheme whereby there will not be entrances gained by outsiders to these dormitories or pupils escaping from them. Of course, if the schools were built so that any person entering or leaving the dormitories would have to pass through an attendant's room, it would overcome all difficulties.

I shall be glad to receive a reply to this letter at an early date as I wish to communicate again with these people who are in the habit of locking fire escape doors, making it clear that they are not to be locked. One Prinoipal suggests that a night watchman be employed, but I do not think this is necessary. This system is not carried out at convents - they have proper regulations regarding fire escapes.

Yours very truly,

W. M. Graham,
Indian Commissioner.

W. REGINA, SASK., 23rd. December, 1931.

Dear Mr. Scott:-

On the 10th instant I wrote you in regard to the practice which prevails at a number of our Residential Schools of locking the doors to the fire escapes. With the letter I enclosed copy of a circular which had been addressed to Principals at all Boarding Schools and of a letter from Mr. Currie, Principal of the Birtle Residential School. I am now in receipt of one from Mr. G. H. Gooderham who points out that one of the fire escape doors at the Old Sun School on the Blackfoot Reserve also is kept locked and the Principal does not wish to leave it unlocked as it is "off a store room".

The practice is dangerous and ought not to be allowed, and I shall be glad to have an early reply from you in reply to my letter of the 10th instant on the subject.

PLEASE WRITE ON ONLY ONE SUBJECT
IN EACH LETTER

DEPARTMENT OF INDIAN AFFAIRS
CANADA

To Principals of Indian
Residential Schools:

The Department again wishes to urge those in authority at Indian residential schools to give constant and intelligent thought to the danger of fire. Fire escapes must be efficient, kept in repair, free from snow or ice and unlocked exits to them must open out. In dormitories which contain space for a supervisor, the best arrangement is to have the fire escape exit in the supervisor's room. If this is not possible, an older trusted pupil should have his or her bed near the exit and it should be that person's immediate duty, in the event of any alarm whatsoever, to prepare and guard the way to the fire escape. In dormitories where small children sleep, a member of the staff or a trusted older pupil must have their bed.

Fire drill from the dormitories must be practised at least every week in September, October and November and once each month throughout the rest of the year. At these fire drills, the children and the staff should actually complete their exit via the fire escapes and the practice must not be considered ended until every person is out of the building.

Principals should satisfy themselves that there are a sufficient number of hand fire extinguishers at strategic places in the building and that those which require recharging from time to time are ready for effective use. All members of the staff and the older pupils should receive instruction in the use of this fire fighting equipment.

At some older schools, windows open on the fire escapes. * If these are kept sealed in any manner it should be possible for the officer or trusted pupil responsible to open them readily. Every night before retiring, the officer or pupil must test the window ~~by opening it~~ to insure easy operation, ~~if necessary during the night~~. In the event of an alarm at night and there is any difficulty with a window, the one in charge of that exit must clear out glass and sash with a strong chair which shall be always in a convenient place.

* These, as well as door exits, must not be locked or sealed in any manner as apartment doors in a dangerous state

At a few Indian residential schools, it is found really necessary to keep locked the doors leading to fire escapes. It is only in special circumstances

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES

POOR COPY

that the Department can countenance this practice. Where this dangerous habit is imposed by conditions, principals of schools must intelligently accept the risk they are incurring, and, in addition to the regular precautions, there must be two members of the staff provided with a key for each dormitory. Both shall proceed immediately to the dormitory exit and supervise the evacuation of the room. Even this is not sufficient precaution. A third key to the door must be provided and placed in a little glass-fronted box, hung conveniently. A small inexpensive hammer must be attached so that the glass can be broken readily.

At all Indian residential schools where the interior of the building is of frame construction, there must be a thoroughly reliable night watchman, who will constantly patrol the building during the night. In the case of semi-fireproof and fireproof buildings, where there is no night watchman, a member of the staff must make a thorough inspection of the building at 10 o'clock and again at midnight: and there should be an hour's patrol following the laying of fires in the early morning.

All members of the staff and those responsible pupils who have specific duties during fire drill or in the event of fire must have strict instructions as to what action they should take. The school should be thoroughly organized for escape in the event of fire and at all drills the fire escapes themselves must be used. Pupils must realize that the fire escape is the exit in emergencies. Several lives have been lost at our institutions in the past because pupils rushed to their regular stairs. Any principal who is not satisfied with the fire escape and fire prevention facilities should report immediately to the Department.

COMMISSIONER'S OFFICE.

REGINA, SASK., January 4th, 1932.

Dear Mr. Scott:-

I have your letter of the 31st ultimo, No. 1-1-5, enclosing a copy of a circular, with reference to fire escapes, which you propose sending to the Principals of all Indian Residential Schools.

I have read the draft circular, and am of the opinion that everything is set out pretty clearly.

However, there is one most important point which I think the Department should reconsider. It is stated in the circular that "At a few Indian "residential schools, it is found really necessary "to keep locked the doors leading to fire escapes. "It is only in special circumstances that the "Department can countenance this practice."

I feel satisfied, if the circular goes out this way, it will be interpreted by many Principals as authority for keeping the doors locked. Many of those who are today keeping the doors unlocked are doing it against their will and only because we have insisted upon this being done. However, if they feel it is up to them as to whether the doors are to be kept unlocked, I am afraid there will be many who will keep them locked, and others, who have hitherto kept them open, will keep them locked. In my opinion, placing the responsibility with the Principal will have little or no effect.

I shall be glad to have the Department take the stand that the doors to the fire escapes should be kept unlocked at all times. If this can be done at one school, it can be done at another. Leaving a key in the hands of a grown up pupil or member of the staff will not, in my opinion, be safe. This member of the staff

staff may be outside or anywhere around the buildings when a fire takes place. Why not insist on the doors being left unlocked and a member of the staff sleeping close to the door, behind a screen if necessary, or a small sleeping compartment could be built in the dormitories around the door leading to the fire escapes. This could be done at little cost.

Only this morning I received the report of the inspection of the Mackay Indian Residential School at The Pas, made by the Acting Indian Agent in December, in which he makes the notation "All doors locked". This situation exists in the face of the circular which I sent to all Principals of schools, warning them that the fire escape doors were not to be locked, and the situation here is aggravated by the fact that the management of this school is unsatisfactory and the supervision lax.

Yours very truly,

W. M. Graham,
Indian Commissioner.

All members of the staff and the older pupils should receive instruction in the use of this fire fighting equipment.

At some older schools, windows open on the fire escapes. These, as well as door exits, must not be locked or sealed in any manner. Every night before retiring, the officer or trusted pupil responsible must test the window to insure easy operation. In the event of an alarm at night and there is any difficulty with a window, the one in charge of that exit must clear out glass and sash with a strong chair which shall be always in a convenient place.

At all Indian residential schools where the interior of the building is of frame construction, there must be a thoroughly reliable night watchman, who will constantly patrol the building during the night. In the case of semi-fireproof and fireproof buildings, where there is no night watchman, a member of the staff must make a thorough inspection of the building at 10 o'clock and again at midnight: and there should be an hour's patrol following the laying of fires in the early morning.

All members of the staff and those responsible pupils who have specific duties during fire drill or in the event of fire must have strict instructions as to what action they should take. The school should be thoroughly organized for escape in the event of fire and at all drills the fire escapes themselves must be used. Pupils must realize that the fire escape is the exit in emergencies. Several lives have been lost at our institutions in the past because pupils rushed to their regular stairs.

Any principal who is not satisfied with the fire escape and fire prevention facilities should report immediately to the Department.

Russell L. Ferrier
Supt. of Indian Education.

Deputy Superintendent General.

IN YOUR REPLY REFER TO
No. 100-11
ALSO TO DATE OF THIS LETTER

COMMISSIONER'S OFFICE.

REGINA, SASK., 30th January, 1933.

Dear Mr. Scott:-

On the 4th instant I replied to your letter of the 31st ultimo, enclosing a draft circular regarding fire escapes which you proposed sending to the Principals of all Indian Residential Schools. I made some suggestions in my letter and shall be glad to know what view the Department takes of them and what steps have been taken in regard to this important matter.

Yours very truly,

Indian Commissioner.

The Secretary,
The Department of Indian Affairs,
Ottawa, Ont.

Dear Sir:-

I beg to acknowledge the receipt of your letter of the 13th instant, No. 1-1-5, along with half a dozen copies of your Circular directed to Principals of Indian Schools and to Indian Agents, dealing with the important question of protection against fire. As our Commission had issued a Circular on the same subject to the Principals of our Society's Schools only a couple of days before your letter came to hand, you will understand that the matter has been receiving their careful attention. This, however, will not prevent them from addressing a further communication to the respective School Managements, in which directions will be given for the instructions set forth in your Circular to be put immediately into practice.

While dealing with this question I desire to refer to two of the major objections against the ladder type of fire escape which have been reported to me by the Principals of our Society's Schools: (1) Where the school is located on a Reserve, or near to an Indian settlement, access to the school dormitories by outsiders has frequently been secured by means of the fire escape ladders. To protect the pupils, especially the girls, from intrusion of this sort, some of the Principals considered it necessary to keep the exits to the fire escapes closed at certain periods of the year. This has been strictly forbidden by our Commission, and is not likely to be repeated. At the same time, the Principals have been advised to take up with the local Indian Agent the question of having an electric alarm bell installed at the door or window leading to the exit to each fire escape, so that they may receive immediate warning of the opening of the same. Should your Department receive any application for the installation of this equipment, I trust it may be favourably considered and granted. (2) Principals of

POOR COPY

larger schools where the ladder type of fire escape is installed, have repeatedly referred to the difficulty they have experienced in training the younger pupils especially, to make use of the same. The height, even when the dormitories are only on the second floor, appear to terrify the little ones, and this is not lessened by the open and unguarded frame work of which the ladder type of fire escape is made. If a wire net work were placed on both sides and also underneath the iron ladder the usefulness of this type of fire escape would be increased, but our Commission have felt for a long time that the best course to take would be to have the ladder type of fire escape replaced by the spiral chute. The cost would probably be greater, but the sense of security it would afford to all the parties concerned, would fully justify the expenditure.

I commend this suggestion to the careful and favourable consideration of your Department, and remain, Sir,

Your obedient servant,

L B R Neelands

Ottawa, February 25, 1932.

Reverend Sir:

I have your letter of the 17th instant, with reference to fire protection at Indian residential schools. Where it is considered advisable to have the exits leading to fire escapes locked from the outside, there is no reason why a suitable door lock cannot be supplied - one where the outside knob refuses to turn the lock and the inside one opens freely. There are comparatively inexpensive sets of this kind on the market. I believe this would be less expensive and just as suitable as an electric alarm bell.

The Department has given considerable thought to the best type of fire escape which can be secured at a reasonable cost and has decided in favour of the steel stair type.

1-1-5

DE[illegible] OF INDIAN AFFAIRS
OTTAWA

OTTAWA, June 30th, 1932.

Mr. Williams:

Re Salary Reduction Act, 1932.

The Treasury Board under date of June 9th, 1932, issued regulations re arding the Salary Reduction Act, 1932 from which the following is an extract:-

"1. Deductions of 10% shall be made from all "payments which are remuneration, regardless of "their amount or designation, whether such payments "be in cash or in kind, or be paid at annual "monthly, weekly, hourly, or other rates, or be "based on fixed or prevailing rates, or authorized "by statute, by Order in Council, by the Civil "Service Commission, or by other competent "authority."

"2. The deduction shall apply whether the "compensation be in the form of wages, commissions, "fees, allowances, extra pay, overtime pay, or in "any other form, so long as the same constitutes "remuneration for services in virtue of any "employment in the public service of Canada as "distinguished from such employment arising out "of a specific contractual relationship. Conversely, "regardless of designation, mode of authorization, or "rate, payments made for abnormal living costs, travel "or other similar purposes shall not be subject to the "deduction."

This means that in addition to the regular full time employees who are paid at monthly or annual rates, it is intended that the provisions of the Act be applied to casual labour, skilled and unskilled, which may be employed from time to time at prevailing hourly rates. This matter has been seriously considered by the Auditor General and the Comptroller of the Treasury who feel that the spirit of the Act will be complied with re casual labour so long as the rates paid this fiscal year are at least 10% lower than the rates paid for similar classes of labour during the past year.

I beg to request, therefore, that the personnel who may have occasion to employ casual labour be instructed accordingly and to certify on all pay lists for casual labour that the rates paid are at least 10% below those paid last year or failing this to make a deduction of 10%

N. C. Allen,

Representative of the Treasury.

INDIAN RESIDENTIAL SCHOOL AT LEBRET BURNS DOWN

Sunday morning's disastrous fire at Lebret destroyed the Indian School, pictured above with a total loss of $250,000. Father Hugonard, famous Oblate missionary of the early days founded the school in 1884. Since then, the Oblate Father have conducted it, and Lebret school beautifully situated on Katepwa Lakes, was justly rated one of the best Indian schools in Canada. The Oblate Fathers, in conjunction with the Department for Indian Affairs, will rebuild immediately.

Fire Department

Kenora, Ont., January 26th, 1933

Hon. T.G. Murphy,
Minister of the Interior,
And Superintendent of Indian Affairs,
Ottawa, Ontario.

Honorable Sir:

May I draw your kind attenti n to some very important items in connection with the care and operation of some of our Indian residential schools, a cut of one of which I herein inclose as an example of what these structures really are, nd the question comes up can fires in such institutions be really prevented? and the answer would be "Yes" in a great many instances, therefore being in the Fire fighting and Fire Prevention business practically all my life I have seen and actually obtained very valuable experience in both fighting fires and in ways and means of preventing them. Why not conserve these buildings and save money, pardon my apparent ire in this respect but I cannot help it, I see and know that many of these structures could be better looked after if the right efforts were put into practice, the condit'ons found around some of them is deplorable, and it is no wonder that they burn up so frequently, allow me to put up to you one instance but I will not mention any names but I can produce the facts in full if necessary, I found hand chemicals, the two and a half gallon size supposed to be in readiness for business in case of fire in such shape that they would not even shoot a drop of water in examining them I found that the metal cork usually used for corking the acid bottle setting on the head of the bottle with the original rubber cork still in the neck of the bottle it had never been taken out and naturally no acid would flow if the machine was tipped over for use, the one setting up these machines did not even know why and how the metal corks were used. I might say that metal cork replaces the rubber ones when the machine is set for use, and these machines had not been touched for at least over twelve years when in reality they should be charged yearly. I can go on many other items but such is not necessary, it is therefore possible to have all these structures carefully inspected at least yearly by an expert inspector and I am certain that many fires and many present conditions would be greatly changed and improved the rest

I leave .....

Memorandum:

MR. DUNCAN.

With reference to your memorandum of the 30th ultimo, with copy of portion of a letter addressed to the Minister by the Chief of the Fire Department at Kenora, Ont., regarding fire prevention and fire equipment at Indian residential schools, I attach hereto copy of a circular forwarded to the Principalsof all the Indian residential schools as well as Indian agents and church representatives.

There are fire escapes and fire extinguishers at each of the schools, and, in quite a number of the schools, fire hose, which can be attached to the school water supply. As you will observe from the circular, the principals were instructed to carry out regular fire drill and to see that all fire extinguishers and other equipment are kept in a satisfactory condition, ready for effective use. In the cases of the schools recently burned, there was ample fire equipment, if same was in good condition. All agents are instructed that, during their visit to a school, they are to see that the fire extinguishers are properly charged and that fire drill is regularly held.

We spend a considerable amount each year in supplying new fire extinguishers and refills for old extinguishers, fire hose and in improving and adding fire escape facilities. The principals are continually being impressed with the importance and necessity of keeping fire equipment in good condition and ready for use. Should the equipment at any school be not properly looked after, it is entirely due to neglect on the part of the principal and staff.

Night watchmen are engaged at residential schools where the interior of the building is of frame construction and a fire hazard. Watchmen's clocks have been supplied and it is necessary that the watchman makes hourly rounds during the night.

The reports of our agents and inspectors, regarding fire equipment, are carefully checked and any requests for refills or additional extinguishers or other fire equipment are promptly met. It has been the endeavour of the Schools Branch to take every step possible to see that adequate fire protection appliances are supplied. The principals must be held responsible, in view of the frequent instructions given, if all fire equipment is not properly looked after.

Deputy Superintendent General.

Memorandum.

Re Fire Protection.

In further reference to your memorandum of the 20th ultimo and my reply of the 2nd instant, regarding the communication received by the Honourable the Minister from the Chief of the Fire Department, Penetanguishene, Ont., concerning fire protection and fire equipment and drawing attention to the conditions found by him, I have to say that this matter was referred to Mr. Frank Edwards, Indian Agent, Penetanguishene, for report. He was requested to interview the Fire Chief and ascertain from him the actual facts referred to in his letter.

For your information, I attach hereto the report of Mr. Edwards, together with copy of a communication he received from the Fire Chief. I am sure you will observe from the correspondence that the Fire Chief was not referring to conditions which obtain at the present time. The fire equipment at the two residential schools at Penetanguishene is kept in good, serviceable condition.

J.D.

Deputy Superintendent General.

E X T R A C T from Inspector Barry's Report regarding his visit to the TSARTLIP INDIAN DAY SCHOOL on March 15th, 1933. - Original on File 152-14-6.

I would strongly recommend the Department of Indian Affairs to issue a circular instruction to all the Indian Schools in B. C. to the effect that all toilets must be inspected by teachers daily. This is the standing rule of the Provincial School Department and I can see no reason for the generally poor condition in which I find the toilets of our Indian Day Schools. I would also ask that the Indian Agents be instructed to see that such a rule if issued be observed.

MEMORANDUM:

MR. PARKER.

With reference to your memorandum of the 2nd instant, I may say that, at the present time, the Department is not considering the purchase of any beds or other furnishings for Indian schools. However, if at any time in the future we intend to purchase articles, you will be advised.

Memorandum:

Schools Branch

I beg to advise you that I am instructed to see that A. M. Tanney and Son, Winnipeg, is asked to quote on beds and other furnishings required by the Department for Indian schools.

In order that these instructions may be carried out would you be good enough to advise this office of any purchase of this nature that you propose making.

Ottawa, October 2nd, 1933.

Mr.James T.Bain,
Deodor-X Company of Canada.
Montreal,Quebec.

Dear Sir;

I received a sample of your Deodor-X and should consider its composition all you describe it to be.

I have no doubt- if we were ordering disinfectant in quantities- say by the gallon- it would be economical for the Department to buy it.

Thanking you for your interest.

Yours very truly,

O.H.Paley,

Principal.

Dear Mr. Sutherland;

We have received a letter from Coqualeetza residential school. Copy attached for your consideration.

Can you give me any further information on what quantities of disinfectant they purchase so that I may write them again?

Yours sincerely,

Lorne Palmer

Mr.J.T.Sutherland.
Dept. Indian Affairs.
Sparks St.
Ottawa.

Dear Mr. Sutherland.

We have received from the Sisters of the Assumption at Cochrane, Alta, an order for one gallon of our Deodor-X disinfectant.

Inasmuch as Deodor-X does not deteriorate, we are wondering whether we should point out to them that due to the cost of transportation it is more economical to purchase a 5 gallon can instead of one. Inasmuch as the 5 gallon containers are steel and go as 2nd class freight, single gallon cans come under a first class rate.

Will you kindly advise me, Mr. Sutherland just how to proceed in this matter before we make shipment.

Yours sincerely,

Lorne Palmer

LP/JB.

Ottawa, March 23rd, 1934.

Sir:

I have your letter of the 21st instant, with reference to the order that you have received from the Reverend Sisters of the Assumption at Hobbema, Alta. As they have given you this order direct, payment will be made from school funds and not by this Department. Consequently, if you have any suggestions to make regarding the quantity they should purchase, you should communicate direct with them and ascertain their wishes in the matter.

I regret that I am unable to give you any idea of the quantity of disinfectant that might be used at the Coqualeetza Residential School. To obtain this information you would have to write to the Principal, and, if he places an order with you, your account should be forwarded to him for payment, as it would not be paid by the Department.

Your obedient servant,

J. D. Sutherland,
Acting Supt. of Indian Education.

Lorne Palmer, Esq.,

New Residential School Buildings	1930-31	710,000.00	
	1931-32	424,000.00	286,000.00

EXPLANATION OF INCREASES.

There is an increase of $160,990.00 in the Per Capita Grants to Residential Schools. This is accounted for by the increased accommodation in the new Birtle, Brandon, Muscowequan's, Blue Quills and Old Sun's Schools and by increases in pupilage granted to the following schools that have the necessary accommodation: Shubenacadie, Mohawk, Sioux Lookout, St. Albert, Alert Bay and Kamloops. Further, everywhere in Canada, Indian Residential Schools are now earning

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Indian Affairs. School Files.
(RG 10, Volume 6011, File 1-1-5A, part 1)

POOR COPY

their full Per Capita Grant and it is no longer possible to vote the item at 94% or 95% of the possible earnings.

Salaries at Day Schools are practically the same as last year.

Assistance to Graduates shows an increase of $8,000.00. Demands to assist with high school and vocational training are constantly increasing.

Medical Attention - Residential Schools is increased by $8,000.00. This branch of the Department's service has been better organized with the result that more physical defects have been brought to the Department's attention.

Classroom Equipment shows an increase of $4,000.00. The Department has found it advisable to place in the hands of Indian pupils better and more varied texts and other instruments.

The item for Repairs and Equipment at Residential Schools is increased $8,000.00. Several institutions which will eventually need replacement must be kept in repair until funds can be provided for new buildings.

Additions and Outbuildings at Residential Schools is practically the same as last year.

In the past, the Appropriation for Indian Education has been confined to regular and foreseen expenditures. No provision has been made for emergencies, such as loss by fire, and, as a result, the Appropriation has become exhausted before the end of the fiscal year. This Miscellaneous item, which is approximately 2.8% of the Vote, is required to care for unforeseen and emergent needs.

RESIDENTIAL SCHOOL MAIN BUILDINGS ..... $424,000.

SHINGWAUK HOME, Ont. (C. E.)

The main building at this school was erected in 1874 by the church and it is now in a very unsatisfactory condition. Temporary repairs have been made from time to time; but recent inspections show that there is a very serious fire hazard and that the pupils and staff are living under really unsanitary conditions. It is proposed to rebuild on the same site near Sault Ste. Marie, at a cost of ..... $175,000.

[illegible]NY MISSION, Ont. (R. C.)

The Oblate Order, under whose auspices this school is conducted, with the help of the Department are erecting a modern building on James Bay. The old building has outlived its usefulness. The Department's grant for this purpose this year is ..... 10,000.

BEAUVAL, Sask. (R. C.)

The main building at this school was destroyed by fire in September, 1927. The church authorities offered to erect a new building if the Department would finance the scheme. $50,000 has been granted during the past two years. There is now required to finish the buildings and to furnish them..... 75,000.

ST. BRUNO'S, Alta. (R. C.)

At this school it has been necessary to erect an addition. Very successful work has been accomplished here, but the accommodation for boys and for kitchen, laundry and other functions has been most inadequate. The Department is adding to the present administration building and there is now required to finish the work and to install the necessary mechanical plant ..... 37,000.

WABASCA, Alta. (R. C.)

The church authorities have found it necessary to rebuild the Wabasca R. C. Indian Residential School. P. C. 2006, dated October 9, 1929, authorised the Department to give a grant of $15,000 towards the purpose - approximately one-half of the total expenditure. The work has now been completed and the church authorities are asking for reimbursement to the extent of the grant ..... 15,000.

May 21, 1931.

Memorandum:

MR. SCOTT.

If it is possible to secure a Supplementary Appropriation for Indian Education, 1931-32, I should be grateful if the following urgent needs would receive consideration. If an Estimate should be prepared while I am away, Mr. Sutherland will be able to give you the details.

DAY SCHOOLS:

PIERREVILLE R. C., Que.	General repairs	$ 600.+
SERPENT RIVER, Ont.	To erect combined school and teacher's residence . .	3,000.✓
SAGAMOOK, Ont.	To erect new classroom	2,500.✓

NOTE: A splendid offer has been made the Department, whereby we could secure all the necessary lumber, doors, sash, etc., for both the Serpent River and Sagamook school buildings. It would be well to take advantage of this and to get these two badly needed improvements made.

SHEGUIANDAH R. C., Ont.	To erect combined school and teacher's residence . .	7,000.✓

RESIDENTIAL SCHOOLS

SHUBENACADIE, N.S. (R.C.)	To provide outbuildings . .	2,500.✓
FORT FRANCES, Ont. (R.C.)	Remodelling, painting and decorating	4,600.✓
KENORA, Ont. (R.C.)	To erect 2 chimneys and to improve sewage disposal . . .	1,600.+
FIRE CREEK, Man. (R.C.)	To erect cottage for married employee	3,000.
BRANDON, Man. (United)	To provide frigidaire	750.
BIRTLE, Man. (Pres.)	To provide outbuildings	6,000.
QU'APPELLE, Sask. (R.C.)	To renew roof, main building	4,000.✓

INDIAN EDUCATION

RESIDENTIAL SCHOOL MAIN BUILDINGS $582,000.

ALBANY MISSION, Ont. (R. C.)

The Oblate Order, with the help of the Department, is erecting a new school on James Bay. The total cost will be approximately $50,000. and the Department is asked to grant $25,000 toward the undertaking. $15,000 has been given during the past 2 years and the final grant amounts to ..... $10,000.

CARIBOO, B. C. (R. C.)

At this large and important school in central British Columbia, the water supply has been doubtful as to quantity and bad as to quality. The Dominion Water Power Branch has recommended a new system which will provide not only domestic supply but fire protection. The cost, including alterations to plumbing, is ..... 32,000.

CARCROSS, Yukon, (C. E.)

This small school is greatly handicapped by lack of necessary facilities. The provision of a small addition has been postponed as long as possible. The cost will be ..... 10,000.

BEAUVAL, Sask. (R. C.)

The church authorities have erected a new fireproof building, at a cost of $135,000. The Department has already granted $50,000 for the purpose and there is now required ..... 85,000.

SHINGWAUK HOME, Ont. (C. E.)

The main building at this school was erected in 1874 and is now both unsanitary and beyond repairing. In addition there is a serious fire hazard and it is proposed to rebuild on the same site, at a cost of ..... ~~165,000.~~

LESSER SLAVE LAKE, Alta. (C. E.)

A new building is urgently required to replace three small and dilapidated Church of England schools in this area. To commence building ..... 100,000.

SANDY BAY, Man. (R. C.)

At this school, it is impractical to arrange for proper water supply and sewage disposal. The building is not worth extensive repairs and it should be replaced on a new site. To commence building ..... 100,000.

OLD SUN, Alta. (C. E.)

In 1930, the Department borrowed $80,000 from Band Funds, so that the school could be rebuilt immediately. It is proposed to make reimbursement ..... 80,000.

No Increase

EXPLANATION OF INCREASES

There is an increase of $27,395 in the Per Capita Grants to Residential Schools, which is accounted for by the proposed reopening of the Beauval School and slight increases in the pupilage of the Fort

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES

POOR COPY

William and Moose Fort Schools in Ontario; the Edmonton, St. Bernard's, Vermilion and Wabasca R. C. Schools in Alberta; and at Kuper Island and St. George's in British Columbia.

The item for Repairs and Equipment - Residential Schools is increased by $19,000. Last year, very little was expended on this work, with the result that there are many repairs and much painting to be done.

New Day Schools shows an increase of $86,100. During the past year, there was practically no building activity, but there are certain day schools where replacement and improvement is absolutely necessary.

Additions and Outbuildings - Residential Schools shows an increase of $68,505. At many schools, outbuildings are needed so that the work can proceed in a proper manner. Indian children cannot be trained for farm life without having barns and other buildings for live stock, granaries, root houses, etc.

These increases are offset by the decrease of $141,000 in Residential School New Main Buildings, none of which are included in this Estimate.

ESTABLISHING ALLOTMENTS OF APPROPRIATIONS AND COMMITMENT CONTROL.

Sections 26 and 29 of the Consolidated Revenue and Audit Act, 1931, provide for the establishment of a system of control over all Departmental Commitments which will be exercised by the Comptroller of the Treasury. The purpose of this control is to guard against the over-committing of appropriations. The introduction of this system involves,-

1.- Establishing a break-down of each appropriation into allotments for the different classes of expenditure provided for.

2.- Setting up a system of commitment control over all appropriations that will enable the Comptroller to guard against authorising the incurrence of expenditures by Departmental Officers, that would overdraw an appropriation.

RULES RE ALLOTMENTS OF APPROPRIATIONS.

1.- The purpose of allotments is to assist Administrative Officers and the Comptroller in keeping commitments within the limits of appropriations. The extent to which appropriations may require to be sub-divided into allotments will depend, on the nature and relative amount of the expenditures provided for and the break-down deemed necessary to ensure adequate control.

2.- The classification of appropriations provided for by Section 26 should be established by Administrative Officers of Departments working in conjunction with the Accounting Officers and other representatives of the Treasury, at or before the beginning of each fiscal year and should be designed to fulfil the purpose referred to in the next preceding Section. The allotments so agreed upon should be approved by the Treasury Board and should not be varied except by authority of the Board.

Indian Affairs. School Files.
(RG 10, Volume 6011, File 1-1-5A, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR COPY

3.- An example of the allotments that may be established for certain appropriations, follows:-

Allotment for Salaries.
Allotment for Travel Expenses.
Allotment for Printing and Stationery.
Allotment for Supplies and Materials.
Allotment for Miscellaneous Expenses.
Unallotted balance of Appropriation.

4.- It is important that the allotment for miscellaneous expenses shall be as small as possible. While materials and supplies may in some instances be covered by a single allotment, in every case where particular items of supplies are indispensible to the service concerned, or form a substantial part of the total required under this head, such items shall be covered by separate allotments.

5.- In establishing these allotments it is deemed advisable to retain a part of each appropriation as an unallotted balance. This balance may be used to supplement allotments already made or for the establishment of additional allotments. However, before any part of an unallotted balance may be used, the proper Administrative Officer of the Department concerned, must apply to the Comptroller for the required allotment of it. The Comptroller shall submit the application to the Treasury Board together with his recommendation. If the application is approved by the Board, the allotment certificate will be issued and the Department advised. In the event of Departments applying for the transfer of an amount from one allotment to another, the same procedure will be followed.

6.- If an Administrative Officer, in applying for the allotment or transfer described in the preceding paragraph, represents to the Comptroller that the amount is urgently

POOR COPY

and immediately required, the Treasury Board might authorise the Comptroller, in his discretion, to grant a temporary allotment and authorise commitments chargeable thereto, pending approval by the Treasury Board.

7.- A separate ledger account should be maintained for each allotment of an appropriation. It should show the amount allotted, commitments entered into, commitments liquidated, unliquidated balance of commitments, expenditures made, refunds and the unencumbered balance of the allotment.

SUB-ALLOTMENTS.

8.- It will be necessary in certain instances to divide the main allotments described above, into sub-allotments, in order that the Comptroller may be in a position to furnish the Administrative Officers with the information they require. These sub-allotments should be established by the Administrative Officers and the Comptroller working in conjunction with each other. The Administrative Officer may, with the concurrence of the Comptroller, change the sub-allotments after they have been established, without reference to the Treasury Board.

COMMITMENT CONTROL.

9.- The Act provides under Section 29, that no obligation of any nature shall be incurred unless the Comptroller has certified that there is an unencumbered balance of an appropriation available to which the expenditure may be charged. This provision calls for the establishment of a system of control over all Departmental commitments. In order that Administrative Officers may not be unduly hampered in the performance of their duties, the Treasury Board may, by regulation, authorise the Comptroller to modify

CANADA

Indian Affairs. School Files.
(RG 10, Volume 6011, File 1-1-5A, part 1)

POOR COPY

the application of control over commitments when he is satisfied that conditions warrant such modification.

10.- The procedure to be followed in charging commitments to the appropriation allotments and authorising Administrative Officers of the Department to incur the obligations, is outlined hereunder.

SALARIES AND WAGES.

11.- Where an appropriation provides for salaries and wages, it is intended that an allotment shall be made for this purpose. This allotment should be charged with commitments in the following manner:-

12.- Charges to be made at the first of each fiscal year.

(a) The total salaries and wages for the year of those employed on the 1st of April.

(b) The total salaries and wages for the year of regular seasonal employees who may be employed after the first of the year.

13.- The information required by the Comptroller to establish these charges should be furnished by Administrative Officers in such form as the Comptroller may direct. One copy of the statement submitted shall be certified by the Comptroller and returned to the Department as authority for the commitment.

14.- Charges to be made from time to time throughout the year as commitments.

(a) The salaries and wages of additional employees for the period of employment or to the end of the fiscal year (except regular seasonal help and casual employment) shall be charged as a commitment when the Administrative Head is advised by the Comptroller that there is an available balance in the appropriation allotment concerned.

(b) Where a proposed promotion, reclassification or other change in status will result in an additional charge against an allotment for the year current,

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

(RG 10, Volume 6011, File 1-1-5A, part 1)

POOR COPY

the Department must obtain a certificate from the Comptroller that there is an available balance in the appropriation allotment concerned, and the amount thereof shall thereupon become a commitment.

(c) Casual or special employment and pay for overtime work shall be provided for by blanket authorizations, issued to the Administrative Officers by the Comptroller in such amounts as he may deem necessary. When these authorizations are issued the amounts shall be charged to the appropriation allotments concerned, as commitments.

15.- The procedure outlined above for maintaining commitment control over allotments for salaries and wages will apply in general to allotments for the following:-

P.C. Grants Lists

Living and other allowances at stated rates.
Pensions that are voted annually.
Pay and Allowances.

Obligations incurred prior to the first of the year.

16.- Obligations incurred by Departments prior to April 1st, whether by contract, agreement, purchase order or otherwise, that are not fully liquidated before the close of the current fiscal year, must be reported to the Comptroller by the Administrative Officers. The amounts, which it is stated will come in course of payment during the ensuing year, shall be charged to the appropriation allotments concerned as commitments. These statements shall be rendered in duplicate in such form as the Comptroller directs. One copy when approved shall be certified and returned to the Administrative Officers concerned.

Contracts and Agreements in General (Except for Unit Prices.)

17.- All contracts for supplies, materials, equipment, construction and services, (except contracts for unit prices) must bear the certificate of the Comptroller that there is a balance available in the appropriation allotment concerned, before they are entered into. The amount coming in course of payment during the fiscal year whether actual or estimated shall be charged as a commitment when the certificate is issued.

Contract bldgs

PURCHASE OF SUPPLIES, MATERIALS AND EQUIPMENT
(Other than those covered by Contracts referred to above.)

18.- Purchase orders must be used for the acquisition of supplies, materials and equipment, unless otherwise provided for in the regulations. The order shall be prepared by the proper Officer, signed by the Deputy Head or other duly authorized Officer of the Department and submitted to the Comptroller for certificate that there is a balance available in the appropriation allotment concerned. One copy of the order shall be retained and the remaining copies returned to the Administrative Officer concerned. The actual or estimate amount of the order shall be charged to the appropriation allotment concerned, as a commitment, when the certificate is issued.

SUPPLIES AND MISCELLANEOUS EXPENSES.

19.- Where the Comptroller is satisfied that it is impracticable for Administrative Officers to obtain specific certificates for certain classes of expenditure he may issue blanket authorities to incur such expenses. These authorities should be referred to as Treasury Warrants and shall be charged as commitments when issued. The Comptroller may, in his discretion, issue these warrants for:

(a) the estimated requirements from month to month or for

(b) the amount of the allotment or sub-allotment established for a particular class of expenditure.

20.- This system may be used to provide for expenditures such as,-

Certain food and forage supplies.
Medical supplies for hospitals.
Special services such as medical and nursing services.
Pay and Allowance treatment compensation.
Telegrams, cables and wireless messages.
Long distance telephone calls.
Freight, express, cartage, etc.
Travel expenses not covered by accountable advances
Sundry and unforseen expenses.

KODAK SAFETY FILM

21.- The Comptroller may authorise Departments in general to incur incidental or unforseen expenses not exceeding $10.00 at any one time, that cannot be conveniently covered by the usual certificate.

ACCOUNTABLE ADVANCES.

22.- Accountable cash advances shall be made by the Comptroller on application from the Deputy Head or his duly authorised representative, if there is a balance of an allotment available to which such advances may properly be charged. These advances shall be charged as commitment when made and shall be accounted for in accordance with regulations of the Treasury Board, or in the absence of such regulations, as directed by the Comptroller. The advances may be made for such purposes as -

Petty cash requirements.
Travelling Expenses.
Expenses of field parties.
Disbursing officers in general.

23.- Adjustment of Commitment Charges.

When owing to any cause a commitment is reduced or increased the required adjustment shall be made from returns furnished by the Administrative Officer. These returns shall be submitted in such form and at such time as the Comptroller directs.

March 16, 1938.

Memorandum:

MR. PAGET.

Pursuant to instructions you have received from the Comptroller of the Treasury, I wish to make some comments and to ask for certain blanket authority for expenditures in connection with the 1938-39 Appropriation for Indian Education, which may be called Allotment No. 9, Vote 201. This allotment has already been divided into sub-allotments, and you will note that there is no unallotted balance. To provide such balance would be extremely difficult, as each sub-allotment is reduced to a minimum. However, after reading the instructions from the Comptroller, I am satisfied that the retention of an unallotted balance within an allotment is not necessary, as the Comptroller is empowered to authorize an administrative officer to change sub-allotments without reference to the Treasury Board. In fact, at present I am inclined to recommend that Allotment 9, Indian Education, be not subdivided into sub-allotments. It is extremely desirable that all expenditure at any one school, whether for grants, salaries, repairs, equipment, or even new buildings, be shown in one ledger account. This greatly simplifies cost accounting. If the Comptroller insists on sub-allotments in this allotment, then I should be grateful for an opportunity of making a new classification.

With reference to commitment control, I believe some modification is warranted because of the nature of the expenditure and the conditions which obtain in Indian educational work. The procedure outlined by the Comptroller for maintaining commitment control over allotments for salaries will be entirely suitable for 1 - per capita grants, 2 - day school salaries, and 3 - tuition grants. At the beginning of each fiscal year, the allotment could be charged with the full amounts and a certificate issued.

In connection with the construction of new buildings, the procedure indicated by the Comptroller will, of course, be satisfactory. For all other expenditures from this allotment (Nos. 4 to 10 and 13 as listed hereunder), it is impracticable to obtain specific certificates. The first intimation the Department has concerning a great number

- of expenditures

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Indian Affairs. School Files.
(RG 10, Volume 6011, File 1-1-5A, part 1)

POOR COPY

of expenditures is the presentation, by Indian agents, or school principals, of the actual accounts. To indicate the detailed nature of the expenditure, I might state that, last fiscal year, 8916 cheques were issued against the Appropriation for Indian Education. Less than 2000 of these were for grants, salaries and the construction of buildings, leaving about 7000 payments of amounts under $75 or $80. I have to recommend, for these miscellaneous expenditures, that blanket authorities or treasury warrants for the year be issued.

For the Comptroller's information, I briefly explain the nature of the expenditures for Indian Education, Allotment No. 9, Vote 201. It should be remembered that, if he insists on sub-allotments, I should like to suggest another classification.

1. Per Capita Grants for Residential Schools - $1,229,492.

There are 80 institutions which the churches manage for the Department. The per capita grants vary from $150 to $250 per annum. Payment is quarterly and is based on average attendance. Grants are cut 10% for the coming fiscal year.

2. Salaries, Day School Teachers - $250,785.

288 full time and 20 part time teachers at 264 schools. Salaries are cut 10% for the coming fiscal year.

3. Tuition and Assistance to Graduates - $34,000.

Approximately 575 Indian children are attending public schools, orphanages, high schools or colleges. A few graduates are assisted to establish themselves. Grants for these purposes are made.

4. Inspection of Schools - $8,000.

In two provinces, the Department has an Inspector of Indian Schools, but elsewhere in Canada we enlist the cooperation of the Provincial Departments of Education for this service.

5. Fuel, Janitors and Hot Lunches at Day Schools - $47,000.

6. Transportation of Pupils - $8,000.

7. Medical and Dental Attention, Residential Schools - $34,000.

8. Classroom

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Indian Affairs. School Files.
(RG 10, Volume 6011, File 1-1-5A, part 1)

POOR COPY

9. Classroom Equipment - $52,000.

In the past, all textbooks, scribblers and stationery used at Indian schools has been ordered in small quantities from the King's Printer. I am seriously considering ordering in quantity and stocking in our own Department. This would reduce the requisitions, which must be dealt with by several officers, to a minimum. I am also prepared to recommend that special authority be given to this Department to purchase scribblers, exercise books and readers, locally. This would save all requisitioning and transportation costs. There is very small margin on this class of school equipment and it would be in the interests of economy, from the standpoints of time, labour and money, if we could authorize schools to purchase themselves. Other texts, stationery, etc., could be stocked in Ottawa.

9. Repairs, Painting, Equipment, etc., Day Schools - $31,000.

10. Repairs and Equipment, Residential Schools - $69,699.

11. Day School Improvements - $6,800.

This item includes new buildings or other major improvements.

12. Improvements and Outbuildings, Residential Schools - $14,200.

Under this heading is provided funds for any expensive equipment, alterations, clearing land, painting of buildings, the construction of small additions and new outbuildings.

13. B. C. Special - $15,000.

This fund is used for young Indians in British Columbia to assist them with technical education, vocational training or establishing them in their homes.

Supt. of Indian Education.

Supplementary Estimates

INDIAN EDUCATION 1932-33

FURTHER AMOUNT REQUIRED - $154,478.00

PER CAPITA GRANTS FOR RESIDENTIAL SCHOOLS . . . . . $7,000.

This summer, the Missionary Society of the Church of England are opening a school at Fort George, in northern Quebec. Per capita grant for 30 pupils for half the year, at $225, amounts to $3,375. In addition, at the undermentioned Indian Residential Schools, orphans and other neglected children have had to be accommodated, and it is necessary to increase the pupilage:

McIntosh Indian Residential School, Ont.
10 @ $165 — $1650.

Birtle Indian Residential School, Man.,
5 @ $170 — 850.

Ahousaht Indian Residential School, B.C.,
10 @ $170 — 1700.

4200 *

TUITION AND ASSISTANCE TO GRADUATES . . . 4200. 7,000. *

In the Main Estimates, there was a decrease of $7,000 in this item, but, during the last few months, it has been found that the full amount to assist Indian children who are attending white schools will be required.

CLASSROOM EQUIPMENT . . . . . 4,000.

There is to be a change in the method of supplying books and other classroom aids. For the first year, this will entail unusually heavy expenditure and the additional amount is necessary.

NIGHT WATCHMAN AT INDIAN RESIDENTIAL SCHOOLS . . . . . 14,000. *

At 20 Indian Residential Schools, where the fire hazard is serious, it has been found necessary to insist on a night watchman. The Department has promised to meet the costs.

REPAIRS AND EQUIPMENT, RESIDENTIAL SCHOOLS . . . . . 4,600. *

Kenora, Ont., Sewage disposal ..... $1,600.

Blue Quills, Alta., Live stock and agricultural implements .. $3,000.

OUTBUILDINGS AND IMPROVEMENTS AT RESIDENTIAL SCHOOLS . . . 20,300.

Shubenacadie, N. S., Farmer's cottage . . $2,000. * →
Birtle, Man., Outbuildings . . . . . ~~10,000.~~
Pine Creek, Man., Instructor's cottage .. ~~3,000.~~
Onion Lake G.E., Sask., Water softener, filter and chlorinator . . ~~3,500.~~ *
Blue Quills, Alta., Outbuildings . . . . ~~6,000.~~

Memorandum:

MR. ALLEN.

Your officers have pointed out to me that certain miscellaneous current expenses do not fall into any suballotments in the breakdown of Indian Education. I therefore propose 7 (e) - $1,000, which can be taken from the unallotted balance, for such items as Day Schools as Ploughing School Gardens, Scrubbing Floors, Electricity, ~~Christmas Trees, School Garden Seeds, etc~~. I should be glad to know if this suballotment will be known as 705.

Memorandum:

MR. DONNELLY.

I would estimate the expenditure at Indian schools under the following heads, by provinces:-

	Inspection	Fuel, etc.	Transportation	Medical	Repairs, Day
P. E. I.	10.	200.	-	-	100.
N. S.	140.	1,800	100.	500.	1,200.
N. B.	700.	2,200.	-	-	1,500.
Quebec	275.	6,400.	-	-	4,100.
Ontario	2,900.	14,800.	1,000.	5,800.	10,000.
Manitoba	575.	7,800.	1,100.	4,500.	5,000.
Sask.	525.	4,200.	1,300.	6,300.	2,800.
Alta.	575.	900.	1,800.	9,000.	600.
N. W. T.	-	700.	500.	1,800	400.
B. C.	2,700.	7,500.	2,000.	7,200.	5,000.
Yukon	-	500.	200.	900.	300.
	$8,000.	$47,000.	$8,000.	$36,000.	$31,000.

Memorandum:

MR. ALLEN.

Your officers have drawn to my attention the difficulty of charging the undermentioned expenditure to Indian Education Primary Allotment:-

Athletic Equipment,
Sewing material for instruction,
School garden seeds,
Articles for Christmas trees.

I have discussed these items with Mr. Donnelly, and I believe that we should set aside the following:-

285 - Miscellaneous supplies $4,000. Reserve $400. Other Expenditure.

If you concur, I will prepare a Requisition for Encumbrance Certificate for the amount of the reserve. This will leave the unallotted balance at $23.299.

DEPARTMENT OF INDIAN AFFAIRS

CANADA

May 23rd, 1932.

MEMO FOR FILE:-

The Supplementary Estimates 1932-33 contained for Indian Education $19,100, as follows:-

Per Capita Allowances	$ 4,200.
M. & R. Buildings	4,900.
Construction of Buildings	10,000.

I propose to have these subdivided for the Sub-allotments, as follows:-

211 - Equipment for Schools $4,200.

The reason for this shift is that at least this amount voted for per capita allowances in the Main Estimates is being used to furnish Beauval. This posting will then balance that item.

242 - Construction of Buildings $6,400.

I find that, when I allotted $6,700 from the Main Estimates for this purpose, I included $3,600 which should have gone to M. & R. Buildings (Day Schools).

243 - M. & R. Buildings-$4900 plus $3600 or $8,500.

POOR COPY

Ottawa, June 14th, 1933.

W. G. Ronson, Esq.,
Acting Secretary,
Treasury Board,
Ottawa, Ontario.

Dear Sir:-

I have discussed the statement of "Suggested Reductions" in the appropriations of the Department of Indian Affairs with the Administrative Officials of that Department, and am satisfied that the following represent the maximum reductions which can safely be made without seriously affecting the administration of the several services concerned.

Civil Government Salaries	$ 4,614.
" " Contingencies, on account Miscellaneous Expenditure..	1,000.
	$ 5,614.

Approved subject to Treasury Board

General Vote for Administration of Indian Affairs -

Administration Allotment	$ 30,000.
Indian Education	25,000.
Medical Services	16,000.
Aids to Indians	40,000.
	$111,000.

While the reductions proposed to be made by the Department of Indian Affairs appear to be small in comparison with the amounts suggested in your memorandum, it might be pointed out that the appropriations of this department have already been reduced by $1,600,000., or approximately 29-1/2% since 1930-31. The consequence is that only the most urgent and essential services are provided for.

POOR COPY

I cannot see any prospect of effecting any further reductions or savings in cost of personnel other than the amount shown for Civil Government Salaries. The outside establishment of this department, owing to the nature of its functions, comprises over 100 small units ranging in strength from one to six employees. It is, therefore, not practicable to make reductions in the staff.

The proposed saving to be effected in Administration expenses, can only be accomplished by curtailing or postponing expenditures on government owned buildings and exercising the strictest economy in miscellaneous items of expenditure. This Allotment was drastically cut last year with the result that charges for maintenance of and repairs to government property could not be incurred.

The Per Capita Grants to Residential Schools have already been reduced by 15%, so that any further reduction in this particular class of expenditure is, in my opinion, neither desirable nor advisable. Substantial amounts were struck out of the current estimates for Education before they were submitted to the Treasury Board so that the total reduction from 1932-33, including the amount now proposed, will be $150,851.

The amount estimated for the current year for Medical Services is $29,000. less than last year. A further reduction of $6,000. is proposed. This class of expenditure is being kept down to a minimum consistent with reasonable health conditions. No provision is made to meet the additional expenses of unforeseen epidemics and the consequent costs of increased hospitalization. Even now requests for hospital treatment are being refused owing to lack of funds. It is considered that any arbitrary restriction of expenditure would mean a definite reduction in the activities and usefulness of the Medical Branch.

Last year the expenditure on account of Aids to Indians (including Relief of Destitute) was $955,000. while for the current year only $900,000. has been provided. Therefore, a saving of $55,000. must be effected to keep within the appropriation. A further reduction of $40,000. is proposed making a total saving of $95,000. to be effected. This is a substantial sum especially in view of the more or less uncontrolable nature of this class of expenditure and conditions existing generally throughout the country.

Yours very truly,

September 13, 1933.

Memorandum:

DR. McGILL.

Mr. Allen has drawn to my attention that the amount provided for Rents, viz.: $750.00, is insufficient to cover the charges against this item. Under these circumstances, I would recommend that the sum of $1,500.00 be transferred from Per Capita Grants (No. 217) and added to the item RENTS (No. 275).

Ottawa, November 7th, 1933.

Memorandum:

Schools Branch

Attached hereto is a statement showing expenditures incurred up to the 31st of October in connection with the allotment for Indian education.

May I direct your attention to the sub-allotments marked with a cross which you will note are over-extended.

Will you please arrange to submit further encumbrance requisitions in respect of these items as soon as possible.

Encumbrances cleared for all sub allotments Oct 31/33

H. Allen

Representative of the Treasury.

Dr. McGILL

The Representative of the Treasury has drawn to my attention that the amount provided for Hospital Services, viz.: $8,000, is insufficient to cover the charges against this item. I would therefore recommend that the sum of $3,000 be transferred from the amount ($5,000) provided for Freight and Express - Sub-allotment 290 - and added to the amount for hospital services - Sub-allotment 266.

DEPARTMENT OF INDIAN AFFAIRS
CANADA

MEMORANDUM:

NEW DAY SCHOOL BUILDINGS - ESTIMATES, 1936-36

CORNWALL ISLAND, EAST - New school building with teacher's living quarters - $4,500.

Requests have been made during the past four years for the establishment of a day school on the east end of Cornwall Island, St. Regis Indian agency. There are approximately 40 children for whom no school facilities are provided and who do not attend any school. The present school is situated at the west end of the island - a distance of approximately five miles from where the Indians at the east end of the island reside. An officer of the Department, who visited the reserve in August, last, states that the Indians are anxious for the children to have the advantage of an education but they were unable to have them attend the day school on the west end of the island, owing to the distance. He says this situation is causing unfavourable comment amongst the adjoining white municipalities. The need of school facilities is urgent.

Cornwall Island is located in an angle between the boundaries of the province of Ontario and Quebec and the State of New York.

WIKWEMIKONG - Addition to school building, to provide increased living accommodation for teachers - $1,000.

A new 2-roomed school building has recently been completed and classes opened therein on the first instant. At the rear, a very narrow part is partitioned off for living quarters for two teachers. There is insufficient accommodation. It will be necessary to extend the building to provide increased accommodation. No doubt, it will be possible to obtain certain of the material from the old school building, which is to be demolished. The providing of more space for the teachers' living quarters is absolutely necessary.

This school is located in the village of Wikwemikong, on the Manitoulin Island Unceded Reserve, Manitoulin Island, Ont.

METTAGAMI - To assist in erection of school building with rooms attached for living accommodation of teacher . . . . . 750.

A request has been received from the Anglican missionary, strongly supported by the local Indian Agent, for school facilities for the Indians residing on this reserve - No. 71, in the Chapleau Indian Agency, province of Ontario. The

Indians of the Band have become fairly well established, and the move towards a school would encourage them to remain on the reserve instead of wandering all over the north country, as they have been in the habit of doing for the past number of years. If a small school was erected and a suitable teacher engaged, the children could remain on the reserve while the parents are away trapping. There are 25 children of school age. In the erection of a building, the Indians have agreed to do a great deal of the work, themselves, voluntarily, and they propose that a log building be erected, but lumber for flooring and other purposes will be required, together with windows, doors, etc. - which will cost about $750. At present, the children on this reserve are receiving no education.

E L S A S - To assist in erection of school building with living accommodation for teacher - $1,200.

On this reserve - No. 83, on Kapuskasing Lake, in the Chapleau Indian Agency, there are 15 children of school age at the present time, but the number will be increased as soon as the Indians are assured that their children will be able to attend school. The Indians would give labour, voluntarily, in the erection of a building- doing the work under a competent foreman, who would have to be engaged for the purpose. There is no timber suitable for building purposes. The building would be of frame construction and the material will have to be supplied. The probable cost will be about $1,200. There are no educational facilities provided for the Indian children on this reserve.

RABBIT ISLAND - To erect a school building with teacher's living quarters - $4,000.

The Rabbit Island settlement is located some 7 miles north of the present Wikwemikong Indian Day School and is on the Manitoulin Island Unceded reserve. On this section of the reserve, there are 34 children of school age. The lack of school facilities in this section has necessitated a number of families deserting their farms to live in the village of Wikwemikong. The Indians have been requesting a school for some years, in order that they could live on their farms and at the same time have their children receive an education.

SAGAMOOK - To erect a school building with teacher's living quarters - - $4,000.

The Sagamook Indian Day School has been closed for about 5 years, owing to the fact that it was not properly located. It is on the Spanish River reserve, No. 5, Thessalon Indian agency. The Indians do not reside in the vicinity. Requests have been made for the erection of a new school at a more central point. A proposal has been submitted to the Department from time to time, that the old school building be torn down and any lumber that would be of service transported to the new site and used in the erection of a new school. The Indians would, no doubt, do part of the labour, voluntarily. It would be necessary to supply the building materials. There is need of a school for the Indian children, who are growing up wild, without education. The Agent and the Church Authorities request that a new school be erected next summer.

POOR COPY

CHRISTIAN ISLAND - To erect new school building with teacher's living quarters for R. C. Indian children - $6,000.

This school, on Christian Island reserve, No. 30, was opened last September, at the urgent demands of the Roman Catholic Church authorities (Jesuit Order) and is being conducted, temporarily, in the church building. It will be necessary to erect a school building with living quarters for the teacher. There are approximately 30 Roman Catholic Indian children of school age who can attend. The present arrangement for carrying on the work in the church is unsatisfactory and a new building, with classroom accommodation and teacher's living quarters, is needed.

WHITE BEAR'S - New school building with teacher's living quarters for R. C. Indian children - $6,000.

New school building with teacher's living quarters, to replace present old building, for Protestant Indian children - 6,000.

The building which is at present used for the day school conducted under the auspices of the United Church of Canada is very old and not worth an expenditure for repairs. This building will accommodate less than one-half of the available pupils from the reserve. The Indians are about equally divided between the United Church and the Roman Catholic denominations. It would not be satisfactory, from the church standpoint, to erect a two-roomed school to accommodate all the children. Therefore, it will be necessary to have separate buildings. At the present time, there are 13 children on this reserve attending Catholic residential schools. A number of the remaining Catholic children do not attend any school, and the few who are enrolled at the school conducted under the auspices of the United Church attend irregularly. The erection of a two-roomed day school building, with living accommodation for teachers and conducted without church control would be the best means of solving the difficulty in providing school facilities for this reserve, but, as stated, there would be objection on the part of the two above named denominations in relinquishing their claims for separate schools for each denomination. In any event, it is necessary that a new school be erected, to replace the present school under the auspices of the United Church, and, if this is done, the Catholic Church authorities would expect a school for the Catholic children.

FORT McLEOD - To complete building for day school purposes - - $ 200.

There are 28 Indian children at Fort McLeod who have never attended any school. A request has been received, urging that a summer school be conducted. The Indians have agreed to get logs and put up the building, if the Department would assist in providing windows, doors, flooring and finishing materials. The local Agent estimates that the cost would be $200.

POOR COPY

FORT GRAHAME - To complete building for day school purposes - $100.

There are 47 children of school age at this point. A few have attended the Lejac Indian Residential School, but the majority have never attended school. A request has been made that a summer school be conducted. There is a church building at this point, which, the Agent states, could be improved at much lower cost than erecting a new building for school purposes. The Agent estimates that, for the sum of $100, the quantity of building material could be supplied to fit up the church building - which would provide suitable accommodation for school purposes for a number of years.

CAMPBELL RIVER - To erect new school building - $1,500.

The Indians have petitioned, during the past three years, for the establishment of a school for the Indian children of the Campbell River Band, Kwawkewlth Agency. The census of the Band shows that there are 35 children on the reserve, 16 of whom are of school age. A few children from this reserve have been in residential schools, but the majority have never attended school. Mr. School Inspector Barry and the Assistant Indian Commissioner have strongly urged the establishment of a school on this reserve. Mr. Perry, Assistant Commissioner, states that a building could be provided at a cost of approximately $1,500, of sufficient size to accommodate 25 children. The United Church authorities have requested that, if a school is established, it be conducted under their auspices - they have a majority on the reserve and nearly all the children are Protestant.

KLEMTU - To erect new combined school and teacher's residence - 4,000.

The school on this reserve is being conducted in a very old building, belonging to the Indians. The roof and foundations are in an advanced state of decay and the whole building is leaning over to one side. A request has been received from the United Church authorities, under whose auspices the school is conducted, and from the local Indian Agent, that a modern classroom and teacher's residence be erected. The present building is no longer worth repairing and it will be necessary, if school activities are carried on, that a new building be provided.

MEMORANDUM:

NEW DAY SCHOOL BUILDINGS - ESTIMATES, 1935-36

QUEBEC

CORNWALL ISLAND, EAST - New school building with teacher's living quarters - $4,500.

Requests have been made during the past four years for the establishment of a day school on the east end of Cornwall Island, St. Regis Indian agency. There are approximately 40 children for whom no school facilities are provided and who do not attend any school. The present school is situated at the west end of the island - a distance of approximately five miles from where the Indians at the east end of the island reside. An officer of the Department, who visited the reserve in August, last, states that the Indians are anxious for the children to have the advantage of an education but they were unable to have them attend the day school on the west end of the island, owing to the distance. He says this situation is causing unfavourable comment amongst the adjoining white municipalities.

Cornwall Island is located in an angle between the boundaries of the province of Ontario and Quebec and the state of New York.

ONTARIO

WIKWEMIKONG - Addition to school building, to provide increased living accommodation for teachers - $1,000.

A new two-roomed school building has recently been completed and classes opened therein on the first instant. At the rear, a very narrow part is partitioned off, for living quarters for two teachers. There is insufficient accommodation. It will be necessary to extend the building to provide increased accommodation. No doubt, it will be possible to obtain certain of the material from the old school building, which is to be demolished. The providing of more space for the teachers' living quarters is absolutely necessary.

This school is located in the village of Wikwemikong, on the Manitoulin Island Unceded Reserve, Manitoulin Island, Ont.

METAGAMI - To assist in erection of school building with rooms attached for living accommodation of teacher - - 750.

A request has been received from the Anglican missionary, strongly supported by the local Indian Agent, for

- school facilities

METAGAMI (Cons'd.)

school facilities for the Indians residing on this reserve - No. 71, in the Chapleau Indian Agency, province of Ontario. The Indians of the Band have become fairly well established, and the move towards a school would encourage them to remain on the reserve instead of wandering all over the north country, as they have been in the habit of doing for the past number of years. There are 25 children of school age. In the erection of a building, the Indians have agreed to do a great deal of the work, themselves, voluntarily, and they propose that a log building be erected, but lumber for flooring and other purposes will be required, together with windows, doors, etc. - which will cost about $750. At present, the children on this reserve are receiving no education.

MISSANABIE - To assist in erection of school building with living accommodation for teacher - $1,200.

On this reserve - No. 83, on Kapuskasing Lake, in the Chapleau Indian Agency, there are 15 children of school age at the present time, but the number will be increased as soon as the Indians are assured that their children will be able to attend school. The Indians would give labour, voluntarily, in the erection of a building - doing the work under a competent foreman, who would have to be engaged for the purpose. There is no timber suitable for building purposes. The building would be of frame construction and the material will have to be supplied. The probable cost will be about $1,200. There are no educational facilities provided for the Indian children on this reserve.

RABBIT ISLAND - To erect a school building with teacher's living quarters - 4,000.

The Rabbit Island settlement is located some 7 miles north of the present Wikwemikong Indian Day School and is on the Manitoulin Island Unceded reserve. On this section of the reserve, there are 24 children of school age. The lack of school facilities in this section has necessitated a number of families deserting their farms to live in the village of Wikwemikong. The Indians have been requesting a school for some years, in order that they could live on their farms and at the same time have their children receive an education.

SAGAMOOK - To erect a school building with teacher's living quarters - - - 4,000.

The Sagamook Indian Day School has been closed for about 5 years, owing to the fact that it was not properly located. It is on the Spanish River Reserve, No.5,

POOR COPY

Thessalon Indian agency. The Indians do not reside in the vicinity. Requests have been made for the erection of a new school at a more central point. A proposal has been submitted to the Department from time to time, that the old school building be torn down and any lumber that would be of service transported to the new site and used in the erection of a new school. The Indians would, no doubt, do part of the labour, voluntarily. It would be necessary to supply the building materials. There is need of a school for the Indian children, who are growing up wild, without education. The Agent and the Church Authorities request that a new school be erected next summer. There are 20 children of school age.

CHRISTIAN ISLAND - To erect new school building with teacher's living quarters for R. C. Indian children - $6,000.

This school, on Christian Island reserve, No. 30, was opened last September, at the urgent demands of the Roman Catholic Church authorities (Jesuit Order) and is being conducted, temporarily, in the church building. It will be necessary to erect a school building with living quarters for the teacher. There are approximately 30 Roman Catholic Indian children of school age who can attend. The present arrangement for carrying on the work in the church is unsatisfactory and a new building, with classroom accommodation and teacher's living quarters, is needed.

S A S K A T C H E W A N

WHITE BEAR'S - (Moose Mountain Agency)

To erect two-roomed school building with living quarters for two teachers - $8,000.

The building at present in use for day school purposes is so old that it is not worth an expenditure for repairs. It is not centrally located and will accommodate less than one-half of the available pupils from the reserve. This school is conducted under the auspices of the United Church of Canada. The Indians are about equally divided between the United Church and the Roman Catholic denominations. At present, there are 18 children from this reserve attending Catholic residential schools. A number of the remaining Catholic children do not attend any school and the few enrolled at the United Church day school attend irregularly.

Mr. Inspector Murison and the local Indian Agent report that a two-roomed day school building, to provide classroom accommodation for 75 children and living quarters for two teachers, should be erected, at a more central point. The school should be conducted without church control, and, if this were done, it would solve the difficulty in providing ample school facilities for this reserve. No doubt, there would be objection on the part of the two above named denominations in relinquishing their claims for a separate school for each denomination, In any event, it is necessary

that a new school be erected, to replace the present building. It would involve less expense to erect a two-roomed school and conduct it in future as an undenominational school, solely under the control of the Department, rather than erect two separate buildings and provide their maintenance costs. There are 75 children of school age on this reserve.

BRITISH COLUMBIA

FORT McLEOD - To complete building for day school purposes - - - $ 200.

There are 26 Indian children at Fort McLeod who have never attended any school. A request has been received, urging that a summer school be conducted. The Indians have agreed to get logs and put up the building, if the Department would assist in providing windows, doors, flooring and finishing materials. The local Agent estimates that the cost would be $200.

FORT GRAHAME - To complete building for day school purposes - - 100.

There are 47 children of school age at this point. A few have attended the Lejac Indian Residential School, but the majority have never attended school. A request has been made that a summer school be conducted. There is a church building at this point, which, the Agent states, could be improved at much lower cost than erecting a new building for school purposes. The Agent estimates that, for the sum of $100, the quantity of building material could be supplied to fit up the church building - which would provide suitable accommodation for school purposes for a number of years.

CAMPBELL RIVER - To erect new school building - 1,600.

During the past three years, the Indians have petitioned for the establishment of a school for the Indian children of the Campbell River Band, Kwawkewlth Agency. The census of the Band shows that there are 26 children on the reserve, 16 of whom are of school age. A few children from this reserve have been in residential schools, but the majority have never attended school. Mr. School Inspector Barry and the Assistant Indian Commissioner have strongly urged the establishment of a school on this reserve. Mr. Perry, Assistant Commissioner, states that a building could be provided at a cost of approximately $1,500, of sufficient size to accommodate 25 children. The United Church authorities have requested that, if a school is established, it be conducted under their auspices - they have a majority on the reserve and nearly all the children are Protestant.

(cont'd.)

KLEMTU - Repairs to Building - - $300.

The school on this reserve is being conducted in a very old building, belonging to the Indians. The roof and foundations are in an advanced state of decay and the whole building is leaning over to one side. A request has been received from the United Church authorities, under whose auspices the school is conducted, and from the local Indian Agent, that the urgent repairs be carried out. This would place the building in a condition to make it serviceable for a number of years.

INDIAN EDUCATION - 1935-36

INDIAN RESIDENTIAL SCHOOLS,

BUILDINGS, REPAIRS AND EQUIPMENT, 1935-36

EXPLANATION OF INCREASE:

AMOUNT REQUIRED, FISCAL YEAR 1935-36	-	$145,895.00
AMOUNT PROVIDED, " " 1934-35	-	87,895.00
INCREASE:	-	$58,000.00

During the past four years, owing to reduced Appropriation, only the minimum repairs to Residential School buildings were carried out. Consequently, at each school extensive repairs are urgently required if the buildings and plant are to be maintained in at least fair condition. No extensive repairs have been made to buildings and little equipment provided during the period mentioned. The school managements are experiencing considerable difficulty in their work in carrying on with equipment needing replacement or repair. Requests from Principals, Inspectors, Agents and Church Authorities emphasize the need of extensive repairs to buildings and the renewing of equipment. These requests have been carefully considered, and only the requirements which are urgent are included. The total amount provided, $145,895.00, is the minimum requirement for the year 1935-36 if the residential schools are to be maintained at reasonable efficiency. There are 79 Indian residential schools in operation.

BUILDINGS, REPAIRS AND EQUIPMENT, 1935-36

EXPLANATION OF INCREASE:

AMOUNT REQUIRED, FISCAL YEAR 1935-36	-	$41,735.00
AMOUNT PROVIDED, " " 1934-35	-	3,100.00
INCREASE:	-	$38,635.00

On several of the reserves, there are Indian children who have never attended school - no facilities being provided. During the past four years, no new day school buildings have been erected and few repairs to existing school buildings. The Estimates for 1935-36 include provision for the erection of seven new day school buildings, on reserves where the Indian children have never attended school; also to replace old and dilapidated buildings on three reserves and carry out repairs to several other buildings. The erection of the new day school buildings will provide school facilities for approximately 350 children. Full particulars are given in the memorandum attached to the Estimates.

E S T I M A T E S

I N D I A N E D U C A T I O N - 1935-36

INDIAN DAY SCHOOL SALARIES - 1935-36

EXPLANATION OF INCREASE

AMOUNT REQUIRED, FISCAL YEAR 1935-36	-	$256,985.00
AMOUNT PROVIDED, " " 1934-35	-	230,000.00
INCREASE	-	$26,985.00

When the Estimates for the current fiscal year (1934-35) were prepared, the 10% deduction was in effect and, consequently, the teachers' salaries were voted on that basis. Subsequent legislation restored salaries of all those persons receiving $1,000 and less to their original amount. In providing salaries for the coming fiscal year (1935-36) it is necessary to vote them at the original amount. Besides, several day schools were re-opened and three new schools established and salaries of teachers provided.

This explains the increased Appropriation mentioned above.

			Increase required -		~~$34,850.25~~ $22.049

27/11/34 approved as amended above by A.M.

The following are the reasons for the increases in pupilage at each of the above named schools:-

voted at 94 TO = 20.726

KENORA

Grant is now provided for 76 pupils at $165 per capita, (less 15%). It was necessary to admit six extra orphan and neglected children. This school is located near the Cecilia Jeffrey (Presbyterian) Residential School, which is allowed

- grant for

POOR COPY

gr[illegible] for 145 pupils. There are more Catholic children in the Kenora agency than the Kenora Residential School can accommodate. The number for which an increase in grant is now requested, viz.: 82 pupils, is the full number the school c an accommodate. The six extra pupils now in residence over the number provided for in our Estimates were taken in by the Principal at the request of the Department, as they were neglected children. I beg to recommend that grant be provided for 6 extra pupils.

SPANISH (R.C.)

Grant is requested for an increase of 20 pupils. At present, grant is provided for 230 pupils at $160 per capita. There are now 250 children enrolled. This is the only Roman Catholic Residential School in Ontario, east of Sault Ste. Marie. There are many urgent requests to provide for orphan and neglected children from Caughnawaga, St. Regis and Oka reserves, in Quebec. It has been necessary to place them in this school and allow grant as supernumerary pupils. There is ample accommodation, and I would request that provision be made in the Estimates for the coming fiscal year for an increase of 20 in the pupilage. There is ample accommodation for 250 children at this school.

SHINGWAUK HOME (C. of E.)

A new residential school building is in course of erection and will likely be completed early next Spring, to provide accommodation for 125 pupils. The present Estimates provide a grant for 100 pupils only. There are requests from the various reserves in Ontario and Quebec for the admission of orphan and neglected children of the Anglican Church to this school, and there will be a sufficient number of pupils available to fill the new school to capacity. I would suggest that provision be made in our Estimates for the coming fiscal year for an increase of 25 pupils.

BRANDON (U. C.)

The Principal has requested that the pupilage at this school be increased by five, i. e., 170 instead of 165, as at present. There is ample accommodation for the increased pupilage. Requests received by the Principal from agents and parents indicate that a total of 170 pupils will be available. In some cases, the Principal has had to refuse admissions, as he had an enrolment up to the full number for which grant was provided. I submit the request for provision of grant for 170 pupils for your consideration and direction.

ROUND LAKE (U. C.)

The church authorities and the local Indian Agent have requested that grant be provided for an increase of 5 pupils. The dormitories provide accommodation for 40 boys and 40 girls, and this number of pupils are available from the reserves in the Crooked Lake agency. At present, grant is allowed for 75 pupils. This request is submitted for your consideration and instructions, whether the increase asked for be provided.

POOR COPY

LEY (U.C.)

Plans are under way for the building of an addition to this school, to provide accommodation for 100 pupils. At present, grant is only provided for 70 pupils. As the addition will, no doubt, be completed early next Spring and as there are a sufficient number of children available on the Stony reserve to fill the school, I would recommend that provision be made in the Estimates for the coming fiscal year for an increase of 25 in the pupilage. This will provide a grant for a total of 100 pupils at this school.

ST. BERNARD'S (R.C.)

His Lordship Bishop Guy has urged that grant be provided for an increase of 25 in the pupilage at this school. At present, grant is provided for 75 pupils. His Lordship wishes this to be increased to provide for 100. The parents of the children are hunting Indians, and the school management is called upon to accept their children when the parents are absent. Bishop Guy states that there is ample accommodation for 100 children in the school. This request is submitted for your consideration and direction.

WABASCA (R. C.)

Bishop Guy has requested grant for 25 extra pupils at this school. At present grant is provided for 100. The same reasons apply as in the case of the St. Bernard's School, mentioned above. His Lordship states there is accommodation for 125 pupils, and this number are available. I would ask your direction as to whether the increased pupilage, as requested by Bishop Guy, in the case of this school be provided.

ALERT BAY (C.E.)

The Missionary Society of the Church of England, under whose auspices this school is conducted; the Principal and the local Indian Agent have requested that provision be made for an increase of 10 in the pupilage. At present, provision is made for 200 pupils. The school has already the increased number of pupils in residence - there being sufficient space and accommodation for them. The local agents have many requests to place children of indigent parents, and they frequently request the Principal to take in cases of special emergency. During the past two years, this school has been handling several pupils over the number for which grant is provided. I beg to recommend that provision be made for an increase of 10 in the pupilage, providing a grant for a total of 210 pupils.

LEJAC (R.C.)

Requests have been received, during the past two years, for an increase in pupilage at this school. A new principal was appointed last April, and he and the local Indian Agent state that there is accommodation for 25 pupils more than the number for which grant is provided. The Indian Agent states that the new Principal has put new spirit into this school. It is requested that at least 15 extra pupils be allowed. The

(RG 10, Volume 6011, File 1-1-5A, part 1)

POOR COPY

Agent says the parents of the children uphold the school and there is a large number of Roman Catholic Indian children in British Columbia from which recruits can be obtained. There is no difficulty in keeping this school to its full accommodation. I would recommend, for your approval, that grant be provided for 15 extra pupils, making the total number for which grant is allowed 165.

ST. MARY'S (R.C.)

During last year, the church authorities who own the buildings at this school carried out alterations, repairs and extensions and can provide accommodation for 200 children. At present, grant is provided in our Estimates for 125 pupils. The Principal, who has visited the Department, has strongly urged that a grant be provided for a total of 200 children. Last year, in view of the alterations made to the building, the grant at this school was increased from 107 to 125 pupils. There are 160 children at present in the school. The Principal states he was forced to accept this extra number and that there is easily available the full number of pupils, viz.: 200, for which accommodation can be provided. I would request your favourable consideration for increasing the pupilage by at least 50, if you consider it not advisable to provide the increase asked for, viz.: 75 pupils, in our Estimates for the next fiscal year.

As shown by the figures in the summary above, it would require, approximately, the sum of $34,650.25 to provide for the increased pupilage asked for by the church authorities, principals and agents for the above mentioned schools. This would require an increase in our Appropriation for Per Capita Grants over that provided last year.

I might say, further, that the church authorities have requested that at least part of the 15% in grants be restored. I should be pleased to have your direction as to whether, in preparing our Estimates, the deduction of 15% be continued.

Harold W. McGill

Deputy Superintendent General.

Specific rates per capita rate to be made for each school. D.S.G.

December 21, 1934.

Memorandum:

Dr. McGILL,-

As you are aware, the Minister directed that the sum of $10,000 be transferred from the appropriation "Tuition, Indian Children, High Schools and White Schools", to "Per Capita Grants, Residential Schools". It will therefore be necessary to appropriate this amount among the residential schools, and I would beg to suggest that this be done by providing for an increased pupilage at a number of schools, as follows:-

Brandon (U. C.)	Increase	6	pupils	- $ 825.00
Cowessess (R. C.)	"	5	"	- 825.00
Hay River (C. of E.)	"	15	"	- 3,000.00
St. Bernard's (R. C.)	"	10	"	- 1,750.00
Wabasca (R. C.)	"	10	"	- 1,800.00
St. Mary's (R. C.)	"	15	"	- 2,700.00
				$10,900.00
	Less 5%			- 545.00
				$10,345.00
	Voted at 94%			- $9,724.30

I would appreciate your concurrence in the above.

General

School Buildings

February 20, 1935.

Memorandum:

Dr. McGILL,-

I submit the following schedule of Buildings and Works, in the order of their importance, to be included in any extension of the Public Works Construction Appropriation:-

Sturgeon Lake and St. Bernard's Residential Schools - These schools are located in the Lesser Slave Lake Agency, Alberta, Federal District of Peace River. They are not on reserves. It is proposed to amalgamate the two above named schools and erect a new residential school building - fireproof construction - to accommodate 200 children, to replace the present old buildings, which have outlived their usefulness. The new building will be erected on a central site, near transportation facilities, and will accommodate the Roman Catholic Indian children from both these points. $ 200 000

Wabasca (C.E.) and Whitefish Lake (C.E.) Residential Schools (Alta.) - These schools are located in the Lesser Slave Lake agency - Federal District of Athabaska and Peace River, respectively. It is proposed to erect a new residential school building, on a central site, to replace the present old buildings at the above schools. The buildings at these points have outlived their usefulness. The new building is to accommodate the children of the Anglican Church in the Lesser Slave Lake agency and will be conducted under the auspices of that denomination. 100 pupils. $ 125 000

Thunderchilds (R.C.) Residential School - To install water supply system . . . . . $15,000.

This school is situated at Delmas, Sask., Battleford Indian Agency (Federal District of South Battleford). It is intended to improve a spring, install pumping equipment and a pipe-line a distance of approximately one mile, to provide an ample supply of water for use of the above school . . . . .

St. Philips (R.C.) Residential School - To install electric power line . . . . . $ 5,500.

In order to provide electric power service for school use, it is intended to install a power line, a distance of approximately 6 miles, from the nearest source of supply. This school is located at St. Philips, Sask., in the Pelly Indian Agency - federal district of Mackenzie.

- Mud Lake, Ont.

Mud Lake, Ont. - To erect two-roomed day school building on the Mud Lake Reserve, No. 35 (Federal District of Peterboro West), each classroom to accommodate 36 children. This building is required to replace the former one, which was destroyed by fire. At present, classes are being conducted in the council hall. Cloakrooms and adequate heating facilities should be provided. .. . .$

Christian Island (U. C.) Ont. - To erect a new school building, with two classrooms, to provide seating accommodation in each for 30 pupils and also living quarters for two teachers, for the Protestant Indian children on the Christian Island Reserve, No. 30 - Federal District of Simcoe East. The present building is unsuitable for school purposes and does not accommodate the Indian children available. At the present time, it is necessary to have the second classroom in the council hall. It is also difficult to obtain suitable living accommodation for teachers. It would be necessary to provide adequate heating facilities . . . . . $

Oneida No. 1, Ont. - To erect a new school building with classroom accommodation for 40 pupils and teacher's living quarters, also adequate heating facilities. There are at present two schools on the Oneida Reserve, No. 41, in the Caradoc Indian Agency, and approximately 230 children of school age. There is urgent need for further school facilities, as there are a large number of children who do not attend any school. Outdoor toilets will also be required . . . . . $

New Credit, Ont. - To erect a new two-roomed school building, with classroom accommodation for 30 pupils in each, to replace the former building, which was destroyed by fire. This school is located on the New Credit Indian Reserve, No. 40 A, in the New Credit Indian Agency (Federal District of Haldimand). At present, classes are being conducted in the council hall, but the members of the Band have asked for a new school. Living quarters will be required for two teachers, as it is difficult to obtain suitable boarding accommodation in the neighbourhood. Outdoor toilets and heating facilities will also be necessary . . . . . $

Montreal Lake, Sask. - To erect a new school building and teacher's living quarters, with classroom accommodation for 32 children. This school is situated on Montreal Lake Reserve, No. 106, in the Carlton agency, Saskatchewan (Federal District of Prince Albert). The Agent has requested the erection of a new building to replace the present old one, which is in a dilapidated condition . . . . $

Further Details re General Vote Items.

Aids to Indians

To provide for the construction of thirty new houses for Indian families who are forced to move to higher ground as a result of the raising of the water level of Lac Seul ..... $ 25,000.

Explanation

The Lac Seul Conservation Act passed June 11th, 1928, provides for the raising of the waters of Lac Seul, for power development purposes, to a maximum level of 1,172 feet. This will result in flooding certain Indian Reserve lands to a depth of 14 feet.

It therefore becomes necessary to re-establish thirty Indian families on higher ground during the present year.

It is not considered feasible, owing to their condition, to move the houses which these families now occupy. Consequently, new houses will have to be constructed.

According to plans and estimates prepared, each of these houses will cost in the neighbourhood of $850.00. Therefore, at least $25,000.00 will be required for this purpose.

The actual expenditure incurred will be included in this Department's claim for compensation under the provisions of the Lac Seul Conservation Act, passed on June 11th, 1928.

Special Item

To provide for payment of the Six Nations Indians' claim for funds and lands taken from them in connection with the canal and works of the Grand River Navigation Company incorporated 1832 by an Act of the Legislature of the Province of Upper Canada ..... $ 213,109.

Explanation

Cash paid out of funds of the Six Nations Indians on stock in the Grand River Navigation Company	$ 160,000.
Value in 1832 of 368 7/10 acres of land granted the said Company without consideration at $40.00 per acre	14,748.
Other lands granted Company, without consideration, 182½ acres in 1832 at $10.00 per acre	1,825.
Lands permanently flooded by works of Welland Canal, amounting in 1837 to 1826 8/10 acres at $20.00 per acre.	36,536.
	$ 213,109.

Funds of the Six Nations Indians, to the amount of $160,000., were invested by the Government in the Grand River Navigation Company without the knowledge or consent of the Indians, and were entirely lost.

The lands granted to the Grand River Navigation Company were to be paid for but this was never done nor was compensation ever paid for the lands permanently flooded in connection with this scheme.

Beauval Indian Residential School ($40,000.00)

The Beauval Indian Residential School, conducted under the auspices of the Oblate Order and located in northern Saskatchewan, was totally destroyed by fire on September 19th, 1927. The church authorities erected a new building, to accommodate one hundred pupils, during the years 1929 and 1930. The total cost incurred by the church authorities in the erection of the building was $133,763.86. Reimbursement has been made by the Department to the amount of $93,763.86. His Lordship Right Reverend M. Lajeunesse, O.M.I., Vicar Apostolic of Keewatin, has urged, on behalf of the Oblate Order, for a final payment of the above amount, in full settlement of the cost incurred in the erection of the building.

November 2, 1935.

[redacted]

Dr. McGILL,-

With reference to the communication from the Honourable the Minister of Finance to the Honourable the Superintendent General of Indian Affairs, regarding the probable results of the operations for the current fiscal year, based on present commitments and programmes, I have to say, in so far as the finances for Indian Education are concerned, that the total Appropriation is $1,970,000. Of this amount, the sum of $1,561,225, or 79% of the total appropriation, is fixed charges, viz.:-

Per Capita Grants	- $1,286,925.
Salaries, Teachers, Janitors, Truant Officers, Night Watchmen, etc.-	274,300.
	$1,561,225.

From the above, it will be seen that only the sum of $408,775 remains, to provide the cost of the erection of five day schools, repairs, alterations, equipment, fuel, classroom supplies and equipment, travelling expenses, freight, and miscellaneous expenditures.

The total expenditure for Indian Education, to October 31st, 1935, was $1,180,546.78, leaving the sum of $789,454.00 to cover the expenditures for five months - the balance of the present fiscal year.

From the above balance on hand, there will be required, to meet all commitments for the balance of the present fiscal year, as follows:-

Per Capita Grants	-	$321,700.
S a l a r i e s	-	114,300.
Buildings, Repairs & Equipment	-	150,000.
Supplies, Fuel, Stationery	-	50,000.
Travelling Expenses of pupils and Tuition Grants	-	20,000.
Miscellaneous and Unforeseen	-	90,000.
T o t a l	-	$746,000.

Commitments which have already been made cannot be altered. The work on construction of new day school buildings is practically completed, as is, also, the work in connection with the carrying out of repairs, alterations, improvements and the supplying of equipment.

It may, therefore, be possible to save an unexpended balance from the Appropriation for Indian Education, to the amount of, approximately, $43,000.00.

Acting Supt. of Indian Education.

2.

November 14, 1936.

Memorandum:

Dr. McGILL,-

With reference to the letter from the Honourable the Minister of Finance, of the 29th ultimo, dealing with control of expenditure, I attach hereto a statement, giving the following information as regards the Appropriation for Indian Education, 1935-36:-

1. Amount and details of each sub-allotment.

2. Amount encumbered to October 31, 1936.

3. Amount of expenditure from each sub-allotment, to October 31, 1936.

4. Estimated further amount required to meet all expenditures to March 31, 1936.

5. Estimated amount of Appropriation of the various sub-allotments not required.

From the statement, it will be seen that the estimated amount that will not be required to meet all expenditures for Indian Education for the current fiscal year will be $41,000. However, I may say that the Department could use this amount in paying advances on per capita grant for the quarter ending March 31st, next.

The total amount provided in the Main Estimates was:	-	$1,846,000.
Supplementary Estimates	-	154,000.
Total:	-	$2,000,000.

From the above, only the amount of $1,952,114 has been assigned by the Treasury Department, being a decreased amount of $47,886. This amount, together with the estimated amount that will not be required, as shown by the statement attached, will make a total of approximately $88,000 of the Appropriation for Indian Education which, it is possible, may not be required.

H. Butcher

Acting Supt. of Indian Education.

MINISTER OF FINANCE
Canada

Ottawa, November 13, 1935.

My dear Colleague,

Will you kindly take the necessary steps to ensure that the 1936-37 estimates for services under your direction are prepared at once. As you know, our present financial position demands we strive to balance income and outgo and to eliminate duplications of effort and services. In view of his relations with the Departments, and the experience gained in the past three and a half years, the Comptroller of the Treasury, acting under instructions, is making studies for the foregoing purposes, and will discuss with departmental officers their proposals before they reach your desk. Might I, therefore, suggest you give instructions that, when your officers submit final drafts for your decision, these be accompanied by copies of any comments the Comptroller has filed with them.

Yours faithfully,

(Signed) Chas. A.Dunning

The Honourable T.A.Crerar,
Minister of Mines,
OTTAWA.

NEW BUILDINGS - DAY SCHOOLS

QUEBEC

MARIA (R.C.)

To erect addition, to provide second classroom . . . $3,000.00

This school is on the Maria Reserve, No. 2, Bonaventure Co., Que. The present building has accommodation for only 25 pupils, whereas there are 48 children of school age on the reserve. It is necessary to arrange for a second classroom, to adequately provide school facilities for all the children of school age on this reserve. The local Agent and the departmental Inspector have recommended the erection of an addition to the present building.

RESTIGOUCHE (R.C.)

To erect building with two classrooms 7,800.00

This school is on the Restigouche Reserve, No. 1, Bonaventure Co., Que. The present building has adequate accommodation for only 90 pupils. It is much overcrowded, the enrolment being 123. There are 140 children of school age on the reserve. The present building, containing three classrooms, does not permit of being enlarged. The local Agent and our Inspector have recommended the erection of a separate building for the older pupils, to contain two classrooms.

TOTAL, QUEBEC $10,600.00

ONTARIO

CHRISTIAN ISLAND (R.C.)

To erect new school building with teacher's living quarters 7,800.00

This school, on the Christian Island Reserve, No. 30, (Electoral District of Simcoe East) was opened on September first, 1934, at the urgent demand of the Roman Catholic Church authorities

Forward 7,800.00

authorities (Jesuit Order) and is being conducted in the church building. It is necessary to erect a school building, with living quarters for the teacher. There are approximately 30 Roman Catholic Indian children of school age, who can attend. The present arrangement for carrying on the work in the church is unsatisfactory, and a new building, with classroom accommodation and teacher's living quarters, is needed. This item is a revote. Owing to local conditions, it was not possible to have the building erected during the present year.

RABBIT ISLAND (R.C.)

To erect school building with teacher's living quarters 6,000.00

The Rabbit Island settlement is located some 7 miles north of the present Wikwemikong Indian Day School and is on the Manitoulin Island Unceded Reserve. On this section of the reserve, there are 34 children of school age. The lack of school facilities in this section has necessitated a number of families deserting their farms to live in the village of Wikwemikong. The Indians have been requesting a school for some years, in order that they could live on their farms and at the same time have their children receive an education.

METAGAMI

To assist in erection of school building, with rooms attached for living accommodation of teacher . . 1,500.00

The Anglican Church authorities, strongly supported by the local Indian Agent, have requested that school facilities be provided for the Indians residing on this reserve (No. 71, in the Chapleau Indian Agency, Province of Ontario. The Indians of the Band have become fairly well established, and the move towards a school would

- encourage $15,000.00

encourage them to remain on the reserve, instead of wandering all over the north country, as they have been in the habit of doing for the past number of years. There are 25 children of school age. In the erection of a building, the Indians have agreed to do a great deal of the work, themselves, voluntarily. At present the children on this reserve are receiving no education.

SEINE RIVER

To erect school building with teacher's living quarters 2,500.00

This school would be located on the Seine River, Reserve, No. 23A, Fort Frances Indian Agency, (Electoral District of Kenora-Rainy River) Ont. There are approximately 35 children of school age, for whom no educational facilities are provided and who do not attend school. The Indian Agent has requested, during the past three years, that a school building be erected. The Chief and members of the Band, also, have been urging the establishment of school facilities for their children. The Indian Agent, in a recent communication, states as follows: "I have been asking that a day school be built on this reserve for the last three years. I hope that, next year, we may be able to erect a school. I will have a hard time in explaining to the Indians why their reserve cannot have a school." The Agent states that a building of an inexpensive type, 20' x 30', would be satisfactory - the outside to be shiplap, paper and siding. The building could be erected by the Indians, under the charge of a competent foreman-carpenter.

MUD LAKE

To erect two-roomed day school building 3,000.00 1,500.00

This school is situated on the Mud Lake Reserve, No. 35, Electoral District of Peterborough West. A building is required to replace the - former school

former school, which was destroyed by fire. At present, classes are being conducted in the council hall, and it would be necessary to provide two classrooms - each to accommodate 36 children. Cloakrooms and adequate heating facilities will also be required.

ONEIDA NO. 1.

To erect new school building with teacher's living quarters 7,000.00

There are at present two schools on the Oneida reserve, No. 41, in the Caradoc Indian agency - Electoral District of Middlesex West. There are approximately 230 children of school age on the reserve. There is urgent need for further school facilities, as there are a large number of children who do not attend any school. The local Indian Agent has been requesting further school facilities for this reserve for some time.

NEW CREDIT

To erect two-roomed school building with living accommodation for two teachers . . . 8,500.00

This school is located on the New Credit Indian reserve, No. 40A, in the New Credit Indian Agency - Electoral District of Haldimand. The school building at this point was destroyed by fire a few years ago, and, since that time, classes have been conducted in the council hall. The members of the Band have repeatedly asked that a new school be erected, having two classrooms with accommodation for thirty pupils in each, and also that living quarters be provided for two teachers, as it is difficult to obtain suitable boarding accommodation in the neighbourhood. Outdoor toilets and heating facilities would also be necessary.

TOTAL, ONTARIO . . . $40,000.00

NEW BUILDINGS - DAY SCHOOLS

MANITOBA

To erect new school building . . . . . $ 3,000.00

This school is situated on the Poplar River Reserve, No. 16, Clandeboye Agency (Electoral District of Springfield), Man. There are forty (40) children of school age on the reserve. The Agent reports as follows regarding the condition of the present building: "The log foundation has rotted and the walls have bulged. The lumber construction was a rather poor erection in the first place, as the lumber dried out to such an extent as to render the building no longer weather-proof in severe weather, and in extreme cold or windy weather it is impossible to heat the building. . . The present building is beyond repair."

The Agent recommends that a new building, of frame construction, with classroom accommodation for 40 children, be erected. The work can be carried out by Indian labour, in charge of a competent foreman-carpenter. The Agent strongly urges the erection of a new building during the coming [redacted].

DEER LAKE (U.C.)

To erect log building with lean-to addition for teacher's living quarters . . . 1,200.00

The Deer Lake Band reside at Sandy Lake, located in that part of the Clandeboye agency in the province of Ontario. Sandy Lake is situated approximately 360 miles north of Sioux Lookout. No reserve has been surveyed or set aside for these Indians. This Band is one of the largest and most self-sustaining in the agency. There are no school facilities provided and the Indians are anxious to have their children receive an education. There are approximately 100 children of school age. Requests have been received from missionaries and representatives of the Board of Home Missions of the United Church for the establishment of a school. The Agent states that a building 22' x 30', with a lean-to 18' x 22' would be sufficiently large to accommodate the children and house the teacher. The building would be of log construction and the Indians would do all the work, if rations were supplied them. The Agent states that he is sure the cost would not exceed $1,200.

UPON CASHING

To erect school building with living quarters for teacher $1,200.00

Upon Cashing is an Indian settlement, located on an island, about 9 miles north east of the Little Grand Rapids Reserve, No. 14, Clandeboye Agency. These Indians are members of the Little Grand Rapids Band. They have had their homes on this island for many years and are the most prosperous families of the Band. They reside permanently in this place and the Agent states that they will continue to do so, indefinitely, because of the fact that there is plenty of hunting and fishing - more than on their own reserve. There are 30 children of school age, who have never been in school. The Indians would do the work of erecting a log building, if they were provided with an allowance for finishing materials, freighting and rations. A petition was recently received from these Indians for the establishment of a school.

TOTAL, MANITOBA $5,400.00

SASKATCHEWAN

MONTREAL LAKE (C.E.)

To erect teacher's residence 1,800.00

This school is located on the Montreal Lake Reserve, No. 106, Carlton Agency -(Electoral District of Prince Albert). The teacher is residing in a small shack, which is the property of the Anglican Church. This building is in a poor state of repair and has very limited accommodation. The Agent reports that this house is not fit for any person to live in, and Mr. Inspector Murison and himself have both strongly urged the providing of a suitable residence for the teacher. His Lordship the Bishop of Saskatchewan, also, has requested that a suitable building be provided. It will not likely be possible to retain the services of a teacher under present living conditions.

AHTAHKAKOOPS (C. of E.) - To erect school building . . 3,500.00

This school is located on the Ahtahkakoops (Sandy Lake) Reserve, No. 104, Carlton Agency (Electoral District of Prince Albert. There are approximately 45 children of school age. The building now in use is an old log one, which is in poor condition, beyond repair, and is overcrowded. The local Indian Agent has urged the erection of a new building.

BRITISH COLUMBIA

BELLA BELLA (U.C.)

To erect school building (2 classrooms) also outbuildings $8,500.00

This school is situated on the Bella Bella Indian Reserve, Bella Coola Agency (Electoral District of Skeena). The present school building is old and so small that some of the children attend in the forenoon and the others, in the afternoon. There is an Indian population of over 400 on the reserve, with approximately 75 of school age. A new two-roomed school building is required. The work in erecting the building could be carried out by Indian carpenters, under a white foreman. Requests for a new school have been made by the local Indian Agent, the Medical Officer and the church authorities.

BOOTHROYD (C. of E.)

To erect new school building 3,000.00

This school is located on the Boothroyd Reserve, Lytton Indian Agency (Electoral District of Cariboo. The present school building is too small and is also in a very bad state of repair. It is not worth any further expense in making repairs. A new building is required, to provide accommodation for approximately 25 pupils.

SETON LAKE (Shalalth) (R.C.)

To erect new school building 3,000.00

This school is on the Shalalth Reserve, Lytton Indian Agency (Electoral District of Cariboo. The present building is too small to provide accommodation for the number of children available. It is also in very bad condition and not worth the expense in making repairs. The Indian Agent requests that a new school be erected to provide accommodation for 25 pupils.

A L B E R T A

Crowfoot (R.C.) - To erect addition to present building . . . . . $50,000.

This school is situated at Cluny, Alberta, on the Blackfoot reserve. His Lordship the Bishop of Calgary has strongly urged that increased accommodation be provided. The present building accommodates 75 children, and there are a further number of Roman Catholic children on the reserve, for whom it is necessary to provide school facilities. Mr. Inspector Christianson and the local Indian Agent both endorse the erection of an addition to the present building. It is proposed to build two wings, which will provide dormitories, chapel, and a laundry and boiler room; also to make some alterations in the present buildings.

Whitefish Lake (C.E.) - Towards erection of new school building (for the purchase of material) . . . . 40,000.

A new residential school building is required, to provide accommodation for 80 pupils, at Whitefish Lake (Utikoomak Lake Reserve, No. 155), Lesser Slave Lake Indian Agency, northern Alberta, to replace the present old residential school building at this point, and also the residential school building on the Wabasca Reserve, No. 166. The present buildings at these points have become unfit for use, are dilapidated and beyond repair and a menace to the health of the pupils. These schools are conducted under the auspices of the Church of England. The erection of a new modern school building will meet the needs at both points and provide school facilities for all pupils of the Anglican faith in the Lesser Slave Lake agency.

TOTAL, RESIDENTIAL SCHOOL NEW BUILDINGS . . . $90,000.

NEW BUILDINGS and ADDITIONS,

RESIDENTIAL SCHOOLS

WHITEFISH LAKE (C.E.)

To erect new school building $100,000.00

It is proposed to erect a new residential school building, to provide accommodation for 100 pupils, at Whitefish Lake (Utikoomak Lake Reserve, No. 155) Lesser Slave Lake Indian agency, northern Alberta, to replace the present old residential school building at this point, and also the residential school building on the Wabasca Reserve, No. 166. The present buildings at these points have become unfit for use, are dilapidated and beyond repair and a menace to the health of the pupils. These schools are conducted under the auspices of the Church of England. The erection of a new modern school building will meet the needs at both points and provide school facilities for all pupils of the Anglican faith in the Lesser Slave Lake agency.

CROWFOOT (R.C.)

To erect addition to present building 60,000.00

This school is situated at Cluny, Alberta, on the Blackfoot reserve. His Lordship the Bishop of Calgary has strongly urged that increased accommodation be provided. The present building accommodates 75 children, and there are a further number of Roman Catholic children on the reserve, for whom it is necessary to provide school facilities. Mr. Inspector Chisholm and the local Indian Agent both endorse the erection of an addition to the present building. It is proposed to build two wings, which will provide dormitories, chapel, and a laundry and boiler room; also to make some alterations in the present buildings.

CARCROSS (C.E.)

To erect addition to present building 10,000.00

This school is located at Carcross, Yukon Territory, and is conducted under the auspices of the Missionary Society of the Church of England. The church authorities have made frequent requests, during the past three years, for the erection of a two-story extension to the rear of the present building - the upper story to be used as a chapel and assembly room and the lower, as

- a laundry

a laundry. At present, this school has no chapel, no special laundry room or modern laundry equipment, or no recreation room. By erecting an addition and making certain changes in the present building, accommodation can be provided for 25 more pupils, making a total of 65. This school serves the needs of the Anglican Indian children of the Diocese of Yukon and also the northern part of the Diocest of Caledonia.

THUNDERCHILD (R.C.)

To provide water supply system 10,000.00

The present water supply is obtained from the Canadian National Railways' tank at Delmas. The source of supply is a pipeline to the Saskatchewan river. The school authorities pay the expense, approximately $100 per month, in pumping the water. The Department has spent considerable funds in drilling a well, without results. The matter of a water supply was referred to the Dominion Water Power Branch, whose engineer reports that there is a spring, with a plentiful supply of water, that could be piped to the school, and the cost of installing the system from the spring should not exceed the sum of $10,000. It is urgent that an adequate water supply be provided, as the present arrangements are very unsatisfactory and there is liable to be a complete breakdown at any time, leaving the school without a water supply.

CAUGHNAWAGA (R.C.)

To erect residence for staff
(16 teaching Sisters and staff of
lay Sisters) ..... $ 30,000.00

At the Caughnawaga R. C. Indian Day Schools, arrangements were made, as from September first, 1914, with the Sisters of St. Anne, Lachine, Que., for the employment of members of their Order as teachers. An old stone house on the reserve was altered and, with an addition provided, served as a residence. This building is now inadequate and a new residence should be erected next summer. In the interest of the welfare and health of the Sisters engaged in the teaching service, the Reverend Sister Superior has urged upon the Department the need of a new residence.

ALLOTMENT — INDIAN EDUCATION

DETAILS OF DEDUCTION IN ESTIMATES

Objects of Expenditure

Grants - Per Capita	Deduction 10%	-	$130,000.00
Grants - Tuition	Deduction	-	5,000.00
Grants - Assistance to Ex-pupils	"	-	2,400.00
Grants - Fall Fairs	"	-	100.00
New Buildings- Residential Schools	"	-	90,000.00
New Works - Residential Schools	"	-	13,000.00
New Buildings - Day Schools	"	-	60,700.00
Repairs - Residential Schools	"	-	4,000.00
	TOTAL DEDUCTION	-	$305,200.00

Grants - Per Capita — Deduction 10% - $130,000.00

During the period of depression, it was necessary, in the interests of economy, to make a flat decrease in per capita grants of 10%, during the fiscal year 1932-33. For the fiscal year 1933-34, per capita grants were further decreased by 5%, making a total deduction of 15%. Ten per cent. of the cut in the per capita grants was restored in the Estimates for the fiscal year 1935-36. In the cutting of the per capita grant by 10% in the Appropriation for 1936-37, it will reduce the rate to the same as was paid during the fiscal year 1934-35. The church authorities under whose auspices the residential schools are conducted, made a strong demand for the restoration of the 15% deduction in per capita grants, and the previous administration agreed to a restoration of only 10%. In preparing the Estimates for the fiscal year 1936-37, the grants were calculated on that basis - this being, as stated, the same rate as was paid during

- the current

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR COPY

the current fiscal year. There will, no doubt, be very strong objection made, on the part of the church authorities, to a cut in grants at the present time, but this will be entirely necessary if the Appropriation for the fiscal year, 1936-37, is to be reduced as requested.

Grants - Tuition — Deduction — $5,000.00

This will leave the amount requested in the Appropriation for 1936-37 at the same rate as was provided during the fiscal year 1935-36. Each year, more Indian children are passing their Entrance to high schools and are anxious to obtain a higher education. There are many d[illegible]s, and it has been necessary to set a fairly high standard before any pupil is allowed a grant. Besides, there are more Indian children attending white schools in cases where the Department has no facilities provided. In the Estimates for 1934-35, the sum of $30,000.00 was provided for tuition grants, but this was cut in the current year's appropriation to $20,000.00. By reducing the amount asked for in the Estimates for 1936-37, it will mean that a number of deserving pupils will be deprived of the opportunity to obtain a higher education than our Indian day schools provide.

Assistance to Ex-pupils — Deduction — $2,400.00

In the past, very little provision has been made to assist pupils of residential schools after they graduate. It is a difficult problem to know what to do with these pupils when they return to their reserves. In cases where they marry and take up farming and housekeeping on their own account, the Department has provided a small grant to the man, to assist him in building a house, and to the woman in supplying household equipment. There are many demands to increase the assistance to our ex-pupils in becoming established on their reserves, and it has been only through lack of funds that greater assistance has not been given the ex-pupils. The time has arrived when very serious consideration will have to be given to the problem of establishing ex-pupils on their reserves.

Grants - Fall Fairs — Deduction — $100.00

This grant was given to encourage pupils of Indian day schools to carry out home gardening for the boys and sewing, cooking and general household duties for the girls. Fall fairs are held on a number of the reserves and small grants awarded for prizes in the various classes of the exhibits. From the appropriation provided, the Department is unable to meet the requests for grants for prizes for these school fairs.

POOR COPY

New Buildings - Residential Schools Deduction $90,000.00

This amount was to erect an addition to the present Crowfoot R. C. Residential School building, on the Blackfoot reserve ($50,000) and to erect a new residential school building at Whitefish Lake, Lesser Slave Lake agency, northern Alberta ($40,000).

The present building at the Crowfoot Residential School accommodates 75 children, and there are 30 children on the reserve for whom no school facilities are available. It was intended to erect an addition and make alterations in the present building, to provide for the accommodation of these children and also to provide facilities for the tubercular pupils. At present, there are 18 pupils of this school who are afflicted with active tuberculosis. By not providing the funds required to erect the addition and make alterations in the present building, it will result in a very serious menace to the health of the children at present in the school, and about 30 children will be deprived of educational facilities. This school is conducted under the auspices of the Roman Catholic Church.

The present old residential school buildings at Whitefish Lake and Wabasca, in the Lesser Slave Lake agency, are dilapidated and beyond repair. They have become unfit for use and are a menace to the health of the pupils. It is intended to amalgamate these two schools by the erection of a new modern school building on the Whitefish Lake reserve. It was proposed to forward building material and prepare a foundation during the winter of 1936-37, as all materials have to be forwarded by sleigh. If the work is not proceeded with, it may be necessary, in the interests of the children's health, to close both present buildings and send the children to their homes, pending the erection of a new building. The Church of England authorities, under whom this school is conducted, have, during the past several years, strongly urged the erection of a new building, to accommodate 80 children.

New Works - Residential Schools Deduction $13,000.00

The above amount was to provide new outbuildings at several of the Indian residential schools. While there is need for these buildings, the schools at which they were to be erected will have to carry on the work under present conditions.

- New Buildings Day

ARCHIVES PUBLIQUES
CANADA

Indian Affairs. School Files.
(RG 10, Volume 6011, File 1-1-5A, part 2)

POOR COPY

New Buildings - Day Schools — Deduction — $60,700.

It was intended to erect 13 new day school buildings, 6 of which were to replace present old buildings and 7 to establish new schools on reserves where there are at present no educational facilities provided. It was also intended to erect one teacher's residence, to provide living accommodation for a teacher. While there is necessity for the erection of new buildings, yet, as they have been carrying on, on a number of reserves, without educational facilities, the children can continue to do without schooling. Where it was intended to erect new buildings, to replace the present ones, the work will have to be carried on under existing conditions.

Repairs - Residential Schools — Deduction — $4,000. ✓

While the repairs covered by the above amount are necessary, the schools at which it was intended to do the work can manage without the repairs being carried out, until such time as it is possible to provide the funds for the purpose.

Memorandum:

MR. ORR,-

The Main Estimates for Indian Education for the fiscal year 1936-37 provide the sum of $5,000.00 for water supply, sewage disposal system and general repairs at the Mount Elgin Indian Residential School. The authorities of the United Church are very anxious that the work in regard to the sewage disposal system be completed this coming summer. I would suggest that you undertake the necessary arrangements to have the work mentioned above carried out. The sum stated is the full amount that will be available for any work undertaken at this school during the present fiscal year.

Memorandum:

MR. ORR,-

The Main Estimates for Indian Education for the fiscal year 1936-37 provide the sum of $500.00 for the extension to the sewage disposal system at the Cecilia Jeffrey Indian Residential School. On the file hereunder, you will see a report from Mr. Gow, Acting District Chief Engineer, Winnipeg, accompanied by a blue print, outlining the proposed location of the addition to the sewage disposal bed, together with an estimate of the cost. I had included the amount of $1,400 in the first draft Estimates for this work, but this amount was subsequently reduced to $600. I do not know how far this amount will go in doing the work. I shall be pleased if you will give the necessary directions to the Dominion Water Power Branch to undertake the work, as far as funds provided permit.

D

May 4th, 1936.

Memorandum:

MR. ONR,-

The Estimates for Indian Education for the current fiscal year provide for the following work at the Cequaleetza Indian Residential School:-

1.	Supplying and installing two vacuum pumps in boiler room - - -	$1,800.
2.	Supplying one - 16 h. p. high pressure boiler - -	500.
3.	Purchase of one hot water tank -	400.
4.	Re-shingling and re-conditioning roofs of buildings - -	325.
5.	Miscellaneous repairs - -	400.

Mr. Agent Daunt, in forwarding his Estimates, last fall, states that the installation of the two vacuum pumps in the boiler room is rendered necessary because the steam return from the upper radiators back to the boilers is so slow, that condensation takes place too rapidly and pockets are formed. To overcome this, the Engineer has to resort to forcing his furnaces at full capacity. This waste of fuel does not bring results and, in consequence, the building is cold on its exposed side and radiators are frozen.

Re high pressure boiler, the Inspector of Boilers of the Public Works Department condemned the present boiler in use and stated it could not be used after the end of the present school year, June next. A new hot water tank - capacity 500 gallons - with heating coil, is required for laundry purposes.

DEPARTMENT

1-1-6.

Ottawa, May 22, 1936.

Dear Sir:

I have your No. 200-4A of the 19th instant, regarding the condition of the sign boards located near the entrance of the schools and agencies in your inspectorate and requesting that, owing to their present condition, they be either removed or placed in good repair.

It is considered, if a large expenditure is not required, that these signs should be repaired and repainted. It should only be necessary to have these signs installed at those schools or agencies located on main travelled roads. I would request that you submit the names of the schools and agencies where you would recommend the signs be repaired and state the approximate cost in each case. Your suggestion, that the sign boards be covered with tin and then repainted, is considered satisfactory, if any work is carried out. Our funds are extremely limited, and, when we have the information regarding the cost, consideration will be given as to whether the work in repairing these sign boards can be authorized.

Yours truly,

T. R. L. MacInnes,
Acting Secretary.

INSPECTOR'S OFFICE

ED WINNIPEG, MAN., May 19th, 1936.

Sir:-

I wish to bring to the Department's attention the condition in which I find the sign boards provided some six years ago for the Indian Residential Schools and Indian Agencies.

These signs are approximately 2½x3½ ft., made of lumber and located in a conspicuous spot near the entrance of the school or agency. They have the name of the Agency or school painted on them, together with "Dept. of Indian Affairs - Dominion Government".

The boards have become very weatherbeaten and most of the paint is gone. They are also badly warped and twisted. I would like to suggest that these sign boards be either taken down altogether or that they be repaired by covering with tin and then re-painted.

The Department's instructions in connection with this matter will be appreciated.

Your obedient servant,

A. G. Hamilton

SUPPLEMENTARY ESTIMATES - 1936-37

INDIAN EDUCATION:

Increase of 10% in Per Capita Allowance to Residential Schools - $130,000.

In view of instructions received to keep the Appropriation within a certain limit, it was found necessary, when preparing the Main Estimates for Indian Education for the fiscal year 1936-37, to cut the per capita grants to Residential Schools by 15%. This meant that the per capita grants were reduced by 10% from the preceding year. The church authorities, under whose auspices the residential schools are conducted, have made a strong demand for the restoration of the 10% in the grants. To permit the Department to pay per capita grant at the same rate as last year, viz.: 5% deduction from the usual rate, it will require that the sum of $130,000 be provided.

MEMORANDUM

Mr. Sutherland

Re Estimates 1937-38

I would ask you to please get under way your estimates for the coming fiscal year. The Department has been requested to submit them as soon as possible.

As the estimates from the Agents are received, those portions of them dealing with matters coming under your supervision will be forwarded to you from the Purchasing Branch.

A statement should be prepared, as usual, showing by Agencies and Provinces, the various amounts apportioned under the several allotments in such a manner that the figures may be easily assembled by the Accounts Branch for final submission to the Minister and the Treasury Board. These statements, however, should receive my approval before being transmitted to the Accounts Branch.

H. Larkin McDonell

Deputy Superintendent General.

October 20, 1936.

MEMORANDUM:

The Honourable the Superintendent General.-

The Estimates for the fiscal year 1937-38 are now in course of preparation. I would request to be advised if you approve of including the following items for new residential school buildings:-

WHITEFISH LAKE (R.C.) - To provide materials towards erection, new school building - $60,000.

A new residential school building is required, to provide accommodation for 80 pupils, at Whitefish Lake (Unincorporated Reserve, No. 128) Lesser Slave Lake Indian Agency, northern Alberta, to replace the present old residential school building at this point, and also the residential school building on the Wabasca Reserve, No. 166. The present buildings at these points have become unfit for use, are dilapidated and beyond repair and a menace to the health of the pupils. These schools are conducted under the auspices of the Church of England. The erection of a new modern school building will meet the needs at both points and provide school facilities for all pupils of the Anglican faith in the Lesser Slave Lake agency. On account of freighting conditions, it will be necessary to forward the building materials by winter freight, during the winter of 1937-38.

CALGARY (R.C.) - To erect addition to present building - $50,000.

This school is situated at Cluny, Alberta, on the Blackfoot reserve. His Lordship the Bishop of Calgary has strongly urged that increased accom-

modation be

PUBLIC ARCHIVES

CROWFOOT

notation be provided. The present building accommodates 76 children, and there are a further number of Roman Catholic children on the reserve, for whom it is necessary to provide school facilities. Mr. Inspector Christiansen and the local Indian Agent both endorse the erection of an addition to the present building. It is proposed to build two wings, which will provide dormitories, chapel, and a laundry and boiler room; also to make some alterations in the present buildings.

Provision was made in both the General and Supplementary Estimates last year for the funds towards the erection of the school at Whitefish Lake and the addition to the Crowfoot R. C. School at Cluny, Alberta. These items were disallowed.

OLD SUN'S (C.E.) - To reimburse Blackfoot Band for amount taken from their funds to erect school building - $80,000.

The main building of the Old Sun Indian Residential School, on the Blackfoot Indian Reserve, was destroyed by fire in June, 1928.

The Indians, wishing to expedite replacement, petitioned the Department to take from their funds the sum of $80,000.00, which, with $40,000.00 provided by Parliament, enabled the rebuilding to proceed. Approval of the loan was granted by P.C. 307 of January 30th, 1930. It was proposed that the loan should be refunded to the band funds within the next two fiscal years, but no payments have been made. The band funds have not been credited with any interest on the above amount, and it is considered that the amount of the loan should be paid back to the band funds as soon as possible.

I would also request that you will advise what other new residential school buildings, if any, you desire be provided for in the Estimates for the fiscal year 1937-38.

Deputy Superintendent General.

CAUGHNAWAGA (Prot.)

To erect addition to provide second classroom and living quarters for two teachers ..... [illegible]

This school is on the Caughnawaga Reserve. The present school building is inadequate to provide classroom accommodation for all the Protestant Indian children of school age. At present, an extra classroom is being rented and a building has been rented for living quarters for two teachers. The present arrangements, both for classroom accommodation and teachers' living quarters, are very inadequate and the school work is being carried on under difficulty. It is intended to erect an addition to the present school building and to provide living quarters for the teachers on the floor above the classrooms.

MARIA (R.C.)

To erect addition to provide second classroom ..... 2,[illegible]

This school is on the Maria Reserve, No. 2, Bonaventure County, Que. The present building has accommodation for only 25 pupils, whereas there are 60 children of school age on the reserve. It is necessary to arrange for a second classroom, to adequately provide school facilities for all the children of school age on this reserve. The local Agent and the departmental Inspectors have recommended the erection of an addition to the present building.

LORETTE (R.C.)

To erect addition to provide third classroom ..... 2,[illegible]

This school is on the Lorette Indian reserve. The present classrooms are over-crowded and there is a sufficient number of children of school age to require an additional classroom. The local Agent has recommended the providing of a third classroom.

RESTIGOUCHE (R.C.)

To erect building with two classrooms and living accommodation for two teachers, also necessary outbuildings, (toilets, woodshed, etc.) ..... 8,[illegible]

This school is on the Restigouche Reserve, No. 1, Bonaventure County, Que. The present building has adequate accommodation for only 90 pupils. It is much overcrowded, the enrolment being 123. There are

-140 children

140 children of school age on the reserve. The present building, containing three classrooms, does not permit of being enlarged. The local Agent and our Inspector have recommended the erection of a separate building, to contain two classrooms, and to be erected on a site on the west end of the reserve.

O N T A R I O

MUD LAKE

To erect two-roomed school building with living quarters for two teachers 7,500.00

This school is situated on the Mud Lake Reserve, No. 35, Electoral District of Peterborough West. A building is required to replace the former school, which was destroyed by fire. At present, classes are being conducted in the council hall, and it would be necessary to provide two classrooms - each to accommodate 36 children, with living accommodation for two teachers. Cloakrooms and adequate heating facilities will also be required.

NEW CREDIT

To erect two-roomed school building with living accommodation for two teachers 7,500.00

This school is located on the New Credit Indian reserve, No. 40A, in the New Credit Indian Agency - Electoral District of Haldimand. The school building at this point was destroyed by fire a few years ago, and, since that time, classes have been conducted in the council hall. The members of the Band have repeatedly asked that a new school be erected, having two classrooms with accommodation for thirty pupils in each, and also that living quarters be provided for two teachers, as it is difficult to obtain suitable boarding accommodation in the neighbourhood. Outdoor toilets and heating facilities would also be necessary.

ONEIDA No. 1

To erect new school building with teacher's living quarters ..... $ - $6,000.00

There are at present two schools on the Oneida reserve, No. 41, in the Caradoc Indian agency - Electoral District of Middlesex West. There are approximately 230 children of school age on the reserve. There is urgent need for further school facilities, as there are a large number of children who do not attend any school. The local Indian Agent has been requesting further school facilities for this reserve for some time.

SIX NATIONS No. 9

To erect new school building ..... $, . . .

The present building used for school purposes at the No. 9 School on the Six Nations Reserve is very old and is unfit for further use. It would be a waste of money to incur any expenditure in repairing it. The Indian Superintendent and departmental officials, who have visited the school, strongly recommend the erection of a new building to provide classroom accommodation for 55 children.

M A N I T O B A

BLOODVEIN (R.C.)

To supply finishing materials for school building, to be erected, of log construction ..... $, . .

This school is located on the Bloodvein Indian Reserve, Clandeboye Agency. The Agent requests that a new school building be erected, of log construction, and states that the Indians would take out the logs and do part of the labour in erecting the building. It would be necessary for the Department to supply finishing materials, such as doors, windows, flooring, etc.

LITTLE SASKATCHEWAN

To erect new school building ..... $ 3, . . .

The present school building, which is of log construction, has become unsuitable for further use. The Agent has requested that a new school building be erected. This school is on the Little Saskatchewan Indian Reserve, Manitowapah Agency.

To erect new school building ..... $ 3,000.00

This school is on the Lake St. Martin Reserve, Manitowapah Agency. The present building, of log construction, has become unsuitable for further use. The Agent has recommended that a new school building be erected.

PELLY'S RIVER (Prot.)

To erect school building with teacher's living accommodation 5,000.00

This school is located on the Berens River Reserve, Clandeboye Indian Agency. There are 44 Protestant Indian children of the reserve. The present old mill is to be torn down and the logs used for firewood. The building is to be erected to avoid the necessity of making extensive repairs to the present old building. The building is very old indeed. The walls are bulging, having been held together for some years by iron rods. The authorities of the United Church of Canada have been requesting the erection of a new school building during the past few years.

Island Lake (R.C.)

To erect new school building 1,500.00

This school is situated on the Island Lake Reserve, Norway House Agency. The present building is of log construction and is in such bad repair that it would be a waste of money to expend any further amount in effecting repairs. His Lordship the Bishop of Keewatin and the local Indian Agent have requested that a new school building be erected. There are 44 children of school age. The Church authorities have, at Island Lake, a portable sawmill and could supply the necessary lumber, etc. It is estimated that a suitable building could be erected, employing Indian labour, at a cost of $1,500.

INDIAN EDUCATION 1937-38

NEW BUILDINGS - DAY SCHOOLS

Montreal Lake (C.S.) SASKATCHEWAN

AHTAHKAKOOPS (C.E.)

To erect school building $3,500.00

This school is located on the Ahtahkakoops (Sandy Lake) Reserve, No. 104, Carlton Agency (Electoral District of Prince Albert). There are approximately 45 children of school age. The building now in use is an old log one, which is in poor condition, beyond repair, and overcrowded. The Local Indian Agent has urged the erection of a new building.

PIERCEVER

To erect new school building ..... 3,[illegible].0

This school is located in the Big River Reserve, No. 118, Carlton Indian Agency. The Agent states that he considers the building at present in use to be in a dangerous condition. It is of log construction and very old. A new building for classroom purposes is urgently required.

Port Simpson (R.C.) BRITISH COLUMBIA

TELLA TELLA (R.C.)

To erect school building with two classrooms and also outbuildings ..... 6,[illegible].00

This school is situated on the Tella Tella Indian Reserve, Tella Coola Agency (Electoral District of Cariboo). The present school building is [illegible] so small that part of the children attend in the forenoon and the others, in the afternoon. There is an Indian population of over 400 on the reserve, with approximately 75 of school age. A new two-roomed school building is required. The work in erecting the building could be carried out by Indian carpenters, under a white foreman. Requests for a new school have been made by the local Indian Agent, the Medical Officer and the church authorities.

BOOTHROYD (C. of E.)

To erect new school building ..... 3,[illegible].0

This school is located on the Boothroyd Reserve, Lytton Indian Agency (Electoral District of Cariboo. The present school building is too small and is also in a very bad state of repair. It is not worth any further expense in making repairs. A new building is required, to provide accommodation for approximately 25 pupils.

SETON LAKE (Shalalth) (R.C.)

To erect new school building $3,000.00

This school is on the Shalalth Reserve, Lytton Indian Agency (Electoral District of Cariboo). The present building is too small to provide accommodation for the number of children available. It is also in very bad condition and not worth the expense in making repairs. The Indian Agent requests that a new school be erected to provide accommodation for 25 pupils.

SEABIRD ISLAND

To erect new school building $3,000.00

This school is located on the Seabird Island Indian Reserve, Lytton Indian Agency (Electoral District of Cariboo). The present building is too small to provide accommodation for the number of children available. The local Indian Agent has been requesting for some time that a new school building be erected, to provide accommodation for the children.

DEPARTMENT OF EDUCATION
DEPUTY MINISTER
WINNIPEG

15th March, 1939.

R

Dear Mr. Hoey,

I have your favor of the 6th and beg to say that Tremont School District No. 1127 built a new school last year without basement. The cost, including heating plant, blackboards and indoor toilets, was $3,097.63. Norwood School District No. 642 built a good school with a basement and this building, including the heating plant, blackboards and indoor toilets, cost $4,195.15. This will give you an idea of the cost of modern one-room schools. In 1937 a couple of districts built two-room schools will full-sized basement and indoor toilets, the cost in each case running a little over $5,000.00.

Decker Consolidated School District built a four-room school with basement a couple of years ago at a cost of $14,000.00. Dugald School District have a three-room school with two rooms upstairs and one in the basement at a cost of about $8,700.00. I think prices today would range a little higher as material seems to have gone up a bit.

Under separate cover I am mailing you copies of our one and two-room schools with basement and beg to say that there will be no charge. At the moment I do not think we have a four-room plan available but if you are anxious for one I can arrange to have blue prints run off at a small cost. We have a very nice four-room school with the four rooms on one floor and full-sized basement.

With kind regards,

Yours sincerely,

R. Fletcher
Deputy Minister.

Mr. R.A.Hoey
Superintendent of Welfare and Training
Indian Affairs Branch
Department of Mines and Resources
OTTAWA

Ottawa, March 21, 1939.

Dear Dr. Fletcher:

I desire to acknowledge receipt of your letter of the 15th instant and to thank you very heartily for the information contained therein. I can assure you that your prompt action in sending forward this information, together with the plans that reached me a few days ago, is very much appreciated.

It is our intention to proceed this year with the construction of a four room consolidated Indian day school in the Cowichan Indian agency, near Duncan, B. C. In view of this fact, I would appreciate it very much if you could send forward a copy of the plan referred to in the last paragraph of your communication.

With kindest personal regards, I remain,

Yours sincerely,

R. A. Hoey,
Supt. of Welfare & Training.

Dr. R. Fletcher, B.A., LL.D.,
Deputy Minister,
Department of Education,
Winnipeg, Manitoba.

- C o p y -

Ottawa, April 21, 1939.

Memorandum:

DR. McGILL -

A number of requests have reached this Division during the last two years for the installation of electrical energy at Indian day schools. The pressure exercised upon us to provide this service has become so persistent of late that I feel a definite decision with respect to the matter should be reached by the Minister.

My experience with electric lighting at public schools in Manitoba was somewhat unfortunate. I learned there that the ordinary suspended light in the classroom was not in itself sufficient to provide the light necessary on dull days and was frequently responsible for the creation of shadows. Electric light in a one room day school, in order to be effective and to meet the requests of the specialists who demand perfect lighting facilities, should be provided through inverted lamps which are, as you know, very costly, particularly where three or four of them are required in a single room. The main objection, however, in the case of Indian schools, is not the number of lamps or the initial cost, although these are substantial. I have learned from experience since coming here that the few schools where electric lighting has been installed - or rather the teachers in charge of these schools - are constantly requesting electrical equipment such as washing machines, electric refrigerators and electric stoves. Last year we were called upon to provide an electric washing machine at Lorette Village and I have just refused a request that reached us yesterday from the Sisters in charge of the school at Pierreville for a fully equipped and rather expensive electric refrigerator.

The Ontario Hydro Commission and private companies who supply electrical energy have refused to install this energy in Indian day schools unless the Government, as owners of the property, guarantee the payment of all charges incurred in connection with the electrical service. I am not personally opposed to the installation of this lighting equipment if the Government is prepared to supply this service. I have never been able to convince myself, however, that it is necessary, and consequently, unless I receive definite instructions to install this equipment from time to time in our Indian day schools, it is not my intention to supply this service. I should appreciate it, therefore, if I could have, at your convenience, a definite ruling on this matter.

R. A. Hoey,
Supt. of Welfare & Training.

Memorandum: The Deputy Minister.

Re: Electric Lighting in Indian Day Schools.

You will find attached a memorandum submitted to me by Mr. Moey. I am in entire agreement with Mr. Moey in this matter, and I feel that our educational funds could be expended to greater advantage to the Indians than by furnishing electric light.

In this connection I would refer you to another memorandum of today's date in respect to the request for the installing of electric lights in the Council Hall and Church on the Sarnia Indian Reserve, Ont. There is also a request for the installation of lights in the Teachers' residence on the Sarnia Reserve, which would not be a charge against band funds but against appropriation.

Director of Indian Affairs.

H.W.

GLOBELITE

BATTERIES LIMITED

HEAD OFFICE AND FACTORY, 146 ALEXANDER AVENUE
WINNIPEG, CANADA

ADDRESS ALL COMMUNICATIONS TO THE COMPANY, NOT INDIVIDUALS

July 29, 1947.

Mr. R. A. Hoey,
Supt. of Welfare & Training,
Dept. of Mines & Resources,
Ottawa, Ontario.

Dear Sir:

Our Regina representative has recently completed an inspection trip to several Indian Residential schools and agencies in Saskatchewan and reports to us as follows:

Found Lake Indian Residential School.

Battery worn out and would recommend immediate replacement. Present battery is 16 cell, 32 volt Globelite type W15, installed August, 1939. The load at this school is far too heavy for a 32 volt plant and should be replaced with 110 volt plant. Would suggest that if another 32 volt battery is purchased, the department install at least a Globelite type W?1 of 450 ampere hours.

Marievale School.

Plant and battery in excellent condition. The battery is a Globelite type GD13, 56 cell, 110 volts, installed February, 1940.

File Hill School.

Supervised the installation of a new Globelite type W15, 16 cell, 32 volt battery. Here again the load is far too heavy for a 32 volt plant and strongly recommend that same be replaced with a 110 volt plant.

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES

Indian Affairs. School Files.
(RG 10, Volume 6011, File 1-1-5A, part 2)

POOR COPY

File Hills Indian Agency.

Battery and plant in good condition. Battery consists of a Globelite type W13, 16 cells, 32 volts, installed September, 1940.

Muscow Indian Agency.

Battery in very poor shape. The battery and plant has been sadly neglected. Battery consists of Globelite type W13, 56 cells, 110 volts, installed November, 1939.

We might advise that in regards to the equipment at Muscow Indian Agency, the writer inspected the plant and battery some years ago and also found same to be in a very badly neglected condition. The battery cells were covered with dirt to such an extent that the elements were not even visible through the glass jars. The writer pointed this out to the operator of the plant and instructed the operator to get the battery cleaned up and to pay a little more attention to the charging of the battery and further, the operator was advised that a report would go into the government respecting the condition the plant and battery was found in. Although this matter was not reported to your department, nevertheless, it was reported to your late Mr. Robertson who was in charge of your Regina office.

Trusting that this inspection report will be of some interest to you, we remain,

Yours truly,

GLOBELITE BATTERIES LIMITED,

Manager.

Memorandum:

MR. BUCK

I have recently had an opportunity of reviewing the general regulations for the public and separate schools in the province of Ontario and I find the following reference which I thought might be of interest to you:

"CLASSROOMS - General Requirements

"(a) Classrooms shall be oblong in shape.

"(b) A standard classroom for 40 pupils shall be 28 feet long, 23 feet wide and 12 feet, 3 inches high; with a floor space of 16.4 square feet for each pupil and an air space of 225 cubic feet for each pupil.

"(c) The floors of the classrooms shall be of hardwood or asphalt mastic.

"(d) The ceilings, friese and walls shall be tinted or painted and woodwork shall be varnished, stained or painted.

"(e) Windows should be adjusted with weights and pulleys."

R.A. Hoey,
Supt. of Welfare & Training.

Gentlemen:

I have your letter of the 29th ultimo, reporting on a recent inspection of the batteries at the Round Lake, Cowessess, File Hills and Muscowequan Indian Residential School. The Department appreciates receiving the information contained in your letter.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

Globelite Batteries Limited,
146 Alexander Ave.,
Winnipeg, Man.

Memorandum:

MR. HOEY

Equipment for Residential Schools -
Hand Potato Peelers.

I have today had a visit from Mr. Whittle of the Hobart Manufacturing Company, who specialize in the construction of kitchen machines.

We had a thorough discussion on the use of hand potato peelers, both in civilian establishments and their projected use in our residential schools. Mr. Whittle pointed out that the Hobart Company no longer manufactures a hand potato peeler, for the following reasons:

(a) A mechanical peeler does the work of three hand peelers.

(b) A hand peeler is made with cast iron gears and is without ball bearings. This makes it a very difficult machine to operate. In fact, it would be almost impossible for children of school age to turn the handle.

(c) The Canadian Army discarded the use of such hand peelers after using them for about a year. They found that these machines did not stand up to the heavy usage which they were given and, in general, proved unsatisfactory. They adopted, eventually, the mechanical peeler.

Mr. Whittle has recently been discharged from the Canadian Army, in which he served as Chief Equipment Officer with the Royal Canadian Army Service Corps Catering Branch. Therefore, I feel that his recommendations can be taken as

.... not only

BILL OF MATERIALS FOR
GRAVITY WARM AIR HEATING SYSTEM (30° to 70°)
ONE ROOM INDIAN DAY SCHOOL WITH TEACHER'S QUARTERS

Furnace:

1. 1 - gravity warm air furnace equal to Gurney Heavy Duty Model all cast, having a net output at register of 109,000 btu per hour, 27-1/4" diameter firepot, 455 square inches grate area, complete with casings.

Smoke Pipe:

2. 5 - 30" lengths of 9" diameter x 22 gauge galvanized
   1 - 30 degree adjustable elbow 22 gauge galvanized
   1 - 90 degree elbow, 22 gauge galvanized
   1 - 9" x 9" x 9" smoke pipe tee with damper, 22 gauge galvanized
   1 - thimble suitable for 9" diameter smoke pipe

Warm Air Leaders, Elbows, Boots, Stack Twisters:

3. 5 - 20" lengths 10" diameter tin pipe leader with 1 damper
   1 - 45 degree adjustable angle 10" diameter elbow
   1 - 12" x 10" x 10" diameter boot

4. 30 - 20" lengths 14" diameter tin pipe leader with 3 dampers
   4 - 30 degree adjustable angle 14" diameter elbows
   2 - 16" x 16" x 14" diameter boots
   1 - 14" x 3-1/4" x 14" diameter stack twister

5. 20 - 20" lengths 12" diameter tin pipe leader with 2 dampers
   2 - 30 degree adjustable angle 10" diameter elbows
   1 - 16" x 16" x 12" diameter boot
   1 - 14" x 3-1/4" x 12" diameter stack twister

6. 3 - 20" lengths 12" diameter tin pipe with 1 damper
   1 - 45 degree adjustable angle 12" diameter elbow
   1 - 16" x 16" x 12" diameter boot

Stack:

7. 3 - 5" - 0" lengths of 14" x 3-1/4" wall stack

Warm Air Registers, Register Faces, Register Boxes

8. 2 - 13" x 11" baseboard type with 1 double register box
9. 1 - 12" x 10" floor " " single " "
10. 1 - 12" x 10" " " " " " "
11. 1 - 12" x 14" " " " " " "
12. 3 - 16" x 16" " " " " " "
    2 - 16" x 4" baseboard register faces (no boxes)

Return Air Duct, Leaders, Elbows, Transformer Sections, Shoes, Registers:

13. 36'-0" of 22" x 10" x 24 gauge galvanized duct
    1 - 30 degree 22" x 10" x 24 gauge galvanized elbow
    2 - 22" x 22" x 16" diameter x 6" transformer sections
    5 - 30" lengths 16" diameter x 24 gauge galvanized return air leaders
    2 - 24" x 24" x 12" x 24 gauge galvanized return air shoes
    2 - 24" x 12" floor type return air grilles
    2 - 24" x 12" return air register boxes

Miscellaneous:

Nails, hangers, wire, etc., to be supplied by the Contractor
20'-0" of 3" diameter x 24 gauge galvanized vent pipe from toilet

Gentlemen;-

With further reference to our letter of November 11th. and your reply of December 5th., requesting that we fill in the Purchase Order numbers of the outstanding items on our statement. We have filled in these numbers on our December 31st. statement, which is enclosed herewith. We are also returning our October 31st. statement, with your notations thereon. Some of these items are considerably past due and therefore anything you can do to have them passed for payment will be much appreciated.

Mr.J.P.B. Ostrander, Regional Supervisor
of Indian Agencies, Regina, Sask.

Attached is a confidential letter which was issued by the Director on May 1st. I am advised that the letter was sent to the principal of the Qu'Appelle School but as it was not forwarded by this Division, I am not exactly certain to whom the previous letter was sent. To date no reply has been received.

It applies to the Qu'Appelle Residential School and I would appreciate it if you would arrange with the principal of that school to supply the information that is required on the form attached to the letter and return same at the earliest possible date.

Bernard F. Neary
Superintendent of Education.

Mr. W. S. Arneil
Indian Commissioner for B. C.
c/o Department of Mines & Resources
P. O. Box 70
Vancouver, B. C.

Dear Sir:

Enclosed are 2 blueprints of the one roomed school which we showed you a few days ago and we believe this will meet the requirements of your department for this type of school in various parts of British Columbia.

On checking with the railroad, the approximate freight charge from our siding to Vanderhoof would be in the neighbourhood of $400.00. At the moment, cannot give you a Steamship rate to the West Coast Island points but would estimate the cost to be approximately the same with possible addition of cartage from our plant to dockside which would be in the neighbourhood of $75.00 per building.

Attached for your information is a duplicate copy of the specifications covering this building but we wish to point out one change which we will be making on this plan should your department decide to order one or more of these buildings and that is, we would carry the 24' span of the building, which is the classroom, straight through for the total length of the building which is 56' and put on an "L" roof line for the span and in order to bring the living quarter ceiling heighth to 8' only, we propose putting 2 steps in front of the door leading from the corridor into the living quarters. This would have a number of advantages. Namely, cost of erection would be less, general appearance improved and 2' extra head room in the basement in that portion of the building beneath the living quarters.

The f.o.b. Factory price for this building including all items as shown in the specifications would be $5850.00. Approximate shipping weight 55,000 lbs. You will note that we have included in the specifications Ten/Test for wall coverings. If gyproc is required a reduction of $75.00 from the above price can be made.

We trust the enclosed blueprint and specifications will be sufficient information for you to forward on to Ottawa for their okay.

Yours very truly,

Specifications taken to file

You will note that the above list varies somewhat from that proposed by Inspector Davey in your letter 0-11-3 of January 9th. However, as previously mentioned in our letter of January 17th, our estimates were already before the Treasury Board at the time Inspector Davey's proposals arrived and it was not possible to make any changes.

However, we have been advised by the Minister's office that the Treasury Board will give us some choice in reallotting sums as they are required. You will recall that this was done last year with regard to the Port Hardy project. It is naturally necessary for us to approach the Treasury Board and to get formal approval of the changes needed. Therefore, it would be appreciated if you would review your requirements in British Columbia and advise how you wish the above list amended by Treasury Board.

Additions: With regard to the one room additions, it is suggested that local builders be approached for the preparation of rough plans. If Lands and Development Services Branch are to enter into the picture, then a long delay must be anticipated. They already have a large number of priority jobs before them and it is unlikely that they will be able

to spare engineers or architects to work on these additions. As you realize, it is not necessary to advertise for any construction work which is under $5,000.00.

Teacherages: Where separate teacherages are required, it is suggested that a simple plan be followed or that a pre-fabricated house be ordered.

Pre-Fabricated Schools: We await with interest the plans for one and two room pre-fabricated schools which you are endeavouring to obtain and forward from B. C. firms.

Plans and Specifications for One Room Schools: A good quantity of these is being forwarded to you for holding in your office for future use.

Bernard F. Neary

Re: School Construction Program - B.C.

Further to my letter of April 8th, I have now received from Prefabricated Structures, Vancouver, plans and specifications of a one-room school with teacher's residence, copies of which are attached hereto, together with a letter dated April 8th from the Company giving further details and quoting a price. Plans and specifications for a two room school with accommodation for teachers will be supplied by the Company after we receive the proposed plans for the Anaham school, reference Mr. Neary's army signals message of today, which will serve as a basis for the preparation of plans for a prefabricated structure. The one-room school with teacherage, as shown and described in the attached enclosures, is in my opinion most suitable to our needs in British Columbia and should, I believe, be adopted wherever we contemplate a building of this size. In my letter of January 9th I listed the preferred order of work for the first six school construction projects as follows:

(1) Metlakatla - The information we now have, and which we have asked the Agent to confirm, is to the effect that a two-room school is necessary here and it has been suggested that we should also provide accommodation for teachers. This matter is presently the subject of correspondence with Mr. Anfield as the need for additional accommodation for teachers is not apparent having in mind the large expenditure recently made on the present teacherage and its size which should provide ample accommodation for two teachers, either married or single.

I might mention that in early February Mr. Anfield submitted tenders covering the transfer and re-erection of two Loxstave buildings from Pillsbury Cove to Metlakatla for school use and he has been requested to advise if these tenders still stand in which case they will be referred to the Department, or otherwise we may, if the

(RG 10, Volume 6012, File 1-1-5BC, part 1)

POOR COPY

Prefabricated Structures' plan of a two-room school is considered suitable, recommend the provision of prefabricated buildings.

(2) Klemtu - I would recommend that the Department approve the use of a prefabricated building to provide one classroom and teacherage at this point; the order to be placed as soon as possible and the necessary work preliminary to erection of the building to be carried out at once. I may say that Prefabricated Structures have agreed to provide a foreman and one or two carpenters at hourly rates to superintend erection of the prefabricated building and it is possible that we might arrange with them for the use of this crew for the construction of foundations.

(3) Bella Bella - Although we have already purchased a building at the Bella Bella Air Base from the War Assets Corporation, information received from the Lands and Development Services Branch indicates that use of this building for school purposes may not be feasible or economical. On receipt of the two-room school plan with teacherages above referred to and providing it is suitable it is intended to recommend use of a prefabricated structure of this size at Bella Bella.

(4) Seabird Island - Construction of a one-room school with teacherage at Seabird Island has been the subject of correspondence between Mr. Indian Agent Strang and the Department and I note the matter has proceeded to the point where Mr. Strang has secured a tender of $4,300 for labour, the Department to provide materials for the construction in accordance with the Department's one-room school plan. In spite of the progress made in arranging for the construction of a school at this point I feel the Department would be well advised to consider the use of a prefabricated structure and would so recommend.

(5) Pemberton - While the information available a year ago indicated that we should have a one-room addition to the Pemberton School with accommodation for an additional teacher, District School Inspector Davey is of the opinion that our requirements at this point should be investigated further before construction is proceeded with or even definite plans made. While the construction here should no doubt be carried out this year if found to be absolutely necessary, no action is indicated until a school survey has been completed.

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Indian Affairs. School Files.
(RG 10, Volume 6012, File 1-1-5BC, part 1)

POOR COPY

(6) Hazelton - Construction at Hazelton was the subject of correspondence with you, reference my letter of March 24th, at which time I recommended construction of a four-classroom school for the reason that it would be better to construct a school somewhat too large than to be confronted with overcrowded conditions immediately upon completion of construction.

We will, in addition to the four classrooms at this point, require accommodation for teachers as it is doubtful if we can count on securing accommodation for them in the adjoining town of Hazelton. I do not feel, however, that the Department should proceed immediately to construct teacherages for three or four teachers, one or more of whom might be married. I feel it would be preferable this year to construct a five-room residence for the Principal and in the event that the Principal is unmarried the other teachers might be accommodated in the same building. Prefabricated Structures have a five-room home, plans of which are attached hereto, which would be most suitable.

I would recommend that the Department call for tenders covering the construction of a four-room school with manual training room and domestic science room in the basement and that authority be secured for the purchase and erection of a five-room prefabricated house to accommodate the teachers.

While the above six projects are apparently the most urgent, it is hoped that construction will not be confined to these six only but that consideration will be given to the acquisition and erection of prefabricated one and two room schools with teachers' accommodation at the following listed points, as well as the Anaham Reserve:

One-room Schools:

Kitwancool	-	Babine Agency
Neskainlith	-	Kamloops Agency
North Thompson	-	" "
Ahousat	-	West Coast Agency
Ucluelet	-	" "
Alberni	-	" " (a one-room addition is required here with accommodation for 2 teachers)
Stony Creek	-	Stuart Lake Agency
Fort St. James	-	" " "
Fort McLeod	-	" " "
Gwinaha	-	Skeena River Agency
Chehalis	-	New Westminster Agency (one classroom only. There is a teacherage available).

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Indian Affairs. School Files.
(RG 10, Volume 6012, File 1-1-5BC, part 1)

POOR COPY

Two-room Schools:

Fort Babine	-	Babine Agency
Moricetown	-	" "
Kitwanga	-	" "
Kincolith	-	Skeena River Agency
Hartley Bay	-	" "
Chemainus	-	Cowichan Agency
Songhees	-	" "

In addition to the above mentioned requirements it is anticipated that we will have to provide accommodation at Skidegate for two teachers. It is thought that the prefabricated five-room house, a plan of which is attached, would be most suitable here.

We also have information to the effect that a three-room school is required at Greenville for the Lakalsap Band but have yet to determine whether a two-room school would meet their needs or if we should construct a four-room school as plans for a three-room structure are not available.

I am most anxious that concrete action be taken immediately in connection with this school construction program, particularly as far as the first six schools listed are concerned and would suggest that our requirements can be provided more expeditiously and economically by the use of prefabricated structures wherever such structures are considered to be suitable as in those cases above where their use is recommended.

In my letter of April 8th I asked for a complete list of the Estimates for new day schools, repairs and additions to existing day schoolsand repairs to residential schools and feel that with this information and the Department's approval of the program outlined above much headway will be made. The plan for a prefabricated two-room school with teacherage will be forwarded at the earliest possible date.

AIR MAIL. Ottawa, April 19, 1948.

PERSONAL.

Dear Bill:

On Friday last Charlie Buck and I went with Emmett Morris to thoroughly inspect the new Chenail School. As you know, this is the two room school built to the plan sent you recently. We found the building entirely satisfactory and the contractor has done a very good job. Mr. Morris was particulary interested in the minor modifications which can be made in the plan so that he can make these minor improvements at Lennox Island. I would say that the following minor details are ones on which improvements can be made:

(1) If steel beams are obtainable, then the posts in the basement can be eliminated and you will find that the two basement rooms will be much better for future classroom use.

(2) The windows in the kitchen and living room downstairs are rather small and Mr. Buck is going to improve them (this will take some time as they are absolutely swamped with work).

(3) The stairs from the teacher's living quarters can be straightened out to remove the landing. This will allow more space in the living room and also will give you to take furniture upstairs more easily. The contractor has been able to do this at Chenail by putting in fourteen steps and raising them to 8" apart.

Indian Affairs. School Files.
(RG 10, Volume 6012, File 1-1-5BC, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR COPY

The classrooms are just perfect and I am sure that Bob Davey will be very pleased with them. Of course, we installed flush toilets, running water and electricity at Chenail as a result we have a very modern and satisfactory school.

I was discussing the situation with Mr. Buck on the way home and we agreed that perhaps you would like to look at another two room school plan which has been especially developed for the Northwest Territories. There we can not put in a basement because of the perma-frost. The attached blue print is only a preliminary drawing and changes will be made. I brought to the Architect's attention the fact that the fenestration is not sufficient for our needs. This is due to the fact that Mr. McKinnon specifically asked for folding doors between the two classrooms so that it could be used as a community hall. This meant that they were unable to work in windows along the other side wall. However, I would ask you to look it over and let me have it back. If you feel that it would be better for your needs at Anaham and Hazelton then I can arrange to have you sent the final plans.

I hope everything is going well with Mrs. Arneil and yourself and that you are both finding Vancouver to your liking. As you probably know I have had Betty out visiting my people in Victoria and she is now on her way home.

As ever,

Bernard F. Neary,
Supt. of Indian Education.

AIRMAIL

April 29, 1948.

Mr. W. S. Arneil,
Indian Commissioner for B.C.,
P.O. Box 70, Vancouver, British Columbia.

School Construction Program, British Columbia.

Reference your 0-11-3 of April 15 -

Upon receipt of your letter and attached plans of one-room school, etc., these blueprints and specifications were taken over to the Lands and Development Services Branch. Study has been given by them to the submissions of Prefabricated Structures, Limited, and as I advised you, I interviewed Mr. Buck yesterday concerning the plans.

As you are probably aware, Mr. Buck feels that these prefabricated schools will not be as satisfactory in the long run as buildings constructed in the usual way. However, he realizes our serious need for these schools and the impossibility of having them built by contractors. Therefore he concurs with the proposal that we order a certain number of these schools. I have asked that one of their engineers be made available for inspection of these buildings so that our 1949-50 building plans can be laid accordingly.

Mr. Buck feels that the Prefabricated Structures Limited's plans and specifications present certain features which are superior to similar plans and specifications presented by other prefabricated manufacturing concerns.

There are a few points with regard to the construction of prefabricated buildings which we would like to draw to your attention:

Indian Affairs. School Files.
(RG 10, Volume 6012, File 1-1-5BC, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR COPY

FOUNDATIONS:

It is most important that the basement be put in according to the detailed specifications of the company providing the prefabricated building. The structure must fit the foundation exactly or outside air will penetrate the basement and the building will always have a cold floor. To doubly insure against this point, we are having the prefabricated schools ordered for Northern Manitoba provided with a floor insulated between the joists. While this may not be necessary in the Coast schools, you may consider it necessary for the Interior schools, where winter weather is severe.

Mr. Buck recommends that we try to interest Prefabricated Structures, Limited, in providing a foreman and one or two carpenters who could superintend the construction of foundations and also the erection of the building. If previous arrangements were made to have the excavation done, the cement and rough form lumber on hand and Indian labour available, this crew could do the job in a short time. It would be necessary to maintain constant liaison with the company to ensure that the prefabricated structures were on hand by the time the crew has the foundation finished. It would also be necessary for the Prefabricated Structures Limited to advise you as to the amount of cement, lumber, nails, etc., necessary so that these materials would be on hand when the construction crew arrived to begin work.

FLOOR AND SIDING:

You may find it necessary to have the construction crew also lay the floor and put on the cedar siding unless local carpenters are available.

CHIMNEY

Here again it will be necessary to arrange for a bricklayer and a supply of bricks if a brick chimney is to be provided. In our Northern Manitoba prefabricated schools we are specifying a Tukon special insulated metal chimney.

..... Building

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Indian Affairs. School Files.
(RG 10, Volume 6012, File 1-1-5BC, part 1)

POOR COPY

BUILDING SPAN:

We would prefer the 36' span as described in para 3 of Mr. MacKay's letter to you of April 8. The extra head room in the basement will make it possible to use it for an extra classroom if need arises.

INSULATION:

The substitution of Cypress for Ten-test (Mr. MacKay's letter of April 8) depends on the location of the building. We are using Cypress in our standard one-room school specifications but are insulating well behind it. You will note on the attached copy of Purchase Order (used with North American Buildings, Limited, for Little Grand Rapids, Man.) that we specified rock wool or other non-inflammable insulation. This may also be necessary for the Interior of B. C.

WATER SUPPLY and PLUMBING:

The water supply will present a problem on most reserves where it will be necessary to dig a well before the school is built. We are suggesting to Agents building schools under local arrangements that the well be located just outside the building and that the pump be placed in the teacher's kitchen over the sink. Some prefer to leave the pump outside and to have teachers draw the water there. However, local conditions will govern procedure in each case. The bath-room provided will probably end up being used as a utility room or extra bedroom, as in most areas running water will not be available. We have been providing chemical closets for the teachers' use in certain areas.

HEATING:

It will also be necessary to arrange for a sub-contract for the installation of the furnace. It is presumed that Prefabricated Structures Limited will provide a heating plan for the building and also recommend the size of furnace to be provided. You will note that North American Buildings Limited will provide the furnace as an extra to the contract.

ROOF:

We are endeavouring to provide some degree of fire protection in our new schools. We would prefer the supplying of

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Indian Affairs. School Files.
(RG 10, Volume 6012, File 1-1-5BC, part 1)

POOR COPY

asbestos or other fire resistant shingles. The cost will be more than for cedar shingles and we should be advised as to the extra cost. You will also have to arrange locally for the putting on of the roof.

PAINTING:

You will have to arrange for the purchase of the paint required for both the interior and exterior. Prefabricated Structures may supply the information as to the quantities provided or it can be obtained from our standard one-room school bill of materials. It will also be necessary to have this painting done.

To summarize, we have found out from past experience this last year that while prefabricated buildings do provide an answer, they are not as easy to arrange for erection as it would at first seem. You are provided with the shell of a building but you have to arrange locally for:

(a) The excavation and foundation,
(b) The brick work,
(c) The laying of the floor,
(d) The laying of the siding, etc.
(e) The laying of the roofing,
(f) The digging of the well,
(g) The installation of the pump,
(h) The installation of the furnace,
(i) The painting.

In other words your local field official will have many administrative problems in connection with the erection of the school.

However, we are not trying to discourage the ordering of these prefabricated schools but merely wish to point out the problems encountered by other field officials so that you can be guided by their experience. You will find that the total cost will add up to very close to the amount included in the estimates for a one-room school ($14,000.00).

..... One-

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Indian Affairs. School Files.
(RG 10, Volume 6012, File 1-1-5BC, part 1)

POOR COPY

ONE-ROOM SCHOOLS TO BE ORDERED:

A review of your letter would indicate that it is recommended that we order the following schools (a wire has already been sent re Seabird Island) :-

(1) Klemtu
(2) Redstone
(3) Neskainlith
(4) North Thompson
(5) Stony Creek
(6) Kitwancool.

(based on priority Major Davey's list January 8).

All of the above are included in our estimates with the exception of Kitwancool (for which a transfer would have to be arranged). We are prepared to recommend the ordering of the above six buildings from Prefabricated Structures, Limited. This, with Seabird Island, will provide seven new one-room schools. We can then decide in June if sufficient money is left over for others to be ordered. The Hazelton school in particular is likely to cost more than the $40,000.00 provided (a separate letter will be sent re this school).

TWO-ROOM SCHOOLS:

We will await further developments re these plans.

TEACHERAGE

Could we be advised as to the cost of providing Model F plan for the Skidegate school for use as a teacherage? This should provide satisfactory accommodation for two teachers.

Encl.

Bernard F. Neary,
Superintendent of Education.

1 .

1 Prefabricated one-room day school (with teacher's residence) as per your plan previously agreed upon.

Specifications as follows:

(1) Rock wool or other non-inflammable insulation material

(2) Floor should be insulated between joists.

(3) Asbestos shingles or other fire-resistant shingles should be used on roof.

(4) The Company to supply suitable furnace and piping and include cost of same in their quotation.

(5) The Company to supply Yukon chimney for school.

(6) The Company toprovide Mr. B. Olson, Superintendent, Clandeboye Indian Agency, Selkirk, Manitoba, with a plan of the basement which will have to be excavated by the Department prior to the school being erected.

(7) Duo-therm, double pane glass or equivalent to be installed on all windows.

The Department will be responsible for engaging and paying the five men required to assist the Company's supervisor in the erection of this building. The Department will provide board for the Supervisor while he is working at Little Grand Rapids and also provide the cost of the foundation.

Basic Unit, f.o.b. Winnipeg, Man.	
Paint supplied (cost)	$110.00
Wood burning Furnace (cost)	315.00
Cresol Treatment	215.00

POOR COPY

BUILDING SPAN:

We would prefer the 56' span as described in para 3 of Mr. Mackay's letter to you of April 8. The extra head room in the basement will make it possible to use it for an extra classroom if need arises.

INSULATION:

The substitution of Cypress for Ten-test (Mr. MacKay's letter of April 8) depends on the location of the building. We are using Cypress in our standard one-room school specifications but are insulating well behind it. You will note on the attached copy of Purchase Order (used with North American Buildings, Limited, for Little Grand Rapids, Man.) that we specified rock wool or other non-inflammable insulation. This may also be necessary for the Interior of B. C.

WATER SUPPLY and PLUMBING:

The water supply will present a problem on most reserves where it will be necessary to dig a well before the school is built. We are suggesting to Agents building schools under local arrangements that the well be located just outside the building and that the pump be placed in the teacher's kitchen over the sink. Some prefer to leave the pump outside and to have teachers draw the water there. However, local conditions will govern procedure in each case. The bath-room provided will probably end up being used as a utility room or extra bedroom, as in most areas running water will not be available. We have been providing chemical closets for the teachers' use in certain areas.

HEATING:

It will also be necessary to arrange for a sub-contract for the installation of the furnace. It is presumed that Prefabricated Structures Limited will provide a heating plan for the building and also recommend the size of furnace to be provided. You will note that North American Buildings Limited will provide the furnace as an extra to the contract.

ROOF:

We are endeavouring to provide some degree of fire protection in our new schools. We would prefer the supplying of

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Indian Affairs. School Files.
(RG 10, Volume 6012, File 1-1-5BC, part 1)

POOR COPY

asbestos or other fire resistant shingles. The cost will be more than for cedar shingles and we should be advised as to the extra cost. You will also have to arrange locally for the putting on of the roof.

PAINTING:

You will have to arrange for the purchase of the paint required for both the interior and exterior. Prefabricated Structures may supply the information as to the quantities provided or it can be obtained from our standard one-room school bill of materials. It will also be necessary to have this painting done.

To summarize, we have found out from past experience this last year that while prefabricated buildings do provide an answer, they are not as easy to arrange for erection as it would at first seem. You are provided with the shell of a building but you have to arrange locally for:

(a) The excavation and foundation,
(b) The brick work,
(c) The laying of the floor,
(d) The laying of the siding, etc.
(e) The laying of the roofing,
(f) The digging of the well,
(g) The installation of the pump,
(h) The installation of the furnace,
(i) The painting.

In other words your local field official will have many administrative problems in connection with the erection of the school.

However, we are not trying to discourage the ordering of these prefabricated schools but merely wish to point out the problems encountered by other field officials so that you can be guided by their experience. You will find that the total cost will add up to very close to the amount included in the estimates for a one-room school ($14,000.00).

..... One-

ONE-ROOM SCHOOLS TO BE ORDERED:

A review of your letter would indicate that it is recommended that we order the following schools (a wire has already been sent re Seabird Island) :-

(1) Klemtu
(2) Redstone
(3) Neskainlith
(4) North Thompson
(5) Stony Creek
(6) Kitwancool.

(based on priority Major Davey's list January 8).

All of the above are included in our estimates with the exception of Kitwancool (for which a transfer would have to be arranged). We are prepared to recommend the ordering of the above six buildings from Prefabricated Structures, Limited. This, with Seabird Island, will provide seven new one-room schools. We can then decide in June if sufficient money is left over for others to be ordered. The Hazelton school in particular is likely to cost more than the $40,000.00 provided (a separate letter will be sent re this school).

TWO-ROOM SCHOOLS:

We will await further developments re these plans.

TEACHERAGE

Could we be advised as to the cost of providing Model F plan for the Skidegate school for use as a teacherage? This should provide satisfactory accommodation for two teachers.

Encl.

Leonard F. Neary,
Superintendent of Education.

1 Prefabricated one-room day school (with teacher's residence) as per your plan previously agreed upon.

Specifications as follows:

(1) Rock wool or other non-inflammable insulation material

(2) Floor should be insulated between joists.

(3) Asbestos shingles or other fire-resistant shingles should be used on roof.

(4) The Company to supply suitable furnace and piping and include cost of same in their quotation.

(5) The Company to supply Yukon chimney for school.

(6) The Company toprovide Mr. B. Olson, Superintendent, Clandeboye Indian Agency, Selkirk, Manitoba, with a plan of the basement which will have to be excavated by the Department prior to the school being erected.

(7) Duo-therm, double pane glass or equivalent to be installed on all windows.

The Department will be responsible for engaging and paying the five men required to assist the Company's supervisor in the erection of this building. The Department will provide board for the Supervisor while he is working at Little Grand Rapids and also provide the cost of the foundation.

Basic Unit, f.o.b. Winnipeg, Man.	
Paint supplied (cost)	$110.00
Wood burning Furnace (cost)	315.00
Carasol Treatment	215.00
Basement Form material	747.23

Ottawa, June 9, 1948.

Memorandum:

DEPUTY MINISTER

Prefabricated One-room Day Schools with Attached Teacherages for British Columbia.

We have had considerable correspondence with Mr. Indian Commissioner Arneil in British Columbia with regard to his school building programme. He has now submitted the drawings and specifications of a one-room school with attached teacherage which can be prefabricated by Prefabricated Structures, Limited, P.O. Box 489, Vancouver, B.C. These plans have been shown to the Chief Architect of the Lands and Development Services Branch, who feels they are acceptable in localities where contractors are not available for the construction of these schools.

In a recent letter to the Branch, Mr. Arneil stated as follows:-

"I am most anxious that concrete action be taken immediately in connection with this school construction program, particularly as far as the first six schools listed are concerned, and would suggest that our requirements can be provided more expeditiously and economically by the use of prefabricated structures wherever such structures are considered to be suitable as in those cases above where their use is recommended."

Therefore, it is recommended that approval be given to the purchase of prefabricated day schools for the following

June 10, 1948.

Mr. W. S. Arneil,
Indian Commissioner for B.C.,
P.O. Box 70, Vancouver, British Columbia.

N. W. School Construction Program.

Reference your 0-11-3 of May 28 -

Orders-in-Council have been requested for the purchase of five prefabricated one-room schools with attached teacherages from Prefabricated Structures, Limited, Post Office Box 489, Vancouver, B. C. These schools are for the following reserves:-

1. Klemtu 825
2. Kelstone
3. Meshmalith 791
4. North Thompson 792
5. Stony Creek.

We have asked for authority to pay a price each of $5,850.00 f.o.b. Vancouver, plus freight and erection supervisor's wages, fare and expenses.

You will note that we omitted Kitwancool from the above list. It was listed as 13 in priority on Inspector Davey's report of January 7, 1948 (your 0-11-3 of January 9 refers). Could we have an indication from you by Airmail, as to whether you wish one erected for Kitwancool or whether Inspector Davey has had time to complete surveys for Ahousaht, Uclulet, Owinoka, Fort St. James or Fort McLeod. We have

INDIAN AFFAIRS

COPY
ORIGINAL ON
File 21-1

BRITISH COLUMBIA

Okanagan Agency

Osoyoos I.R. No.1 - Inkaneep Creek - In connection with the rehabilitation of the irrigation system of this Reserve, arrangements were made to backfill the pipeline laid in the latter part of December. It is expected that this work will be completed early in March.

Kamloops Agency

Kamloops I.R. No.1, Paul Creek - A report was prepared in connection with the suggested diversion works at the point of re-diversion near the lands at the mouth of Paul Creek.

Kamloops Four Classroom Day School - Prepared and forwarded report on proposed school.

Niskonlith I.R. No.1 and Adams Lake R.R's. 4 & 4A - A report was prepared in connection with the rehabilitation of two wooden flumes on the main diversion works from Niskonlith Lake which serves to irrigate the main portion of the lands under water on these reserves. Arrangements were made to secure the necessary tenders for lumber so that if possible, material could be purchased before the end of the fiscal year.

Nicola Agency

Lower Nicola I.R. No.1 - Antoine Moses Irrigation System - A report was prepared in connection with this system which will require storage. Application for a water licence to legalize the present and future diversions was put underway.

Drainage System - A final report was prepared relative to the drainage work which is to all intents and purposes finished. As a result of this drainage system, it would appear that certain small irrigation ditches will be required to irrigate some of the land which was previously served by flooding. The matter of application for a water right is being put underway.

Lower Nicola I.R. No.4 - A draft agreement was prepared in connection with the application of the Nicola Lake Stock Farms, Ltd. of Nicola, B.C. to cross this reserve with an irrigation ditch.

Cowichan Agency

Songhees I.R. No.1 - Arrangements were made with the City of Victoria to lay a 6-inch cast iron water main down the centre of Cooper Road. A subsequent inspection of this work was made, at which time it was practically completed and arrangements were made to have the necessary service pipes connected to the main.

Cowichan I.R. No.1, Flooding - A casual inspection was made of conditions on this reserve, but due to high water, very little additional information could be obtained. A further inspection has been authorized of the Cowichan and Koksilah Rivers after flood waters subside.

Nanaimo I.R. No.1 - An investigation was made of the water supply system of this reserve and it was suggested that contact should be made with the City Council of Nanaimo looking to the

POOR COPY

possibility of the reserve receiving water from a municipal system. An alternative would be to co-operate with the Harewood Community and install a chlorination plant on the present supply which is secured from the Canadian Collieries,Ltd

[redacted]

Hazelton I.R. No.1 - A report was prepared on the domestic water supply for this reserve. An application for a water right in this connection is now under way.

Kaas-Skeena Agency

Delphin I.R. No.1, Kitwanga Water Supply - Work was re-commenced on this project early in the month, but due to adverse weather conditions it was necessary to discontinue until more favourable weather, when better progress could be made.

Kwakewith Agency

Kingkish I.R No.1, School and Teachers' Residence -

Alert Bay - Good progress was made on the completion of these buildings and to all intents and purposes are ready for occupation. The principle work remaining to be done is the installation of the plumbing. This work is now under way and negotiations were entered into with the church authorities re water supply.

Alert Bay Four Classroom Day School - Began mechanical working drawings for proposed school (standard).

Teachers' Residence, Campbell River - This building is now practically completed and a water supply has been arranged so that eventually the residence and the adjoining school will have an ample supply of suitable water. During the period work was continued in connection with the dismantling of buildings at Port Hardy Military Camp for use at other schools. It is anticipated that one of these will be transferred to Turnour Island early in March where construction will be commenced.

Stuart Lake Agency

Lejac Residential School - An inspection of the hot water supply and heating system in this building was carried out and a report is in course of preparation.

Lytton Agency

Lillooet I.R. No.1 - A report was prepared relative to the type of pipe to be used together with an estimate of the cost of the domestic water supply to serve this reserve.

Vancouver Agency

Sliammon I.R. No.1 - Water Supply - Tenders were received, examined and arrangements made re purchase of two wood stave water tanks. Gate valves, piping and fittings to be purchased locally.

West Coast Agency

Alberni Residential School - Prepared and forwarded contract agreement with working drawings and specification for the heating and plumbing revisions to main school building.

Mr. W. S. Arneil,
Indian Commissioner,
P.O. Box 70, Vancouver, British Columbia.

British Columbia School Construction Program.

Reference your telegram of June 18 -

In accordance with your recommendation, we will leave the matter of the sixth prefabricated school for further consideration by your official. These six projects are in addition to the two-room schools and additions planned. While our estimates have not yet come before the House, it is fairly certain that funds will be provided for the following additional construction in your region:

Hazelton
Three or four-room school ..... $40,000.

(We have had some previous correspondence re this and are waiting for the results of discussions with B. C. Department of Education officials).

Bella Bella
Additional classroom ..... $10,000.

Kamloops Residential School
Four classroom block ..... $40,000.

Skidegate Day School
Teacher's residence ..... $ 5,000.

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Indian Affairs. School Files.
(MG 10, Volume 6012, File 1-1-5BC, part 1)

POOR COPY

Pemberton Day School

Addition to school ..... $10,000.

Seabird Island Day School

One-room school & residence..... $14,000.

(We have had considerable correspondence regarding this project)

Metlakatla Day School

..... $10,000.

(Moving and setting up of army building now before Lands and Development Services Branch for consideration).

Anaham Lake Day School

Two-room school and attached teacherage ... $26,000.

These above amounts are additional to the five listed in my letter of June 10, namely Klemtu, Redstone, Neskainlith, North Thompson and Stony Creek. There will also be one other standard one-room school to be decided upon, as mentioned in your telegram of 18th June. At the present time this is listed in our estimates as Fort Babine ($14,000).

Bernard F. Neary,
Superintendent of Education.

Mr. R. S. Davis,
Regional Supervisor of Indian Agencies,
538 Dominion Public Building,
Winnipeg, Manitoba.

School Construction Program - Manitoba.

We have for answer your recent request with regard to information on our 1948-49 building program in your region.

It is expected that funds will be provided for the following program when our Estimates are voted upon in the near future:-

Portage la Prairie Agency

Lake St. Martin	$28,000.00

($14,000 provided in Estimates and $14,000 to be transferred from Valley River).

The Pas Agency

Shoal Lake	$14,000.00
Red Earth	14,000.00

(Our letter 126-10-5 of 8 March gives details re these two schools. Prefabricated schools are planned).

Norway House Agency

God's Lake Narrows	$14,000.00
Saggittowuk	14,000.00
Garden Hill (Island Lake U.C.)	14,000.00

(See various letters sent Mr. Goodman re materials for these projects)

POOR COPY

Clandeboye Agency

Little Grand Rapids U.C. $ 5,000.00

(This is to complete work on a prefabricated school ordered and sent in last winter).

Fisher River Agency

Peguis South $14,000.00

Griswold Agency

Principal's Residence, Brandon Residential School ..... $ 4,500.00

(Estimate of amount required to complete)

Polly Agency

Valley River $14,000.00

(Originally $28,000 was provided but $14,000 was transferred to Lake St. Martin where a two-room school was required).

In each instance, unless otherwise explained, the amount provided, namely $14,000, is for the construction of our standard one-room day school with attached teacher's residence (such as at Rat Lake) or a prefabricated building nearly equivalent to this.

Air Mail

July 6th, 1948

Department of Mines & Resources
Indian Affairs Branch
REGINA, SASK.

Indian Affairs Branch, Dept. of Mines and Resources, Ottawa.

I am enclosing confirmation of my Army Signals message of today's date in connection with school construction. Tentative arrangements have been made with the Agents concerned for construction of schools at Redstone, Klemtu, Stony Creek and Neskainlith and I do not anticipate any great difficulty in having the buildings completed at these points.

With regard to the proposed school on the North Thompson Reserve, while the information secured from the Kamloops Agency indicated definitely that construction of the school was warranted at this point, we are now informed that arrangements can be made for the admission of the Indian children who would attend such a school to the Provincial school at Chu Chua and as a matter of fact there are already nine Indian children in attendance at this white school. In view of this it is considered that construction at the North Thompson Reserve should be left in abeyance pending the revision of the Indian Act and careful consideration of the problem of the joint education of white and Indian children.

Cross Reference
North Thompson 1 + S.
North Thompson $14,000 — Bella Bella $3,000 also
Fort Babine $14,000 — Stony Creek $2,500 — Turnour $500 Campbell $3,000 also

We are in a position, therefore, of having funds for two additional one-room schools, a total of $28,000, and having carefully considered all our requirements and provision made for schools of more than one room, reference Mr. Neary's letter of June 21st, I would recommend:

(1) $14,000 of the amount be allotted for the completion of schools in the Kwawkewlth Agency, namely Alert Bay, Turnour Island and Campbell River. This amount will likely be in excess of our requirements and further transfers may be necessary. I am writing you separately regarding completion of the Alert Bay Day School building.

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Indian Affairs. School Files.
(RG 10, Volume 6012, File 1-1-5BC, part 1)

POOR COPY

OK. - total $24,000

(2) That the remaining $14,000 be added to the $10,000 already provided for an additional classroom at Bella Bella, the total to provide for a separate two-classroom school with teacherage attached which, on the basis of information secured as a result of quite recent school surveys, will be necessary to accommodate the available pupilage at Bella Bella. We are presently negotiating with a contractor for the construction of the required building at this point which matter will be the subject of a separate communication.

Summarizing our entire school construction program for this year, we hope to accomplish:

(1) New one-room schools with teacherages at:

Seabird Island
Metlakatla
Klemtu
Redstone
Neskainlith
Stony Creek

(2) Two-room schools with teacherages at:

Bella Bella and at Anaham Lake

(3) A four-classroom block, Kamloops Residential School

(4) An addition to the Pemberton Indian Day School

(5) A teacher's residence at the Skidegate Indian Day School.

(6) Completion of Alert Bay, Turnour Island and Campbell River schools in the Kwawkewlth Agency

While there are many other schools in the Province requiring additions or replacement and we are finding it difficult to decide in what priority our school construction needs should be met, the construction program detailed above will, I feel, be all that can be handled this year, apart from construction decided upon at Hazelton regarding which I shall be writing you shortly. Provision will be made in the 1949-50 Estimates for our other requirements.

W. S. Arneil,
Indian Commissioner for B.C.

the amount remaining for the Commonwealth Agency Schools or other transfers as you recommend will now be $8,000.00.

Action has been taken to forward a tender for painting the Alert Bay Day School to the Minister's office for the necessary approval and we will advise you by Army Signal if and when it is accepted.

We have noted your summarizing of the school construction program and we are aware of the progress taken with regard to all items except the Pemberton Day School. It is presumed that we will hear from you with regard to the above.

Memorandum:

MR. G. BUCK,
Lands and Development Services Branch.

Educational Plans - Western Provinces and Northwest Territories.

I understand that you have been requested to prepare a brief summary, for our Minister, of the school building program for the Western Provinces and the Northwest Territories.

In British Columbia, we have now on order or under construction 6 one-room Indian day schools and 2 two-room Indian day schools. Some of these buildings are prefabricated ones. We have also completed the conversion of army buildings into day schools in the Alert Bay Agency and classes are now being conducted in these buildings.

In Alberta, we have completed the day schools at Michel and Stony Plain, near Edmonton. Contracts have recently been let for a two-room day school at Sarcee and a one-room day school on Alexander's Reserve, near Edmonton. Air Force buildings were moved and set up on permanent foundations to provide extra classroom blocks at the St. Paul's and Blood Residential Schools near Carstem, Alberta.

In Saskatchewan, the Nut Lake and Pearman Indian Day Schools are nearing completion. A contract has recently been let for another day school on the Meadow Lake Indian Reserve.

In Manitoba, day schools are under construction or have been completed on the following reserves: Valley River, Nelson House, Little Grand Rapids, Pegnis, Fisher River, Oak River,, Island Lake and Cross Lake.

..... In

Indian Affairs. School Files.
(RG 10, Volume 6012, File 1-1-5BC, part 1)

ARCHIVES PUBLIQUES
CANADA

POOR COPY

In the Northwest Territories, two-room day schools are nearing completion at Fort Norman and Hooker River. A four-room day school is being erected at Hay River.

In addition to the above new schools, we have been able to open several temporary classrooms in rented church buildings and halls. In this way we have managed to provide educational facilities for some 300 Indian children for whom we were unable to provide educational facilities previously.

Dear Mr. Marshall:

Please find attached a list of public construction projects for our Indian school programme. On August 16 I provided you with data for some of the provinces. These lists are for the other provinces.

As we push northward we are finding it increasingly difficult to get accurate information as to educational requirements. Therefore, these lists, particularly for the Western Provinces, will be subject to later revision. Please note addition made to the Manitoba list as a result of my recent inspection trip.

Sincerely yours,

Bernard F. Neary,
Superintendent of Education.

October 25th, 1948.

Indian Affairs Branch, Dept. of Mines and Resources, Ottawa.

Enclosed herewith for your information is a list of required building at Indian schools throughout the Province. While it is realized that it will be impossible to accomplish all this construction in the coming fiscal year, the list has been compiled in order of priority so that construction may be proceeded with to the extent of the funds available. I would suggest that we endeavour to secure an appropriation sufficient for the construction of the first fifteen projects next year and feel fairly confident that, providing we are advised early in the year of the funds available, these fifteen can be completed without too much difficulty.

There are several other points at which improved facilities are required but these have not been included pending more detailed study of alternative plans. In this group are the Tsartlip, Koksilah and Songhees schools. Whatever decision is finally reached with regard to these three points it will not interfere with the priority list as set forth which can, I think, be maintained for at least a year and reconsidered when plans are being made for the building program for 1950-51.

SCHOOL CONSTRUCTION PROJECTS - BRITISH COLUMBIA

Reference your 0-11-3 of October 25

This will acknowledge receipt of the outline of your school construction projects as attached to the above letter. By arranging them in priority, you have assisted greatly in our work here. We will do everything possible to advise you as soon as the funds are made available. It may interest you to know that other Regional Supervisors are now making plans for the erection of a minimum number of one and two room schools. They feel that only by lining up builders now can they be assured of having their 1948-49 program carried out. In Manitoba, we are particularly fortunate in having four good foremen carpenters who are prepared to go almost anywhere and work with Indians on the construction of the standard one-room school.

I note that further educational surveys are required at Tsartlip, Songhees and Kokstlah.

Bernard F. Neary,
Superintendent of Education.

Re: School Building Programme-1948-49
Your file 1-1-5 (E)

I refer to Mr. Neary's letter of October 27th concerning requests for schools at various points in the past.

(1) Howe Sound- Mr. Taylor has now informed this office that there are insufficient pupils living on the reserve adjacent to Squamish to warrant the construction of a school at this point.

(2) Musqueam- Inspector Davey reports there are approximately 58 children of school age belonging to this reserve. The majority of these are now attending the Squamish Residential School in North Vancouver. He is of the opinion that a Day School should be established on the Musqueam reserve but that construction should be deferred until the 1950-51 fiscal year.

(3) Fort Ware, Shelley, Nazco- Inspector Davey is not familiar with these areas and we have requested Mr. Supt. Howe to give us information regarding these. As soon as this information is received we will forward our recommendation.

(4) Fort Nelson- We have no information with regard to this point as it is outside the jurisdiction of this office, being east of the Rocky Mountains.

W.S. Arneil,
Indian Commissioner for B.C.

Re: School Construction Projects
in British Columbia
Your file 1-1-5 (a)

I refer to Mr. Neary's letter of November 1st concerning the provision of school facilities at Old Fort in the Babine Agency as included on our priority list submitted to the Department some time ago.

This point is located on Babine Lake about 30 miles S.E. of Fort Babine. A school survey indicates that there are 79 children 16 years of age and under at this point. Of this number 46 are in the age group 6 to 16. The pre-school age population is 33. Although the number of school age children would appear to warrant the construction of a two room school, due to the nomadic life of many of the families it is felt that a one room would probably meet the actual need.

I might say that a school was operated at this point up until March of 1940 when the present teacher at Fort Babine was transferred from Old Fort. At the time of his transfer there were 23 pupils enrolled in the Old Fort School, with an average attendance of 11.3. The school apparently remained closed, partly because of the acute teacher shortage.

The building in use was an old structure rented from one of the natives belonging to the reserve. It is quite unsuitable for school purposes and is in very poor repair.

Re: SCHOOLS, Fort Ware, Shelley, & Nazko I.R.
Your file No. 14-11-3

I have your letter of November 3rd, 1948, inquiring as to the advisability of establishing Day Schools at the above mentioned Reserves. In reply I beg to advise as follows:-

FORT WARE I.R.

Due to the remoteness of this Reserve and the nomadic tendencies of the population, a Day School would be very impracticable. The Right Reverend Anthony Jordon indicated last summer on our visit to this Reserve, that he intended to establish a Missionary at Fort Ware during the summer and his services may be utilized as a Teacher for a 3 months Seasonal term, if required. If this materialises, I intend to recommend opening a Seasonal School at this point.

FORT GEORGE I.R. (SHELLEY)

There are only 8 children of school age on this Reserve, 5 of which are attending the Lejac Residential School. A Day School is out of the question for this small group.

NAZKO I.R.

This Reserve is also located in a very remote area and the people lead a nomadic life. At present, there about 20 children of School age, 12 of which attend the Caribou Residential School. This number does not include children from Euchinico and Kluskus Bands, who reside about 35 miles away from the Nazko I.R., and who would not benefit by a School established at the Nazko I.R. I do not think that these conditions warrant the erection of a Day School.

R. Howe,
Superintendent.

Dear Sir,

We have pleasure in confirming our new quotation on School Chairs & Desks. This new production will be known as the Monarch School Desk & Chair. These castings are Aluminum Alloy and are light in weight which will reduce the cost of transportation. They will not break like ordinary metal castings, in fact will bend rather than break. The Seat, Back and Desk are made of Birch Veneer, other parts solid hardwood; in addition to the screws & bolts we supply a tie rod which holds both castings securely at the back, thus eliminating any danger of looseness and are easy to assemble.

Prices are as follows :-

#1	#2	#3	#4	#5	#6
17.85	17.25	16.60	16.20	15.75	15.50 .

F.O.B. our Factory plus Sales Tax & Prov.Tax.

Trusting to be favoured with your valued order.

Yours truly,

MONARCH FURNITURE CO.

Mr. W.S: Arneil,
Indian Commissioner,
P.O. Box 70,
Vancouver, B.C.,

Two Room Indian Day Schools
British Columbia.

We have now been advised that the Architects have nearly completed the plans and specifications for the two-room Indian Day schools which will be built in areas in which electricity is available. This plan calls for interior plumbing and, of course, for electric lighting in the classrooms and teacherages. You can appreciate the fact that we are anxious to obtain specific information with regard to the availability of electricity for these two room schools as otherwise, we will have to follow the old plan which calls for outdoor toilets and no electric lighting. However, this old plan has been revised and you will note that the basement in particular, has been modified to provide more space in the furnace room for the janitor in firing the furnace.

In our estimates, there are four such schools provided for in British Columbia, namely:

Hartley Bay - Skeena River Agency
Lakalsap - "
Kincolith - "
Fort Babine - Babine Agency

We have an amount included for a two room school at Cape Mudge but it is understood that this is without a teacherage, and therefore, a different plan will have to be followed.

Poor Copy

At a recent meeting with Mr. Buck and the Director, I was asked to write you immediately and to send you the forms attached hereto for completion by the Indian Superintendents concerned. These forms are to be completed in quadruplicate with one copy for the Superintendent concerned, one for yourself and the other two to be sent here. We will then have available the necessary facts, the lack of which in the past have often caused so much unnecessary correspondence.

I might add that we will shortly be writing to all your Superintendents concerning the other projects included in our estimates, requesting that they complete these forms and send them as indicated previously. However, in the case of these four specific projects, we are writing directly to you in view of discussions in Ottawa recently.

Under separate cover, I am sending you a number of the revised two room school and attached teacherage plans. As previously advised , these have been revised in a minor way. The "two room school with electricity" is quite different in design, calling for a flat roof and presenting a much more modern appearance. When these are complete, we will forward a number to you also.

Bernard F. Neary,
Supt. of Indian Education.

O RANDUM

January 5th, 1949.

Re: School Construction Program 1948-49

Following is a brief summary of the progress made to date on school construction projects and the work which we hope to complete in the balance of the fiscal year:

One room schools with teacherages:

Seabird Island - interior practically complete and considerable exterior work done. The Contractor should have no difficulty in completing the building before March 31st.

Metlakatla - This is a prefabricated one-room school with teacherage. Contract for erection of the building has been let. Work on foundation should be underway by now and the building should be shipped January 10th.

Klemtu - A prefabricated one-room school with teacherage, with partial basement. Completed.

Redstone - Prefabricated one-room school with teacherage. Building complete apart from installation of heating facilities.

Neskainlith - Supt. Bruce reported some weeks ago that erection of prefabricated sections was being proceeded with and it is presumed that only the interior finishing remains to be done.

Stony Creek - A full cement basement was installed and the prefabricated sections were shipped some weeks ago. It is thought that the building should be well underway towards completion, apart from interior finishing.

Two room schools with teacherages:

Bella Bella - While we had contemplated the erection of a two room prefabricated school at this point, information subsequently received indicates that three or possibly four rooms will be required. The construction of this school is to be the subject of discussion in Ottawa.

Indian Affairs. School Files.
(RG 10, Volume 6012, File 1-1-5BC, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR COPY

Two room schools (Cont'd):

Anaham - A two classroom school with accommodation for three Sisters of the teaching Order who staff this school is nearing completion. Photographs taken several weeks ago are attached.

Pemberton - Materials have been delivered to the site for the erection of a prefabricated two-room school with teacherage at Pemberton and the Contractor has intimated that erection will be proceeded with this month and that five weeks should complete the job.

3. A four-room classroom block, Kamloops School. It is thought that little apart from the foundation of this building may be complete at this time and it would seem doubtful if the building can be completed before March 31st.
Long timber specifically cut for rafters, etc., will be shipped this week and as far as materials are concerned there would appear to be no reason why construction should not be proceeded with.

4. New quarters for the teachers have been provided at the Skidegate Indian Day School by the erection of a prefabricated two-bedroom house.

5. The Department has for consideration a proposal covering the erection of a prefabricated three-bedroom house for accommodation for the teachers at Massett. The prefabricated sections of the building have been ordered and are available for immediate shipment as soon as the erection proposal is approved.

6. Funds were advanced to Supt. Todd for completion of the Turnour Island and Campbell River school buildings in the Kwawkewlth Agency but we have no information with regard to the progress made.

Re: School Construction Program
Your File 1-1-5 (E)

It is noted that no reference is made in Mr. Neary's letter of March 7th, 1949, to the proposed construction of a two-room school with teacherage, at Fort St. James. This proposed school was listed as tenth in order of priority on the lists submitted under cover of my letter of October 25th, 1948.

May I please be advised if there is any particular reason why no provision was made in the estimates for a school at Fort St. James.

W.S. Arneil,
Indian Commissioner for B.C.

Re: Photographs of School Buildings

With reference to Mr. Neary's letter of January 3rd, 1949, I am forwarding a number of photographs of Day and Residential School buildings, constructed since April 1st, 1947, and others showing re-modelled buildings which have been converted for classroom use. Following is a list of photographs enclosed:-

WEST COAST AGENCY -

(1) Four-room classroom block Alberni Residential School
(2) Indian Day School opened October 20th, 1947, on the Sheshaht Indian Reserve in Alberni. This building was moved from the Residential School site on to the Reserve.

(3) Community hall building on Sheshaht Reserve, rented by the Department and used as a classroom for the three higher grades from the Alberni Indian Day School.

NEW WESTMINSTER AGENCY -

(1) New two-room school with teacherage in the course of construction, at Pemberton. The building is complete apart from the installation of heating facilities, painting and plumbing.

I am also enclosing for the information of the Department snaps of the new prefabricated Indian office and medical centre, erected at Hazelton, which we anticipate will be completed before the end of March.

We hope to be able to forward photographs of other schools constructed or converted, before the end of the fiscal year.

W.S. Arneil,
Indian Commissioner for B.C.

, March 18, 1949.

Mr. W.S. Arneil,
Indian Commissioner,
P.O. Box 70,
Vancouver, B.C.,

Indian School Construction Projects 1949-50 Fiscal Year.

The Estimates for 1949-50 have been approved by Treasury Board, and we are in a position to advise you concerning our plans for erecting day schools in your region. Please find attached a list of the projects and amounts by agencies. Will you kindly, therefore, inform the superintendents concerning these items. We have been in correspondence concerning certain of these projects previously and have discussed some of them with you. You will find attached an information report which I would like to have completed and returned on each project which you would wish to have proceeded with immediately. If there are any projects which you wish to have delayed or wish to have transfers arranged, we would appreciate hearing from you.

Authority for Undertaking Construction

In writing to superintendents, please stress the fact that in giving them this information, it is not to be interpreted to mean that this is authority for them to undertake any of the work or purchase any materials or equipment. Authority to proceed with work or incur any expenditure will be given by a letter of instruction from this Division and a financial encumbrance number to be quoted on all vouchers, accounts, etc. Until the financial encumbrance number is issued to them, they are not to undertake the work.

Information Reports

These information reports have been prepared so that there will be no misunderstanding between field officials and Departmental officials concerning each project. They

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Indian Affairs. School Files.
(RG 10, Volume 6012, File 1-1-5BC, part 1)

POOR COPY

provide essential facts for our files and also indicate to field officials the procedure for carrying out a project. We would ask that they be completed by the Indian Superintendents concerned in quadruplicate: with two copies to be sent here, one to your office and one for the superintendent's office.

In writing to your superintendents would you please draw to their attention the following facts concerning these information reports: -

(1) Item 3 - Day School Plans

We have standardized our plans as much as is possible, and the main types are as follows: -

One-Room Schools with Attached Teacherages

(a) Plan No. 837 -

This is a one-room school with attached teacher's residence and a full basement. It is furnace-heated and is the same type of school previously erected at Seabird Island. Unfortunately, the cost of erecting this type of school has risen until it now requires an expenditure of between $18,000.00 and $20,000.00 to complete it. We feel that this is too high a cost for a one-room school.

(b) Plan No. 888 -

This is the plan discussed at our recent meeting in Ottawa. Our architects have recently completed the drafts including the changes recommended at the Regional Supervisors Conference. You will note that a sheet has been added providing for combined storage and outdoor toilets shed. This school does not have a basement and is heated by stoves. This is the plan we intend to follow for most of our one-room schools required in 1949-50. We hope it can be erected

Indian Affairs. School Files.
(RG 10, Volume 6012, File 1-1-5BC, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR COPY

at a sum considerably lower than that required for Plan No. 837.

(c) Plan No. 865 -

This is an adaptation of Plan No. 837 and provides for the installation of electicity and running water. It is planned for reserves on which Hydro is available near the school site.

One-Room Schools

Plan No. 890 -

This is a one-room school where a teacherage is not required. Copies can be obtained by writing here.

Two-Room Schools with Attached Teacherages

(a) Plan No. 889 -

This is for a two-room school with attached teacher's residence. It has a full basement with Manual Training and Domestic Science rooms and is furnace-heated. It is similar to the Anaham School.

(b) Plan No. 891 -

This is an adaptation of Plan No. 889 and provides electricity and running water. It is designed for reserves where Hydro is available close to the site of the school.

Two-Room School

Plan No. 738 -

This is for a two-room school without a teacher's residence. It has a full basement and is furnace-heated.

Indian Affairs. School Files.
(RG 10, Volume 6012, File 1-1-5BC, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR COPY

(2) Item 4 - Method of Construction

(a) Day Labour -

If a suitable foreman carpenter is available, we have found that this method of construction is quite satisfactory providing close supervision is maintained to ensure that the job does not take too long. Indians can be employed and they are able thus to learn building and carpentering techniques.

(b) Prefabrication -

This matter was thoroughly discussed at the Regional Supervisors Conference, and as you know, we will be experimenting with a prefabricated steel building this Spring. Additional information can be provided if you so desire.

(c) Contract -

While in the past we have been able to approach contractors directly, this will be the exception this year. It is our intention to advertise, and we would appreciate your advice in each case on the projects for which we should advertise immediately.

(d) Supervision -

Day labour construction of course entails supervision by the superintendent concerned. Contract construction also requires supervision by the superintendent concerned, but we can call on the Engineering and Construction Division for any assistance required in either the siting or the erection of the building.

(3) Item 5 - Bills of Material

If the project is to be erected by day labour, we have available bills of materials for most of the above school types. Superintendents concerned can make application for these, and the Departmental Purchasing Agent is prepared to fill requirements as the information in Items 5 and 8 are provided.

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Indian Affairs. School Files.
(MF 10, Volume 6012, File 1-1-5BC, part 1)

POOR COPY

(4) Items 9, 10 and 11 - Essential Services

Under no circumstances will a construction project be commenced until we are assured of a steady supply of water. We have today too many day schools to which water has to be transported and wish every precaution taken to avoid this in future.

The availability of Hydro in the vicinity of the school will naturally determine the type of building to be erected. Individual attention will have to be given to each project in this regard.

It is not our intention to provide oil furnaces or stoves unless wood is not immediately available.

(5) Item 12 - Title to School Site

Instruction as to procedure in securing title can be obtained from the Reserves and Trusts Division.

(6) Items 9 and 13 - Selection of Site

The three main factors in selecting the school site are:

(a) Proximity to main pupil supply -

(The standard ruling is that children under 10 years of age can be expected to walk up to two miles each way daily, and children of 10 can be expected to walk up to three miles.)

(b) Water Supply -

See (4) above.

(c) General Suitability -

This includes playground space (approximately an acre), nearness to roads, and last but not least, Elevation. A school must be located on a site sufficiently high to prevent any basement flooding or

Indian Affairs. School Files.
(RG 10, Volume 6012, File 1-1-5BC, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR COPY

water in the playground, Remember that the school will be standing for a good many years and that a careful decision now may save years of trouble later for the superintendent and his successors.

(7) Item 14 - Orientation

Our architects have carefully designed a classroom with maximum window space. Please do not orient the school so that these windows are wasted. They are meant to face in a southerly direction. We also ask that the school be situated sufficiently far from trees which might spoil this window space.

To summarize, therefore, we would like to have your entire building program under way by April or May so that the schools can be finished and we can avoid rushing projects in September and October. By presenting this information to your superintendents early, we hope that we are helping them to build as many of these schools as possible this Spring and Summer.

Bernard F. Neary,
Supt. of Indian Education.

Re: School Construction Program

We have contacted Precision Housing Company, the manufacturers of Quonset buildings, and Prefabricated Structures Limited with a view to securing from each a tender on one and two room schools with accommodation for teachers. We anticipate receiving plans, specifications, etc. from all three of these companies within the next few days.

We have already written to Superintendent Boys and Anfield with regard to the two room schools with teacherages which will be built at Fort Babine, Hartley Bay, Lakalsap and Kincolith and have received the attached completed questionnaire with regard to each. You will note that Mr. Anfield recommends the erection by contract of prefabricated schools at Hartley Bay, Lakalsap and Kincolith, and that Superintendent Boys recommends the erection of a prefabricated school by contract on a cost plus basis at Fort Babine. It would appear that both Mr. Boys and Mr. Anfield are favourably impressed with the prefabricated buildings erected last year in their Agencies, that of the school at Metlakatla and the office building at Hazelton, but until we receive plans and tenders from the Quonset people and Precision Housing we cannot decide which structure will best meet our needs. I hope to write you further in the near future regarding the school construction program.

W.S. Arneil,
Indian Commissioner for B.C.

Re: School Construction Program
Ref. your 0-11-3 of April 4

We have checked on the information reports submitted on the two-room schools and note that you will write further on other items in your school construction program. As you are probably aware, we are not interested in constructing on a cost-plus basis unless this can not be completely avoided. This means that the recommendations of your superintendents are to the effect that these schools be prefabricated buildings, but that they be erected by contract. As you are aware, we prefer the erection of schools by standard means of construction. It may be necessary to advertise immediately for tenders for the construction of building 889. Failing this, we may then be permitted to turn to the building of prefabricated schools. I am referring this matter to the Engineers, but I am afraid that they may insist that we first exhaust the possibilities of erecting schools of standard type construction.

Bernard F. Neary,
Superintendent of Indian Education.

Dear Colonel:

I will have the estimates for your school forwarded by the end of next week. I am sorry that this has been delayed, but we have been doing several estimates for schools for the Department of Mines and Resources, Indian Affairs Branch, and others and time has not permitted our estimating Department to attend to this before now.

You can rest assured that we are very keen to supply these buildings to you and I am quite sure that your Department will be very satisfied with the type of building we supply.

Yours very truly.

Mr. B. F. Neary, Supervisor of Training,
Indian Affairs Branch,
Department of Mines and Resources,
Capital Building, Queen Street,
Ottawa, Ontario.

Dear Mr. Neary:

We are sending you, under separate cover, two plans for Indian Schools as drawn up by our British Columbia dealer, at the request of your British Columbia Commissioner and in accordance with the layout suggested by him. Mr. Arneil intends sending you the same set for approval.

Our dealer states that by reason of the great difficulties of unloading material at some of the Coast Reserves with the lack of docking facilities, a loss of cement through spoilage would be high. To overcome partially this problem, they suggest lengthening the columns of the building to eliminate the concrete wall above grade.

Also, the gravel problem is major, not only supply but local means of transportation. Availability of good local Indian labour presents another problem. The dealer would necessarily be forced to use his own crews entirely.

The final plans we prepared will be further detailed, and, revised where necessary to include a floating slab and whatever other inclusions deemed advisable, upon your advice.

The location of a 350 Quonset house project in Montreal is between Sherbrooke and Notre Dame Streets. Construction will be commenced this week. Other projects of similar size for various industries in Montreal, namely, General Electric and others will soon be under way. The dealers' expected production quota for each project is one house per day. The dealer is Quebec Steel Structures Company, 6999 Cote des Neiges Road, Montreal.

They will be only too pleased to invite your instection of their program.

Very truly yours,

GREAT LAKES STEEL CORPORATION
STRAN-STEEL DIVISION

Re: School Construction Program
Your file 1-1-5 (E)

With reference to Mr. Neary's letter of April 22nd, if it is imperative we advertise for tenders for the construction of two-room schools (Building No. 889) at Greenville, Kincolith and Hartley Bay, may I suggest that tenders be advertised for immediately so that in the event no bids are received we may still have time to carry out the erection of a prefabricated building if such is permitted. Probably it would be advisable to follow the same procedure at Fort Babine.

I may say that although we were aware that it would be necessary for us to advertise for tenders we presumed it would be permissable to call for tenders for the erection of prefabricated schools and with this in mind we have during the past few weeks been endeavouring to secure sufficient information for the preparation of advertisements.

Other items of our school construction program will be the subject of separate communications.

10th May, 1949.

Mr. W.S. Arneil,
Indian Commissioner,
P.O. Box 70,
Vancouver, B.C.

Owing to the fact that we expected the undermentioned buildings to be completed by the end of March, 1949, no special funds were provided for them in the appropriation for the fiscal year 1949-50.

It will, therefore, be necessary to transfer funds from other proposed schools in order to pay accounts that have been submitted and any others that may follow.

Please let me know the schools from which you suggest funds be taken, and also the amount in each case that you estimate will be required to complete the buildings concerned. We will endeavour to have these amounts included in the supplementary estimates when the Parliamentary Session is resumed.

The schools to which I refer are as follows:

Anaham Day School
Kamloops Classroom Block
Metlakatla Day School
Seabird Island Day School

With reference to your letter of the 6th instant, I attach statement showing the amounts that might be expended at the various residential schools in the Province of British Columbia for the current fiscal year.

In forwarding this list it should be definitely understood that it is intended for your personal information. Residential school Principals should be asked to state their requirements and the Indian Superintendents and yourself should decide if the improvements and equipment that any Principal requests are absolutely essential, and if they should be supplied during the current fiscal year. It is not our general practice to advise Principals what amounts are specifically mentioned in the estimates for their particular school, because these amounts are only a guide towards reaching th total that Parliament provides.

I feel certain that you will only request the expenditures that you consider are really necessary.

Bernard F. Neary,
Supt. of Indian Education

Attention Mr Webster:

Dear Mr Webster: Re. 1-room day school with teacherage:

Attached hereto is a plan that we received from Colonel Neery, Department of Indian Affairs, Schools Branch, Ottawa, that we have applied our method of fabrication to and we could supply this building complete with teacherage in units of one complete with plumbing, heating, wiring, finish etc. for the sum of $7,680.00 F.O.B. Vancouver.

Our price for the one room school without teacherage would be $5,520.00.

These buildings would be complete in every respect and if we were given orders for more than one unit, we could reduce our price on the total. I thought I would let you have these plans for your consideration.

Yours truly,

C.B.K. Van Norman per HH

Attention Mr Webster:

Dear Mr Webster: Re. Schools - 2 class rooms with teacherage:

I have examined your plans for a two room day school with teacherage which calls for a basement and manual training and sewing room and in comparing this accommodation with the 4-room school that we designed for Bella Bella, I would like you to consider using the Bella Bella school for this accommodation.

The class rooms can be provided in the upper floor with the sewing and manual training on the lower floor.

We would place this building on a concrete slab and do not see that there would be any difference in the accommodation or the planning and it would at the same time allow us to use this standard plan or if we were cutting more of these buildings, we could reduce our price if these could be substituted for the 4-room schools with teacherage called for in your letter of April 11th. I would be pleased to have your reaction to this. If you would consider this, we would quote on the four units required.

Yours very truly,

C.B.K. VAN NORMAN

Re: One and Two-Room Schools with Teacherages

I enclose herewith letters dated May 4th, from Mr. C.B.K. Van Norman, wherein he tenders on one and two-classroom schools with living accommodation for teachers.

Mr. Van Norman's tender on the one-room school apparently is based on a plan which he secured from Mr. Neary and to which the Precision Housing Company's method of pre-cutting has been applied.

The two-classroom school to which Mr. Van Norman refers is almost identical to the building which he designed for Bella Bella and the same price, $24,480.00 F.O.B. Vancouver, less installation of plumbing, heating and lighting facilities (approximately $1,800.00) as he cannot, of course, tender on these sub-trades unless the location of the building is specified.

The above is for your information only as presumably you are not in a position to consider the erection of prefabricated or precut schools unless we are unsuccessful in securing firm tenders for the erection of buildings in accordance with our standard plans.

ADVERTISEMENT NO. 2.

DEPARTMENT OF MINES & RESOURCES

INDIAN AFFAIRS BRANCH

SEALED TENDERS addressed to the Director, Indian Affairs Branch, Department of Mines and Resources, Ottawa, Canada, and endorsed "Tenders for (see back of paper) Indian Day School(s)", will be received until noon on June 30, 1949, for the construction by contract of :-

1. Two-room Indian Day School and teacherage, Hartley Bay Indian Reserve, B.C.
2. Two-room " " " " " Lakalsap " " "
3. Two-room " " " " " Kincolith " " "
4.
5.

Contractors shall tender in complete accordance with the relevant drawings, specifications, and tendering documents supplied by the Department of Mines and Resources. Contractors may tender on one or more of these projects.

The drawings, specifications and other documents will be exhibited at the following points from June 2 until June 30 inclusive:-

1. Indian Commissioner's Office, Federal Building, Vancouver, B.C.
2. Indian Superintendent's Office, Prince Rupert, B.C.
3.

General instructions to Tenderers, Drawings and Specifications are obtainable at the above offices upon deposit of Five Dollars ($5.00) in the form of a certified cheque made payable to the Receiver General of Canada. This deposit will be refunded upon return of the drawings and specifications in good condition to either

1. Indian Commissioner's Office, Federal Building, Vancouver, B.C.
2. Indian Superintendent's Office, Prince Rupert, B.C.
3.

within one month from the date on which tenders closed.

To receive consideration, tenders must be submitted on the tender forms provided and must be accompanied by a certified cheque on a chartered Bank in Canada, payable to the order of The Honourable the Minister of Mines and Resources, equal to ten per cent (10%) of the amount of the tender, or Bearer Bonds of the Dominion of Canada or of the Canadian National Railway Company and its constituent companies, unconditionally guaranteed as to principal and interest by the Dominion of Canada, or of the afore-mentioned bonds and a certified cheque if required to make up an odd amount.

The Department reserves the right to reject any or all tenders, and the lowest tender will not necessarily be accepted.

H. L. Keenleyside,
Deputy Minister.

May 27, 1949.

Mr. W. S. Arneil,
Indian Commissioner for B.C.,
P.O. Box 70, Vancouver, British Columbia.

Day School Building Programme - British Columbia.

Dear Bill:

I am still waiting anxiously for the final prints of plan 891, as I told you in my previous letter of May 16.

I have decided not to wait much longer for these plans but would suggest the action outlined below:

Fort Babine Indian Day School.

As this is a school without hydro, I would suggest that we proceed immediately to advertise for the erection of this two-room school with teacherage, plan 889. Please find attached the draft advertisement which I would like you to check over and if satisfactory, we will arrange to run this advertisement at once. I would suggest that it be advertised in the two main Vancouver papers, the Prince Rupert Daily News and the Interior News at Smithers, B. C. I have marked this advertisement No. 1 and would welcome an early message indicating if advertisement No. 1 is satisfactory or any changes which you would wish to have made in it.

Hartley Bay Indian Day School
Kitamaat Indian Day School
Kispiox Indian Day School.

As you are aware, a two-room school with electricity and running water is being designed and will be termed plan 891. I am sending you a draft advertisement marked No. 2 but we cannot

Indian Affairs. School Files.
(RG 10, Volume 6012, File 1-1-5BC, part 1)
PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA
POOR COPY

proceed with this advertisement until the plans are in your hands and deemed to be satisfactory. The one thing that concerns me is that the electricity is designed for hydro alternating current and I presume that the power supply at Hartley Bay, Kincolith and Lakalsap will be from a D.C. village lighting plant. I have spoken to Miss Walton about this and will get details of the lighting plants at these three villages from her if possible. I can then advise the electrical engineer accordingly.

I would welcome your comments on advertisement 2 and will hold this in readiness until you have seen the plans and wired your approval to proceed with advertising. As recommended by Mr. Anfield, this advertisement should appear in both Vancouver papers and in the Prince Rupert Daily News.

Douglas Indian Day School

Chehalis Indian Day School

These are one-room schools and teacherages and we have yet to receive the information reports. I presume that plan 666 will be followed and that both these schools could be advertised together. I have therefore drafted advertisement No. 3 which I think would cover these two projects. We should of course have the information reports first and a definite indication that water is available and that the site is satisfactory. However, I will expect a letter from you covering these two schools.

Yalakom Indian Day School

Clinaxus Indian Day School

We will write a separate letter about this based on the information on Inspector Davey's recent report.

To conclude, therefore, I feel that we can take the following action immediately:

(a) Advertise for tenders for the Fort Babine School

(b) Advertise for tenders for the Douglas and Chehalis Schools.

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Indian Affairs. School Files.
(RG 10, Volume 6012, File 1-1-5BC, part 1)

POOR COPY

(e) Be prepared to advertise for Hartley Bay, Lakalsap and Kincolith Schools as soon as the plans are ready and seen by us.

I sincerely hope that the above meets with your approval and that the advertisements will draw tenders. So far we have been quite pleased with the response received to date in answer to our advertisements on the Prairies and in Eastern Canada.

Sincerely yours,

Bernard F. Neary,
Superintendent of Education.

Re: Day School Building Programme
Your file 1-1-5 B.C.

I am enclosing confirmation of my Army Signals message of today's date in reply to your letter of May 27th. I had intended writing you at this time in any case with a view to bringing our proposed construction programme up to date. Insofar as the schools referred to in your letter are concerned, the position is as follows:

(1) Fort Babine School: 808

It is hoped that tenders for the erection of this building, Plan 889, will be called for early in June.

(2), (3) & (4) 813 827 817
Hartley Bay, Lakalsap and Kincolith Schools:

I have wired Mr. Anfield for information with regard to the electric power available at these three points and will include the information should it be received prior to the mailing of this letter.
The draft advertisement marked No. 2 is quite satisfactory and I hope will be published at an early date.

(5) Douglas Indian Day School: (42153-9-1)

You will by now have received my letter of May 26th wherein I outlined a proposal regarding the acquisition of five buildings in the vicinity of the Douglas Reserve, three of which will adequately provide for our school accommodation requirements.

Indian Affairs. School Files.
(MG 10, Volume 6012, File 1-1-5BC, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR COPY

(6) 806 Chehalis Indian Day School:

I am writing you under separate cover pointing out that the existing teacherage will provide ample accommodation for the teachers and that construction should be confined to a single classroom. It has been suggested that a classroom similar to the one erected at Bella Coola several years ago would be quite suitable but we do not appear to have a plan of this building in this office.

(7) and (8) 850 12159-9-1
Ucluelet and Clahoose Indian Day Schools:

I wrote you on May 19th with regard to these two schools, pointing out that the available pupilage at Clahoose did not warrant the construction of a school but that according to information secured by Mr. Davey, children from the Ucluelet and Toquart Reserves could be provided for by the erection of a two room school with teachers quarters on the Ucluelet Reserve.
Hydro power is not available on this Reserve and presumably the building erected will be No. 889 unless the Department is in a position to consider Prefabricated or Quonset buildings.

With regard to the conclusion of your letter, I would comment:

(a) Tenders for the Fort Babine school should be advertised for immediately.

(b) Tenders for the Douglas and Chehalis schools should not be called for until a decision is reached with regard to the acquisition of the five buildings available at the Douglas Reserve and until a plan for a one classroom school without teacherage is available.

(c) Tenders for construction at Hartley Bay, Greenville and Kincolith should be advertised for as soon as information is secured with regard to the available electric power and plans and specifications are complete.

Re: School Construction Projects
Your File 1-1-5 BC (E.1)

With reference to Mr. Neary's letter of May 10th, there are several school buildings additional to those listed in his letter, construction of which was started last year on which it will be necessary to expend further funds this year. Following is a completed list and the amount necessary to complete the building in each case:-

Anaham Indian	Day	School	$3,184.00
Metlakatla	"	"	$6,000.00
Redstone	"	"	$ 500.00
Stony Creek	"	"	$5,000.00
Pemberton	"	"	$7,500.00
Neskainlith	"	"	$3,650.00
Alemtu	"	"	$ 500.00

The Seabird Island Day School building is now completed but we have yet to secure details with regard to expenditures made since March 31st.

In addition to these expenditures it will be necessary to transfer funds for completion of the classroom block at Kamloops Residential School. I discussed this matter recently with Father O'Grady and was extremely disappointed to learn that very little construction had been carried out last year. As a matter of fact, only the forms for the concrete were built. I have yet to be advised by Father O'Grady what funds will be required for completion of this building.

Re: Prefabricated Schools - B.C.
Your file 1-1-5 B.C. (E)

With reference to Mr. Phelan's letter of May 16th, only one prefabricated school building, that at Klemtu is complete, the others require paint and improvements to the grounds and until this work is done I would not think it would be advisable to supply photogr phs of the buildings for use of Arthur Prevost. If you wish, however, we can secure photographs from the Superintendents of the buildings as they now are.

Re: School Building Program

Now that the Department is in a position to proceed with the advertising for tenders for the construction of school buildings this year, it would appear that we should review our entire construction program with a view to arranging transfer of funds where necessary and for the purpose of allotting priority to certain projects and postponing others until further funds are made available.

In my letter of May 31st I listed certain schools, construction of which was started last year and the amount of funds necessary for the completion of these buildings, a total of $26,334.00. This amount is not the full total, however, as we at that time were awaiting information with regard to the cost of completing the Seabird Island Day School and the Kamloops School block, which information has now been secured.

Following is a statement of the amounts needed for the completion of the buildings referred to and for the erection of other buildings for which no specific provision was made:

Buildings listed in my letter of May 31st	26,334.00 ✓
Seabird Island School (This is a rough estimate based on incomplete information available from our files)	3,000.00 ✓
.....	.....

Indian Affairs. School Files.
(MF 10, Volume 6012, File 1-1-5BC, part 1)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR COPY

Kamloops School block		37,000.00
Massett Day School teacherage		7,000.00
Alert Bay Day School - Flooring	2,000	
Heating	3,000	
Insulation	800	
Plumbing	700	6,500.00
Construction of school at Bella Bella		45,000.00
Construction of 2-room school and teacherage at Gilford Island		20,000.00
Contribution towards capital cost of erection of Provincial school at Campbell River.....		18,700.00
Contribution towards the cost of erection of Provincial school on Quadra Island (Cape Mudge).		30,000.00
Contribution towards capital cost of erection of Provincial school, Alberni district.....		26,500.00
		$220,034.00

Projects above referred to with regard to which the Department is not yet informed will each be the subject of a separate communication as the object of writing at this time is to endeavour to present a revised list of projects within the amount of funds appropriated.

The total of the expenditures referred to above is additional to those referred to in the list received under cover of Mr. Neary's letter of March 18th. The total of the latter list is $401,000.00. It is obviously impossible for us to carry out the entire program this year but at the same time we also find it impossible to delete from our original construction program sufficient projects to make available the funds required for the unforeseen expenditures listed above. As a step in this direction, however, I would suggest that the following construction be deferred:

Alberni classroom block	40,000.00
Bella Coola teacherage - it is felt that we can successfully arrange for the admission of Indian children to the white school at Bella Coola which will obviate the need for additional classroom space, and that we can make arrangements necessary for accommodation for the teacher without constructing a residence.	7,000.00

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Indian Affairs. School Files.
(RG 10, Volume 6012, File 1-1-5BC, part 1)

POOR COPY

Chehalis Day School - this project can be post-poned for another year	14,000.00
Douglas Day School - by using buildings available in the vicinity of the Reserve which matter has been the subject of correspondence with you we can save	6,000.00
Shalalth teacherage	5,000.00
Alert Bay classroom block - the erection of this block can be deferred for another year if we can utilize buildings from the Port Hardy camp for the erection of 2 additional classrooms which will eventually be required in any case without the classroom block. Additional teacherage accommodation is not essential. The total for these two buildings - $55,000 can be reduced to $25,000, leaving available.	30,000.00
Cape Mudge - the admission of the Indian children to the white school will obviate the necessity for a 2-room school at this point but replacement of the existing classroom is essential. It is hoped that replacement can be effected at a cost of $15,000, leaving available.	10,000.00
	$112,000.00

Completion of all the other buildings referred to in the list enclosed with Mr. Neary's letter of March 18th is essential and I do not see how it can be further reduced to make additional funds available. I can only suggest at this time that priority be allotted to expenditures as follows:

(1) Completion of buildings construction of which was started last year.

(2) Contributions towards the capital cost of Provincial schools where arrangements have been made for the enrolment of Indian children.

(3) Erection of the Bella Bella school which was postppned from last year, and erection of the school at Gilford Island so that we may utilize the buildings available from the Port Hardy camp.

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Indian Affairs. School Files.
(RG 10, Volume 6012, File 1-1-5BC, part 1)

POOR COPY

(4) The erection of new buildings apart from those which I have eliminated above in accordance with the list submitted under cover of my letter of October 25th, priority to be maintained as set out in the list within the funds available except in those cases where arrangements have already been made to advertise for tenders for the erection of the buildings.

In conclusion I would like to state that our willingness to postpone certain school construction projects should not be construed to mean that the urgent necessity for construction at these various points has in any way decreased. It is most unfortunate that the necessity for completing certain buildings started last year and the need for funds to meet other unforeseen expenditures should curtail our building program to this extent. It is hoped that additional funds can be secured when Parliament meets again.

Re: School Building Program

Your File No. 0-11-3

We have your letter of the 17th instant in connection with the above.

We are requesting a transfer of the amounts which you state will be required for the following schools:

Seabird Island	3,000.00	Kamloops School	37,000.00
Massett	7,000.00	Alert Bay	6,500.00
Bella Bella	45,000.00	Gilford Island	20,000.00

It generally requires a week or ten days before we hear from the Treasury Board approving the transfer of funds. We will notify you as soon as we receive their approval.

We have noted the amounts that will be required in connection with the Campbell River, Quadra Island (Cape Mudge), and the Alberni District. It is our intention to apply for a supplementary appropriation for the three places just mentioned as soon as Parliament resumes its sessions.

Philip Phelan,
Chief, Education Division.

Re: School Construction - Bartley Bay,
Lakalsap and Lincolith
Our File 1-1-5 BC (2)

With regard to Mr. Phelan's letter of June 7th, particularly the reference to the above-mentioned schools, we are advised by Superintendent Caulfield that the Bartley Bay Village has 115 volt DC current and that the Lakalsap and Lincolith Villages have 110 volt DC 60 cycle plants.

While the type of current available at these points may necessitate some changes to the specifications, it is hoped that this will not alter the Department's decision to proceed with the erection of buildings in accordance with Plan No. 1.

1-1-5 B.C. (E)

July 8, 1949.

Mr. Charles Hunt,
Chief Architect,
Lands and Development Services Branch,
Department of Mines and Resources.

Indian Education Building Projects, 1949-50.

Day Schools.

In our memorandum of March 14, addressed to the Director of your Branch, we outlined the schools at which assistance might be required in construction.

The following projects are now being advertised and requests may be made for an occasional supervising visit by your engineers:

File Hills Day School, File Hills Agency, Saskatchewan.

Fort Babine Day School, Babine Agency, British Columbia.

We have yet to discover water at the Fort School but anticipate a report in the near future. We will also require an occasional supervisory visit at this school.

However, our main difficulty is the erection of two-room schools now tied with the following three projects, all in the Skeena Agency, Prince Rupert, B.C.:

Hartley Bay School,
Lakalzap School,
Kincolith School.

It was our intention to erect these buildings following your plan 93A, with which everyone is quite satisfied. However, I have

Indian Affairs. School Files.

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

POOR COPY

received a self-explanatory letter from Mr. Arnell concerning the electrical specifications which will render it impossible for this Branch to erect these buildings. I attach for your information a copy of this letter. You will note that Hartley Bay Village has 120 Volt D.C. current and Lakalzap and Kincolith Villages have 110 Volt D.C., 60 cycle plants.

Had it not been for the difficulty concerning the installation of electricity, we had intended to advertise for tenders for these three projects. Please find attached also a self-explanatory sample advertisement. I have purposely left the dates blank but you will note that it was our intention to advertise these three projects together. I feel that one contractor will probably be prepared to bid on all three schools and thus save money for the Department.

This therefore may be taken as an official request for your Branch to assume the responsibility of the erection of these three schools with the request that the electrical specifications for plan 691 be modified to suit the individual requirements of the three villages concerned. Once these specifications have been altered I would request that tenders be called for as soon as possible. We have the funds available for these three projects and had intended to advertise immediately. As I indicated to you on the telephone, construction during the winter should be possible at the three sites selected by Mr. Indian Superintendent Anfield.

I am endeavouring to find out from the Agencies Division further details concerning the lighting plants at these three villages and will write you immediately I have this data on hand.

Yours truly,

Leonard E. Henry,
Superintendent of Education.

AIRMAIL

July 8, 1949.

Mr. W. S. Arneil,
Indian Commissioner,
P.O. Box 70, Vancouver, British Columbia.

SCHOOL CONSTRUCTION - HARTLEY BAY, LAKALSAP
and KINCOLITH INDIAN DAY SCHOOLS.

Please find attached a self-explanatory memorandum which I have today sent to Mr. Buck of the Lands and Development Services Branch. In view of the difficulties connected with the changes in the electrical specifications, it is impossible for this Branch to erect these three schools. I have discussed the matter with both the Electrical Engineer and Mr. Buck and they are prepared to assume this responsibility. Not only will this relieve Mr. Anfield and yourself of technical worries but I believe Mr. Buck intends to have one engineer from the Vancouver office selected to supervise all three projects during the course of construction. You will note I have specifically requested that tenders be advertised for immediately and you can rest assured that I will keep in touch with Mr. Buck to expedite this advertising.

Bernard F. Neary,
Superintendent of Education.

July 8, 1949.

Memorandum:

MR. PRATT.

School Construction - Hartley Bay, Lakalsap and Kincolith Indian Day Schools, B.C.

Please find attached a self-explanatory letter from Mr. Indian Commissioner Arneil concerning our school building programme at these three villages. We had intended to erect three standard type two-room schools at each of these villages. These schools are designed for communities in which hydro power is available but the electrical specifications are not designed for D.C. plants.

Therefore it has been necessary to request the Lands and Development Services Branch to assume the responsibility of erecting these three schools. It would be appreciated if a search could be made of your files as soon as possible to provide me with further details of these three generating plants. I can then inform Mr. Buck so that his electrical engineer can get to work at once on these changes in specifications required.

Bernard F. Neary,
Superintendent of Education.

Mr. W. S. Arneil,
Indian Commissioner,
P.O. Box 70,
Vancouver, B. C.

Dear Bill:

I have just finished talking over the points raised by you with Phil. on his recent trip to B. C. I will write separate letters on the subjects you discussed with him.

With regard to a specification for paint, I will be glad to obtain this information for you from Mr. Vincent. We were discussing just this thing on Friday evening and I am certain he can give you the details.

Would you please refer to your purchase order 11053 C of June 15, for paint for the Gitladamix School. I note that the price is $6.50 per gallon less 10%. I am quite certain that we can get a lower quotation per gallon for paint as we are buying Sherwin-Williams and Scarfe paints for between four and five dollars a gallon.

I will let you know as soon as I hear from Walter Vincent on this matter.

Yours sincerely,

Bernard F. Neary,
Superintendent of Education.

August 25; 1949.

Department of Mines & Resources
Indian Affairs Branch
AUG 29 1949

Mr. Bernard F. Neary,
Superintendent of Education,
Indian Affairs Branch,
Department of Mines and Resources,
Ottawa, Ont.

Dear Bernie:

Thanks very much for your letter of July 5th and the accompanying plans - both of which I found awaiting me in my office when I returned this week.

I have just returned from the north where we have started construction on a school at Telegraph Creek (about which Bob Davie has likely written to you) and a school at Lower Post.

In the Peace River area of B. C., we have two Indian schools - one at Kelly Lake and one at Moberly Lake. Both are in urgent need of attention, and I was wondering if anything could be done to get the same agreement regarding the sharing of costs as exists between the B. C. Branch of your agency and our Department? As you know, in the Peace River area here, which takes in in addition to the two schools I mentioned, the school at Fort Nelson, we are under the Alberta division of your Department. I have been unable to finalize any agreement for these schools which would lead to the payment of the net annual cost per pupil for the education of Indian youngsters. If you have a moment to look into this question, I know it would be appreciated by the school boards here and by my successor Mr. Earl Marriott.

I am moving to Chilliwack next week, and I hope that if you are ever in that vicinity you will pay me a call.

Yours sincerely,

S. J. Graham,
Inspector of Schools.

Specifications for One & Two Room Schools
With Attached Teacherage

1. GENERAL - Good grade Pacific Coast Fir, Hemlock or Cedar especially selected for the purpose for which it is to be used. All material is accurately machined and code marked for identification. Fully illustrated erection procedure, blueprints and checking lists are provided.

2. FOUNDATION - These buildings are designed for a full basement. 2 6x8 beams are supplied with 6x6 and 6x8 posts, this gives a joist span of 8' centre to centre. Concrete is not supplied. Materials for forms (shiplap and 2x4) can be supplied at extra cost.

3. BASEMENT - Basement sash, doors, stairs, beams and posts are supplied.

4. FLOOR - 2x10 floor joists are supplied to be placed 16" on centre. 2x10 box sill and bridging are supplied. Shiplap subfloor is supplied in random lengths to be laid diagonally. 2x8 joists 16" on centre are supplied for teacherage.

5. WALLS - Walls consist of Multi-Flex sections. These sections are 4x10 and 8x10 for the school building and 2x8 to 12 x8 for the teacherage. Each section is faced with tongue and groove centre match lumber with building paper between studs and sheathing. Between each section a 4x4 pilaster is placed. These pilasters are grooved to receive tongue on outer stud of wall section. Top and bottom plates are dadoed to receive pilasters. This method of construction ensures a tight and well constructed wall. Windows are fitted in frames complete with sash balances and hardware. Outside doors are hung in frames and equipped with locks.

6. ROOF - Roof is of trussed construction with 2x6 ceiling joists and 2x4 rafters placed 16" on centre making a self supporting roof independent of partitions. Roof boards are cut to length. Wood gutter and V joint soffit are supplied in random lengths. Cedar or 165 lb. Duroid type shingles are supplied (heavier patent shingles can be supplied at extra cost).

7. INTERIOR - All studding is supplied cut to length. Partition plates are supplied random. Interior door frames are machined ready for assembly. Ten/Test wallboard is supplied throughout with sufficient 1/8" masonite or ¼" P.V. hardboard for 4' high in classrooms and halls. Inside casing cut to length and mitred. Base and floor mould are supplied. Finish floor is 1 x 4 V.G. Fir throughout except kitchen and bathroom in teacherage which is flat grain.

8. CABINETS - Kitchen cabinets, ironing board and medicine cabinet are supplied for teacherage.

9. EXTERIOR - Choice of ½x8 clear cedar bevel siding, 3/4x8 or 3/4x10 Common cedar bungalow siding, 1 1/8x10 Dolly Varden pattern Common cedar siding or Capilano Cedarwall shingles for exterior walls at quoted price.

10. HARDWARE - All necessary locksets, hinges, sash fasteners and sash balances are supplied. Also all nails necessary for erection. Flashing for chimney is included.

11. INSULATION AND PAPER - 2" Rock Wool batts or equivalent insulation is supplied, also building paper for floors and outer walls.

12. BLACKBOARD - Material for blackboards with necessary mouldings are supplied.

13. Front and rear steps as shown on blueprint are included.

NOT SUPPLIED: Concrete, brick work, plumbing, electrical or heating equipment or paint.

Attention Mr. Webster

Dear Mr. Webster:

Further to our recent conversation, I am enclosing herewith specifications and quotations on our one and two room schools with teacherages.

Two room school with attached teacherage as per specifications including insulation	$9785.00	f.o.b. factory
Same building less insulation	$9485.00	" "
One room school as per specifications including insulation	$5775.00	" "
Same building less insulation	$5595.00	" "

These prices include the necessary crating of wallboard and also include blackboard material and the masonite for classrooms and halls.

As you will notice, this year we have a wide variety of exterior finishes. Any of the items in item 9 of our specification can be supplied at the same quoted price. Clear bungalow cedar siding is very short now but I think in a short while we will be able to supply it at an additional cost to the above if desired.

Regarding deliveries, we are in a position to make delivery within 3 weeks of receipt of order.

We are including also copies of our illustrated erection procedure.

Trusting the aforesaid prices will meet with your approval and looking forward to a continuation of our pleasant relations, we are

Yours very truly,

Re: Two-room schools

In recent letters to you I recommended the erection of prefabricated two-room schools with teacherages at Hartley Bay, Kincolith, Greenville and Fort Babine. The attached communication dated April 12th from Prefabricated Structures lists their prices on one and two room schools, which prices are still in effect but are less than the prices quoted by the Company last year.

Re: New Schools at Kincolith, Lakalsap,
and Hartley Bay.

Arrangements have been completed to hire competent foremen for the construction of 2 room schoold and teacherages pre fab for the abovenamed schools.

Excavations on the Hartley Bay and Greenville schools are starting immediately. It will be necessary to purchase shovesl, mattocks, picks and wheel barrows for this work and also to purchase blasting powder and caps. Requisition form 37A is attached for this purchase and immediate authority is requested to purchase same so that the work can be put in hand without delay.

Regardless of whether the buildings are erected this fall or not, these supplies could be purchased and the concrete run before the snow flies.

F. Earl Arrold
Indian Superintendent

Re: Kincolith, Hartley Bay, Lakalsap and Fort Babine Schools

We are greatly disappointed at not receiving a reply to our letter of September 6th wherein the erection of two-room prefabricated schools at the above mentioned points in the Skeena River Agency was recommended, particularly as it is only a matter of weeks until winter conditions will prohibit construction of any kind at these points.

In order to strengthen our submission covering the purchase and erection of prefabricated schools, District School Inspector Davey and Mr. Webster visited the new two-room school at Pemberton and secured photographs of the building, enlargements of which are attached. They found that the accommodation provided by this building was all that could be desired; that it was most substantially constructed and with one or two very minor changes to provide built-in storage space, was practically ideal. As a matter of fact Mr. Davey, who has only just returned from a visit to the new school at Anaham, is of the opinion that insofar as space provided, convenience of access to the various parts of the building, and appearance, the prefabricated two classroom building with teacherage is preferable to the Department's standard building. With regard to comparative costs of the two buildings, while our figures may not be absolutely accurate they are correct to within two or three hundred dollars, and it is apparent that the building at Anaham cost the Department approximately $35,000 including the lighting plant, whereas the building at Pemberton, including the lighting plant, cost the Department

approximately $26,500, a saving of $8,500.

It would appear to me that the Department cannot afford to miss the opportunity of erecting schools at the three points mentioned in the Skeena River Agency this fall and that further we should take advantage of the funds available to purchase now the prefabricated school for erection at Fort Babine next summer. As an indication of the progress made by Supt. Anfield in arranging for the erection of the three schools in his Agency I am enclosing an exchange of Army Signals messages which we have had with him; also his letter of September 27th and enclosures referred to therein. In connection with this exchange I may say that although the erection of prefabricated schools in Mr. Anfield's Agency was discussed with him when he was in Vancouver recently, no authority was given to him to proceed beyond clearing of the school sites. This is emphasized in my Signals of October 4th to him.

There would appear to be no additional information which this office can provide with a view to influencing the Department's decision and consequently we have no alternative but to leave the matter in abeyance until instructions are received.

W J McKeen

W. S. Arneil,
Indian Commissioner for B.C.

-EW
Encls.

P.S. Since the above was written Mr. Davey has brought to my attention the fact that over thirty additional classrooms will be required next year and that construction to date this year will not even meet the needs of the natural increase in the Indian population.

I would strongly urge the purchase and erection of prefabricated schools at the four points above mentioned which will reduce the number required and place us in a better position next year insofar as meeting our school construction requirements is concerned.

Mr. W. S. Arneil,
Indian Commissioner for B.C.

October 15, 1949.

To: Regional Supervisors and Indian Commissioner.

DAY SCHOOL CONSTRUCTION PROGRAM - 1950-51.

As you are aware, we will shortly be preparing our Estimates for the 1950-51 fiscal year. As usual, we intend to concentrate on the erection of our main requirements, namely one and two-room schools.

We have already received from Mr. Ogilvander the outline of his projected building program in Saskatchewan. It would be appreciated if you would forward similar outlines for your regions.

In British Columbia Inspector Davey will of course be able to provide an outline of requirements, to conduct educational surveys and to assist with site selections. In the other districts we cannot make any definite report as to the progress being made concerning Departmental school inspectors. Major Clark is on the road in the three Prairie Provinces now and will be available for use as required by the Regional Supervisors concerned.

One-room Day Schools.

We appreciate the limitations of plan No. 606. While it provides a very satisfactory classroom, it has to be heated by a stove or space heater located in the classroom and a small heater has also to be provided in the teacher's residence. We are requesting the Departmental Architects to modify this plan somewhat by providing a sub-basement in which a small furnace can be provided

to heat both the classroom and the teacher's residence. As soon as these plans are finished a copy will be sent to you for study.

In addition to the above type of one-room school we are also requesting the Architects to provide a new version of a one-room school building for reserves on which electricity is available and where running water can be installed. You can therefore anticipate the provision of plans for the following types of one-room schools:

(a) where electricity is not available,

(b) where electricity is available and running water can be provided.

Two-room Schools.

Our recent experience in advertising for tenders in British Columbia has convinced us that the two-room school plans will also have to be modified very considerably. We are requesting the Architects to provide a two-room school without a full basement. A small sub-basement will be located centrally in which a furnace can be installed to heat both classrooms and teacherage.

As in the case of one-room schools, two types of two-room schools will be provided:

(a) where electricity is not available,

(b) where electricity is available and running water can be provided.

Information Report.

It is our intention to use these information reports again this year as they provided a valuable source of information during the present fiscal year. We were able to avoid a great deal of unnecessary correspondence by reference to these reports.

SECRET.

It is requested that the Indian Commissioner for British Columbia and the Regional Supervisors for Alberta and Manitoba provide the Education Division with a list of their requirements in one and two room schools for the 1950-51 fiscal year. Many requests are made by local Indian Superintendents without sufficient investigation. This has led to embarrassment by the inclusion in the Estimates of items which should have been omitted and by the omission of items which should have been included.

New one and two-room schools are being designed and the plans and specifications and bills of materials will be available by February, 1950, when they will be mailed to you.

Bernard F. Neary,
Superintendent of Education.
